

## PUEBLO HIGH SCHOOL REBELS

Board Ordered Should be No Football Team and Pupils Showed Their Contempt.

### CAME AS LITTLE CHILDREN

Big Boys in Knickerbockers and Big Bow Ties—Girls Wore Braids and Played With Dolls.

Pueblo, Colo., Oct. 15.—Central high school resembled a kindergarten yesterday when the pupils, who show their contempt and ridicule for the orders of the school board that the school shall not have a football team, came to school dressed as little children, and bringing toys.

Large boys in short trousers, shirt-waists and big bow ties, carried tops and marbles, and the girls with their hair in pig-tails, adorned with ribbons, nursed dolls and Teddy bears, and played with jacks. Immediately upon the assembling of school the boys commenced spinning tops and rolling marbles on the floor.

Efforts to restore order were unavailing, and the senior and junior classes, among which were the chief offenders, were dismissed. The pupils gathered outside the windows of the study hall, and kept the school in an uproar by loud yells of defiance. Principal H. M. Barrett, finally talked to the pupils and they agreed to return to the school and behave.

Members of the school board say that they will remain firm in their decision against football.

### LETTER CARRIERS CAUGHT STEALING

London, Neb., Oct. 15.—In the police court today Clarence F. Broad, substitute mail carrier in the employ of the Lincoln postoffice, confessed that he had taken letters addressed to William J. Bryan's newspaper and containing cash for the Democratic campaign fund. Broad admitted taking 11 letters Monday. He was bound over. Letters have been missed during several months.

Chicago, Oct. 15.—Robert Palmer, a letter carrier at Joliet, Ill., and president of the Letter Carriers' association of Illinois was taken in custody by the police here tonight charged by the postoffice authorities with the alleged theft of a "test" letter.

Palmer, who is said to be prominent in church circles at Joliet, has been in the employ of the post department for 13 years.

### NEGRO PRESS CONVENTION CENSURES JUDGE TAFT

Pittsburg, Oct. 15.—The eastern and interstate negro press convention being held in the John Wesley A. M. E. Zion church this week has denounced this city over 100 of the leading negro editors and writers of the eastern, middle and southern states. In a declaration of principles today, Senator Foxaker and Gov. Deneen of Illinois are faulted, while the administration of President Roosevelt and the attitude of Candidate Taft are censured. The declaration of principles says:

"We hold in kind memory our friends, from Phillips and Lovejoy to Lincoln and Grant, and the cause, but the one who stands today for our cause as champion and martyr is Joseph Benson Foraker of Ohio, who in the face of public opinion has dared to uphold the principles of right and not party, whose political future is jeopardized by his own party for being on our side, and fighting to sustain the rules of justice."

The resolutions in part follow:

"We, as loyal American citizens, do hereby voice a protest against the treatment our people receive at the hands of the prejudiced whites, and particularly the recent riots in Springfield, Ill. We regret that such strained relations should have existed; but we admire the frank manner of Gov. Deneen of Illinois in his efforts to suppress the riot and to bring to justice the ones guilty of mob violence. Such men who attempt to carry out the law should be kept in office."

"We call upon the negro voters of Ohio to first support Joseph Benson Foraker, our champion, for re-election to the United States senate, and thereafter to any position to which he aspires. And we call upon the negro voters of the country who have a spark of manhood left to show their disapproval of the incumbent of the White House, who will be virtually the power behind the throne if Taft is elected, and to William H. Taft for his unprincipled character, which we believe will be detrimental to our people if given an opportunity, by working, arduously for the defeat of Mr. Taft."

### NATIONAL WOMAN SUFFRAGE CONVENTION

Buffalo, N. Y., Oct. 15.—The fortieth annual convention of the National American Woman Suffrage association was called to order this afternoon by the president, Rev. Anna Howard Shaw. Mrs. Shaw called attention to the program adopted by the workers for women's suffrage and predicted even more rapid advancement of the cause in the future.

Mayor J. N. Adam extended a hearty greeting to the delegates at the Y. M. C. A. auditorium tonight. The letter from Mrs. Annie Cobden Sanderson, the English suffragist organizer, advising American suffragists to "introduce into your organization more of the fire of revolt, more denunciation and more insistent demand, that the women may have the power and the liberty to work for the world's moral regeneration," was given out.

"American suffragists do not countenance the methods in vogue in England," this opinion, voiced by one of the prominent delegates, reflected the general feeling among the suffragists here.

Miss Emily Howland of Sherwood, N. Y., one of the pioneers in the suffrage cause, spoke on the "Spirit of 1848," calling attention to the imitable declaration made at the first woman's convention of the world held at Seneca Falls, N. Y., in 1848.

Miss Howland read from the autobiography of Elizabeth Cady Stanton that "this was the first organized protest against the injustice which has brooded for ages over the character and destiny of one-half the race."

Miss Howland described the early struggles of the suffragists, the insults they endured, then paid a beautiful tribute to the memory of Susan B. Anthony.

Mrs. Rachael Foster Avery of Swartwood gave a summary of the work of the International Suffrage alliance. Even in Turkey the women are casting aside their veils and joining issues with the Young Turks.

## FOUND BUT ONE CURE FOR ECZEMA

Many Different Remedies and Even Hospital Failed—Suffered 3 Years with Severe Itching, Scurfy Skin—Could Hardly Stop Scratching.

### THANKFUL FOR PERFECT RESULTS OF CUTICURA

"About three years ago I was troubled by a severe itching and scurfy skin on my ankles and feet. I could hardly keep from scratching. In a few days large red patches appeared and after that pimples formed. I went to the hospital and the doctors pronounced it a very bad case of eczema. I went to the hospital two months and obtained a very little relief, so I tried many different remedies for at least ten months, but none seemed to cure me. They would relieve me for a week or two, then my skin would be full of pimples, the same as ever. I finally decided to try the Cuticura Remedies, and I am very thankful I did, for, after using the Cuticura Soap, Cuticura Ointment and Cuticura Resolvent Pills, I was completely cured. I hope that any one suffering as I did will try the Cuticura Remedies. Miss Tetch, Peck, 1422 Fifth St., Highlandtown, Md., Jan. 14, 1908."

### CANDIDATE KERN ASKS SOME QUESTIONS

New York, Oct. 15.—"Should not the fact that men believe that a candidate for the presidency intends, if elected, to violate the pledges made by him and his party be a most potent reason why honest and patriotic men should withhold their support from him and his cause?"

"Should the fact that a candidate for the presidency is regarded as so honest as to be incapable of violating platform pledges be an argument against his election?"

These questions, put by John W. Kern, Democratic nominee for the vice presidency, to a crowd that filled every available room in the Waldorf-Astoria hall tonight were answered by an outburst of cheering.

Mr. Kern was given a warm greeting when he entered the hall, and later when he was joined on the platform by Lieut.-Gov. Chandler, Democratic candidate for governor of New York, plumes bowing their acknowledgments of the plaudits of the crowd.

Mr. Kern was introduced by William Schaner, a prominent Tammany leader. The vice presidential candidate declared that no honest business interest in this country had anything to fear from the election of Mr. Bryan, but that the mission of the Democratic party was to build up business and business enterprises, not to destroy them.

### CANDIDATE SHERMAN TO TRAVELING MEN

Jamestown, N. Y., Oct. 15.—A day that began with the expounding of Republican doctrine to a number of traveling men in a railroad coach on the way from Cuba to this place, ended here tonight for James S. Sherman, a huge outpouring of voters. An overflow meeting was necessary.

In his address here Mr. Sherman discussed the tariff. He described conditions in France and Germany, which countries, he declared, insisted upon protective measures. "Only the Democratic party," continued the speaker, "is blind and dull enough to assume that such rivals in commerce can be met by crippling our furnaces and

mill, by waging war on our manufacturers and degrading the standard of living of all our people. But now from Germany and France have come the most significant signs for the demand for protection."

After telling of efforts by the English statesmen to secure protective measures, Mr. Sherman said that England was suffering from industrial depression brought about by free trade.

Mr. Sherman told of the British patent law, which he said laid an enormous penalty on articles covered by foreign patents made elsewhere than in the British islands.

"As a penalty, enforced in the largest degree against the American creative intellect," said Mr. Sherman, "the British patent law has already led to the investment of \$50,000,000 in the field factories by her two chief rivals. They have put on that fine in order to save their own markets. While free trade is thus breaking down at its cradle and in its sole retreat, Mr. Bryan and his followers want to adopt the theory and to trample down the system which has placed our country at the head of manufacturing nations as well as agricultural producers."

"The American nation needs a man as president who will maintain the principles of protection. Only the Republican party, with Taft as leader, can assure the maintenance of protection of American industries."

### SIX PERSONS KILLED BY DYNAMITE EXPLOSION

Fort Collins, Colo., Oct. 15.—Six persons were instantly killed and 21 others injured today by the explosion of a injured charge of dynamite at the Ingleside limestone quarry, 16 miles northwest of here. The dead, two Japanese and four Mexicans are N. Tabata, L. Aoki, George Mangara, Pedro Hernandez, Jesus Lopez, Pedro Abalos. Five charges of dynamite had been placed but four of them exploded. While an attempt was being made to pick the cap from the unexploded charge it went off.

The injured are all in the hospital here.

## LINCOLN-DOUGLAS DEBATE.

Memorial Tablet Unveiled at Alton, Illinois.

Alton, Ill., Oct. 15.—A memorial tablet to mark the place where the debate between Abraham Lincoln and Stephen A. Douglas occurred on Oct. 15, 1858, was unveiled here today. The tablet was presented to the city by Rev. A. A. Tanner of Alton. Addresses on Lincoln and Douglas were delivered by Adlai A. Stevenson, former vice president, and Horace White of New York. Mr. White was one of the newspaper men who reported the original debate, his account being written for the Chicago Tribune.

### GRAVES PRAISES HEARST. CRITICIZES OLD PARTIES

Baltimore, Oct. 15.—John Temple Graves addressed a meeting under the auspices of the Independence party at the Princess theater tonight. Mr. Graves credited Mr. Hearst with having injected into the present campaign all the interest it possessed, and then severely criticized both the Democratic and Republican parties. He denounced W. J. Bryan, the mention of whose name, his declaration that Mr. Bryan is the Democratic party of the present brought forth the question from one of the audience whether Mr. Hearst is not the Independence party, which Mr. Graves denied.

## EVERY DAY FOR SEVEN YEARS

PERSISTENTLY and continuously the NEW YORK COMMERCIAL through its Mining Department has been keenly alive to the progress of mining, reporting this class of news as a source of profit and interest to its readers. The department has been conducted along constructive lines, designed to emphasize upon the public the growing importance of mining.

Facts and figures of significance relating to the operations of the various camps, together with the mining stock markets of San Francisco, Salt Lake City, Montreal, Pittsburg, Philadelphia, Boston, New York and London, England, appear daily. It has found no room for misstatements or the loosely constructed optimism of the braggart. It told the story of Tonopah, Goldfield, Ely, Bingham and Cobalt months before other papers realized the changes which were making history.

Presidents, directors and officials of the country's largest smelting and mining corporations as well as countless stockholders, brokers, investors and speculators, find it a business necessity. The foremost mining engineers and operators frequently talk exclusively through its columns. In the East, as in the West, its mining news is read and copied.

The NEW YORK COMMERCIAL has been the one big factor in the education of the public and the press to a proper appreciation of mines and mining.
