

OGDEN.

OGDEN, UTAH. - DECEMBER 13, 1893.

Fourth District Court.

There was a United States case before the court which occupied much of the time yesterday. George King was charged with having committed highway robbery. His victim was said to be John King, a Chinese merchant. The officer who had stated it had been committed November 22nd, near the Ogden River bridge. The complainant charged defendant with robbing King of \$200, while the defendant maintained it was a personal quarrel, and that the money was lost in the struggle.

The testimony given went to show in a very forcible manner that King's version of the affair was correct, and that he was innocent of robbery. The court, however, in accordance with the judge's instructions, brought in a verdict of guilty. Great excitement prevailed among the residents of Ogden over the case, and many statements came in to the press in regard to the trial.
