NATIONAL GUARD GETS MINCE PIE.

Mrs. Parmley and Daughters Capture the Troops. Horse Foot And Baggage.

DEMOLLI IS FREE ONCE MORE.

Justice Burrows of Scofield Reverses Judgment at Instigation of The Jury.

Special Correspondence.

Clear Creek, Dec. 3.—Every time Mrs. Parmley and her daughter are mentioned every member of Company H at Winter Quarters feels moved upon to salute. Mrs. Parmley, be it understood, is the wife of the mine superintendent. Yesterday she and her daughters surprised the camp by bearing down upon it armed with 15 mince and apple pies, just like mother used to make. The treat was greatly appreciated by the recipients as nothing in line has been provided by the commissary.

There is very little sickness in this camp. With the exception of Private McMillan, who is suffering from a heavy cold and chills, but nothing serious, all are enjoying good health. At Clear Creek yesterday there were 20 miners at work. The product of these mines yesterday was 1084 tons, the normal output being in the neighborhood of 1,500 tons.

Today at noon the time of notice to quit the company's property expires for the single men; those who have families and have rented houses from the company, have until the end of the month.

Everything is quiet in Clear Creek and no trouble is looked for whatever. Maj. Heywood is in command of the detachment of the guard at this place, and his command, consisting of Companies A of Nephi and D of Salt Lake, battalion drill yesterday.

Maj. S. A. King, Judge advocate, who has been in the southern part of the state, out of telegraphic communication, got word Tuesday and reported at Scofield yesterday for duty. Gen. Cannon and staff went to Sunnyside yesterday and will stop over at Castle Gate on their return where, in all likelihood a detachment of the guard will be posted and in all probability headquarters will be established.

Gen. Cannon and staff went to Sunnyside yesterday and will stop over at Castle Gate on their return where, in all likelihood a detachment of the guard will be posted and in all probability headquarters will be established. The guard boys are settling down to the camp routine, consisting mainly of guard duty. Demolli, who was recently released from custody on bail, was again arrested by Sheriff Wilcox upon a warrant issued from Justice Johnson's court of Clear Creek. He was brought to Clear Creek last evening given a preliminary hearing before Justice Johnson. Attorney Edler appeared for Demolli, and County Attorney Fry for the county. Attorney Edler applied for a change of venue to Justice Burrows' court at Scofield, which was granted and Demolli was released on \$100 bail for his appearance today.

Mr. Price, the representative of the mine union, is doing all in his power to keep the miners out but it is thought that his cause is weakening considerably this in view of the fact that at Winter Quarters yesterday there were several applications for work and the output of the mines was 815 tons, same as day before, the normal output being 1,100 tons. Bishop Parmley, superintendent of the mines, considers the situation greatly improved on account of the extra efforts of the strikers yesterday to close down Winter Quarters.

There was one quarrel yesterday at Winter Quarters between a striker and a deputy sheriff, but they were separated before any serious damage was done.

DEMOLLI ACQUITTED.

Justice Burrows Reverses His Own Previous Judgment at Scofield.

Sigmar Demolli, the gentleman of olive skin and complexion who was charged with the commerce destroyer "Strike," was acquitted last evening, before Justice

Burrows at Scofield or disturbing the peace by "a jury of his peers" four in number, viz., A. H. Earl, merchant; W. L. Burrows, teamster; A. Greenhatch, postmaster, and C. F. Martin, non-union miner. The evidence showed that Demolli had ridden into Clear Creek and addressed a crowd of people, that he did not speak in a way to attract unusual attention; that the peace of the county was not disturbed. The jury was unanimous in its verdict.

Demolli was intending to make a trek to Salt Lake today. John Thal of the Federation of Labor in on the field, sizing up the situation. Hyman Dals was seriously injured yesterday by a rock falling on his head while digging coal. He is recovering.

GOV. WELLS EMPHATIC.

Governor Wells further says as to calling any of the troops back because of objections of employers to their clerks being away from their positions, "it would be an evening disgrace for an employer to call back one of his employees in the national guard. In an emergency of this kind every one should be willing to make some sacrifice, and the business men should be willing to undergo a few minor inconveniences in view of the greater sacrifice being made by the militiamen."

NEPHI TO THE FRONT.

It is interesting to note that Nephi City and Juab county officials are members of a company, and are now in the field and in active service at the coal mines. Among the officials from Juab county and the city of Nephi who are now on duty at Clear Creek are Capt. Andrews, clerk of the district court, and the editor of the Nephi paper. The county clerk, assistant postmaster and town marshal are members of company A.

STRIKE LOSSES.

This state is losing \$89,000 a month from outside states that has been received for purchase of coal, and the U. S. R. G. is losing, it is estimated over \$60,000 per month, all on account of the strikes. During October, the Utah Fuel company's output was 175,000 tons, the average being 140,000. Of this 20,000 tons was commercial coal going outside the state. In addition 2,000 tons of coke was sent outside the state. The Southern Pacific took about 42,000 tons of coal on its contract. The Rio Grande used about 20,000 tons, while about 40,000 tons was made up of tons of coke. The rest was commercial coal used in Utah. The total output yesterday was 2,500 tons, or at the rate of 88,534 tons for 26 working days a month.

Pumping and Heating.

CAMP OF COMPANY G AND F AT SCOFIELD.

This camp is the proud possessor of a quartet that is the joy and pride of Scofield. Nightly a large audience of citizens assembles outside the lines to listen to the boys. Commissary and kitchen cars are located on the track, part of which is shown in the foreground.

THE MORMON EPIC.

Bishop Whitney's Readings in Brigham Young University.

Advisers from Provo state that the third and last reading of the series by Bishop O. F. Whitney, for the presentation of his poem "Elias" before the teachers and students of the Brigham Young university, will be given on Sunday evening, a postponement having been made from Friday, out of courtesy to Miss Arvilla Clark, whose testimonial concert in the Garden City took place last evening. The change will also permit a larger number of people to hear Bishop Whitney in this final reading, which will begin at 7 o'clock. The readings on Monday and Wednesday were well attended, by an intellectual audience, every member of which voted it a rare mental feast. The united verdict of the professors and those best capable of passing judgment upon such a work emphatically repeats what has already been affirmed by the critics of Salt Lake and Logan—that a poem of great merit and power has been produced, and that the author's success will reflect credit upon the entire community. It is to be hoped that "Elias, An Epic of the Ages," will be published at an early day.

NEW LIBRARY BOOKS.

The following 40 volumes will be added to the Public Library Monday morning, Dec. 7, 1903:

MISCELLANEOUS.

Campbell—"Hittites," two volumes. Crookes—"Select Methods of Chemical Analysis." Gladden—"Witnesses of the Light." Janvier—"Dutch Founding of New York." Jordan—"Animal Studies." Peet—"Cliff Dwellers and Pueblos." "Emblematic Mounds and Animal Effigies." "Mound Builders." Spears—"Anthony Wayne." Steele—"Essays." Tiffany—"Man and His Destiny." "Trafalgar—History of Roman Literature." U. S. Dept. of State—"Alaskan Boundary Tribunal Proceedings," three volumes and two atlases. Wrong—"History of the British Nation."

FICTION.

Brown—"Judgment." Christie—"Black Chanter." Craddock—"Specter of Power." Crawford—"Heart of Rome." Frazer—"Blood Lilies." Ingraham—"Girl Rough Riders." Miller—"Calderon's Prisoner." Pickering—"Key of Paradise." Souder—"Listener in Hades." Weyman—"Long Night."

WHERE IS LOUIS WILSON?

Sidney S. Wilson of Logan, Utah, is very anxious to learn something concerning the whereabouts of his son, Louis S., who left his home in Arizona 20 years ago and wandered about in Utah, Montana, Washington and South Dakota, where he was last heard from. At that time he said he was going to leave there and his father is desirous of ascertaining where he went to. Louis is now 44 years of age.

AN EVENING WITH STEPHENS.

The program at tomorrow night's Mutual Improvement meeting in the Twenty-first ward chapel will be an exceedingly interesting one, as "An Evening With Prof. Stephens," invariably is. The meeting begins at 8 o'clock and the numbers are as follows: Anthems by the choir—"Let the Mountains Shout," "Hallelujah, Oh Ye Mountains," "Song of the Redeemed," "Hallelujah." Solo—Miss Mable Foulton.

Trilo—"Mother's Lullaby"—Annie Owen, Eva Hudson, Helena Walsh. Address on music—Prof. Stephens.

ANOTHER CONTEST.

Likely That Rodney C. Badger Will Go Against Wood and Dean.

It is expected that another election contest case will be filed in the district court late this afternoon or tomorrow. Rodney C. Badger, Democrat, is the contestant in the complaint which is being drawn up by Attorney W. H. Bramel against L. J. Wood and George D. Dean, candidates for the city council on the Republican ticket in the second precinct. Mr. Wood was declared elected by the council sitting as a board of canvassers, but Mr. Dean was found to be defeated by George E. Burdick, Democrat. Mr. Badger, in his complaint, will set out errors alleged to have been made by the judges which will necessitate a re-count of the ballots by the court and which he alleges will result in his election.

BUTTERFIELD RETURNS.

Tableau of Long Lost Brother on Second South Today.

"Hello, Butterfield, come here!" shouted a hackman to Ed Butterfield yesterday, as the Jehu pulled up his hack towards the sidewalk near the D. F. Walker building, where Mr. Butterfield was walking. "Hi there, hold on; there's a man in her as wants to see you." Mr. Butterfield was somewhat startled by this sudden proceeding, but approached the hack.

One look, and he had the door open and was inside hugging somebody. For a man of Mr. Butterfield's weight, about 18 stone, the movement was pretty neatly executed, and the crowd on the sidewalk was much amused. It was presently learned that the party in the hack who was thus embraced was none other than Don C. Butterfield, brother of the local heavyweight, and who had just returned to Salt Lake after an absence of 20 years. Hence the affectionate and fraternal greeting. The long absent pilgrim was a generation ago a well known mining man and a pioneer in that field. He is being welcomed back today by many old-timers.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe-Democrat, Dec. 1, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and \$1.00 at Z. C. M. I. Drug Dept.

HOME MADE MINCE PIES.

S. & S. Bakery. 328 South Main Street. STRAYER & SCOVILLE, Props. VISIT CALIFORNIA.

It is a Mighty Wonderful—A Grand Natural Park and Playground.

California is a region of wonders. From the time one enters the state until he leaves it he will find something to marvel at, something to learn, something to enjoy.

The flora presents a field of inexhaustible interest, from the mammoth sequoias, eighty feet in circumference and four hundred feet high, down to the beautiful rose-throated cunillas.

The field of minerals is likewise rich and of wondrous extent. Its mining industry has been prominent before the world for half a century.

On the sea beach all forms of ocean life may be studied; beautiful and deli-

GARDNER DAILY STORE NEWS.

ONLY 17 SHOPPING DAYS BEFORE CHRISTMAS.

So many useful and sensible presents for the boys

That we'll not have time to tell of each one separately.

Suits, Overcoats, Waists, Caps, Hats, Sweaters, Gloves, Mittens and Leggings.

And you must not forget the Stockings, for stockings are one of the most important of all Christmas things.

Our 25c kind are the proper kind to hang up, because they are full shaped and strongly made.

If you come here for the boys' Christmas things, you'll have more money left to spend for other things, for a little money goes a long way here.

Be sure to see our beautiful array of useful presents for Men.
