Read These A's and Q's
Then Mind Your P's and Q's

Q When you are sick and require the services
of a physician, do you get estimates from several and engage the lowest bidder?

A Not much. You consider the most skill
ful as being more to good; you even
think not of price, but engage him.

Q When a friend of yours takes sick in a
distant city and you want to get to his
house, do you take a train that stops at
every little station?

A No. The "fast edge" overland street
car is more swift and sure, if the fare is
a little more.

Q When about to engage in a lawsuit, do
you procure bids from various lawyers,
disregard ability and price, and engage the
lowest bidder?

A No. You trust your case only in the
hands of one you are sure will render
you immediate and valuable service.

Q When you are seeking a good investment,
do you select stocks and real estate for the least money, with little or no
regard for value?

A No. You are wisely and invest only in
such as are sure to produce the best re-
sults for your money.

Q When you are having printing done, is
your method consistent with the answers
given in the previous questions?

A No. You get prices from printers who
do GOOD work and from those who
do INFERIOR work; and often accept the
lowest bid.

AND RIGHT THERE IS WHERE YOU
make your mistake. The best dis-
counting for business of all kinds is good
printing in all that the world implies. There is
harmony between type, paper, ink and good
workmanship that you should not disregard.

No! When you want GOOD work, call or address
us. No job too large; none too small; prices right;
prompt "fast edge." Only first-class workmen engaged
in our office—men acquainted with the very latest and
best styles.

Our name comes LAST, but it should be the FIRST
to be considered when printing is to be done.
