SALT LAKE CITY, UTAH.

Papers sent to subscribers, by mail have the names stamped upon them, with figures opposite to indicate when the subscription will expire. For instance, John Smith, 4-17-7, means that John Smith's subscription will expire on the 17th day of the 4th month of this year, or November 17th, 1887. Subscribers will please notice the figures on their papers, to see that they have their proper credits, and also to know when to renew their subscriptions, the rule being to stop the paper when the subscription expires.

FROM TUESDAY'S DAILY, MARCH 29

From Prison.—To-day John C. Gray, who was sentenced to six months' imprisonment and to pay a fine of \$25 and the costs of the prosecution, upon his refusal to promise to obey the Edmunds law, was released from the penitentiary, his fine having been paid.

Killed at Rock Springs.—Last Monday afternoon Abel Hickman, lately from England, but who has been engaged in the coal mines at Rock Springs, Wyoming, went into No. 4 mine to find out the reason why a shot he had fired had not brought down any coal. He had just entered the room to make an examination, when several tons of coal immediately overhead gave way, crushing him. Death was instantaneous. He leaves a wife and two children.

A Building Trouble.—A difficulty, which is not yet bridged over, occurred between Mr. Karkick, and the lessee and occupant of the "White Elephant" saloon, Mr. Clark. The former is excavating north of the latter place for a large building and owns the ground on which the north wall of it is situated, about 14 inches in width. To-day, the Karkick party had the bar fixtures moved, were putting in a false wall and going ahead with the excavation. Mr. Clark, it is understood, stands on his protest, and will probably have something to say about damages when things get settled down.

Bad Accident.—As an old man named John Hoy, of the Twenty-first Ward, was coming down First Street to-day, past Thomas W. Jennings' residence, in light wagon, the horse took fright at something and became unmanageable. He dashed madly down that avenue and turned sharply at the corner where Mr. Clawson's residence stands, going up City Creek Canyon road; the result was the vehicle was upset, and the old man thrown violently to the ground, lighting upon his forehead and making an ugly gash over his right eye. Medical aid was at once summoned and Mr. Hoy made as comfortable as possible.

Stock Fatality.—The past winter seems to have been the most severe on stock at all points north and east of Utah that has been experienced for many years. As evidence of this, it is stated that the Dakota Cattle Company had, a few months ago, 10,000 head of cattle, all looking fat and healthy, grazing on Inyon Kaga range in that Territory. This great plain lies now buried in deep snow and but few of this splendid herd is now remaining. They lie in numbers from 50 to 200 in about a mile's distance. Some are piled together, which shows they had stood in groups to seek shelter from the deadly power of the freezing blast, cows, and calves in the attitude of sucking. In one ravine eighty-two dead cattle were heaped together. The living cattle now roam among their frozen mates and are a pitiable sight. Thousands are staggering through the snow, the strongest of which are mere skeletons.

Court Notes.—Proceedings in the Third District Court to-day:
Andrew Anderson, Andrew Nelson, John McCleary and A. H. Burton were admitted to citizenship.
W. A. Dunbar vs. John Morgan et al.; continued for the term at the cost of the defendants.
Wm. Perego vs. Thomas Smith et al.;

motion to set aside dismissal and re-instate case allowed.
Salt Lake City vs. Mark Tobias; motion to allow defendant's attorney's fee denied.

Andrew C. Brixen vs. Deseret National Bank; trial before jury; case argued and submitted.

Sarah P. Castle vs. Edward Boha; Henry P. Burns appointed guardian ad litem of Sarah Porte Castle upon motion of Rosborough & Merritt, attorneys for said minor.

Augustus Podiech vs. E. D. Egan; continued for the term.
Reese vs. Kinney et al.; dismissed on motion of plaintiff.

A Horrible Murder.—The following special telegram appears in the San Francisco Chronicle:

"Denison (A. T.), March 23.—The brutal murder of Con Ryan, an old citizen of Arizona, is still the sensation of the hour. The coroner's jury is taking evidence under the direction of Judge Handeslip of Crittenden. Some think that the same hand that slew Kilster some time ago for money was also the one which took the life of Ryan. The crime was discovered on the 20th inst. by Mr. Deves of Crittenden, who entered the house, and not seeing Ryan looked through the back rooms, used as a store, and was horrified at seeing the remains of Ryan horribly cut up. His head was chopped to pieces. The weapon, a butcher's cleaver, was lying near by, all covered with blood. Two Mexican boys who were in the employ of the deceased have fled, and as they are suspected of the crime officers are on their track, which leads toward Sonora."

\$40,000 Fire.—The heavens were illuminated and a beautiful structure was ruined by fire at Promontory on Saturday night. The fine two-story lumber structure, erected by the Promontory Stock Company, is now a heap of ashes. The building contained thirteen rooms, and the fire started somewhere near the kitchen. At half-past 11 the fire broke out; in twenty minutes the building was a seething, roaring mass of flame, and by 12:30 the whole was a heap of crumbling ruins. The cause of the fire is unknown, and it is probable that the reason for the outbreak will always be shrouded in mystery. The papers and books of the stock company were saved, and some of the inmates managed to get out some of their clothing. With the exception of these everything was swallowed up in smoke—costly furniture, library, everything. The building was constructed entirely of lumber and was finished with oiled redwood. This rendered it better food for the flames and accounts for its rapid destruction. The total loss is estimated at \$40,000, and on the place there was \$10,000 insurance. A number of things that were destroyed cannot quickly be replaced. For instance the library of Mr. J. W. Taylor, the collection of which extends over a great number of years, is destroyed and the gentleman doubts ever being able to replace it.—Ogden Herald.

Salt Lake City Illustrated.—We have been shown by Messrs. S. W. Darke & Co. the copy and design of their work, of the above name, on which they have been working for some time past with a view to present the history of the settlement, and the natural and business attractions and resources and productiveness of Salt Lake City. They are getting it up in good style, on heavy paper, with newly arranged lithographic views of the principal streets and buildings, the work containing some fifty pages, which will be an ornamental and useful book for the purpose designed by the publishers. They are also having engraved a picture of Salt Lake City, to accompany the work 35 inches by 22 inches, a copy of which will give a better idea of the vastness and attractiveness of our garden city than anything we have seen. The view is a pen sketch taken from the south part of town, with the north mountains for a background, which picture will be well received by our citizens and should be well presented to their friends. The work, the picture, and the general design, is far ahead of anything attempted, here before, and though quite expensive to the projectors, we believe it will be, as it should be, remunerative to them. The picture of the city is well worth seeing and having. Darke & Co. are rapidly pushing it to completion, and if no difficulty occurs, expect to have the book ready in a month from now.

FROM WEDNESDAY'S DAILY, MARCH 30.

Stabbing Affray.—Yesterday a fight occurred at Scofield, Emery County, between two men, White and C. H. Bliss. White was stabbed three times, and Bliss once. The wounds of the first-named are said to be serious. The combatants were arrested, and under instructions from Marshal Dyer, were taken to Provo for an investigation.

Court Notes.—Proceedings in the Third District Court to-day:
The People, etc., vs. George Butcher

et al.; two cases; appeals dismissed on motion of J. H. Moyle.

A. C. Brixen vs. Deseret National Bank; judgment for plaintiff; defendant given 40 days to prepare statement and file a motion for a new trial.

James W. Cochrane vs. David Duncombe; on trial before a jury.

Fatal Accident.—At Scofield, on the 28th, at noon, William Murray, a section hand, was thrown off a hand car, by a dog knocking against his feet, the hand car going down grade at a fair rate of speed, and fracturing his skull. He died instantly. An inquest was held and a verdict rendered in accordance with the above. Murray was a quiet, unobtrusive man, a widower about forty years of age. His only known relative is a sister, a Mrs. Mason, living near Solomon City, Kansas.

Probate Court.—Proceedings in the Salt Lake County Probate Court yesterday:

The marriage certificate of Charles Henry Poll and Cora Elizabeth Vine, both of this city, was filed. The ceremony was performed by Bishop McRae on the 23d inst.

In the matter of the estate of George H. Cannon, deceased, letters of administration were issued to Sarah H. Cannon, and an order was made appointing W. L. Pickard, Samuel Shell and A. J. Pendleton, Sr., appraisers of said estate.

Orders were made in the matter of the estate of Anna Katrina Walla appointing Jens S. Jensen, C. P. Larsen and John P. Sorenson, appraisers; appointing William B. Barton administrator; and ordering publication of notice to creditors. W. B. Barton filed his bonds as administrator in the sum of \$500.

Letters of guardianship were issued in the matter of Julius Appole and Samuel Rockwood, minors, to Julia Sophia Rockwood, and the requisite bonds were filed by the guardian.

In the matter of the estate and guardianship of Alpheus, Ruth and Franklin Rockwood, letters of guardianship were issued to Susannah C. Rockwood, who filed her bonds in each case.

Stricter Quarantine.—In accordance with the instructions of the City Council last evening, a guard has been placed at the premises infected with diphtheria in the Twelfth Ward, to prevent ingress and egress except under proper restrictions, and every precaution is being taken to prevent the spread of the disease in that quarter. As an instance of the recklessness of some persons we note an incident that occurred at this place, for which the afflicted family were in no way to blame. A peddler of oranges, with that "cheek" for which this class are noted, walked into the house, notwithstanding the fact that the yellow flag was flying, and after passing through the rooms in an endeavor to sell some fruit, came out and immediately turned to the house next door. A workman on the house saw the action and requested the peddler to stop, but no attention was at first paid to this, and the workman had to take a decided stand before the impudent fellow would desist, which he finally did and continued to the next house.

Another episode occurred in the Police Court this morning. Justice Pyper was handed a letter, and on opening it learned it was from Mrs. Smith, of the Sixteenth Ward, whose house is quarantined with a severe case of diphtheria. The Justice quickly looked up at the messenger and asked, "Are you Mrs. Smith's boy?"

Boy—Yes, sir.

Justice—Are you living in the house where the diphtheria is?

Boy—Some of the time.

The boy was started off home with the information for his mother that he had better be kept from contact with other children, and the quarantine physician notified of the occurrence.

SIX FOUND GUILTY.

THE OTHER TWO TINTIC LYNCHERS DISCHARGED.

We learn from our Provo correspondent that the case against the Tintic lynchings—Daniel Shields, Philip Green, Patrick Harrington (Red Patsey), J. T. Harrington, Dennis Sullivan, J. W. Savage, Pat Regan and John Quinlan—went to the jury at 9:30 p. m., Monday and they retired.

At 2 p. m. yesterday the jury entered the court room and requested further instruction, and propounded to his honor, Justice Henderson, the following question:

"Would we be justified to consider an overt act under an excitement that lasted for nine hours, and part of that time there was quiet, but while quiet an under-current was working to create an excitement. Would we be justified to lessen the degree?"

The former instructions of the court were read to them, and they again retired about 3 o'clock.

About half-past eight p. m. the jury returned into court and found a verdict of guilty of murder in the second degree against all the defendants but

Shields and Savage, who were found not guilty and discharged.

The following other business was transacted yesterday:

Mr. John Kelley, of American Fork, withdrew his former plea and entered one of guilty of unlawful cohabitation. He is a man of about 70 years of age, and a movement is on foot to suspend sentence.

Edwing Standerling and John Webb, of Lehi, withdrew their former plea and entered one of guilty of unlawful cohabitation. Time set for sentence was April 12th.

An extra venire for jurors was issued. The case of the United States vs. R. P. Snell, Bishop of Spanish Fork, was on trial when the mail left Provo for the north.

A SHOOTING SCRAPE.

NEARLY A TRAGEDY, IN WHICH TWO BROTHERS ARE THE PRINCIPALS.

About noon to-day a disturbance occurred in the residence of Mrs. Trumbo, in the Fourteenth Ward. The lady has two sons, well known in the community. One is known as Major and the other as Jacob Trumbo. It appears that the former is given to outbursts of violence, and while in one of his high tempers to-day, was abusive to his mother, threatening to kill her. Jacob appeared on the scene and an altercation ensued between the brothers. Major put his hand into his pocket apparently with the intention of drawing his pistol. Jacob was too quick for him, however, and drawing a revolver fired a shot at Major. The bullet took effect on the lower part of his nose, carrying away a fragment of that useful organ. These are the facts so far as we have been able to obtain them. Both parties to the fracas are under arrest.

Visiting Blackwell's.—A company of Mormon gentlemen from Salt Lake City took a tour yesterday through the institutions of Blackwell's Island under the guidance of Brigham B. Young, a nephew of the dead Prophet, and John N. Neels, both of whom are New Yorkers. In the company were Heber M. Wells, Recorder of Salt Lake City; H. J. Faust, Frank D. Kimball, John D. Spencer and Horace G. Whitney. The strangers were greatly disappointed when they found that no boodle aldermen were on exhibition in the Penitentiary. They saw Anarchist John Most in a striped suit marching into the dining room to get a big hunk of bread and a dish of hot stew. Mr. Most's face is so ugly that the warden has given him special permission to let his beard grow wild.

In the insane asylum Mr. Young sang in a magnificent baritone until some of the demented women shed tears.—New York Herald, March 26th.

FROM THURSDAY'S DAILY MARCH 31.

Discharged.—John R. Gillespie was brought in from the penitentiary this morning and taken before Commissioner McKay for his examination as to inability to pay the fine and costs assessed against him, he having served the extra 30 days for that reason. He was discharged.

Sudden Death.—By telephone from Kaysville, Davis County, we have learned of the very sudden and unexpected death of John Gaily, an old and respected citizen of that place, who formerly resided in the Fourth Ward of this city. Brother Gaily was 73 years of age and a native of Herefordshire, England, and was one of the first to join the Church in that land. His funeral will be held at the residence at the hour of 2 p. m. to-morrow.

Friends of the family are invited.

Third District Court.—Following were the proceedings this morning, there being no session this afternoon:

J. W. Cochrane vs. David Duncombe; verdict for plaintiff of \$75.

In the matter of the estate of Annilla Hood; motion to modify and vacate order requiring administrator to pay money, heard on answer and showing made, submitted.

Frank Wright vs. Ascheim et al.; motion of defendants for continuance granted on payment of costs, \$140.50.

D. B. Stover and W. J. McIntyre, petit jurors, were excused for the term.

Peter Rhengreen was admitted to citizenship.

That Accidental Death.—Yesterday the News published an account of an accidental death at Scofield, Emery County. The following, from our correspondent at that place, gives some additional particulars:

"A man by the name of Murray was killed here yesterday noon, March 28. It appears that the section men, of which he was one, were coming down from the mines to Scofield to dinner, and as the grade is very steep their trolley or push car was coming down with extra speed. The man had his feet hanging over the side of the car. A dog was on the side of the track, his feet struck the dog and caused him to lose his seat.

He was thrown to the ground with sufficient force to crush his skull, causing instantaneous death. The rate that the push car runs down this grade has been commented upon more than once, and the section boss has been frequently cautioned."

Items from Eden.—Eden is situated a few miles northeast of Ogden in Weber County, Utah. They are not eating much fresh fruit there yet nor wearing fir leaves, the atmosphere in that elevated locality being a little too bracing just now, but our correspondent, Mr. James A. Thompson, says prospects are encouraging. The snow is fast disappearing from the valley and plowing will begin in a few days. They have had six solid months of winter, which has made a pretty heavy pull on the haystacks, making the price of that article jump from \$3 to \$6 per ton. Some sold in the fall at the former, and bought recently at the latter price, which is another striking instance of that forethought which gets there too late for business.

The health of the people is good and the meetings and Sabbath schools well attended. The dramatic company performed there recently, presenting "Lady Audley's Secret," "Bamboozled at Last," and "The Haunted House." They evince ability very creditable for amateurs.

Assassin Foiled.—G. H. Waterbury, U. S. Postal Inspector, had he not been forewarned, would have been assassinated at Weiser one day last week. Malugen, one of the two men arrested charged with robbing the mail sack at Mountain Home, who held malice against Mr. Waterbury for working up the evidence against him, happened to be at Weiser at the time, and learning of the presence of the Inspector, who was there in the discharge of his duties, he procured a gun and swore that he would kill him so soon as he came out of the postoffice. Mr. Walker, husband of the postmistress, hearing of Malugen's threats, and that he was "laying for" his intended victim, entered the postoffice and warned Waterbury, who promptly armed himself, determined on self-protection. In the meantime Malugen was disarmed by a number of citizens apprised of his murderous intentions. Malugen is the one who was arrested in Oregon and brought in by Deputy U. S. Marshal P. L. Tiner. He ought to be well satisfied at having been discharged by the U. S. Commissioner (in the face of the strong evidence against him) without attempting to get himself into more trouble.—Idaho Democrat, March 26.

FATALLY INJURED.

HON. LORIN FARR, OF OGDEN, HURT AT POCATELLO.

Yesterday Hon. Lorin Farr, of Ogden, left that place on the Utah & Northern train to do some business in Idaho, and on reaching Pocatello last night met with an accident that, from the meagre account we have been able to obtain, will probably result fatally. The train arrives at Pocatello at 7:30 p. m., and it seems that Mr. Farr, for some reason, went out on the platform of the car. In some way he fell and received dangerous injuries, though just what they are or precisely how received we have not definitely learned. He was picked up and given the best attention that could be under the circumstances, and a telegram sent to his family in Ogden, stating what had happened, and that recovery was, to say the least, doubtful.

This morning a telegram announced that he was failing fast, and that the physicians declared that he could not possibly recover. Steps were taken to send a special train from Ogden to convey him home. The full particulars of the terrible occurrence will probably be learned on the arrival of the northern train at Ogden at 4 p. m. to-day.

This news will be received by a host of people with the most profound regret, Brother Farr being widely known and much respected, and being a man of considerable ability, manifested throughout a long and useful career. There will be deep sympathy for his family, on whom the sad intelligence falls with terrible force.

The Colorado Midland.—Hon. J. B. Orman, of the Midland, arrived in Aspen on March 28th, from a week's inspection of the grade between there and the great tunnel. He says that the grading is progressing rapidly and favorably and will be completed the length of the entire line before June first, and track laying is being done as fast as men can do it. Graders are keeping out of the way of the tracklayers and consequently no hindrance is being experienced from that source. Grading between there and the Springs will be completed in two weeks and the great tunnel ready for track-layers by June 1. Mr. Orman feels confident that the Midland engines will be in Leadville by July and to Aspen by September 1. The people of Aspen are feeling jubilant over the prospects of an early advent of the Midland into their midst.—Denver News.
