

D. E. SWEET TO BE THE CASHIER

Ogden Man Succeeds A. L. Bell
In Pullman Offices Here.

VISCHER AS TICKET AGENT.

Some Changes to Go Into Effect in
Salt Lake and Ogden To-
morrow.

Effective tomorrow D. E. Sweet is appointed cashier for the Pullman company of this district to succeed A. L. Bell, who resigns to accept a berth in the dining car service of the Union Pacific and Oregon Short Line, under Superintendent P. E. Lewis, as previously announced in the "News." Mr. Sweet, who is an oldtime employee of the Pullman company, will be succeeded at Ogden, where he has been ticket agent for the company for some time, by C. H. Vischer of the office of Assistant Secretary Deemer in Chicago. Both gentlemen arrived in Salt Lake today, and enter upon their new duties tomorrow.

PULLMAN SERVICE.

Some Incidentals Connected With
The Operation of Cars.

Supr. Twining of the Pullman service here since he personally supervised the cleaning of the cars of his company in the Oregon Short Line yards, has come to the conclusion that the water of Salt Lake is decidedly detrimental to paint and varnish, so much so that a new Pullman very soon assumes a general outside air of dimness and shabbiness. When the cars were cleaned by the Oregon Short Line men the hose was simply turned on, Mr. Twining now has a force of 10 car cleaners constantly at work, and he does not allow any water to touch the varnish, using instead a preparation he thinks of getting patented.

In regard to the assertion by the Ogden press to the effect that the Pullman offices will be removed to Junction City at an early date Mr. Twining stated this morning that he had just made another contract with a local laundry to handle the Pullman linen. "That hardly looks as though we are going to move," he said, "it is all news to me."

The laundry for the Pullman company, which is handled in Salt Lake, never runs below 25,000 pieces a month, while one month last summer it went as high as 130,000 pieces.

ERIE IMPROVEMENTS.

Extensive Changes and a Big New
York Terminal.

New York, March 31.—The Erie Railroad company has planned extensive improvements, which will be paid for out of the \$50,000,000 loan that was recently obtained. New ferryboats are building, and new York terminals and a massive station in Jersey City are among the other things projected. The plans for the new terminal call for a station elevated after the manner of the Pennsylvania, as well as the passenger yard north of it. A new track elevation will lead from the train shed to a point near the mouth of Bergen canal. A cut is to be made through the Heights to the west end, one mile, taking in at least a dozen streets running north and south, which will have to be bridged. At the west end a grade will be built for the main line, extending to the Hackensack river, and for the northern railway of New Jersey, extending to Tyler park.

The whole plan is probably the most gigantic in Jersey City's railroad history since the Pennsylvania built up and changed the appearance of the river front.

It is expected that work will be begun within the next two years.

WRECK ON SHORT LINE.

A Bad Freight Wreck Occurs at
Cedar Fort.

Yesterday's passenger train on the Tintic branch of the Oregon Short Line came into Eureka over the Rio Grande Western owing to a bad freight wreck at Cedar Fort, near Meruch. A heavy coal head train of cars loaded with ore was pulling into the station when the helper engine cut loose and pulled head to take water. The heavy train of 16 cars was too much for the remaining light engine to hold and it crashed into the helper engine at the water tank near the mouth of the river. The engine left the track, the train piled up and the rails torn up for some distance.

Another Moffat Contract.

Contracts were let yesterday for the grading of the nine and a half miles on the line of the Moffat road between Utah Junction and Layden Junction. Clegh & Anderson of Colorado Springs and E. C. Phillips & Son of Longmont, were awarded the contract.

SPIKE AND RAIL

General Manager W. H. Bancroft and General Superintendent E. E. Calvin of the Oregon Short Line left this morning on an inspection trip over the Idaho division.

Prior to leaving for the north today General Manager Bancroft stated that he expected that dirt would fly on the Malad branch at Corinne today.

The Oregon Short Line has ordered a consignment of 40,000 sawn, broad-gauge timber from Oregon for the Malad branch. A party of Burlington officials in a private car arrived in Anaconda yesterday.

The Commercial Advertiser in a number of figures proceeds to show that the Rock Island passes through states the resources or products of which territory embraces more than half the wheat and corn and nearly half the cotton, gold and silver produced in all other states.

The First Regiment land goes to Provo tonight over the Rio Grande Western.

The local ticket office are once more up against the problem of finding berth space for the army of returning tourists from California. Eastbound

DR. SHOOP'S Rheumatic Cure

Costs Nothing If It Fails.

Any honest person who suffers from Rheumatism is welcome to this offer. I am a specialist in Rheumatism, and have treated more cases than any other physician. I think. For 16 years I made 2,000 experiments with different drugs, testing all known remedies while searching the world for something better. Nine years ago I found a costly chemical in Germany which, with my previous discoveries, gives me a certain cure.

I don't mean that it can turn bony joints into flesh again, but it can cure the disease at any stage, completely and forever. I have done it fully 100,000 times.

I know this so well that I will furnish my remedy on trial. Simply write me a postal for my book on Rheumatism, and I will mail you an order on your druggist for six bottles of Dr. Shoop's Rheumatic Cure. Take it for a month at my risk. If it succeeds, the cost is only \$5.00. If it fails, I will pay the druggist myself—and your mere word shall decide it.

I mean that exactly. If you say the results are not what I claim, I don't expect a penny from you.

I have no samples. Any mere sample that can affect chronic Rheumatism must be drugged to the verge of danger. I use no such drugs and it is fully proved to them. You must get the disease out of the blood.

My remedy does that even in the most difficult, obstinate cases. It has cured the oldest cases that I ever met. And in all my experience—in all my 2,000 tests—I never found another remedy that would cure one chronic case by ten.

Write me and I will send you the order. Try my remedy for a month, as it can't harm you anyway. If it fails it is free.

Address Dr. Shoop, Box 713 Racine, Wis.

Mild cases, not chronic, are often cured by one or two bottles. At all druggists.

travel this month promises to break records.

The Oregon Short Line Railroad company today filed four more condemnations in the district court. The defendants in the complaints are Thomas Leslie et al, James Hegney et al, Thomas Hull et al, and Aaron Keyser et al. The property sought to be condemned is part of lot 7, block 88, part of lot 8, block 88, part of lot 9, block 88, and part of lot 10, block 88, all in plat A, Salt Lake City survey.

AMUSEMENTS.

Last night's big house at the Grand indicates that "Finnigan's Ball" will take up the thread of handsome business where it laid it down last October. The enjoyment was as unbounded as it was before and the company, if it has changed at all, has changed for the better. The piece is of course one that baffles any attempt at serious criticism. It was written solely to make people laugh and in that it well succeeds. Those twin fun makers, Gallagher and Barrett, remain at the head of the company, and they kept the merriest going at a most rapid rate. Ralph Austin as the tramp, Mr. Flynn as the widow, and the usual assorted bunch of singing and dancing girls all found favor with the audience. The same bill goes throughout the week, and city people who wish to see it, will do well to secure seats at once, as the conventional crush will monopolize all vacant places Thursday, Friday and Saturday.

BUSINESS NOTES.

Today's local bank clearings amounted to \$435,536.50 as against \$708,219.22 for the same day last year. The clearings for the month ending this day, amounted to \$11,759,668.49 as against \$11,540,917.57 for the same month of last year.

A \$1,000 option on the Continental hotel corner taken by Samuel C. Wing some months ago, expires tomorrow night, and there is considerable interest in real estate and building circles as to whether the option will be taken up or allowed to expire. Mr. Wing refuses to tell who his correspondents are, and the owners of the property profess entire ignorance. But it is generally believed that the Mutual Life of New York is behind the proposed deal, and if true is so the scheme is to erect there, as was outlined in the "News" several weeks ago, an eight or 10 story business structure in keeping with the great buildings in real estate and building circles as to whether the option will be taken up or allowed to expire.
