

SPECIAL BUSINESS NOTICES.

FROM MONDAY'S DAILY JAN, 8.

Hoggishness.—Between Saturday night and Sunday morning a person of porcine proclivities entered the butcher shop of Guiver & Papworth, opposite the Theatre and decamped with a dressed hog weighing about a hundred pounds.

Vegetables and Flowers.—We would advise all our readers who think of making a vegetable or flower garden this spring to send to D. M. Ferry & Co., Detroit, Mich., and get their valuable and beautiful Seed Annual. The house is entirely reliable, and if you wish to get exactly what you order you cannot do better than intrust your orders to them.

Racoons Captured.—This afternoon Albert Davis captured a couple of racoons in his barn, while getting some hay for a horse. As the brutes are not indigenous to Utah, but to the Southern States, the pair are strangers in a strange land. If we recollect aright a lad named Newson lost two brutes of that species, and they are doubtless his property. They were placed in a box by their captor, and can be seen at the foundry of Davis, Howe & Co.

Railroad Accident.—A report has been received in this city of a serious accident having occurred yesterday on the U. P. R. R. a short distance this side of Evanston. It appears a freight train became detached from a switch engine and dashed into a tea train, badly wrecking it. The head brakeman and fireman of the tea train are reported killed, while the engineer is said to have sustained a severe injury in his shoulder, besides being otherwise hurt.

Death of Miss Emma Daniels.—It is with sincere regret we learn of the demise, at Provo City, of Miss Emma Daniels, the amiable and accomplished daughter of Brother James Daniels, the conductor of the Provo Tabernacle Choir, of which Miss Emma was the organist. We understand she took severe cold in attending an evening party a week ago last Friday, which brought on the sickness which resulted in her death. She was the pride of her parents, with whom we sincerely condole.

Playing With Powder.—Willie Reece, aged eleven years, and Roderick Davis, aged six years, of Pleasant Valley, were badly burnt with gun powder on Wednesday last. Willie procured the explosive, put it in a paper sack, and set fire to it. Roderick, to show his bravery, stood near to see the result, while Willie ran away. Willie seeing him remaining ran back to rescue him from the danger, but the powder flashed just as he arrived. Both are in bed, unable to see, covered with poultices and plasters. It is believed that their eyesight is not seriously injured. Such accidents will occur as long as children have such dangerous play-things.

An Evanston Man Waylaid.—Mr. Dan Fitzgerald, a blacksmith formerly employed in the U. P. shops at Evanston, was recently waylaid and assaulted with a club at Denver, with the object of robbery. He had been seen with money, but fortunately had made a deposit of all his funds a few minutes before the assault. As he was passing over Cherry Creek Bridge, some one hit him on the back of the head, cutting a long gash in his scalp, and laying him out helpless for a short time. The assailant escaped in the darkness.

Captured Calf.—Mr. David Murdock, of the 20th Ward, had a calf stolen from his place yesterday. He communicated with the police, who found that a man named A. B. Day, who had delivered a load of coal at Mr. Murdock's residence, had expressed a great desire to purchase the animal. Officer A. Smith went to that individual's place in the Sixteenth Ward, where he found the missing calf tied up in the barn. The officer requested him to hitch up his team and take the calf back to its owner, which he did. The case was to come up for trial this afternoon.

There is another calf at Day's place. Has anybody lost one?

A Model Settlement.—Philip Paskett writes from Grouse Creek Box Elder County:

"We are growing, increasing and enjoying ourselves. Visitors when looking at our numerous healthy children tell us we ought to be

thankful for being in such a place. It is thirty miles to the nearest whisky shop; no employment for doctors and lawyers. We frequently witness remarkable cases of healing by the power of God in our midst. When our children get sick the first thing they want is to be administered to, and they get well without a single exception, for which we feel thankful. We have a day and Sunday school, and the best of feelings exist among the people; 'none to molest or make us afraid.'"

THE ANTI-WOMAN-SUFFRAGE BILL.

FOLLOWING is the text of the bill introduced by Mr. Cassidy in the House of Representatives, allusion to which has already been made in this paper. The pretense of a desire on the part of anti-"Mormon" Congressmen to suppress polygamy, to "elevate" the women of Utah and "relieve" them from supposed "bondage," is clearly exhibited in such attempts as this measure designed to work into the hands of an unscrupulous minority lust for unrighteous dominion:

A bill to disapprove and repeal an act of the Governor and the Legislative Assembly of the Territory of Utah, entitled, "An Act Conferring upon Women the Elective Franchise," and for other purposes.

Section 1. Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the act of the Governor and Legislative Assembly of the Territory of Utah, entitled "An act conferring upon women the elective franchise," and approved by the Governor of said Territory, February 12, 1870, be, and the same is hereby disapproved and repealed.

Sec. 2. That all other laws or parts of laws now in force in said Territory, conferring upon women in said Territory the elective franchise, be, and the same are hereby disapproved and repealed.

Correspondence.

SALINA, Sevier Co.
January 1, 1883.

Editor Deseret News:

A happy New Year to yourself and patrons and to all, with welcome blessings to every honest soul on earth, and peace and good will to all men.

This is a lovely but rather a cold day. But when we consider the altitude of this valley away up on the Sevier River, 5,200 feet, and learn that four boys have raised 3,200 bushels of small grain this season, and that another farmer at Aurora, on the opposite side of the Sevier River and a few miles south, has, with his two sons raised 5,000 bushels of wheat, oats and barley, and when we look at future prospects, these only serve to strengthen our confidence and faith in our Creator, who has modified the elements and caused springs to burst forth, and pools to abound in all of the growing settlements throughout this entire Territory.

Forty-five miles southeast of this valley up in the mountains, are Rabbit and Grass Valley settlements. They, too, are flourishing at the vast elevation of 6,821 feet.

Salina derives its name from the vast amount of saline matter in its vicinity. I visited a rude manufactory of salt, where five hundred pounds can be made in one day of ten hours. On account of the salt being mixed with dust and earth, it has to be reduced by water in a boiler, heated for the purpose, then settled and drawn off into the second course of boilers and finished in the third set, and a beautiful, fine, table salt is the result. There are several of those establishments in this place and in Gunnison, furnishing salt both for the northern and southern settlements.

After writing you from Gunnison, December 24, Bishop Maaden and myself visited Salina, fifteen miles south of that place, passing through Gunnison, fields, sloping to the south about five miles, the stubble fields show straight rows with trenches from two to three feet apart; they are caused by a roller with two attachments following two shovel plows that are adjustable, making the furrows deep or shallow, as the case may require. The roller

levels the ground and the two projecting parts on the roller smooth the two furrows made by the plow. This economizes water very much, and leaves the ground in a far better condition for the growing grain.

At Salina we met President Spencer, of Sevier Stake, who arranged a meeting for this place at 7 p. m., and also arranged for meetings at Glenwood, Richfield, etc. The house was crowded in the evening. After meeting, the Seventies, Elders and local priesthood remained and we had a real good time and visit. The Bishop says there is room, land and water for several families to make good homes in his ward. A good school is being taught by Mr. Noble, son of our old and well known Brother Noble, of Bountiful.

On Thursday, 28th ult., we passed the Sevier fifteen miles to Glenwood, in a beautiful little cove, on our way, passing Vermilion, which is named after the red bluffs that are piled up in horizontal tiers, forming, with their variegated colors, a picturesque scene. Vermilion is scattered nearly all the way between Glenwood and Salina. We had an excellent meeting in a hall over the Co-op. store. That institution carries about \$8,000 in stock. There are two fine grist mills doing an excellent business, and as the stream that runs them is warm, freezing weather does not stop them. Farming land is scarce, there being only three or four hundred acres in this cove.

EDWARD STEVENSON.

Miss Maggie Sloan, of the Eighteenth Ward, has received the award for the *Herald* prize essay on "How to keep a cow." We congratulate the young lady on her success.

Elk are said to be unusually plentiful on the west fork of Bear river, and around the head of Chalk creek, but it is in direct violation of law to slaughter them at this season of the year.

We were pleased to observe that President Angus M. Cannon had so far recovered from his late illness as to be in attendance at the Conference which closed last night.

Mr. S. A. Mills and wife came in this week from Montpelier, Idaho. Mr. Mills reports the town as improving rapidly, as will appear to the reader from the fact that it cost him at the rate of \$70 per month for board and room for himself and wife.—*Evanston Chieftain.*

If you are worn out, feel more fatigued when it is time to get up than when you went to bed; are languid, listless and lazy, take a few doses of Emil Freese's Hamburg Tea. Its strengthening, refreshing and invigorating qualities will delight you as it has done many tens of thousands already.

The youthful color, beauty and lustre are gradually restored to gray hair by Parker's Hair Balsam.

JNO. A. BAILEY AND M. K. PARSON, Land Agents and Attorneys, Salt Lake City—Write to them enclosing stamp and they will give information FREE about Land Matters.

Thousands have used Kendall's Spavin Cure for rheumatism after all other remedies had failed, and have experienced instant relief.

AN UNDOUBTED BLESSING.

About thirty years ago, a prominent Physician by the name of Dr. William Hall discovered, or produced after long experimental research, a remedy for diseases of the throat, chest and lungs, which was of such wonderful efficacy that it soon gained a wide reputation in this country. The name of the medicine is Dr. Wm. Hall's Balsam for the Lungs, and may be safely relied on as a speedy and positive cure for coughs, colds, sore throat, &c. Sold by all Druggists.

Durno's Catarrh Snuff.

This well known remedy for Catarrh still maintains its well earned popularity. E. A. Savage, of Geneva, Kansas, writes, March 4, 1880. "I have used Durno's Catarrh Snuff, and it is the only thing that does me any good. It always effects a cure." Sold by all druggists everywhere.

Townslay's Toothache Anodyne cures instantly.

When you have got an old horse that has passed the market period, apply a bottle of Kendall's Spavin Cure and the result will be marvelous. Read advt. d s w & w

Common Sense Bob Sleights. The only reliable. Address HOWARD SEBREE, Salt Lake City and Ogden, Utah. d s & w

EDWARDS' LIGHTNING JUMP-SEAT BUGGIES.

Avery combined Gang and Sulky Plows, the J. I. Case Plow Co.'s Sulky and Walking Plows; Fish Bros. & Co.'s world-renowned Four Spring Mountain Wagons; Kelly Steel Barb Fence Wire.

John W. Lowell will receive a large supply of above goods during the next ten days, and intending purchasers will find it to their interest to call and examine his stock before purchasing elsewhere. d s w

Wei De Meyer's Catarrh Cure

Absolutely cures snuffles, running nostrils, distressed breathing, pain over the eyes, and all catarrhal symptoms. \$1, of all druggists.

A Cough Cold or Sore Throat should not be neglected. Brown's Bronchial Troches are a simple remedy, and will give immediate relief. Price 25 cts.

HORSFORD'S ACID PHOSPHATE

Mental and Bodily Exhaustion etc.

Dr. G. Kaiser, Indianapolis, Ind., says: "I have prescribed it for dyspepsia, impotency and mental and bodily exhaustion; and in all cases it has given general satisfaction." deod sw & w.

This powder never varies. A marvel of purity, strength and wholesomeness. Not economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders.

Sold only in cans. ROYAL BAKING POWDER CO., 109 Wall Street, New York.

NOTICE.

In the Probate Court, in and for Salt Lake County, Territory of Utah.

NELS JONSSON, Plaintiff, vs. ELNA GORANS JONSSON, Defendant.

SUMMONS.

The People of the Territory of Utah send Greeting: to Elna Gorance, Jonsson, Defendant,

YOU ARE HEREBY REQUIRED TO appear in an action brought against you by the above named plaintiff, in the Probate Court, of the County of Salt Lake, Territory of Utah, and to answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of Summons—if served within this County; or, if served out of this County, but in this district, within twenty days; otherwise within forty days.

The said action is brought to obtain a decree from this Court dissolving the marriage contract existing between said plaintiff and you. And you are hereby notified that if you fail to appear and answer the said complaint as above required, the said plaintiff will apply to this court for the relief prayed for and cost of suit.

Witness, the Hon. F. Smith, Judge, and the seal of the Probate Court, of Salt Lake County, Territory of Utah, this Eighth day of January, in the year of our Lord one thousand eight hundred and eighty-three.

D. BOCKHOLT, Clerk.

Health is Wealth!
