

# Idaho News From Her Main Cities and Towns.

## SERVICES TO BE HELD ON MONDAY

Columbia Theater, Boise, to be The Scene of Memorial Gathering.

### CANDIDATES FOR JUDGESHIP.

Number of Names of Prominent Idaho Jurists Suggested to Take Place Of Justice Beatty.

BOISE, Feb. 7.—The date for the memorial services to be held by the legislative assembly, has been decided upon as Feb. 11, and the place as the Columbia theater in this city. The program, as arranged by the committee, provides that the joint assembly shall be called to order by Speaker Hunt, there will be prayer by the chaplain of the senate, Rev. Hinks; the joint roll will be called and then Lieut. Gov. Burrell will take the chair and assume charge of the meeting. The report of the committee on resolutions will be received, and Gov. Gooding will then respond on behalf of the state. There will be responses on behalf of the senate from Senators McMillan and Whitwell, and of the house by Representatives Fallon and Ballentine. After consideration and adoption of the memorial resolutions presented, there will be memorial addresses in honor of the late ex-governors, ex-Gov. F. W. Hunt will be eulogized by Hon. James H. Hawley, and ex-Gov. Frank Steunberger, by Hon. Frank Martin. It is expected that the services will be attended by a very large number of people.

### IS NOW LAW.

The anti-lobby bill, introduced by Wyman of Ada county, having passed both houses of the legislature, was signed by the governor on Monday, and at once became a law. The law defines an illegal lobbyist, as one who lobbies for the passage of a bill for hire, or where his pecuniary interest is affected by the proposed measure. Such a lobbyist shall neither work for or against the passage of a pending measure, except in certain prescribed ways, through open appearance before a committee, or through the publication of his argument, or by public addresses. Violation is made a misdemeanor, punishable by fine of \$200 or imprisonment in the county jail not exceeding six months.

Mr. Wyman has another measure which has passed both houses and is now under consideration by the governor. This provides for an amendment of the statute requiring acknowledgments of married women to be taken separate and apart from their husbands. It provides that the married women shall make the same acknowledgment at present if unmarried. There has not developed as yet any opposition to the bill among the women of the state.

Two of the bills providing for the creation of new counties have passed the house and are now under consideration in the senate. These are to provide for the creation of Bonanza county, from North Kootenai, with county seat at Sandpoint provisionally, and of Twin Falls county, from Cassia, with county seat at Twin Falls. It was at first supposed that the senate would take immediate action on these bills, but for some unexplained reason, the upper house of the legislature prefers to make haste slowly in the consideration of all house measures. The bills will both pass the senate without amendment although final action may be delayed several days.

### SOME CANDIDATES.

There has been considerable excitement here, and also in other parts of the state, by the announcement of United States Judge James H. Beatty, of his intention to retire from the bench, by resignation, about March 1. This has long been expected, Judge Beatty having reached the limit of his life when he could retire on full pay. Since the announcement, a number of applicants have developed among the lawyers of the state, and the enthusiastic support of both Judge Sullivan and the most widely known applicant is Judge A. L. Blomquist, who served with him on the supreme court bench during the past four years. Other candidates from the north are Judge W. C. Austin, of Blomquist, at present state senator from Latah county, Hon. James E. Babb of Lewiston, and Hon. Charles W. Beale of Wallace, from north Idaho, Hon. Edgar Wilson of Cassia, and Hon. John T. Morrison of Boise, are applicants, as is also Hon. F. S. Dietrich of Pocatello, one of the leading lawyers of the south. Mr. Dietrich is counsel for the Oregon Short Line Railroad company.

The anti-trust bill met with tremendous opposition from a number of the house members, who expressed their fear that in fighting wicked trusts, some good trusts in which the people of the state are interested were being interfered with. This measure it is believed will also feel the heavy hand of the senate when it comes up for action in that body.

**JUNKETS PLANNED.**  
The Eighth session is not to differ from other like bodies in the matter of junkets. There is to be a joint committee to visit the universities in both north and south Idaho. The former committee has been named, and it is expected will leave next Friday to visit the university at Moscow, Cornell school at Lewiston and the same at Oroville. The committee to inspect and report on the Albion Normal school and Blackfoot asylum, Potlatch academy and St. Anthony industrial school, will doubtless be named within a day or so, and will probably leave at the same time. These committees it is expected will be absent about a week.

**GARN GOES TO WASHINGTON.**  
Martin Garn of St. Anthony, formerly State Game Warden, has left for Washington, on invitation of President Roosevelt, as one of a committee of stockmen, to consult with the commission of public lands relative to a method of improving and protecting the public range. The meeting will be held in Washington on February 11. So far as can be learned, Mr. Garn is the only delegate appointed from Idaho. One of the points that it is expected will be discussed is the proposition at present attracting a great deal of attention in Congress, to pass a general range law. The law at present under consideration provides that the public domain shall be divided into grazing districts, and its leasing and use for pasturage shall be under the supervision of the forest reserve department, the same as the use of the reserves for pasturage pur-

Mr. and Mrs. ROBERT L. BARRY.

## PENILESS YOUTH CLAIMS \$7,000,000.

Suit has been entered in the supreme court in New York against the estate of the late Dr. John H. Barry by Robert L. Barry, who claims to be the only legitimate child of Dr. Barry and who asks for a matter of \$7,000,000 as his portion. The contestant is 19 years of age and is practically penniless. He has been married for three years, his wife having been Miss Bessie Elderly, of Cairo, N. Y. Young Barry says his mother was Catherine Roche, of Malone, N. Y., and claims to be able to prove that she was the only legal wife of his father, who, when he died in May, 1904, left an estate of about \$7,000,000 to his widow, Grace H., and his son, Alfred E., the latter being now about 30 years old. The defendants claim that the suit is an attempt at blackmail on the part of young Barry.

posers are at present. The bill in the senate provides that 10 per cent of the funds received for grazing leases shall be paid to the respective counties in which these grazing districts are located.

Governor Gooding has written to the president relative to the proposition to enact a general range law, and urging upon the committee on state affairs the management of the law with the greatest possible care, so that the livestock industry shall not be injured. He also urges that all the benefits derived from the lease of the public range shall accrue to the states and territories in which such ranges are and which produce the benefits.

The committee on state affairs in both the house and senate have been investigating the various departments during the past week, and although no reports have as yet been filed, it is known in a general way that the members of these committees have expressed the utmost satisfaction with the management of state affairs during the past two days. The management of the state land department is being highly complimented, and it is believed that the committee will recommend the most liberal appropriations for the continuance of the work commenced during the past administration.

## POINTED PARAGRAPHS FROM PARKER, IDAHO.

**PARKER, Ida., Feb. 7.**—The snow is so deep in the hills about here that lumber and wood hauling is practically suspended.

A surprise party was held in honor of the Rev. E. S. Remington, financial agent to F. R. S. Thursday evening. An interesting program was arranged and a hand stitched was presented to the guest of honor.

The Female Relief society arranged a bazaar for Tuesday. The proceeds are for missionaries.

W. M. Parker is very ill. Mr. Noon, who was so seriously burned in an attempt to rescue his child, is progressing rapidly.

Sunday school meetings and association gatherings are being well attended. Prof. Oliver C. Dabry of the Elks academy delivered a lecture before the Mutual Improvement gatherings this week.

## ITEMS OF INTEREST FROM DRIGGS, IDAHO.

**DRIGGS, Ida., Feb. 7.**—Winter is on here in earnest. Two feet of snow lies on the level, with more descending almost continuously. Cattle, sheep and chickens are in good condition, however, and hay is selling at from \$4 to \$5 a ton. Good crops for next season are assured by the snow.

Quarterly stake conference will be held here Feb. 16 and 17, when all look forward with anticipation to a visit from President Joseph F. Smith and to the dedication of the recently erected stake house.

The Driggs State bank is doing an excellent business at present and is proving of greatest benefit to this rapidly developing section of country.

**SUGAR CITY IS ENJOYING RUN OF SPRING WEATHER.**  
SUGAR CITY, Idaho, Feb. 7.—For the past few days the weather has been like spring; the snow in the immediate vicinity of Sugar City has melted and the roads are quite muddy. The old settlers say that they have never seen such weather for this time of the year. It freezes hard in the night but the days have been very warm and pleasant and a few days like the past will make spring plowing possible. The second large shipment of beef cattle will be shipped from Sugar City for market Feb. 15. The cattle are doing fine, hay is plentiful with no advance in price, and there seems to be plenty for feeding.

A largely attended and rousing meeting was held by the Commercial club members Wednesday evening. All are loyal to the club and many things have been mapped out, which if hard work is done, will mean much for this town and the surrounding country.

Already building has started again. The Sugar City Building and Manufacturing company is building a good

## SOME MYSTERY ABOUT THIS DEATH

News Boy Employed on O. S. L. Passenger Train Expires At Pocatello.

### HE HAD BEEN BADLY BEATEN.

Body Shows Some Bruises—Jones of A Mastodon Unearthed While Excavating Near American Falls.

**Pocatello, Feb. 7.**—A coroner's inquest was held last week over the remains of the lunchbox news boy named George Stein, whose run was between Pocatello and Huntington. The deceased expired Thursday at noon at the residence of Mrs. Martha Priest, which adjoins that of Dr. John A. Alquire's office, and is sometimes called the private hospital of Dr. Alquire. The jury

was composed of Lyman Fargo, W. A. Jones, Walter H. Cleary, Abe Pierce and N. P. Nielsen, Sr. The verdict of the jury was that the deceased came to his death from causes which this jury has not been able to satisfactorily determine.

Stein was a patient of Dr. Alquire, where he was taking treatment for rheumatism. The deceased returned from the west on No. 2, Wednesday noon, and reported himself sick to Mr. Carter, who is in charge of the Gray News company, and asked to be checked in, which was done. That evening he was treated to a hot air bath by Dr. Alquire, who testified under oath that there were several large bruises on his body, one particularly on his hip, also one on his face, and that Stein muttered to himself, "I must have got an awful pounding," but when asked how he got them he would give no explanation.

Mr. Carter called on him Thursday morning about 10 o'clock and found him in a very low condition. He was unsuccessful in getting any explanation from him, regarding his trouble. Returning to his news stand he sent another news boy of the Salt Lake run named Long, to visit Stein, and the latter expired soon after his arrival.

Coroner Howard, and several other doctors examined the body, and held an autopsy to determine the death, but no definite conclusion was arrived at by the jury.

The remains were first turned over

to Undertaker Lindquist, but upon the arrival of a brother of the deceased from Salt Lake, he made the request that the remains be taken in charge by the Manly Brothers, which was done. The body was taken to Salt Lake for interment. He was born in Russia 37 years ago, and came here as a child. His parents live in Chicago.

Annie Wilda, the 17-year-old daughter of Chauncey W. and Sarah J. Rich, died last Thursday from whom she had an informal funeral service was held at the residence last Sunday.

Miss Grace Loughran, county superintendent of schools, has announced a teachers' examination for all grades of county teachers, for state certificates and for diplomas, will be held in this city on Feb. 21 to 23.

### PREHISTORIC RELIC.

Deputy County surveyor W. P. Havenor, has a prehistoric relic in his office in the shape of several bones and teeth of the mastodon, recently recovered from an excavation near American Falls, where he was engaged on a surveying project. Only part of the skeleton was in a sufficiently preserved condition to be removed, traces of two tusks proved them to be nearly 11 feet long. He brought home a bone of the foreleg, which stands nearly five feet high, and several teeth nearly as large as a leg cup.

At a meeting of the city council Tuesday evening four registrars were named and appointed for the forthcoming biennial city election next April, the registrars are: First ward, Miss Pearl Sanders; Second ward, Miss Maud Kelley; Third ward, Mrs. A. L. Colby; Fourth ward, Mrs. M. V. Stone.

A worthy case of charity came to

view last week when a new arrival came to Mrs. Charles Ritter, who was too modest to make her wants known, but she was entirely without food, clothing, with two little girls with her, and her husband had abandoned her. A subscription was taken up among the citizens, and her wants were made known. Relief was administered by kindly disposed housewives. Food, clothing, fuel and some cash were cheerfully given.

### QUARTERS FOR POOR LO.

The Fort Hall Indian agency at Ross Fork is preparing to erect a building of accommodation for 150 students all of which is in anticipation of the coming Lenten Indians who will fill the city more rapidly. The main building is of white sandstone, situated on the reservation, and will thus be the same material as the main building at the American Falls last Tuesday by Sheriff Quigley and brought in for safe keeping.

The latter is at present down in Cash valley to recover some of its horses which were disposed of at both Logan and Smithfield.

### AFTER HORSE THIEVES.

Sheriff Dave Quigley is busy rounding up the crooks. Two supposed horse thieves are now in the county jail. They have for some time been operating around McCammon.

Dan Daley, an ex-convict from the Idaho penitentiary, and the supposed leader of the gang was arrested by Sheriff Quigley and brought in for safe keeping.

A worthy case of charity came to

## Something of Women in Japan.

When the grown women earn on an average of 30 sen a day, what pay do the children get? Twelve sen—that is six cents. Six cents for a workday of 12 hours! That is what they begin with. When they grow older and more efficient they get more; but from six cents to 15 cents—that is to say, from 12 to 30 sen—that is not much room for gratification. The highest rank in the ladder is low, indeed.

It goes without saying that such a life is dreary in the extreme. Indeed it is a matter of fact that 80 per cent of which employed in the biggest mills leave within a year. They seek less exacting labor elsewhere. But the women and children cannot leave. They must toil on, and I was told that now and again a woman will be seen with a young baby tied to her back tending the machinery.

Is it not wonderful, then, that these poor parents rejoice if they can get their boys and girls apprenticed, even though the service be for years for practically no wages?

Right from the boy's service is generally comparatively easy. The apprentice, or "detchi," is bound to his master, who has absolute power over him. The boy's first great lesson is obedience.

He lives on the premises of the store, shop or factory where he works, which habitation his master provides. His master also provides and feeds him. The work is the simplest; two suits of cloths a year and a trifle of spending money on holidays.

There may be one or two dozen such apprentices. A few graduate into the legitimate drug business who has 15. These are in addition to some 60 or 70 other employees.

By degrees the detchi climbs the ladder of efficiency until he graduates into a full fledged clerk, workman or whatever, and as such he has the proud distinction of getting in wages a mere nothing for clerks are miserably paid.

Or, take the case of the poor man's little girl. If she be bright and pretty her most promising career is that of a geisha—a singing, dancing, instrument-playing girl. That is to say, she is to be an amusement master.

She is put into the hands of a master who takes years to train her, not only how to dance, sing and play, but each to carry herself with ease and prettiness when in company—the company of gentlemen for the most part, for these geisha girls are men's, not women's entertainers.

She must also be taught how to converse attractively, how to arrange her hair most bewitchingly and how to wear becomingly her clothes—each to cost more than all her poor little wages for a year as a cottonmill girl could pay for.

And at last, after a long time of teaching, she becomes a half-geisha. She then may be 12 or 13 years old. And when she comes to 16 or 17 she becomes a full geisha.

She is hired out to sing, dance or play at private houses, or more commonly at public tea houses. And what is her pay then? The best full geisha averages not above six or seven yen.

## ATHLETIC ASSOCIATION FORMED AT TWIN FALLS.

**TWIN FALLS, Feb. 7.**—Robert Egbert was sentenced by Judge Crowley to four months in the county jail for beating his wife.

There has been an athletic association formed in this city. J. L. Ogden, formerly instructor of physical culture at the Agricultural college of Colorado and assistant physical culture director of the Y. M. C. A. at Salt Lake, is at the head of the association.

Mrs. Heber Johnson has been taken to the L. D. S. hospital at Salt Lake to undergo a third operation for a serious sickness.

John, the son of Mr. and Mrs. Nephi Dahlstrom, was operated upon for appendicitis at the end of the week.

With all the snow gone and the weather warm, spring appears to have arrived. The ground is becoming dry rapidly.

## STAMMERING CURED OR NO PAY.

And Your Railroad Fare and Boarding Expense Returned if I Fail to Cure You.

The only school in the world making this offer. I have cured every case coming to me, and know I can cure you or I can't afford to make the above extraordinary proposition.

SOME OF MY PUPILS COULD NOT UTTER A SOUND BUT WERE RETURNED TO DELIGHTED RELATIVES AND FRIENDS ABLE TO TALK FLUENTLY AND WITHOUT A MOMENT'S HESITATION.

My prices are reasonable. Send for my book giving full information, etc. References Deseret National Bank, State Bank of Utah, Salt Lake City, Provo Commercial and Savings Bank and State Bank of Utah, Provo, Utah.

## TO STOP THOSE TERRIBLE PAINS CAUSED BY RHEUMATISM

Lumbago, Sciatica Neuralgia or KIDNEY TROUBLE

USE SWANSON'S "5-DROPS"

ROBERT W. McBRIDE, No. 2255 Boyd St., Omaha, Neb., writes: "After suffering with Rheumatism for eight years and getting very little relief, I commenced taking '5-DROPS' I saw it advertised and grasped at it as a drowning man grasps at a straw. I was completely broken down and could scarcely lift my feet to walk. After taking a few bottles of '5-DROPS' I began to feel better. I thought I would never be well again, but immediately after I commenced taking your remedy I began to improve, and I am happy to say that I am now a new man, full of health and vigor. One bottle of '5-DROPS' has done the work for me, and I have told everyone that I know who has Rheumatism, about my wonderful cure."

E. HUBBARD, Bluff City, Kan., writes: "Your '5-DROPS' has cured me of Rheumatism, with which I suffered for three years. It also cured a friend of mine who had Rheumatism."

## GET A BOTTLE OF SWANSON'S "5-DROPS" TODAY

If you are suffering with Rheumatism, Neuralgia, Kidney Trouble, La Grippe, Colds, Coughs, Lumbago, Sciatica, Gout, Asthma, Catarrh, Neuralgia Headache or other kindred diseases

"5-DROPS" is entirely free of opium, cocaine, alcohol, laudanum and other similar ingredients.

SENT FREE. A trial bottle will be mailed free of charge to every reader of this paper upon request. Write today.
