OGDEN, - - SEPTEMBER 6, 1900.

BUSY DAY IN THE COURTS

Cases Heard Before Judges Rolapp and Marshall Criminals Plead Guilty.

Perkins Divorce—Filings—Sue for Appointment of Democratic Registrars—Vicious Prisoner.

Albert Sad vs Citizens' Bank. The matter herein came in for hearing upon the final account and report of Geo. J. Kelly, receiver herein, together with the objections thereto of M. D. Lessenger representing certain parties interested herein. The court ordered that said account and report be referred to H. H. Henderson as special master with instructions to report.

Edward Thompson company vs N. Tanner, Jr. Upon motion of A. G. Horn, Esq., representing the plaintiff, it was ordered that the defendant appear on Sept. 10, 1900, and produce in open court the record on appeal herein from the justice's court, together with the exhibits introduced at the trial of said cause in the justice's court.

PLUMMER PLEADS GUILTY.

State of Utah vs John Plummer. The defendant appeared in open court and plead guilty to the charge preferred against him of rape upon the person of a little girl. He is the party who was also suspected of trying to burn up the house in which the little girl was living after he had committed the outrageous crime to which he plead guilty. The court ordered that he appear on September 10th, 1900, at 10 a. m. for sentence.

State of Utah vs August Losch. The appeal in this cause from Justice Breeden's court was ordered set for hearing at the foot of the calendar on Sept. 11, 1900.

DIVORCE GRANTED.

Lena Perkins vs George J. Perkins. Court heard the testimony of plaintiff and witnesses, and ordered that a decree of divorce be granted as prayed for.

COURT FILINGS.

A complaint was filed by Sarah A. Stoker against T. W. Stoker, praying for a decree of divorce. The complaint alleges that the plaintiff and defendant were married at Plain City, Weber county on Sept. 10, 1890, that there are now living as the issue of said marriage four minor children. That since said marriage, the defendant has treated plaintiff in a cruel and inhuman manner. Wherefore plaintiff prays that the bonds of matrimony between herself and defendant be dissolved; that the custody of said minor children be awarded to the plaintiff and for such other relief as the court may deem proper.

WANT DEMOCRATIC REGISTRARS.

A petition was filed by Daniel Hamer against L. B. Adams, Lyman Skeen and William G. Smith as board of commissioners in and for Weber county et al. The petition alleges that there is a party in this county known as the Democratic party, and that the petitioner is the duly elected chairman of said party; that some time in June, 1900, a list of names were submitted to the board of commissioners by the petitioner, for their consideration and selection as registration agents in the following election districts: 1, 4, 7, 8, 11, 15, 19, 25, Birch Creek, Eden, Marriott, North Ogden No. 1, Plain City Nos. 1 and 2, and Roy, to which districts the Democratic party claims the legal right to have a member of their party appointed as registration agents, as provided by the statutes of the State of Utah, but without regard to said legal right the said commissioners did, on June 8, 1900, appoint agents for the several aforesaid election districts from the Republican party.

Wherefore, the plaintiff demands judgment, that by decree of court the said alleged appointments in the several election districts be declared void; that the said board of county commissioners be required to appoint registration agents in each of the said election districts from persons belonging to the Democratic party and that each of the defendants claiming to be appointed as registration agents be restrained and enjoined therefrom, and for such other relief as the court may seem equitable. Hearing on the above action is set for Sept. 18, 1900, at 10 a. m.

In the matter of the estate of Claudius G. Warner, deceased; a petition for issuance of letters of administration to Robert Gale was filed. The estate consists of certain real and personal property to the value of $1,500.

COUNTERFEITERS PLEAD GUILTY

The United States vs. Fred Moss, Pete Moss and James Moss, charged with passing counterfeit money at Bingham, Utah, on or about August 24, 1900. The first two defendants pleaded guilty to the charge, admitting to having coined and passed United States money. They were each sentenced to five years imprisonment in the State prison and $200 fine. James Moss pleaded not guilty. His hearing was continued.

Mathias Meakin, pleaded not guilty to the charge of selling liquor to some Indians in Salt Lake on or about July 2, 1900. As he had no funds with which to employ an attorney, the court appointed J. A. Williams of Salt Lake to defend him.

The case of J. F. Collingsworth charged with sending obscene literature through the express came on for hearing. It was shown from the evidence produced that he was not guilty, so he was discharged.

NEGRO PRISONER VICIOUSLY ATTACKS GUARD.

Yesterday afternoon Richard Keith, better knokn as "Nigger Dick," who is serving a 25 days' sentence in the city jail for running a gambling house, jumped on Guard McCardle and gave him a severe beating. Dick has been used as a trusty around the jail helping down stairs with the work, but as there was nothing for him to do in the basement yesterday afternoon he was taken out with the rest of the gang to the stockade to break rock, this did not suit him and he became ugly and desired to take out his anger on the guard. Just as McCardle was letting the prisoners in the gate in an unexpected moment the burly negro knocked him down senseless and jumped on him bruising him up badly. The officers in the jail heard the noise and rushed out in time to save McCardle perhaps from death. The negro was taken to the dungeon where he will remain until his time is up. A charge will be placed against him of assault with intent to kill, which charge he will have to answer to when his twenty-five days are up.

BOARD OF EDUCATION.

The board of education held a meeting last evening. They took up the matter of choosing a new principal for the High school, to fill the vacancy caused by Prof. Eaton's resignation, but arrived at no definite conclusion. The matter of electing teachers for the ensuing year was also considered, after which adjournment was taken until Friday night when it is understood the High school principal will be decided upon, also the selection and assignment of teachers.

Ex-Senator Frank J.Cannon and wife and daughter Zina returned home yesterday from an extended stay in Europe, where they enjoyed themselves very much, and return home in excellent health, feeling that there is no place like home. A small item in his own paper lately brought amazing good fortune to Editor Chris. Reitter, of the Saginaw (Mich.) Post and Zeitung. He and his family had the Grip in its worst form. Their doctor did them no good. Then he read that Dr. King's New Discovery for Consumption, Coughs and Colds was a guaranteed cure for La Grippe and all Throat and Lung troubles; tried it and says: "Three bottles cured the whole family. No other medicine on earth equals it." Only 50c and $1.00 at Z. C. M. I. Drug Dept. Trial bottles free.

PROVO.

DISTRICT COURT NOTES.

Brief Marriage Ends in Divorce — Water Division—Incendiary Fire.

Special Correspondence.

Provo, Sept. 5.—An action for divorce has been filed in the Fourth district court by Mrs. Maud Moody, wherein Oliver Moody is made the defendant. The complaint charges that the defendant has wilfully neglected to provide the plaintiff with the necessaries of life although abundantly able to do so. The plaintiff and defendant were married at Deseret, Millard county, April 5th, 1899. The complaint asks that Mrs. Moody be given the custody of the one minor child, $25 per month permanent alimony and attorney's fees. Also that she may be allowed to resume her maiden name of Maud Boshard.

KILLED A HEIFER.

Sheriff Storrs today went to American Fork and arrested Joseph Ellsnore, on a complaint charging him with malicious mischief. He was taken before Justice McNeill, who sentenced him to pay a fine of $40 or be confined in the county jail for forty days. He chose the latter. It seems that Ellsnore has been drinking of late and last night a heifer belonging to his neighbor, Nels Nelson, got into his lot. Ellsnore secured a gun and shot the heifer, killing it, afterwards burying it.

WATER DECREE ASKED FOR.

Provo city et al are the plaintiffs in an action against the West Union Canal company et al. The case is to secure division of the waters of Provo river made some time ago by the commissioners appointed for that purpose by Provo city and the different canal companies taking water from the river. The plaintiffs accepted the division of the commissioners, but it was rejected by the defendants. A decree is now asked for to conform with the division as recommended by the commissioners.

AN EARLY MORNING FIRE.

About half past three o'clock this morning the alarm of fire was turned in to the station. The barn of William K. Farrer, of the Second ward, was discovered to be on fire. Before the fire department could arrive on the scene the new barn was a mass of smoulding embers. Two pigs and some hay were also consumed. The fire was first discovered by Prof. J. M. Jensen, who succeeded in liberating the cows and horses. The blaze is believed to be of incendiary origin as it appeared to have started on the inside of the building. The loss is estimated to be about $300, with no insurance.

Clerk Havercamp today issued a marriage license to James A. Tuckfield, 44, and Mrs. Alice J. Jones, 40, both of Lehi.

Special Correspondence.

Coalville, Summit Co., Sept. 5.—William H. Gardner and Cora Seamons, of Rockport, were granted a license to wed yesterday. They were married by Elder C. A. Callis before the happy pair left the court house.

A conference of the relief societies was held at Hoytsville yesterday. The meetings were well attended and topics of interest, tending to promote the usefulness of this worthy organization, were discussed.

The young ladies of this Stake have assembled in Hoytsville today to hold a conference of their associations. All the wards are fairly well represented, and President Cluff and other Stake officers are present.

SUMMIT COUNTY BUSINESS.

The county commissioners met in regular meeting on Tuesday. A great deal of routine business was dispatched by them.

Assessor Miller reported that two or three persons were bringing sheep herds from Wyoming and herding them in this State without first filing a bond for the payment of the taxes as provided by law.

The assessor also stated that persons who were members of the Woolgrowers' Protective association had brought sheep from Wyoming to summer in Utah and were endeavoring to escape taxation by setting forth in the certificate required by the statute that they owned a certain number of sheep. The assessor is in possession of reliable information, amounting to proof, that these persons have only certified to one fourth of the sheep summering in this State.

The commissioners instructed the county attorney to institute suit against these parties for the taxes due the county on the live stock. The prosecutions will be vigorously pushed if the wool growers do not rectify this matter or disprove the charges brought against them.

CAINEVILLE.

Room for Industrious Settlers — Water and Land to be Had.

Special Correspondence.

Cainville, Wayne Co., Utah, Sept. 2.—Many questions have been asked regarding this county and for the benefit of homeseekers will answer same through your valuable columns.

We are 120 miles southeast of Richfield, the nearest railroad point from that way, sixty miles southwest of Green River station, on the R. G. W. railroad. We are thirty to forty miles from lumber, which costs at the mills $6 to $10 per thousand.

A good load of cedar can be got in about 6 hours. Coal is plentiful and can be dug out of the hills nearby. Stock does fairly well on the range.

It is forty miles to the nearest grist mill at present, but one is in course of erection here.

Grain is raised here to some extent, and it is worth $1.25 to $1.50 per hundred pounds. Hay, $6 to $10 per ton. We have a good soil which has yielded as high as thirty-five bushels of wheat per acre of a good quality. We have a fair market for all farm products. We are 4,200 feet above sea level, and are about ten days earlier than Salt Lake Valley. We can raise all kinds of fruit.

PLENTY OF WATER.

There is plenty of water, with some land to be taken up, and partly improved farms can be bought cheap. If a man coming in here has supplies for one year he can make himself a home. We have very mild winters, with little or no snow. At present the roads are quite rough, and the country is in its raw state, but there is opportunity for making good homes in this part.

Those seeking homes should not dispose of their property until they come and see for themselves. We need men who are not afraid to work, who do not expect homes already built and orchards planted; these, of course, can be found here, but it will take money to buy them.

Geo. Huntsman, Laban Golding, Arthur Hanks and Romania Cassell will attend the Snow Academy at Ephraim this season.

Our district school numbers fifty pupils.

The fruit festival held here August 17th was a grand success, in which all parties enjoyed themselves.

Blown to Atoms.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded; for Dr. King's New Life Pills, which are perfectly harmless, gently stimulate liver and bowels to expel poisonous matter, cleanse the system and absolutely cure Constipation and Sick Headache. KANOSH.

BURIAL OF ELDER R. A. PAXTON

Who Died in the Mission Field — Hero Laid to Rest.

Special Correspondence.

Kanosh, Millard Co., Sept. 4.—This indeed has been a sad day in Kanosh, made so by the burial of the remains of Elder Robert A. Paxton which arrived here about 9 o'clock this morning. Bishop C. F. Christiansen and several other citizens went twenty miles to the railroad station and awaited the arrival of Elder Leslie George who accompanied the body from Chattanooga, Tenn. About forty of our young people, ladies and gentlemen, rode out about three miles from town upon suitably draped horses to meet the living and the dead Elders. They halted as the solemn procession approached and a lady and gentleman went forward through the cavalcade and read a beautifully worded address of welcome home to Elder George, and sorrowful sympathy for the death of our noble young brother Robert A. Paxton. They then headed the procession into the town. Almost the first house they passed was that of the parents of Elder Paxton, where, lying upon her bed, was the sick mother of the dead missionary. She was deprived of even a sight of the face of her valiant boy, who was the sunshine of her life, for although she is the mother of a large family of children, mostly girls, Robert was the bouyant center of the family's joy and confidence. Owing to the bad work of embalming done in Chattanooga none here were permitted to see the body.

A large congregation assembled at 2 p. m. at the meeting house, many coming from Fillmore and Meadow. Amongst the speakers was President Ira N. Hinckley. A large cortege followed the remains to the cemetery, where surely rests a true hero, not of blood and strife, which the world today extols, but a true hero in the battle of light over darkness, of truth over error and superstition. This youth went forward in the face of financial and other difficulties conquering all of them until he fell in the front of the battle while in the performance of a faithful mission. Our young fellow citizen lived and died a hero, and a worthy example to all who knew his brief life's work.

A Deep Mystery.

It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phebe Cherley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my housework." It overcomes Constipation, improves appetite, gives perfect health. Only 50c at Z. C. M. I. Drug Dept.

MONA.

Short Crops—Farmers Seeking Work on the Railroad.

Special Correspondence.

Grain is harvested and threshed; yield is poor on account of scarcity of water; in consequence of shortage of crops, about a dozen citizens of this place left here on this morning's train to work on the railroad in Wyoming, under Mr. Rawling's contract, who is one of Springville's railroad builders.

J. W. Vest, who lately buried his aged mother, is suffering from typhoid fever.

William Newton is still a very sick man. He has been a sufferer for quite a long time.

SPRING LAKE VILLA.

A Picturesque Village—New School House—Sore Affliction.

Special Correspondence.

Spring Lake Villa, Utah Co., Sept. 5.—This is one of the picturesque spots of Utah county. The beautiful little sheet of water, Spring Lake, in front of the village, with a magnificent background of huge mountains, springing right up from out the door yards of the pretty little homes; their rugged sides aglow with bright green intermingled with the red of the early frosted maples, produce a landscape worth a day's drive to see.

NEW SCHOOL HOUSE.

Another new brick school house, 26x46, two rooms, with cloak room and belfry 26 feet high, is in course of erection. The men of the village are out in force on the building, finishing the roof and cornice, under the supervision of Gorman Ellsworth, Esq., who, as owner of property in the neighborhood is working out his tax with the balance of the taxpayers; the cost will be about $1,500.

Aunt Esther Butler, an aged lady residing here, had a paralytic stroke a few days ago, and is in a critical condition. The lady is well known and greatly respected here, and is more than 80 years of age.

ESCALANTE.

FRIGHTFUL ACCIDENT.

Little Charley Woodhead Dragged to Death by a Horse.

Special Correspondence.

Escalante, Garfield Co., Sept. 2.—A fatal accident occurred on the 31st of August in which Charley, the 8-year-old son of Mr. and Mrs. James Woodhead, was dragged to death by a horse. The little fellow, with a companion, was endeavoring to capture the horse which was kept in a pasture. The boys had succeeded in "roping" the horse, but while trying to place a halter on him, he became frightened and jerked away, with the unfortunate boy's foot accidentally caught in the rope. The other lad immediately came for aid, but before any assistance could be rendered, the boy had been dragged a distance of two miles, over fences, rocks and brush, bruising the body beyond recognition. The grief stricken parents were frenzied over the affair, and they have the heart-felt sympathy of the entire community. Charley was a bright child, and was loved by all. He was just baptized the Sunday before his death. Funeral was held on Sept. 1st.

Our water supply is very low, having long since been used exclusively for town purposes. Crops of hay, grain, fruit, etc., are very light as a consequence.

Work on the new school house is progressing, preparing it for the coming school year.

HEBER.

Disastrous Fire — Home of Geo. F. Giles Burned—Sheep Shipments.

Special Correspondence.

Heber City Wasatch Co., Sept. 5.—Yesterday afternoon a disastrous fire occurred about one mile south of Heber. The home of Geo. F. Giles was burned to the ground. Cause, a defective flue, as usual. The fire started in the ceiling of the kitchen while part of the family were at dinner. Mr. Giles and wife, were in Provo city. All the contents of the lower floor were saved, but in the attic all was consumed, no insurance.

Heber City is becoming quite a prominent sheep shipping point. Each week for the last three weeks a train load has left here, consisting of over twenty cars, 5,000 head or more, to each train. Today there are some twenty-three cars being loaded again.

MOAB.

Flood of Rain and Hail — Opening of School.

Special Correspondence.

Moab, Grand Co., Sept. 4.—Moab was yesterday visited by one of the heaviest rain and hail storms in the history of the place, and considerable damage was done to fruit and to vegetation generally, though the storm, of course, will do an immense amount of good to the range which was about burned out. The gale which swept down the valley just ahead of the storm uprooted a number of large trees, and played smash with loose objects lying around. Quite a flood came down mill creek, but it did no particular damage. One result of the storm was the washing out of the road in court house canyon between here and Thompson's so that the stage could not come into town. The vehicle was left up the canyon above the dugway and the mail was brought in on horse back. All travel is necessarily cut off until the road can be repaired.

WANT THE RAILROAD.

The R. G. Western railway which gives such excellent service over its entire length, is a great blessing to this part of the State, and people are hoping that the time may hasten on when the Little Giant of the Rockies shall extend its line into this beautiful and fruitful valley. Your correspondent has had occasion to travel over nearly all of the great railroads in this broad land, but nowhere do we find better service than on this road, which has done so much for Utah.

SCHOOL OPENED.

Our district schools opened here today with the following excellent corps of teachers, Enoch Jorgensen of Ephraim, principal and teacher of 7th and 8th grades; Niels K. Nielson of Pleasant Grove, 5th and 6th grades; Mrs. Joseph Hammond of Moab, 3rd and 4th grades; Miss Fanny Brown of Salt Lake City, 1st and 2nd grades. Mr. Jorgensen has for a number of years been principal of the Manti schools, and Mr. Nielson has presided over a large school in Utah county, so we expect these men to give us first class service.

The Moab ward seems to be in a flourishing condition. Bishop Johnson is a live man who has the welfare of the people at heart, and he has the support of the great majority of the good citizens of the ward in his efforts to foster the spiritual advancement of this place. He is also a leading spirit in educational matters, and to his untiring efforts, in connection with those of Supt. Molyneux and others, is due the high standard of excellence to which the schools of this out of the way place have attained. President Hammond of the San Juan Stake now makes his home in Moab, and his kind and fatherly advice and counsel is ever a source of blessing to the Saints in this part of the land. President and Sister Martha Hammond have just returned from a month's tour of the San Juan Stake which stretches far down into Arizona, New Mexico and Colorado.

LOGAN.

VETERAN AND PIONEER DEAD.

Demise of Cyrus W. Card—Wedding Permits Galore.

Special Correspondence.

Logan, Cache Co., Sept. 5.—Father Cyrus W. Card died at his home in this city yesterday, aged 86 years. He had been in very feeble health for a number of months, and his death was from old age. Father Card was one of the pioneers of Logan and Cache county, having moved here with his family in 1858. He was one of the most energetic of the builders of Logan in his time, and helped to found several enterprises of considerable magnitude, among them being the United Order Manufacturing and Building company, which flourished in the 70's and 80's. He was born in the State of New York in 1814, embraced the Gospel and came to Utah in 1852, settling first at Farmington, whence he moved to Logan. He leaves two daughters and five sons, one of the latter being President C. O. Card of Alberta Stake, Canada. In his faith in the Gospel of Jesus Christ, Father Card was fervent and strong, and died a faithful Latter-day Saint, loved and respected by a wide circle of friends. Beside the seven children named, 32 grandchildren and five great-grandchildren survive him. Funeral services will be held on Sunday at 12 o'clock, in Logan tabernacle.

WEDDING PERMITS.

The following marriage licenses have been issued by Clerk Owen: Joseph B. Obray, 33, and Margaret T. Bickmore, 29, both of Paradise; Edward R. Gibbs, 21, of West Portage, and Elizabeth Hawkes, 19, of Logan; Matthew Cozzens, 22, and Mary Bell Robinson, 18, both of Montpelier, Ida.; Simpson M. Rich, 23, of Paris, and Margaret Poulsen, 19, of Liberty, Ida.; Wm. Henry Duryee, 34, of Pocatello, and Florence Stowe, 21, of Logan. Clerk Owen performed the ceremony uniting the last named couple.

TROPIC.

Poor Harvest—Reservoir Proposition Will Settle Water Question.

Special Correspondence.

Tropic, Garfield Co., Sept. 3.—Harvest is nearly completed here save and except corn and potatoes. The grain crop and potatoes are a failure owing to the unprecedented drouth.

Since this locality has been settled the water has never been so low. However, we are not by any means discouraged, as we have the remedy in our own hands. Nature has laid at our door ample facilities for the storage of water, perhaps nowhere else in Utah can better reservoir sites be found. Our people are about to start work on a reservoir as soon as harvest is completed and it is confidently expected that shortage of water will be a thing of the past when the necessary work is finished. Labor is the only thing needful to furnish abundance of water. There is plenty of land to be had here, and settlers will be welcomed among us.

We had a visit recently from two of the Apostles, viz: Elders Lyman and Woodruff, together with the Stake presidency. Our esteemed bishop, A. J. Hanson was honorably released and Elder J. U. Jolly ordained bishop in his stead. Brother Hanson carries with him for all time the love and respect of this community. He was faithful and untiring in the discharge of his responsibilities, and has left the imprint of a master builder's hand on this thriving and contented settlement. The new bishop is a young man well known and well liked here. He enters upon his duties under most favorable auspices, and will no doubt be heartily sustained by his brethren. The ward is in splendid condition and all organizations complete.

We watch with interest the fast growing circulation of the "News," and we say "get there" with all our heart with the 20,000 by the twentieth century.

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Halloway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have."
