LAST NIGHT'S NEWS

Blaine Endorsed by the Pennsylvania State Republican Convention.

PROCEEDINGS OF THE UNION LABOR CONVENTION AT SYRACUSE, NEW YORK.

Colorow Realizes that This will Be his Last Fight and a Big One.

YESTERDAY'S REPORT OF STANLEY'S DEATH NOT BELIEVED IN OFFICIAL CIRCLES.

Arguments Commenced in the Great Investigation Case Against Stanford.

By Telegraph to the NEWS.]

[The Labor Convention.

SYRACUSE, August 17.—A committee from the Union Labor League headed by John J. Junio, nearly a full membership, met this morning and prepared for making overtures to the united labor convention. They proposed if recognized on terms of equality to withdraw their state ticket and unite upon a combination ticket. They adhere to the terms of the union laid down by the Rochester convention.

JOHN M'MACKIN

seems to have made a ruling, however, that would control the union labor convention, that none but members of that party, without other affiliations shall be recognized and that the union labor party be not recognized or affiliated with. This rule excludes the distinctive socialist delegations, as well as the union labor party conferees.

Mr. McMackin last night denounced the union labor party as tramps and pirates and this expression created much feeling in the Junio committee, who retort that the New York City delegations in to-day's convention are nearly all members of Tammany Hall and are taking care of the aspirations of candidates for legislative offices. A bitter feeling is shown between the two parties.

AFEER SOME HOURS

the union labor party representatives gave up the hope of recognition and compromise. They sent overtures to which no responses were returned.

The convention assembled at 1:45 p. m. Henry George, Dr. McGlynn, John McMackin and Louis Post came into the hall at the head of a body of delegates and were heartily applauded.

Lewis F. Root, who was supported by Henry George, was made temporary chairman.

A committee was then appointed and the convention adjourned till to-morrow.

The Prohibitionists.

LINCOLN, Neb., August 17.—The prohibitionists met to-day in state convention and put a ticket in the field. Judge C. Abbott, of Saline County, was named for supreme judge, and Hahaho S. Hieton, of Merrick, and G. D. Newell, of Richardson, regents of the state university. The platform adopted recognizes Almighty God as the rightful sovereign of all men, declares constitutional and statutory prohibition a vital issue before the American people, denounces the policy of the general government in issuing a permit to liquor sellers, denounces the law permitting foreigners to vote before being naturalized, favors the granting of pensions to all disabled Union soldiers and sailors, demands equal rights for all citizens, indicts the republicans for defeating the submission of the prohibition amendments, arraigns the democratic party for disloyally denying by its platform the right of the people to say whether or not the liquor traffic shall be outlawed, and invites the workingmen of Nebraska to join the prohibition army in its crusade against the enemies of honest labor.

BLAINE ENDORSED

By the Pennsylvania Republicans—The Candidates.

HARRISBURG, Pa., August 17.—Wm. B. Hart was nominated state treasurer bs acclamation.

Henry W. Williams was nominated on the first ballot for supreme judge. The significant feature of the convention was the platform presented. The following is the closing part of the seventh plank: "The republicans of Pennsylvania, the native state of the Honorable James G. Blaine, will view with high pleasure his nomination for the presidency in the campaign of 1888. Accident cannot abate the love of a great party nor the admiration of a great people for a statesman true alike to his convictions and to his country."

THE PLATFORM

endorses the state government, advocates protective tariff and the restriction of immigration, favors bounties on imports on American bottoms, declares in favor of a dependent pension bill, arraigns the national administration for general imbecility, advocates primary elections for nominating candidates for Congress and the State Senate and includes a plank extending the profound sympathy of the Republicans of Pennsylvania to Gladstone and Parnell. After adoption of the platform the convention adjourned with three cheers for the platform.

The following are the national features of the platform as adopted: It reaffirms its declaration of 1886 in favor of submitting to a

VOTE OF THE PEOPLE

the prohibitory constitutional amendment and endorses the action of the last Legislature in the submission of the amendment making suffrage free by abolishing tax qualifications. It favors the tariff for the purpose of nurturing American manufacturers. It demands the passage of more vigorous national laws for the scrutiny of emigration. Expresses an abhorrence of anarchist ideas and demands that any violation of the law by this class be met with severe punishment. It favors the creation of an American marine and declares that the surplus of the territory cannot be better expended than in the enlargement of the general pension list so as to include all honorably discharged soldiers who may be in need. It arraigns the democratic party and the present national administration

FOR IMBECILITY

in dealing with all national questions, affirming that the only energy that they have exhibited has been in the displacement of superior officers and in direct violation of the civil service pledge. It charges Cleveland with endeavoring to nurture sectionalism in order to preserve a solid democratic south by his preference to distinguished station of soldiers prominent in their efforts to destroy the government, by his refusal to sanction pensions to soldiers eminent in efforts to sustain it, and by his "rebel flag" order.

Resolutions were also adopted denouncing the discrimination against the colored race in the South.

Attempted Train-Wrecking.

ST. LOUIS, Aug. 17.—A diabolical attempt was made to-night to wreck an outgoing passenger train on the O. & M. in the outskirts of the city by driving two coupling pins in a frog. An officer walking through the yard just before the train was due discovered and removed the obstruction. The track at this point is on a high embankment, and much loss of life would have followed a wreck.

Not True.

ST. JOHN, N. F., Aug. 17.—The *Colonist* to-day contains the following from Sir Robert Thorabura, premier: "The statement published abroad regarding Newfoundland are untruthful and malicious. There is no bankruptcy or universal destitution. The bank and western fisheries are successful. Labrador and northern fisheries hitherto have been poor, but were improving at the latest advices. The general outlook is much better than it was last season at the corresponding period."

German Veterans.

METZ, Aug. 17.—Twelve hundred and fifty members of the German War Veterans' Association arrived here today and proceeded to the battlefield of 1870, where they decorated the graves of their slain comrades.

THE UTES.

Colorow wants to Make His Last Fight a National One.

DENVER, Col., Aug. 17.—The latest news from the seat of the Ute outbreak is to the effect that Sheriff Kendall came into Meeker last night, bringing with him four of Colorow's men for the purpose of holding a powwow. The Indians asked that 15 days be granted them in which to reach their reservation in Utah. This being granted the Indians asked an escort through the settlements on their return to Colorow. Two men were sent with them, one being a Mormon interpreter. When outside the town the Indians turned upon the escort with knives and

SEVERELY WOUNDED

them. The whites were also fired upon by a party of Utes in ambush but neither one was hit. Sheriff Kendall has telegraphed Governor Adams that no time should be lost pushing the troops to the front as rapidly as possible, as he anticipates an attack on Meeker and all unprotected settlements and ranches as soon as Colorow's three bands are united.

United States Marshal Hill to-day telegraphed General Crook that the assistance of the United States troops was urgently needed. The militia which left Denver, Colorado and Leadville last night for Glenwood Springs have

BEEN DELAYED

on the road and will not reach there until to-morrow morning.

A *News'* special just received from Glenwood says: "The *News'* special northern courier has learned exclusively that the White River Ute Indians have sent runners to the Uncompahgre camp, the Blackfeet, Sioux, Crow and other tribes in Colorado, Wyoming, Montana and Idaho for aid. Colorow knows that he must fight and this will be the decisive battle and that it will end the Indian question forever. He has determined, it is said, to have other tribes brought into the present difficulties, and while the outbreak has been local so far, he wants to make it a

NATIONAL AFFAIR.

The runners are reported to have started for the camps of other tribes from Yellow Jacket Pass on Sunday night.

Duncan Blair, a white ranchman who married a Ute squaw and who is said to be popular with the Utes, is alleged to have stated this fact.

Sons of Veterans.

DES MOINES, Ia., August 17.—The sixth annual encampment of the National Sons of Veterans' Association is in progress here, with twenty-five states represented and about 3000 delegates present. The annual address of General Payne shows the order now to have a membership of 62,894, and is rapidly growing.

Severe Storms.

LONDON, August 17.—Thunder storms have been general throughout the country. In the London district the storm was of great severity, the thunder pealing and the lightning flashing constantly for two hours. The Metropolitan road is flooded and traffic is interrupted.

The Crimes Act Enforced.

DUBLIN, August 17.—At the Limerick session to-day three persons were sentenced under the crimes act, two of them to six months' imprisonment and one to four months for resisting the sheriff.

Protesting Against Ferdinand.

ST. PETERSBURG, August 17.—The *Journal de St. Petersburg* says: The Russian embassy at Constantiaople has handed to the Porte a protest against Prince Ferdinand's occupancy of the Bulgarian throne. The *Journal*, however, makes the pertinent inquiry: Can it be supposed that Russia will consider herself alone bound to become the defender of what remains of the Berlin treaty?

The Railroads.

NEW YORK, August 17.—At the Pacific Mail directors' meeting to-day the executive committee were ordered to take steps to reduce the capital stock one-half and that business be resumed at once. Proposals are being received both here and from England for two steamers of about 400 tons, to cost about $4,000,000 or $5,000,000 each. No decisive action has been taken on the purchase of steamers, but this will be arranged at another meeting that may be held in a few days.

CHICAGO, August 17.—The Western Passenger Agent Association met to-day and decided to adhere to the rate for the Grand Army reunion next month at a single fare on the roads west and northwest of the Missouri River as already agreed upon. The roads from Chicago to St. Louis will make one cent to meet the rate fixed by the Central Traffic Association.

THE INVESTIGATORS.

Cleveland's Advice Asked—The Argument Begun.

SAN FRANCISCO, August 12.—By order of the Pacific Railway Commission, Governor Pattison, chairman, to-day sent the following dispatch to President Cleveland:

Two suits are pending in the United States Circuit Court of this district, involving the right of this commission to examine witnesses concerning the payment of money to influence legislation. As we are under your immediate direction we respectfully request your judgment as to whether or not we should employ counsel to assist the district attorney. Our judgment is we should. Please answer.

THE ARGUMENT

was commenced to-day before Supreme Justice Field and Judges Sawyer, Hoffman and Sabin, in the United States Circuit Court, in the case of the petition of the Pacific Railroad Commission asking that Senator Leland Stanford be required to show cause why he should not be compelled to answer certain questions of the commission regarding the expenditure of funds for the purpose of influencing legislation. United States Attorney Carey maintained that the answer of Stanford, which was filed yesterday, was inadequate, and that the question to be settled by the court was, whether Congress itself had any right to examine into the affairs of the company. He argued that the act of Congress creating the commission called for an

ENTIRE EXPOSE

of the company's doings in order that it might be ascertained if any of the earnings of the company had been used wrongfully.

Counsel for the railroad said the ground upon which the company stood was that the inquiry of the Railway Commission is uncalled for, and an unjust and unprincipled inquisition into the private affairs of a private corporation, and that the court could not use any measure to compel the president of the road to answer. Counsel continued: "We do not fall back on the right of Senator Stanford to refuse to answer on the ground that he would criminate himself. We don't say that any criminality would be exposed if he answered. Our refusal rests on the question of human rights. We deny the right to hold this

STAR CHAMBER

investigation. For this commission to act as they have undertaken to act is to undermine the principles of civilized nations and to revert to the ways of barbarism."

"You mean to say that the work of the commission is unconstitutional?" said Judge Hoffman.

"Exactly," said counsel, "But when the commissioners confined their inquiry to the subjects of popular interest and did not pry into private matters, the information they desired was freely furnished."

Justice Field made an order allowing both parties until Monday to file briefs.

E. O. Mills, of New York, formerly a banker at Sacramento, testified before the Pacific Railroad Commission today that he had a general knowledge of the affairs of the

CENTRAL PACIFIC

during the construction of the road, and had overtures made him to take an interest in the construction company. He said he declined because of the doubtfulness of its success and the apparent inability of the contractors to carry out their schemes. Witness also stated that in 1873 he was offered a controlling interest in the Central Pacific consisting of 80 per cent of the stock in all the corporations connected with the road. He was offered this interest, he said, for $25,000,000, but declined because he did not agree in the particulars of the bargain and was also deterred by the attitude of the government.

Richard T. Stevens, the commission's accountant, testified that many books were missing for which he had asked, and also vouchers on which

LARGE SUMS

of money had been paid by Stanford and Crocker. He referred especially to a voucher of $18,000 paid to Crocker for back salary, for which he could find no authorization.

George R. B. Hayes, counsel for Mrs. Ellen M. Colton, in the case of Colton vs. Stanford et al., appeared with the correspondence between C. P. Huntington and D. D. Colton, which the commission had previously requested to have produced, but an injunction issued by the United States Circuit Court was served on Hayes immediately, restraining him from producing the correspondence.

Good Shooting.

ST. PAUL, August 17.—To-day, at Fort Snelling, was devoted to bull's eye shooting. Lieutenant Avery carried off the honors at 200 yards. He made four bull's eyes in five shots, and the other one was a zero, winning 49 out of a possible 50. At the same distance, Sergeant McKelvy made six bull's eyes in eight shots. At 300 yards, Corporal Boyne made three bull's eyes in four shots. Sergeant Anger, Sergeant Crow and Sergeant Michael made five bull's eyes in six shots at 600 yards. Sergeant Crow, Sergeant Wood, Sergeant Farrell, Corporal Boyle, Private Feeney and private Smith each made four bull's eyes in eight shots.

Washington.

WASHINGTON, August 17.—The offers for the sale of 4½ per cent bonds to the government received at the Treasury Department to-day amount to $8,236,750. The rates ranged from $109 to $110. The majority were offered at the latter figure.

It is stated at the Treasury Department that the government has made a saving of $242,125 in interest in buying the $20,000,000 4½ bonds to-day at a premium of $100.44.

The free delivery system has been ordered at San Diego, California.

Drowned.

CINCINNATI, August 17.—Eleven men undertook to cross the Ohio River in a skiff to night. A passing steamer swamped the skiff and three of the men were drowned.

Holding Him at Arm's Length.

BERLIN, August 17.—The German agent at Sofia has been instructed to continue the administrative relations with the Bulgarian government, but to avoid anything of a nature that might lead Ferdinand to suppose Germany was holding official relations with him.

No Hard Feelings.

BAR HARBOR, Me., August 17.—Secretary Whitney arrived here to-night. Speaking on the subject of Admiral Luce, Secretary Whitney said pleasant relations exist between himself and the admiral.

The Lawyers.

SARATOGA, N. Y., August 17.—The tenth annual meeting of the American Bar Association opened here to-day. Two hundred lawyers are present.

Still Not Believed.

LONDON, Aug. 17.—Neither the foreign office nor the Emin Bey relief committee has received any news in regard to the alleged massacre of Stanley. The officials at the foreign office are surprised at the intelligence in the dispatch received by the French government, and say if the news of Stanley's death had been received at Zanzibar, the British agent there had failed to send it.

LONDON, Aug. 17.—Letters were received yesterday from Henry M. Stanley, dated June 19, from Gambruja, a village near the rapids of the Aruwimi, reporting himself and party all well.

BRUSSELS, Aug. 17.—At the offices of the Congo Free State Association in this city and in other well-informed circles here the report that Stanley was murdered is discredited.
