

ANTI-TRUST LAW MAY BE AMENDED

Conference at White House
Takes Up Discussion of Im-
portant Matter.

LOW AND GOMPERS PRESENT.

Former Mayor of New York and
President of Labor Federation
Members of Gathering.

Washington, March 12.—An im-
portant conference was held at the
White House last night and, in a
sense, was continued today, respecting
amendments to the Sherman anti-
trust law. The changes in the law, it
is expected, will be proposed along
the lines suggested by the conference
of the civic federation held in Chi-
cago a few weeks ago.

No concrete results were reached,
and it is likely that further confer-
ences will be held. The president, it
is understood, is desirous that a bill
embodying the conclusions of the
conference, if any be reached, be sub-
mitted to Congress for passage at this
session.

Participating in the conference were
the president, Secy. Root, Secy. Gar-
field, Attorney General Bonaparte,
Herbert Knox Smith, commissioner of
corporations, Seth Low, former mayor
of New York; Samuel Gompers, presi-
dent of the American Federation of
Labor; Victor Morawetz, general
counsel for the Atchafalaya, Tule &
Santa Fe railroad, and Francis Lynde
Stetter, of the firm of J. P. Morgan
& Company of New York.

OF SWEEPING IMPORTANCE.

Mr. Smith presented in tentative
shape some of the ideas offered at
the civic federation conference in
Chicago. The form in which the
suggestions were made was in that
of a bill, but it had not been reduced
to definite shape. It is said that the
proposed changes are of sweeping
importance and interest, inasmuch as
if crystallized into law, they would
mean practically a rejuvenation of
the Sherman anti-trust act.

While no argument was reached,
the end of the discussion indicated
that a common ground of understand-
ing shortly will be reached, and that
perhaps within a week a measure will
be drafted which will be satisfactory
to all parties. The particular interest
of the labor officers is to secure an
amendment to the Sherman law
which will exempt the unions from the
practical operation of the act as con-
spiracies in restraint of trade. A
proposition of that kind now is pend-
ing in Congress, but in the opinion of
some of the participants in the White
House conference it would be uncon-
stitutional if enacted in its present
shape.

TO PERMIT POOLING.

Amendments were proposed relating
to the operation of railroads, one
providing that pooling, under proper
restrictions, ought to be permitted by
law. It also was suggested that con-
solidations and traffic arrangements
ought not to be prohibited by the
act, and that such arrangements as
would permit of abuse of that privi-
lege.

An important amendment was also
proposed by which there would be
further regulation of corporations do-
ing an interstate business, and pro-
viding for reports from such officers
to the department of commerce and
labor, along the lines of the reports
now made by the railroads to the in-
terstate commerce commission. Such
an amendment, it was pointed out,
would insure proper publicity of the
operations of interstate corporations
and insure the utmost fairness
in all dealings with the people.

It was pointed out that, with the
enactment of the amendments pro-
posed, the government might begin
sweep its work of dealing with cor-
porations. In fact, it was proposed
that prosecutions now in contempla-
tion by the government against cor-
porations under the provisions of the
Sherman act be abandoned if the pro-
posed amendments should be enacted
into law.

JURY MAY RETIRE TODAY.

Harrisburg, Pa., March 12.—The cap-
itol conspiracy case probably will be
given to the jury tomorrow morning.
The prosecution closed today with ad-
dresses by James C. Claret, chief coun-
sel for the commonwealth, and Attor-
ney-General Todd.

LEATHER COMPANY FAILS.

Newark, N. J., March 12.—A receiver
was today appointed for the Albert
A. Guiger Leather company. The ap-
plication declares the company is in-
solvent and that its liabilities are \$620-
000, while its assets are only \$240,000.

TESTIMONY AGAINST ACTOR.

New York, March 12.—Ellen Von Ha-
gen whose accusations resulted in the
indictment of Raymond Hitchcock, the
actor, repeated her story to a jury
today.

The girl, who is now in the care of
the Gerry society, told of night visit
at the Hitchcock home at Great Neck,
L. I., and of visits to a furnished
room house in this city, where the de-
fendant had temporary lodgings. On
each of these excursions she was ac-
companied, she said, by either Flora
Whiston or Elsie Vrebeck. At the time,
more than a year ago, Flora was 16,
the witness was 15, and Elsie was 13 years
of age.

In his opening address, following the
filing of the jury box today, the pro-
secutor had charged that Hitchcock had
been guilty of misconduct with all
those of these children. When her tes-
timony was interrupted by adjourn-
ment the Von Hagen girl had sworn
confirmation of the state's allegations
so far as she was concerned.

MAKE GOLDEN INGOTS

COIN OF THE REALM

Philadelphia, March 12.—With the re-
turning wave of prosperity, the
United States mint in this city, has
again become a golden beehive of in-
dustry.

Throughout the week employees who
had been "aid off," have been receiving
notifications to resume their posts and
yesterday a full force was at work, ag-
gregating about 550 persons.

It was stated at the mint that this
renewal of activity was due to fresh
orders from Washington for immediate
coinage. Leading these orders was one
for \$10,000,000 more in \$20 gold coins.
This, it was said, would probably be
followed by still another order for the
same pieces. In addition there will be
a heavy coinage of silver and copper.

Failed to Cure—Doctor Thought
an Operation Necessary—Then

CUTICURA PROVED ITS
WONDERFUL EFFICACY

"I am now eighty years old and one
morning, three years ago, I was taken
with a hard pain in my right side. In
two days I had an attack of piles
(hemorrhoids), bleeding and protruding.
The doctor gave me some medicine and
an ointment for them which helped me
some but I had to keep using them all
the time. Then I changed to the P.
remedy; but if I did not use it every
day, I would get worse. The doctor
said the only help for me was to go to
a hospital and be operated on. At
this time, about a year ago, I went to
using the S—remedies. I tried them
for four or five months but did not get
much help for my piles. During this
time sores would come on a fleshy part
of my body. They bothered me all
the time. I would get one healed and
another would come. These sores
changed to eczema, accompanied by
a terrible itching. It seemed as if I
could not keep my hands from tearing
my flesh. This and the pile trouble
brought on an inflamed condition.
Then I got the Cuticura Remedies.
I washed the affected parts with Cuticura
Soap and warm water in the morning,
at noon, and at night, then used Cuti-
curea Ointment on the irritated sur-
faces and injected a quantity of Cuti-
curea Ointment with a Cuticura Sup-
pository Syringe. I also took Cuti-
curea Resolvent Pills three times a day.
It took a month of this treatment to
get me in a fairly healthy state and
then I treated myself once a day for three
months and, after that, once or twice a
week. It is fortunate that I used Cuti-
curea. The treatments I had tried took a
lot of money that I would have saved by
using Cuticura Remedies sooner, but
I am wiser now. I am supplied with a
full set of the Cuticura Remedies and
would not feel safe without them.

ATTEMPT DOUBLE MURDER
WITH DEFECTIVE GUN

Spokane, Wash., March 12.—Charles
D. Curry, a Great Northern car in-
spector and his wife were victims of an
attempted assassination early this morning,
when an unknown man entered their bed-
room and shot both in the head, neither
fatally. The lives both were probably
spared through the fact that the revolver
used was a .45-caliber Colt in which a
38-caliber cylinder had been fitted.
The first theory was that Curry had
shot his wife and attempted suicide, but
this has been shown to be impossible by
the police. The bedroom looked like a
shambles when the police arrived. Ab-
solutely no motive has been found behind
the crime.

TO RECLAIM NEVADA.

Reno, Nev., March 12.—A group of
millionaires' wives consisting of Mrs.
Baynard Cutting, Mrs. W. J. Van der
Bilt, Mrs. W. J. Flood, Mrs. Potter Palmer,
Mrs. W. K. Vanderbilt, Mrs. H. Mc-
Kay Twombly and Mrs. George Gould
have organized a society for missionary
work among the Indians, under the
direction of Sybil Carter. Part of the
work is to be done in Nevada. This af-
ternoon Miss Jessie Hemmerly, repre-
senting the society, arrived here from
New York to start the work of teach-
ing Indian life making and Roman cut-
work among the Indian working women
of the Walker River reservation. She
says the education of the native races
along these lines has been very suc-
cessful so far, especially among the Moquis
of California.

MONTANA BANK CONDITIONS.

Helena, Mont., March 12.—Examiner
Collins today made public a summary of
the reports of the 40 odd state banks
which are under the supervision of his
department in response to his call as to
their condition on February 24. The banks
have total resources of \$22,801,485 and de-
posits subject to check of \$10,752,062. This
is a slight gain over similar items in
the preceding report.

San Francisco Police Holding H.
Mortimer Wilson for In-
vestigation.

DENVER REPORTS RECEIVED.

Colorado Metropolis Remembers Mete-
oric Flight of Pair of Good Spend-
ers and Are Suspicious.

San Francisco, March 12.—H. Mortim-
er Wilson and his beautiful wife, who
registered Tuesday at the St. Francis
hotel in this city as Mr. and Mrs. Geo.
H. Longworth of Denver, were arrested
in their apartments this afternoon, and
are being held for investigation of their
effects, which include a check perforat-
ing machine and the personal check-
book of Gov. Guild of Massachusetts.

They were taken into custody after it
was discovered that Wilson had a cer-
tified check for \$1,000, drawn on the
Shawmut (Massachusetts) National
bank, and signed "Curtis H. Guild." It
was learned also that a check for \$500,
drawn on a Denver bank, had been de-
posited in the Crocker National bank
in this city.

Wilson had other checkbooks, includ-
ing those of some of the most promi-
nent men of Massachusetts.

BEAUTY WELL GOWNED.

The woman, who has attracted con-
siderable attention at the fashionable
hostelry where they have been staying,
by her magnificent gowns and her beau-
ty, told the police that she married Wil-
son a year ago, after a courtship of 20
days; that checks drawn on the National
bank in the superior court at Boston before her
marriage and was related to a member
of Gov. Guild's staff.

The woman had a great collection of
gold-lined silver tableware and other
valuable articles.

Wilson had secured an option on the
Lack hotel furnishings for \$1,000 and
was in other ways evidently trying to
establish a credit in this city. The po-
lice claim to have information that Wil-
son was known in Denver as W. Har-
court Bentley, and in New York, Chi-
cago, Denver and Salt Lake he was
variously known as W. H. Mortimer,
W. A. Armstrong, Henry D. Smith and
George H. Langworthy.

USED GUILD'S NAME.

Boston, March 12.—Gov. Curtis Guild
notified the police last Monday that a
man and woman were paying their bills
in various parts of the country with
checks drawn on the National
Shawmut bank of this city, and bearing
his name. The last check was endorsed
with the name of "W. Harcourt Ben-
tley" and came from Denver, Colo. The
first check came from Philadelphia.
The National Shawmut bank issued a
statement at the request of the govern-
or, stating that he had no deposit in
the institution.

LOOKING INTO RECORD.

Denver, March 12.—It is believed here
that H. Mortimer Wilson, arrested in
San Francisco today, and a man who
spent several days in this city, stop-
ping with his wife at the Brown Palace
hotel under the name of Bentley, are one
and the same. Bentley, through the me-
dium of a guest from Red Cliff, Cal., who
was stopping at the hotel also, was
identified at the National Bank of Com-
merce and succeeded in getting \$300 on
a check for \$1,000 bearing the name
"Curtis H. Guild." Bentley then drew
personal checks for the balance credited
to him in the bank here and made pur-
chases of jewelry, wearing apparel,
etc., and also paid his bill at the hotel.
He represented to the Californian that
he was looking for opportunities for
investment, and agreed to meet him at
Red Cliff in the near future. After Ben-
tley's departure it was discovered that
the Guild check was bogus and tele-
grams asking his apprehension were
sent broadcast.

How to Get Strong

This is an axiom: The only way to gain strength,
either of brain or body, is through food.

But it isn't the food that you eat, but the food
that digests, which counts. Not all who eat are
well nourished.

Take wheat, for example, known to be the per-
fect food. Wheat is largely starch. And starch,
to be digestible, must be made soluble. The particles
must be broken up, so the digestive juices will get
to them.

That requires cooking—a fierce heat, long applied.
And wheat seldom gets it.

The inside of a loaf of bread, for example, gets
only one-fourth the heat that is needed. The result
is most of the wheat fails to give nourishment.

But, when wheat is properly cooked, no other
food can compare with it.

That is the reason for **Mapi-Flake**.

This wheat is steam-cooked for six hours. Then
cured for 90 hours. Then flaked so thin that the
full heat of our ovens gets to each atom. Then it is
toasted, for 30 minutes, in a heat of 400 degrees.

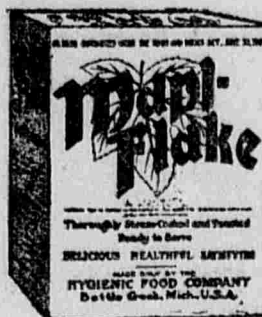

The result is a food that's all food.

Mapi-Flake, because of our process, is
the one perfect food. It contains the whole
wheat, with every atom made digestible.

It is not like flaked corn—not like some
flaked wheats, prepared in one-fourth the
time that we spend on it. It is the best food
in the world, measured by nourishment. It
is the best remedy in the world for weakness.
And it is cooked with pure maple syrup.

LABOR OPPOSES TAFT

Such, At Least, Is Declaration of
Unionist on Floor of Omaha
Convention.

Omaha, Neb., March 12.—Without a
voice of dissent, the candidacy of Wil-
liam H. Taft for president of the
United States was endorsed by the
Republican state convention of Ne-
braska today, and a solid delegation
for the secretary will go to Chicago in-
structed to vote for his nomination
first, last and all the time.

It was a Taft convention from start
to finish, despite talk of a division,
and when the question of selecting de-
legates at large came up for considera-
tion the slated delegation—Governor
Sheldon, Senator Norris Brown, Vic-
tor Rosewater and Judge Allen W.
Field of Lincoln—went through with
a rush.

The Second and Sixth districts held
their conventions at the Rome hotel
during the forenoon, and representa-
tives of organized labor made a dem-
onstration on the floor of the Second
district gathering.

PROTEST OF LABOR LEADER.

Tony Donahue, an Omaha labor lead-
er, who was a delegate to the Second
district convention, secured the floor
and made a brief but flaming speech
against the nomination of Secretary
Taft. He declared he represented 5,000
labor voters in his district, and they
had 15 delegates on the convention
floor. He said:

"It is a matter of common notoriety
that Secretary Taft is an enemy to or-
ganized labor, and I want to place the
union labor of Omaha on record as op-
posed to him. If this convention en-
dorses Taft we will not support the
ticket, and I want to register a protest
here against the action the state con-
vention is about to take in endorsing
Secretary Taft for president of the
United States."

No other delegate attempted to press
the matter, and Donahue's talk was
received in silence. The Central Labor
union of Omaha recently adopted a
resolution placing the union and mem-
bers on record as opposed to Taft.
The matter was not brought to the
attention of the state body.
