

BOLTERS WERE SCORED AT PROVO

Republican Leaders Go After the "K" Crowd in Vigorous Fashion.

COMPARISONS WERE ODIUS.

Ex-Congressman Sutherland's Severe Arrangement of Disgruntled Office Seekers.

Special Correspondence.

Provo, Sept. 15.—The Republican ratification held here last evening under the auspices of the Woman's Republican club and the Young Men's Republican club, brought a large audience to the new art pavilion, which had been tastefully decorated for the occasion. "Roosevelt" appeared in an electric display back of the speaker's stand between pictures of McKinley and Roosevelt, and the hall was festooned with the national colors in streamers and decorated with flags.

There were present Senator Smoot, Congressman Howell, Hon. George Sutherland, Hon. John C. Cutler, Attorney-General Broderick, State Treasurer Dixon, Senator Lytle, Chairman Spry, Judge Livingston, and a large number of the Republican county nominees and other prominent citizens from all parts of the county. Judge Booth acted as chairman of the meeting. Stinging speeches were made by Senator Smoot, Hon. John C. Cutler, Hon. George Sutherland, Chairman Spry, and Congressman Howell. Each of the speakers promised a national, state and county victory for the party.

BOLTERS ROUNDLY SCORED.

Hon. George Sutherland gave some attention to the bolters. He pointed out the party upon the splendid ticket nominated, and called attention to the many and patriotic count of Gov. Wells, Secy. of State Hammond, James Devine, and others who had lost in the convention, and who were now supporting the ticket, referring to them as good losers. But one man who claimed he had no interest in the candidate before the convention had become dissatisfied and had bolted the ticket. The speaker had previously said he believed the Republican majority in the state would be 10,000. He now believed it would be 9,999, and told a story which had been originally told by Gov. Odell of New York. In which a thoroughbred dog and a cur figured. The thoroughbred dog submitted to a good deal of rough usage without uttering a protest, while the cur, when lifted by the neck yelled and howled. The speaker left the audience to make its own application of the story.

He closed with an eloquent tribute to Utah and her people, who, in spite of calumnies, were free, brave and loyal.

SENATOR SMOOT'S TALK.

Senator Smoot spoke of the splendid qualifications of President Roosevelt and Senator Fairbanks, and of the principles of the Republican party and the beneficent result from their application in the government of the nation.

Mr. Cutler dealt to a great extent with the tariff, contrasting the Republican and the Democratic theories. Mr. Spry spoke of the splendid ticket nominated by the state convention, and expressed a strong conviction that it would be elected.

CONGRESSMAN HOWELL.

Congressman Howell contrasted the Republican and Democratic platforms, and compared the latter to Lincoln's coyotes. There were not very many of them, but they made a — of a noise, and called attention to the inconsistency of men professing to belong to the Republican party and giving support to the enemy. He also gave some attention to the speech of acceptance of Judge Powers, in which dire calumnies had been made against the Republican party. He said that the Republican party was not a typographical error, which had given Judge Powers the chance to have some fun at his (Mr. Howell's) expense; what Mr. Howell had said in that speech, that there were two times when the people should not vote the Democratic ticket. The "not" had been left out. After the speeches the ladies served refreshments and dancing was enjoyed to a late hour.

Roylance; secretary, Miss Flora Beebe; assistant secretary, Miss Goldie Gillespie; treasurer, Mrs. Lizzie Gillespie.

The following committee on by-laws was appointed: Mrs. F. Taylor, Mrs. W. D. Roberts, Mrs. Miss Elsie Snow, Mrs. James Brown, Mrs. S. R. Thurman. Addresses were made by the following speakers: L. O. Tuft, Mayor Roylance, Samuel A. Kling, W. R. McBride, Mrs. Samuel A. Kling, Mrs. D. R. Beebe, Mrs. J. W. Warner, Mrs. M. C. Newell, Mrs. Amanda Young, Mrs. S. R. MISS VAN COTT GOES EAST.

Well Known Teacher Sovers Her Connection With City Schools.

Miss Lucy Van Cott, one of the best known teachers in the Salt Lake City schools, has severed her connection with the Bonneville school, of which she was to be principal this year, and instead of teaching will spend the winter studying in New York. Miss Van Cott left this afternoon at 3 o'clock for St. Louis, where she will spend a week visiting the fair. She will then go on to Chicago, where she will visit with friends for a couple of weeks, and expect to arrive in New York about the middle of October. Last year Miss Van Cott was principal of the Long-fellow school, and for several years previous to that taught in the Lowell.

MISSING MAN MYSTERY.

Sheriff's Force Investigating Disappearance of T. F. Savage.

Sheriff Emery and Deputy Sheriff Smith are at work trying to find a clue to the whereabouts of Thomas F. Savage, a tourist from Detroit, Mich., who disappeared rather mysteriously from the Salt Lake house on Monday. Mr. Savage and his sister arrived in the city on Sunday night and stopped at the Salt Lake house on the corner of Second South and Second West streets. On Monday about noon he informed his sister that he was going up town for some lunch and that he intended to return and he down for awhile. Miss Savage left the place about the same time as her brother to see the city and upon her return she found that her brother had not been at the room. Since then she has not heard a word from him.

She informed the police of the man's disappearance on Monday night but as they could find no clue to him she reported the matter to the sheriff yesterday afternoon. She fears that he has met with foul play and had talked of going to Reno, Nev., from here and of leaving his sister here until he returned. She does not think, however, that he would leave the city without telling her about it.

Mr. Savage is described as being 31 years of age, five feet eight inches in height and weighing 130 pounds. His hair is dark tinged with gray and he wore a black coat, dark striped trousers, blue soft shirt and tie. The officers have as yet been unable to locate him.

PEACH DAY AT BRIGHAM CITY.

Festival Brings Out a Very Large Crowd from North and South.

NUMEROUS FREE ATTRACTIONS.

These include Band Concert, Broncho Riding, Baseball, Balloon Ascension And Free Watermelons.

(Special to the "News.")

Brigham City, Sept. 15.—The promise of free peaches, free watermelons and free cantaloupes drew a large crowd to this city this morning, the train from the south bringing in between 400 and 500 people. All bent on having a merry time. There was also a good crowd from the north, so that the resources of the county promise to be well advertised as a result.

The "Peach day festival" opened with a free concert at the court house by the Brigham City military band. This began at 11 o'clock, and continued for one hour. Between 12 and 1 o'clock there was a 300 in, while at the latter hour there was a spirited game of basketball on Academy square, the contestants being Garland and the Boxelder county teams. Later there is to be a balloon ascension and broncho riding, while at 6 o'clock there will be another open air band concert. At 7 o'clock Miss Nannie Toot will give a grand concert in the Tabernacle, after which there will be a dance at the Academy of Music, which will bring the day's festivities to a close.

The festival is under the auspices of the stake amusement committee, assisted by merchants and leading citizens. It was planned principally for the purpose of advertising the resources of the county and promises to be in every way successful. There is an abundance of peaches, watermelons, etc., to be distributed, and that not already disposed of will be sold at auction during the band concert at 6 o'clock.

BACK HOME AGAIN.

J. Fred Gould Stops Off to See His Birthplace.

Chief of Police W. J. Lynch and Captain Burbridge received a pleasant visit this morning from J. Fred Gould, son of the late Abram Gould, who was so well known in Salt Lake in the early '80s.

Young Mr. Gould is accompanied by his wife, and they are now on a wedding tour to the coast. They are stopping at the Kenyon while in the city. Chief Lynch and Mr. Gould's father were associated together in the coal business when Abram Gould was the agent here for the Union Pacific Coal company. Captain Burbridge was also well acquainted with the charitable old gentleman, and they tell of the many deeds of kindness performed by him.

The young man who is now visiting this city was born here, and he feels that his present trip would not be complete without remaining here for a few days and renewing old acquaintances. In speaking of Mr. Gould's father, Chief Lynch said this morning: "I well remember how Mr. Gould used to come into the office at Murray's Christmas and, in that slow unaffected way he had, say, 'Will, send ten tons of coal to each of the hospitals and charge it to me. And say, 'Will, send ten tons of coal to each of the bishops, for the poor, and charge it to the same account.'"

LOVE'S LABOR LOST.

Deputy Sheriff Cowan Returns from Caliente Without Ziegler.

Deputy Sheriff Cowan returned this morning from Caliente, Nev., without Marko Ziegler, who is wanted here for the murder of William Farro at Murray on the night of Aug. 12. Sheriff Johnson arrested a man at Caliente on Sunday, whom he thought was Ziegler, and Deputy Sheriff Cowan was sent down there to identify the prisoner. He was soon satisfied beyond a doubt that the man was not Ziegler. The prisoner's name is Frank Getz, and he is a fisherman for the past 10 days.

George Sortis, a Greek laborer, who worked in the mines at Murray with Ziegler and knew him well, but who is now working at Caliente, was called in by Deputy Sheriff Cowan to help identify the prisoner, and he stated positively that he was not Ziegler. Getz is a heavier man than Ziegler, and is about the same height and complexion. He lacks the deep dimple in his chin and the scars on his face that were very prominent features of Ziegler.

Mr. and Mrs. J. W. Houston have returned from an extended trip to the coast, during which they took in the mining congress at Portland and visited Seattle, Tacoma and San Francisco.

Prof. William A. Wetzel, who was taken sick on Monday with symptoms of typhoid, is said to be seriously ill, although his physicians have not yet been able to determine whether he has typhoid or not.

Mrs. Nicholas Rubb of Eureka underwent a painful operation at the Holy Cross hospital yesterday. Her daughter, Mrs. Thomas Smith, who is in the hospital, has arrived from the east, and is with her.

C. F. Cole, and a party of friends are registered at the Wilson. They are returning to Nashville, Tenn., from the state of Washington, where they have been investigating mining properties in which they are interested.

JOHNNY'S AGE.

I'm just exactly old enough To always have to run When ma wants something at the store, Or else they make me hustle around. Around here is to be done.

I'm lots and lots too old, at least That's what they always say, To fly a kite or have a sling, Or ever do most anything. They seem to think I'm play.

Put pa and ma, when I'm around, Most ways whisper, though, Or else they make me hustle out. 'Cause they're much to talk about. That I'm too young to know.

(Chicago Record Herald.)

AFTERNOON ON 'CHANGE.

COAL FIELDS OF NEW MEXICO.

Scheme to Tap Huge Deposits of Good Fuel in the Territory.

RAILROAD PROJECT IN VIEW.

Plan to Connect With Southern Pacific in Cochise County, Arizona, To Durango.

Major F. W. Kinzie, president of the Arizona, New Mexico & Colorado railroad is visiting Salt Lake in connection with the affairs of his company. It is said this road is to run from its connection with the Southern Pacific in Cochise county, Ariz., to Durango, and also that it may come to Salt Lake.

In addition to this company Major Kinzie represents the Arizona & New Mexico Fuel & Iron company. Both companies are incorporated under the laws of Arizona, with a capital of \$5,000,000 each. If the plans are carried out, this railroad will open up the Pecos valley and will cross the Grand river near Moab. The main purpose of the road will be to open up the coal fields situated in Sacorro and Valencia counties in New Mexico, and supply the mining camps of Bisbee, Clifton, Morenci, Jerome and other southern points.

These coal measures are said to be from 300 to 500 miles nearer these coal markets than any others. They are said to be 32 miles in length and from 4 to 45 feet thick. The analysis shows 50 per cent pure carbon, 34.5 volatile matter, 10 per cent water and 6.5 ash.

In addition to this the company claims to control 25,000 acres of coking coal. William K. Ryan and his associates of New York are building a road in Mexico known as the Chihuahua & Pacific, whose terminus is to be Guaymas, and which is to connect with the road above within the next two years, to have 200 ovens in operation for the manufacture of coke, which will find a ready sale in the mining camps mentioned, and which can be manufactured cheaper by this company than elsewhere. The affairs of the two companies are at present in the hands of Major Kinzie, E. D. R. Thompson, the chairman of the board of Salt Lake, E. C. Countryman of Watsonburg, Colo., and E. Fitzgerald of St. Anthony, Ida.

SPIKE AND RAIL.

F. L. Smith, general coast agent of the Big Four in Denver is in the city.

T. Porteous, general agent of the Merchants' Dispatch Transportation company, is in Salt Lake.

F. E. Vincent of the Erie Dispatch in this city went to Denver yesterday to meet the general manager of the company.

J. S. Barrow has been appointed assistant central passenger agent of the Erie railroad with headquarters at No. 21 Cortlandt street, New York city.

Owing to the heavy travel the Burlington has arranged to hold its flyer at Denver until 11:15 p. m. and Nos. 2 and 4 of the Rio Grande out of Salt Lake will both make connections with this train.

Governor Peabody of Colorado, accompanied by his entire staff, will leave Denver at 3:30 today for the world's fair, at St. Louis. The Burlington route has been selected as the means of transportation. They will have a special train consisting of palatial cars, sleepers and diners.

A handsome booklet called "Under the Tussocks" has been published in Chicago by the Chicago, Rock Island and Pacific railway and is being distributed free broadcast. The descriptive matter is well written and the illustrations of Colorado scenery are really works of art. It is a handbook that will be of especial interest to tourists who are sightseeing in the Rocky mountains.

It is authoritatively reported that J. C. Vining, superintendent of transportation of the Colorado Midland at Colorado city, has been offered and has accepted similar position with the Denver & Rio Grande by Vice President Charles H. Schicks, and that he will soon assume the duties of his new position. While General Manager George W. Valley of the Midland denies the story, the local railroad men seem to feel confident that the change will be made. Mr. Vining is recognized as one of the most capable railroad men in the west.

The Tonopah railroad which has had more than its share of bad luck since it was completed, is again in running order. Both freight and passenger travel over the line is very heavy.

Since the resumption of business on Tuesday 81 cars of freight have been hauled in and 41 carsloads of ore have gone out. The Tonopah mining company has shipped 150 tons of ore in bulk and 116 tons in sacks. 77 Montana-Tonopah has sent out 55 tons of sacked ore, and 230 tons of oldfield ore from the combination, January, Fulton-McDonald, Bovey-Kendrick and Zion-leases have gone out. The railroad company is now in a position to handle 200 tons of ore per day.
