It is hoped we don't have to deal with polyandry. Just fancy the folly of contributing money without knowing something of how it is to be spent. Are they not going to start some-thing similar in Salt Lake City? The charge of starving the children has been preferred against Mrs. School, by the officers of the Humane Society, but this can hardly be substantiated. She swindled butchers, bakers, grocers, etc., and it is to her credit a little, that she had talent enough to swindle a grocer to feed a homeless waif, while she could pocket the hard cash of the philanthropist. It is to be feared the discovery of this ingenious Christian lady, will hurt the projectors of the Utah concern.
