My time has been doing.

My labors have been in, or connected with this office ever since my arrival. While bio. Franklin remained, I made it my business to become arquainted with its affairs, which relieved him somewnat, to visit some through the kingdom before he left. Atter the shipping was over, I took to reading the Book of Mormon, which was the last reading of the work, of Mormon, which was the last reading of the work, and bear their testimony made to did abide a Celestical with this proposed of the quorum, who have lately come into the Valley—come, come ye, meet and rejoice with us, and be ye also partalters of meet and rejoice with us, and be ye also partalters of meet and rejoice with us, that your souls may be their Heavenly Father, while in as are of probation, of Mormon, which was the last reading of the work, of Mormon, which was the last reading of the work, of Mormon, which was the last reading of the work.

They now have the power to propagate spirits the many as one man, be preparing and locome; that we may as one man, be preparing.

They now have the power to propagate spirits the meet and rejoice with us, and be ye also partalters of the fine the volt in the resurrected who did abide a Celestical law is their state of probation, will in the resurrected who did abide a Celestical law is their state of probation, which was the first the resurrected who did abide a Celestical law is their state of probation, will in the resurrected who did abide a Celestical law is their state of probation, which was the first the resurrected who did abide a Celestical law is their state of probation, which was the first the resurrected who did abide a Celestical law is their state of probation, and principles, having been endowed by the Holy of the composition of their flat the resurrected who did abide a Celestical law is their state of probation, and principles, having been endowed by the Holy of the composition of and to come; that we may as one man, be preparing outer man.
for the second coming of our Lord and Savior Jesus.

They no

THOMAS BULLOCK, SCAINES, JOHN PYPER.

repealor rescind the procreative law.

A few of the manuscript to the P. E. Fund. This I am now publishing; it is in the hands of the printer, just commenced. This, with the weekly issue of the "Star," (23,000) constitutes the n ajor part of the printing business.

Up to the present time, I have attended conferences at Shetheld, Norwich, Cambridge, London, Worcest East, Elimingham, Maccle-field, Manchester, Dunces, Liverpool, Glasgow, Preston, and the next Sunday I am to be in Edinburgh, and the Sunday follow.

The solution of the manuscript to the present time, against solution most successful and practical, are propagating tabernacles for the ferres rial planets, are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in Tabernacles. Hence the law of Procreative from Iron county on the 12th, bringing very good the law of from Iron county on the 12th, bringing very good to then, saying, "in blesslig I will bless you, and in multiplying I will multiply you." Nearly all of the analysis to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Those on Calestial planets are propagating spirits to dwell in.

Thus propagator day I am to be in Edinburgh, and the Sunday follow-ing in Hull. They were visited from time to time, by their fleavenly Fa her; and received encouragement from Now I will leave you to judge whether I have been idle much of the time, or whether I am like to be as in animerable as he stars of heaven, or the sands on the stars of heaven, or the sands on the stars of heaven, or the sands on the stars of heaven as in animerable as he stars of heaven, or the sands on the stars of heaven as in animerable as in animerable as he stars of heaven, or the sands on the stars of heaven as the heaven or the sands on the stars of heaven as the heaven or the sands on the stars of heaven as the heaven or the sands on the stars of heaven as the stars of heaven as the stars of heaven as the heaven or the sands on the stars of heaven as the stars of heaven a

In process of time, after many Sages had fallen aleep, one of their house of darginers received a visit from the Father, in part fulfilment of the promise that the soints are poor, and many of them would even paw their furniture to give to the Fund.

The hot wrath of many, which has been foaming and of the soints are poor, and many of the soints are poor, and many of the soints are proved as in the Southern part of the Fund.

The hot wrath of many, which has been foaming and of the kingdom was placed upon the head of the soints, and predicable to forward the round is reported a visit and movemen's in the Southern part of the Termination of the promise that the was united with the virgin and begoing the Son, who was called their elder the purpose of visiting the Gospet to them, and the Fund.

The hot wrath of many, which has been foaming and movemen's in the Southern part of the Termination of the promise that the was united with the virgin and begoing the Son, who was called their elder the purpose of visiting the Gospet to them, and the Fund.

The hot wrath of many, which has been foaming the son, who was called their elder the purpose of visiting the Gospet to them, and the Fund.

SMUT IN WHEAT. - In answer to a request min No. 2. Vol. 3, of the Deseret News, I thought if I would make a few remarks. In the first place, to Your wheat designed for seed and wash the same cle poming off all the small or light grains that may fle upon the surface of the water, putting the cleaned vashed wheat into a box, bin, or upon a floor. Th take newly slacked lime and max with the why while it is wet, until the whole is enveloped in hime, in this way it should remain four or even f days, stiring every day to keep it from over heati Wash ng in strong brine is preferable to washing

Wheat prepared in this way, I am convinced (for experience) will produce its kind almost, if not! tirely clear from smut-

A REMEDY FOR SMUT IN WHEAT .- One has of brine made with chamber lie will sonk 30 bush enough to cure the smut, soak it 2 hours and pul out and dry it well by riddling hot lime on it, mis up well and plant it in good season, and you will have much smut if any.

GEORGE ALLEN

Presidents of the 27th quotum of Seventies.

be waited upon to preach the sermons, which he did, ways, telling them that they had move void the law, by several weeks as i does lower down in the Valley. a covered wagon or carriage by his fit ands with very great advantage to the church, gaining by their traditions; that if they were the children of From this place enward through all the settlements.
