#### OGDEN SOCIAL NEWS. IN THE AIR.

#### The Germs of La Grippe Are Conveyed Through the Atmosphere.

No one can escape the La Grippe germ because when an epidemic of the dis-ease is prevailing the air is laden with

The reason that everyone does not have the disease at the same time is because the persons who are enjoying perfect health are able to successfully resist and throw off the infection, while those who, for any reason, are not in the best of health, fall ready victims.

The first symptoms are those of acute catarrh resembling a hard cold and if prompt treatment is applied at this time, it can easily be broken up; one of the best remedies at this stage is Stuart's Catarrh Tablets, sold by drug-gists everywhere and if taken freely, say one tablet every hour or two for two or three days, the danger of pneumonia and serious complications will be averted.

The Rev. L. E. Palmer, Baptist cler-gyman of Ceresco, Mich., makes a statement of interest to all catarrh and grip sufferers. He says: "Stuart's Catarrh Tablets have certainly been a blessing to me. I have used them freely this to me. I have used them freely this fall and winter and have found them a safeguard against La Grippe and catarnhal troubles from which I have suf-fered for years. I feel that I can freely and conscientiously recommend them." Persons who suffer from catarrh of the head and throat all very suscepti-ble to La Grippe and such will find a

pleasant, convenient and safe remedy in this new catarrh cure. Stuart's Catarrh Tablets are compos-ed entirely of harmless antiseptics and

may be used as freely as necessary as they contain no coccaine, oplate or poisonous drug of any kind.
