A word or two with the wearers of hats. We have looked through the Hat, Cap and Glove Departments of Dunford, the Hatter, and we do believe a more beautiful and cheap stock of Hats, Caps and Gloves is hard to find in any city in the land. And as for their Boot and Shoe Department, we never saw a better stock in our lives.

Benefit.

Conferred upon tens of thousands of

sufferers could originate and maintain the reputation which AYER'S

SARSAPARILLA enjoys. It is a compound of the best vegetable

alteratives, with the Ledges of Potassium and Iron, and is the most

effective of all remedies for scrofulous, mercurial or blood diseases.

Uniformly successful and certain in its remedial effects, it produces

rapid and complete cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases, and all disorders arising from impurity of

the blood. By its invigorating effects it always relieves and often

cures Liver Complaints, Female Weakness and Irregularities, and is a potent renewer of vitality.

For purifying the blood it has no equal. It tones up the system, restores and

renews the health, and imparts vigor and energy. For forty years it has been in extensive use, and is

to-day the most valuable medicine for the suffering sick, anywhere.

Market reports and news.

For all the bitter opposition of

salous rivals, no better illustration could be had of this fact than the

immense sale already attained by the great Throat and Lung Remedy,

Dr. Aug. Kaler's German Elixir. For the cure of Coughs and

Bronchial Affections, it is truly wonderful, even those suffering

from Consumption in advanced stages find great relief, and num-

bers of patients have found, to their delight, not only relief, but

cure. It being perfectly harmless, makes it at once popular with

mothers, who of all others have felt the necessity of such a medicine.

The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Aug. Kaler, and has

his name blown on every 75 cent bottle. A trial size may be had for

25 cents.

For sale, wholesale and retail, by the Z. C. M. I. Drug Department and

Evening News.

Wednesday, September 24, 1898.

LOCAL AND OTHER MATTERS.

Thermometer.—The mercury

stood 59°, this afternoon.

The Latest.—Ogden wants "a

brain new deputy marshal." An old one preferred.

Gone to be Tried.—Lillard, the

Nephi burglar, went to Provo this morning, in charge of Sheriff

Turner, to be tried in the First District Court for his crime.

Emigrants To-night.—The emi-

grants left in Ogden at noon to-day. Bishop L. W. Hardy and R. T.

Burton went up on the morning train to meet them, and will arrive

with the company in this city at 20 minutes to 7 o'clock to-night.

Bishops who promised teams for the accommodation of the emi-

grants will please act accordingly.

Police Court.—Yesterday, Wm. Howard was before Justice Fyter

on a charge of assault with intent to kill, and was bound over in the sum of \$200.

Peter Miller, for beating his wife, was fined \$10 and costs. Appealed.

Four persons, two men and two women, were up this afternoon, on a charge of disturbing the peace.

"Dispatch" Notes.—The winter

terminals of the Utah and Northern will probably be at Sheep

Creek, 30 miles north of the present terminus, near Williams' Junction.

The Frontier Index and the Miner, two papers of Butte City,

Montana, complain of a lack of support and hint at a probable col-

lapse.

Re-captured.—Marino Valentine, a "ouled gemmen," rejoicing in the more common title of "Snow-

ball," who was sentenced to the chain gang and ran away while

laboring in the 20th Ward about two months ago, was found this

morning at the Colorado stables, where he said he had been employed

for some time, arrested and taken by the officers before Justice

Fyter, who fined him \$25 and set him to work again on the road.

Bar Meeting Postponed.—The bar meeting did not take place last evening as expected, but it was

supposed it would convene at the close of this morning's session of the District Court. A lack of in-

terest being manifest on the part of some of the attorneys, several of whom failed to appear, another

delay was necessitated. It is now anticipated the meeting will be held to-morrow morning, just be-

fore the opening of the court.

Kicked by a Mule.—A sixteen year old son of Mr. Samuel Bring-

hurst, of North Jordan, met with a serious accident yesterday morn-

ing, about 10 o'clock, on the State Road, near South Cottonwood. He was driving a team for a young

man named Frost, while the latter was riding his companion's mule, and reaching a cross road where

Frost was to turn off, got down from the wagon to mount his own

animal and came on to the city. The mule, seeing stubborn, Mr.

Samuel Bateman, who happened that way, rode up to its side and

endeavored to coax it along. Young Bringhurst then went forward to

get upon its back, when the animal threw up both heels, kicked him in the abdomen, and while in the

back, struck him again in the chest. His nose was smashed in, and a

long cut made the full length of his forehead. In spite of his injuries,

though, the boy did not even flinch, and, notwithstanding Mr. Bat-

eman's endeavor to persuade him to remain at a house near by, insisted on

mounting the mule, and riding to the city. He got home all the way, but he was feeling rather

weak last evening.

City Council.—Proceedings at the City Council on Tuesday evening, September 23, 1898, Mayor Little presiding.

A petition was presented from Edward Hanham, asking for a

renewal of the privilege to place building material on the street and

sidewalk in front of his premises on First South Street for a period

of ninety days longer. Granted.

A petition was presented from R. S. Waldron, setting forth that on

the 11th of December, 1897, he paid for a merchant's license for

three months from that date, but that in two weeks thereafter he

closed out his business here and went to Ogden. Having established

himself in business again in this city, petitioner asked that the

unearned portion of the amount paid on former license, be applied

to the present quarter. Granted.

A petition from R. S. Waldron asking for an auctioneer's license

for one year from October 4th, 1898, was granted.

A petition signed by Louis Hyams and Gus Heyman was

submitted which represented that they were about to canvas the city

for donations in aid of the yellow fever sufferers and to further assist

them in carrying out their programme, asked the council for per-

mission to sell at auction, on the public thoroughfare, all articles of

merchandise received for the purpose named. Referred to the com-

mittee on license to investigate and determine.

The supervisor of streets submitted his quarterly report for the

three months ending Aug. 31st, 1898, which showed amount ex-

penditure on road and street account in excess of appropriation, \$368.88.

Referred to the committee on license.

The watermaster's report for the same quarter, showing a total ex-

penditure in this department of \$413.45, was also referred to the

committee on license.

An appropriation of \$625.00 was made to pay interest on corporation

notes.

Another appropriation of \$1,125.16 was made to pay acceptances to

Dennis, Long & Co., for water pipe. The mayor reported that the au-

thorities of Salt Lake County had agreed to take charge and assume

the expense of the care and treatment of two of the insane patients

heretofore maintained at the Insane Asylum at the expense of the

corporation, but had refused to assume the charge of the other, viz:

Sarah Myers, on the ground that she did not belong in this county.

Temporary arrangements had been made with the lessee of the asylum to keep Sarah Myers for the present, the expense thereof to apply on his rent. Action approved.

Adjourned till next Tuesday evening, at 8:30 o'clock.

Native Mineral Wax.—Mr. Julius Kern, a miner, called this morn-

ing to present this office with a fine specimen of native paraffine or

mineral wax, from a new bed discovered by him, last Sunday, in

Kinne Canyon, about 60 miles east of Springville. The sample weighs

over 10 pounds. It is a finer quality than some we mentioned in our

columns about two years ago as "Utah-cerite," or Utah mineral

wax. The history of this interesting and apparently abundant substance is as yet imperfectly known.

Professor Newberry of the School of Mines, Columbia College, has made the mineral wax a subject of attention, with a view to its utilization for insulating purposes. That gentleman considers the mineral wax a true ozocerite, as described by Dana. It is highly probable that there are several varieties of this substance, which may eventually find important uses in the manufacture of substitutes for gutta percha and India rubber. We congratulate Mr. Kern on his "strike," and hope he may be successful in finding a market for the commodity.

Grant's Reception.—A meeting of the business men of Salt Lake was held last evening, at the office of Bennett & Harkness, as the first step toward a reception to be given to General Grant, should he decide to visit our city, on his way across the continent. An executive committee was appointed, consisting of the following named gentlemen: Messrs. B. W. Morgan, Job Lawrence, R. C. Chambers, Henry W. Lawrence and J. E. Dooley, into whose hands the matter of general arrangement and preparation were given. A finance committee, consisting of Messrs. T. R. Jones, L. U. Colbath and W. F. James, was also appointed to raise funds to defray the expenses of the memorial event.

The first step necessary was to ascertain whether General Grant purposed visiting this city, and the illustrated gentleman was therefore telegraphed last evening.

The message set forth that a meeting of the kind mentioned had been held, that a letter would follow with further particulars, and asked if the General intended stopping here. At last accounts, no reply had been received. The letter was sent off this morning.

"Junction" Jots.—Mr. Thos. P. Williams, of Ogden, has lost three children from diphtheria within five days.

Ogden is going wild again. It is now "Martha" and "Trial by Jury."

A slight row occurred in Mahon's saloon last night. One Ed. Horrocks, being drunk, called the proprietor hard names, and when the other attempted to put him out, threw a bottle on the face of his opponent. Mahon and others took Horrocks to the police, and on returning found a tramp in the saloon helping himself to beer. The thief paid hard for immunity and was released on leaving an article worth the beverage he had taken.

Gone At Last.—We fondly believe while we speak, but we are at length qualified to assert, without fear of contradiction, that the Utah Southern Railroad directors have finally given up the road at last. It took the first step this morning, with Superintendent Sharp on board.

Gone South.—Bishop John Sharp left for the terminus of the Utah Southern this morning, and will probably return to-morrow.

Tracklaying Again.—Tracklaying has recommenced on the Utah Southern Extension. The work has been discontinued for several weeks on account of a lack of iron, but as this material is again being shipped, the work will go on as long as the iron lasts.

Not Gone.—It having been reported that Mr. J. D. White intended going east this afternoon, we are requested to state that the announcement was premature, as the gentleman will sing in the opera in Ogden to-morrow night.

Opera in Ogden.—"Martha" and "Trial by Jury" will be produced in Ogden to-morrow (Thursday) night. The members of the chorus will be at the depot for the 3:40 train, to-morrow afternoon. Escort tickets may be obtained of Messrs. Geo. Careless, H. G. Whitney or J. Trumbo. The train will return the same night.

Pleasant Call.—We had a pleasant conversation this morning with sister Zina D. Young, but recently returned from a trip to the Sandwich Islands. The day after arriving home, she went to Provo on a visit, so that we have had no opportunity before
