#### MINING, BUSINESS AND STOCKS.

## FEARFUL DROP IN L. MAMMOTH

Stock Has Declined 97 Cents Ore Shipments Inaugurated From | Manager O'Donnell Returns From During Past Week.

Other Stocks Were Weak-May Day in Slightly Better Tone-Forenoon Quotations and Sales.

The sensation of the day on the stock Lower Mammoth. A week ago it touched at the high point, \$1.98; today it fell to \$1.01. When the stock entered the pit this forenoon it was offered at \$1,20; following this came a steady drop to the figure mentioned, but just before the caller's hammer fell it stiffened a few points and managed to pull through the awful slaughter with a final quotation of \$1.05½. During call 10.500 shares changed hands, May Day and Martha Washington were the only other Tintic stocks that participated during regular call. May Day was in slightly better tone, while the latter was inclined to be weaker. Daly-West headed the list of Park City traders beginning with a sale of \$45.70, the stock tripped onto the toboggan and dropped to \$45.10 bid. Daly-Judge found no one willing to pay \$11 for it and the highest bid was made at \$10.55. Little Bell was bought at \$2.25 and Sacramento could not find favor above 25 cents final quotation of \$1.051/2. During call to could not find favor above 25 cents

Work Progressing Satisfactorily on

The 2,000 Foot Level.

Manager Rood of the Ontario com-Manager Rood of the Ontario company was in the Park Thursday and went up to the Nalidriver. Asked regarding the Ontario, he is as anxious as anyone to see a concentrator erected, but the company will take no decisive steps until every problem presented in connection with the matter has been satisfactorily solved. It is reasonably certain, however, that conditions are adjusting themselves for the erection of a concentrating plant and it will cause no great surprise when this ancause no great surprise when this an-mouncement is formally made. On the 2,600 level of the Ontario work is being steadily prosecuted and results are not only very satisfactory but decidedly encouraging. The old Ontario is keeping very quiet, but its record making days are not over yet by any means.—

#### ACTIVITY REIGNS IN COTTONWOODS

Black Bess Mine.

SOLD AT \$1.01 THIS FORENOON GREAT WESTERN TUNNEL.

Contract May be Let Next Wednesday -To Run it Probably 2,000 Feet -Old Evergreen Mine.

With the snow fast disappearing exchange was a terrific decline in from the mountains around Alta prepartions are well advanced for the be ginning of the most active campaign that the Cottonwood districts have witnessed in many a day.

It will be a season of a general re vival for those regions and the Columbus Consolidated has set the pace, That portion lying just at the head of the Blg Cottonwood canyon will be a center of interest, for here, within a radius of a few miles is located the Scottish Chief, Great Western, Old Evergreen and Black Bess. Recent developments in the former have demonstrated that that property will, in a little time, become an important produce and Manager W. J. Lawrence has given assurance that the mine will soon be sending ore down the canyon regularly to the valley, wielters.

The Black Bess, at which a small force of men was engaged all through It was a weak market for mining stocks; except May Day, nothing seemed to command a higher price.

The closing quotations and sales of the winter, has a shipment of 50,000 points on the road and will follow this up with others. Manager Mahon this up with others. the winter, has a shipment of 50,000 stated this morning that the working force is to be increased. Energy is being concentrated on the copper shoot at the bottom of a winze sunk to a death of 50 feet below the 250 level. This shoot is about 4½ feet in width, 15 inches of which contains are of a shipplag grade; the values running 20 per cent copper, 30 ounces silver and from

\$1 to \$2 in gold.
At the Great Western work will soon commence on the long tunnel. Manager David Evans said today that the bids would be opened and the contract awarded next Wednesday to run the bore to the length of 1.500 or 2,000 feet. The Old Evergren folls are getting some good ore in their property and it is learned that augmentation of the forces is the order of the day there.

SKYLARK TO RESUME. Manager McMullen Leaves for

Beaver County Tonight. A. J. McMullan, manager of the O. K. Extension and Skylark mines of Beaver county will depart for camp to-night. He does not expect to return for possibly two weeks. While there he will order work resumed at the lat-ter property. The assessment levied recently is coming in in good shape.

WATER AT HANNOPAH. About Four Thousand Gatlons Being

Raised Daily. Fred Bettles, the chief of the metallurgical department of the Newhous-mines is in receipt of a letter from Supt. Frank B. Work, of the Hannapah mine in Nevada, stating that no than 4,000 galions of water is being raised out of the shart every 24 hours. Developments are progressing in the mine and at no time since its discovery has it presented such favorable indi-

The finding of water in the mine is a condition gulte acceptable to those interested in the proposition.

Park City Mining Notes.

Sheriff Mair was over in the Snake Creek district Thursday and report great activity over on that side. Nearl every claim owner is having wor done and all feel confident that this herotofore neglected district is about to experience a boom. Mr. Mair put two aren at work on the Lone Pinc, clean-ing out the incline and other preparatory work for an active summer's cam

At the Naildriver everything is work At the Naildriver everything is working with a smoothness and precision that is pleasing. The shaft was sunk at the remarkable speed of 100 feet in 20 days—a record Foreman Quinn may be pround of. They expect to reach the 200-toot mark today. This will leave about 406 feet to drive, where the ore will be encountered and the Naildriver be placed where it belongs—in the producing column.

There is no definite news this week regarding the rebuilding of the zinc plant, but the outlook is very promising, and these who have doubts regarding the rebuilding had better dispel them. The Utah Metals company is grown, to have a size plant in Park them. The Dan Actals company is going to have a zinc plant in Park City, and it will be so much better than the old one that there will be rejoicing because of the fire. Officials of the company will be in Salt Lake next week, when plans for the future will be decided upon.—Park Record.

Park City Shipments.

Shipments of ores reported from Parl City last well were: Barnes Bros., 60, 000; Comstock, 90,000; Daly-West, 2,571. Silver King, 1,511,510; total, 4,232,

TO HAUL YAMPA ORES. It is Very Probable that Copper Belt Railway Will Get Contract.

Now that George H. Robinson, manager of the Tintle Mining and Development Co., has arrived on the ground again the probabilities are that the mat-ter of transportation of the ares from the mine to the new smelter will be taken up. From well informed sources it is learned that the plan to build tramway has been practically given up after assurances from Manager Hall, o the Copper Bett Raliway, that he would agree to a schedule of tonnago rate agree to a schedule of tolorage rates quite satisfactory to all concerned. This will mean the extension of the line without delay to the Yampa and other mines in upper Bingham. contract may be signed up almost

any hour. UTAH CON, SMELTER. Nothing Definite Yet About Its En-

largement. While nothing definite has been decided about the capacity to which the Utah Consolidated smelter is to be increased will lay his plans accordingly.

### EUTONIA MINE DEVELOPMENT

A Trip to Camp.

SEVEN MEN ARE EMPLOYED

Physical Conditions Are Reported Good-Lack of Transportation Facilities Drawback to the Region,

E. G. O'Donnell, manager of the Eutonia mine , situated about 30 miles west of Tintic, came in from camp yesterday, where a force of seven men is engaged in the performance of development work.

Manager O'Donnell states that while the physical condition of the mine was never better than it is at the present time, the property has not reached the stage where it can be called a mine. Howeve, if it were located in Bingham, Park City, Tintic or some other near-by camp, or if it had the advantages of railread transportation, the mine could make quite a respectable showcould make quite a respectable show-ing in the shipment of ores to the local markets. Under present conditions the expense of mining and transportation would absorb about all there is in the

Pending the building of a railroad into the Deep Creek country, the comits proposition in an energetic manner. The Eutonia company is the owner of several springs, which may yet become a source of considerable revenue. Water is money in the mining regions west of Salt Lake, and there are a great many good properties in the Deep Creek country and elsewhere, although isolated as they are, that could be made to pay well if this important element—water, entered into the list of assets. The Eutonia is particularly fortunate in this respect, and it is possible that if the railroads do not respond to the needs of the country as quickly as now seems probable, the company may arrange to put up a concentrating plant. Nothing of the kind is in contemplation for the immediate future, however, The mine is developed to the depth of about 300 feet with the main working

from which have been run num erous drifts on the ore. A tunnel run at another point on the property has also penetrated a promising ledge. The work at present is being concentrated on the lower level of the snaft. Several other properties are active in the vicinity of the Eutonia, but in a

At the White Knob Mines.

Manager P. L. Fearn, of the White Knob Copper company, has arrived at Mackey, Ida., and will put a force of 50, men to work repairing the electric rallway between the mine and smelter. The company is about ready to prosecute a very vigorous campaign at that proposition.

# SELLING OF STOCKS RENEWED

Heavy Blocks of Principal Issues Thrown Over.

UNLOADING FOR FOREIGNERS

Advance in Rate of Discount by the Imperial Bank of Germany Malu Cause.

New York, June 8.-Selling of stocks was renewed at the opening this morn ng and heavy blocks of the principa peculative issues were thrown over. The divance in the discount rate by the Imperial bank of Germany caused some selling here on foreign account. A feverish rally of slight fgractions was without much avail in holding, the market, as iquidation was renewed in leading stocks. Baltimore & Ohio 21s, Southern Railway Reading, Norfolk & Western, Missouri Pacific, Texas & Pacific, Union Pacific United States Steel preferred and People's Gas 1 to 1/2. There were also decimes of 2% in Canadian Pacific, 4 in Sloss-Sheffield Steel, 21/2 in Twin City Rapid Transit and Metropolitan securities, 3 in Northwest

ern and 2 in Hocking Valley. ern and 2 in Hocking Valley.

There was less pressure to sell towards noon, but the market showed no effective railying power. Atchison lost 2%, Reading 2 and Norfolk & Western 1%, Dormant stocks showing large losses were Lake Erie & Western 5, the preferred 2, Lackawanna 3%, Minnearolis, St. Paul & Sault Ste Marie preferred ind Metropolitan securities 3%, General Electric and Consolidated Gas 2% and Peorla & Eastern, Canada Southern and Westing house 2. New York Central, Pennsylvania and St. Paul showed some resistance.

Honds were irregular.

Offerings of stocks continued ab indant after midday. The stream of liquidating sales of Atchison, Union Pacific, Missouri Pacific, Baitimore & Oho, Reading and People's Gas causing considerable misgivings. These leaders all dropped to a

Peopie's Gas causing considerable magivings. These leaders all dropped to a lower level and showed losses since Saturday's close of 1% to 2%, with a maximum in Atchison. Further declines of importance were scored by many less known stocks, including 6 in American Express and 3 in North American. Stocks recovered sharply after 1 o'clock.

The liquidation was renewed with violence again in Reading and Atchison. driving them down 3% and 3% respectively. Other stocks which showed a measure of resistance earlier fell off on this driving St. Paul losing 1%, Amalgamated 1%, Sugar 2, and Tennessee Coal, 2%. New York Air Brake slumped 8, North American 5, Metropolitan Securities 4, and Northwestern and Westinghouse Electric 4. Prices of the leaders were a good fraction above the lowest at 2 o'clock, and Reading and Amalgamated Copper recovered a point, but the buying was smell. recovered a point, but the buying was

UTAH SUGAR CAMPAIGN.

Present Outlook Most Promising in

History of Factory. Lehi, Utah Co., June S.—Judging from the present outlook the Utah Sugar company is going to experience another very successful season. Mr. Parley Austin, assistant agriculturist, lately returned from visiting the various districts and finds the beets are in spiendid condition with a full standard of the condition with a full standard condi ous districts and linds the teets are in spiendid condition with a full stand, and one good feature is, that there has been very little replanting; while the acreage for the Lehi plant atone is hardly as large as last season (as that plant had 1,000 acres in Bear River val. lev. 1902), the tonneys if settings the piant had 1,000 acres in Bear River val-ley, 1902), the tonnage, if nothing un-foreseen happens, while much larger, so much so, that it will be the great-est campaign in the history of this fac-tory. Mr. Parley Austin has been out securing the services of some young experienced beet thinners to go into the Boar River valley and wast with the Boar River valley and assist with the work there, At that place we under-stand there is work for young am-bitious boys who may wish to find employment in the beet fields. Thirt, young men will leave Lehi today fo

young men will leave Lehi today for that place, and will receive \$5 per acre for thinning beets. Two boys can average about one-half acre per day.

The Lehi factory is still working on the Osmose, and expects to get through in about 10 days. Supt, Gardiner will commence today the laying of about one-half mile of new pipe, and everything will be done to have the factory in excellent condition for next season's campaign. campaign.

campaign.

Work is also being done on a new beet shed, which will have a storage capacity of 5,000 tons, arranged so that an elevated railroad can be run right over the top of the shed and self-dumping cars will be utilized. This will be a great advantage to the farmers, and will do away, to some extent, with the insufficiency of cars, as they will be unloaded quickly and returned to the various stations for use again. The Utah Sugar company is also making an Utah Sugar company is also making an elevated wagon road at the Lehi sheds for the purpose of dumping the beets.

Mr. George A. Smith, lately returned from Idaho Falls, and white there was shown around by Resident Manager Mark Austin, and had the pleasure of viewing most of the beets in that viviewing most of the beets in that vi-cinity. Mr. Smith says that the pros-pects in that district are very fine, the beets all up, with almost a perfect stand. Mr. Mark Austin is highly elated over this condition, believing that he will have an enormous crop for the

The foundation for the plant at Idaho Falls is all in and the mill will be up in ample time for this season's campaign. Word was received last night from Bakerfield, Cal., by Mr. George Austin, that his daughter, Mrs. Frank McKeag. is dying of peritonitis. Mr. Austin ier this morning to hasten to the bedside of his daughter, but it is feared that he will not reach there in time.

RETURNED MISSIONARIES. Have you a friend or acquaintance in your former field of labor, to whom you would like to send a copy of the Semi-Weekly News?
