Whitehouse's Quarter.

TIN STORE AND STOVE DEPOT.

C. J. WHITEHOUSE would respectfully announce to his friends and the public generally that he has re-opened in his business on East Temple street, opposite Townsend's Building, where he offers to supply every article in his line on the most reasonable terms. He also tenders thanks for the liberal patronage heretofore received, and would inform the public that he has on hand for sale a large and splendid assortment of

COPPER, TIN, AND SHEET IRON

WARE;

also Brass and Japaned Ware, together with a large quantity of cast iron cooking and parlor stoves, sheet iron stoves, flat irons, and many other articles all of the best quality.

Persons wishing to purchase good and durable ware at a low price will do well to call.

N.B. Work done to order and all kinds of jobbing on the shortest notice.

BUSINESS NOTICES.

STRANGE EVENTS.

PHILIP MARGETTS is now prepared to forge Mill Irons of every size and description, upon the most reasonable terms. Also Bear, Wolf, and Beaver traps, made to order. In fact everything else that is susceptible of heat, and hammering, from an anchor to a horse shoe nail, not forgetting horse and ox shoeing on the shortest notice.

Shop one block west of the Temple block, opposite bishop Collister's, 17th ward.

NOTICE TO FARMERS.

THRASH your grain as soon as it is harvested. Past experience has proven to all, that wheat that is put up in a stack to stand until winter has been mostly destroyed by cattle and mice. Having selected and brought through a machine that is well adapted to the grain raised here, and having had long experience in the business, I hope to merit a liberal share of public patronage. Brethren in the adjoining valleys can see me at my residence on Big Cottonwood, or in the 12th ward in G. S. L. City.

As there has been much waste of grain by improper feeding of animals, I will be responsible for all unnecessary waste.

13-19 MILO ANDRUS.

BLACKSMITHING.

A. H. RUSSELL continues to carry on Blacksmithing in its various branches, at his Old Stand, on Emigration Street, in the 12th Ward, opposite Bishop Tait's residence.

In consideration of the scarcity of provisions, he has concluded to reduce the rates of Horse and Ox Shoeing to Four Dollars, or 120 lbs. of good Wheat, 150 lbs. of good corn, or its equivalent in other produce, PAID DOWN.

Also all kinds of work done in proportion.

Thankful for the liberal patronage received in the past, he solicits a continuance of the same.

N.B.—Having had a long experience in the manufacture of Trusses and Supporters, A. H. R. tenders his services to those who may require them made or repaired.

19-5

LEATHER! LEATHER!

WE take this method of informing the Citizens of this place and surrounding country, that the 15th ward Tannery is now in operation, and design keeping on hand a large and well assorted stock of leather of every description, which shall not only surpass anything heretofore manufactured in the Territory, but shall equal, if not surpass anything brought into this market for sale.

The mechanical branch of this business will be carried on under the direction of A. L. Toussie, who, having been engaged for years in the manufacturing of leather in Austria, Russia, France, England and the United States, has thoroughly satisfied himself by trial, that the very best article of leather can be furnished from the material with which this country abounds.

Call at Townsend's building, East Temple st., 2 doors above Kimball's store, and satisfy yourselves by a thorough examination of the article.

Hides of every description purchased. We the undersigned workmen of leather, take pleasure in recommending to the public, the article furnished by the 15th ward tannery of this city, and pronounce it equal if not superior to any leather, domestic or imported, ever offered for sale in this market.
