CHAS. HYDENDAHL COMMITS SUICIDE

A Stranger From the East Takes Poison in the Thomas Photograph Gallery.

YOUNG THIEVES ARRESTED.

Land Sold by Sheriff to Foreclose Mortgage—New Plumbing Company—Deardon-Rogers Nuptials.

Special Correspondence.

Ogden, July 1.—Charles Hydendahl, who had been employed by H. H. Thomas, the photographer, but a few days, drank an ounce of corrosive sublimate yesterday at the photograph parlors with suicidal intent. The man came to Ogden only a short time ago from Boston, where he claimed to have had a wife, named Mildred Hydendahl, and three small children, living at 81 Beech street. He told Mr. Thomas that he had had domestic troubles, which was the cause of his leaving his home and coming west. He is a man of refinement and education, and was an expert photographer. While at times he had appeared melancholy and downcast, yet he never intimated his intention to end his life. When he drank the poison one of Mr. Thomas' other assistants was in the gallery. He heard the groans and cries of agony uttered by Hydendahl and went to the room to see what was the trouble, and found the man lying on the floor. He telephoned for Mr. Thomas, who quickly responded and immediately secured the attendance of Dr. R. B. Forbes, who sent the man to the hospital, where he administered restoratives, but all to no avail. The drug had done its deadly work, and he died at 5:15 last evening. A telegram was sent to his wife apprising her of the sad news.

YOUNG THIEVES ARRESTED.

Enter Sanitarium for Purpose of Robbing Bathers.

Last evening Deputy Sheriff Sebring arrested three young boys, aged 11, 14 and 15, on the charge of going through the pockets of bathers at the Sanitarium. A telephone message was sent into the sheriff's office about 5 o'clock last evening to send an officer to the bathing resort; that they had three boys in custody who had been stealing from the bathers. On Mr. Sebring's arrival the boys were turned over to him. They were questioned carefully and admitted their guilt.

The smallest boy admitted stealing from the pockets of William Blosser a 10-dollar gold piece, which he turned over to the officer in the presence of his father, to whom Mr. Sebring took him. The oldest of the boys turned over $1.50, which he stole from the pockets of Harry Patterson. The two gentlemen had gone in bathing in the large pool, leaving their clothes in the dressing room. When they went to dress they missed the money, and reported the same to the manager of the resort. The boys, who had also been in swimming, were immediately suspected of the theft, and admitted their guilt when questioned closely.

According to the story told by the little boy, the two larger boys had visited the resort Thursday and told the little boy of the opportunity to steal money at the resort and the three of them went there for that purpose. They were released from custody on the promise of their parents to have them at the sheriff's office Monday morning at 10 o'clock to be taken before Judge Patton of the juvenile court. The names of the boys were not given out on account of the prominence of their parents.

LAND SOLD BY SHERIFF.

In the case of Bratz vs Jenkins, a suit brought for the foreclosure of a mortgage in favor of the plaintiff, the property was ordered sold by the sheriff at public auction, the sale took place yesterday from which the sum of $149.25 was realized, the plaintiff buying in the property at the price mentioned. As no money changed hands the sheriff could not collect the usual fee for making the sale, as heretofore. The law formerly provided that on all sales made by the sheriff whether it was bought in by the plaintiff or not, a certain percentage of the sale should go to the county, but under the new law passed by the last Legislature it provides that the sheriff can only collect fees on such land sales as those where money is paid for the property, but in the case of Mr. Bratz buying in the land, he took it to satisfy his own mortgage, and paid over no money, therefore the county lost $14 on the sale yesterday under the new law.

NEW PLUMBING COMPANY.

Articles of incorporation of the Ogden Plumbing, Gas and Steam Fitting company, have been filed with the county clerk. The company is capitalized for $5,000 divided into shares of the par value of $1 each. The officers elected are Thomas H. Ballantyne, president and general manager, M. C. Ballantyne, vice president and treasurer, LeRoy Ballantyne, secretary and operating manager. The company is incorporated for the purpose of carrying on a general plumbing and gas fitting business in Ogden City.

The prohibition is made that accidents to life and limb and burning of buildings resulting from amusements of this kind may be prevented.

FOURTH DISTRICT COURT.

The suit of Martha Adamson et al vs American Fork City et al is being heard by Judge Booth. Plaintiffs claim the right to the use of sufficient water from the McArthur ditch, which is under the control of the city, to irrigate 340 acres. Defendants answer that plaintiffs are only entitled to water sufficient to irrigate 275 acres, and that only after the waters of certain springs and sloughs on plaintiff's lands are exhausted, and further allege, on information and belief, that the purpose of the plaintiffs is to establish a right to sufficient water from American Fork river to irrigate 340 acres, regardless of the waters of the sloughs and springs, and when such rights are established to transfer the water to other lands situated on higher ground.

SERIOUS ACCIDENT.

Important Water Question—The Fourth To be Honored—Wedding

Special Correspondence.

American Fork, Utah Co., June 30.—Roy Greenwood and Lowella Boley were married in the Temple Wednesday. The young folks are very highly respected residents of this place.

Miss Boley is the daughter of Henry D. Boley.

Misses Amanda and Lisa Chipman expect to leave for Portland, Or., in a few days, where they will visit the fair, and on their return will visit relatives in San Francisco, Cal.

A very pleasing entertainment was given in the Fourth ward of this city Tuesday evening, the proceeds were used for the choir.

Mrs. Sam Stark, who was operated upon for appendicitis at the L. D. S. hospital is at Rome and doing as well as expected.

INDEPENDENCE DAY.

In the afternoon sports of various kinds, including baseball, basketball, races, etc., will be indulged in.

SERIOUS ACCIDENT.

On Wednesday evening Mrs. Charles Mathister who, with her husband, was camped near the San Pedro depot, was brought to the Grant hotel suffering from a deep three-inch gash over the left eye, ranging upwards, the skull bone having been fractured. The woman was leading a span of horses to water, when one of them knocked her against a wagon wheel, resulting in the fracture of the skull. Dr. Noyes dressed the wound, which gave evidence of being very serious. However she is now improving. Her husband was reading a newspaper at the time, allowing the woman to look after the horses.

IMPORTANT WATER QUESTION.

Mayor James H. Clarke and Recorder John W. Storrs were in Provo Valley in connection with the water case of Martha Adamson vs American Fork City. This case originated last year and was the outgrowth of the city stopping the water transfer to other lands than that which rightfully own it. The case has attracted wide interest from the fact that it will decide a very important point in this connection. The question of giving city water to lands that do not need it will also be settled. Some of the owners of meadow land which at present furnishes its own water claim a proportion of the canyon water. They claim by so doing that they can retain their right to the same in case those land should ever become so that it would need canyon water.

Representative and Mrs. John H. Wooten of this place have just returned from Portland, Or., where they visited the fair. While there Mr. Wooten attended the good roads convention as a delegate from this county.

Births—To Mr. and Mrs. Thomas Hine, a son; and to Mr. and Mrs. M. O. Baldwin, a son.

Murray Department.

The "News" is delivered in Murray and vicinity from the branch office every night. L. E. Lauritzen, Branch Manager. Orders for Church Works and advertisements received. Office at the Murray Eagle.

Tuesday, June 27, three runaways occurred at Holliday. The first was Bagley Bros.' delivery team, which started at Councilman Peterson's place, while the driver was buying some cherries, running west, striking Mrs. Andrew Peterson, who was crossing the street, breaking one rib and cutting a gash in her head which took eight stitches in dressing.

The next was William Bowthorp's team, which took a speedy dash along the county road, frightening another horse which was hitched to a buggy. The horse turned to follow the runaway team, overturning the buggy, throwing Mrs. Joseph Boyce and her two children from the rig. Other than this no damage was done, as Mrs. Boyce and children escaped without injury and the horses were soon overtaken and got under control.

The next to follow was Franklin Walker's team, which ran only a few hundred yards. The team was frightened by a passing soda water wagon; it started out as if life depended upon its run, but soon was brought to a standstill by running into a telephone pole. No damag was done other than breaking the neckyoke and reach.

CITY COUNCIL MEETING.

The city council met Tuesday night as usual, transacting the following business:

A petition was received from 12 saloonmen, asking the privilege of remaining open on the night of the Fourth as late as they chose. Petition granted.

Several applications for appointments to deputy marshal were considered, but none was accepted, and it was decided that the marshal make his own appointments.

The marshal was authorized to employ as many deputies as will be necessary to maintain peace on the Fourth of July.

The dust arising from the newly made grade in the south part of town and the holes made by the graders, which catch all the seepage from the irrigating ditches, allowing the same to stagnate, was complained of to the council from contiguous residents, who were assured that the matter would be attended to.

The road supervisor was instructed to employ another team to aid in sprinkling the streets preparatory to the Fourth of July celebration.

The marshal reported that O. Sanders & Co. and Lorenzo Williams have not as yet cleaned up their slaughter yards, and he was instructed to see that the same be attended to, and to see that all others who have yards in an unsanitary condition clean up the same.

The street committee was instructed to receive bids for the erection of a water tank to be built on American hill.

Granter & Davis offered to furnish gratis to the city a decorated wagon and two span of horses on Independence day, for which they received a vote of thanks.

The regular licensed citizens of Murray were granted the privilege of selling refreshments at the grove without an additional license, but all others than these are to pay the usual licenses.

SPRINGVILLE.

GALA DAY FOR VETERANS.

Late Beet Crop Seriously Menaced by Worms and a White Fly Pest.

Special Correspondence.

Springville, Utah Co., June 29.—This has been a gala day for the old folks as well as for many younger ones who were in attendance at the Castilia Springs resort. An excursion party left Springville at 9:25 a. m. on 5 stages and one rescue, the stages all being well filled, with several hundred who left in carriages of the old as well as no enjoyable time for themselves. A sumptuous banquet with a few speeches and toasts were features of the day. Jos. E. Hall was master of ceremonies. Good and appropriate music and singing were furnished under the leadership of Miss Geo. Hamilton, such by one as "Oh, ye mountains high." "Our mountain home so dear," "America," "For the strength of the hills we bless Thee," were favorites. Mayor P. C. Loyer gave a very witty and appropriate speech.

William Pickrell, who is 85 years of age and still able to do a day's work on the farm, replied to Mayor Loyer's speech and recounted some of his experiences in making these valleys smile. He crossed the plains seven times and was one of the 70 Elders who were called by President Young to take missions, leaving Salt Lake City with handcarts.

Resolutions of respect were adopted in remembrance of P. H. Boyer who has gone to the other side.

BEET CROP INJURED.

Many of the best crops which were planted late on the lower lands and now ready for thinning are a total failure on account of worms and a poisonous white fly which cuts the tender plants down by the acre each day. As it is too late now to plant any other crop with success many will lose hundreds of dollars and will be obliged to look in some other direction for funds. The hay crop is bountiful.

The farmers are busy getting up their lucern. They are reaping a good crop this year.

Everybody is getting ready to have a good time on Independence day. The committee on celebration met in the Commercial club rooms Tuesday night and arranged a fine program for the meeting in the Tabernacle. There will be a dance for the children at 3 p. m.

The Sunday schools have appointed their committees for the celebration of Pioneer day. They are now hard at work preparing a program that will be instructive and entertaining to the young people of Manti. Too much cannot be done to honor those who first settled this country.

WINTER QUARTERS.

RACES FOR THE FOURTH.

Mr. Bent Attacked With Appendicitis—School Graduates.

Special Correspondence.

Winter Quarters, Carbon Co., June 29.—Mr. Bent, operator and clerk for the Utah Fuel company at Clear Creek, Utah, has been sick, unable to work for the past few days. Doctors Allison and Ingreen held a consultation today and pronounced it a case of appendicitis. Mr. Bent will be taken to a Salt Lake hospital tomorrow for treatment or operation.

Many people who come here from the valleys, where they suffered from the heat, very much enjoy the cool and refreshing breeze of these mountains and drink of the ice cold pure spring water. Fishing has been the main sport since the season opened.

Arrangements are now being made for celebrating the Fourth of July. Horses are now being trained for the races. Scofield is somewhat cancelled over its race horses and invites outside horses to come here and try their speed.

The grounds surrounding the Latter-day Saints church are to be improved by a lawn and flower beds. A force of men is now at work laying pipe and improving the grounds for water and lawn.

James P. Curtin, Jr., Hellen Beatie and Joseph Parmley graduated from the Winter Quarters district schools. The first named passed with the highest general per cent of any student in this county.

LEHI.

EVENTS FOR THE FOURTH.

Destructive Grass Fire—Telephone to Bostonia—Alarm Bells or Railroad

Special Correspondence.

Lehi, Utah Co., June 30.—All arrangements have been completed to celebrate the Fourth, most gloriously. The festivities will really commence on the evening of the 3rd when a number of events will be pulled off in the Opera House, such as a wrestling match between Lehi and American Fork's best men, a drilling contest for purse of $100 and a shearing contest for the championship of the state.

In the early morning beside the raising of the flag and the salute of guns, the town will be serenaded by the string band and silver bands. At 10 a. m. an elaborate program will be given in the city pavilion. In the afternoon there will be all kinds of races and games, ball game at 3 p. m. between Lehi and Fairfield, and at 6 p. m. horses races for large purses. The day's festivities will conclude with a dance and fireworks.

DESTRUCTIVE FIRES.

Grass fires on the hills north and west of Lehi have been doing a great deal of damage to fences, etc., the past week and especially to the Utah Sugar company ranch at the point of the mountain where, last Tuesday, a frame house, barn and other out buildings were burned to the ground through the spread of one of these grass fires, the damage being placed at about $1,000.

The D. & R. G. is putting in two alarm bells on the railroad crossings at Main street and Second North, which will be much appreciated by the public.

James H. Gardner, general superintendent of the Utah and Idaho Sugar companies, returned home from Idaho Falls Wednesday and reports that everything is in fine shape in the northern country and all indications are that an immense tonnage of beets will be harvested there this fall, as there is an excellent stand and the young beets are growing most rapidly.

Monday a girl was born to Mrs. Thomas Clark also to Mrs. Lawrence Brems, a girl. All well.

The Rocky Mountain Bell Telephone company has a gang of men rushing a line to Bostonia. They are now camped at the Saratoga Springs resort.

Quite a number of Bostonia officials and railroad men were over at Bostonia Wednesday looking over the railroad route, etc., and it is expected that everything will be down to a hard working basis in the near future.

FRANKLIN, IDAHO.

SUDDEN DEATH.

Boy Runs a Race and Falls Dead—Independence Day.

Franklin, Oneida Co., Ida., June 29.—A sad and sudden death occurred here on Tuesday evening, June 27. A young man, Oliver Morrison, son of Joseph and Lucy Morrison, had been working all day Tuesday in the beet field until late in the evening. After work he hastened a young man who was working for him to run a race. So they started in on the end of the race young Morrison, who was ahead, turned and fell down dead. Dr. States was sent for immediately and pronounced the cause as heart failure. The young man was about 24 years of age, very large and stout. The funeral services, held this afternoon in the Franklin meetinghouse were largely attended. The speakers were Elders James Packer, Thomas Durant, J. J. Hill and Bishop L. J. Hatch.

On Sunday evening last, the 25th inst., the Rev. Mr. Clemenson of Logan, preached to our meetinghouse, his subject was honesty and the golden rule.

THE FOURTH.

The loyal citizens of Franklin are going to celebrate the Fourth of July in good style. A fine program has been prepared for the occasion. The Rev. Mr. Clemenson will be orator of the day. There will be a dance for the children at 2 o'clock and games, and a grand ball at night.

SENATOR PATTERSON CITED FOR CONTEMPT OF COURT.

Denver, Colo., June 30.—The supreme court of Colorado today, at the request of Attorney Miller, made on behalf of the people of the state, granted an order for a rule requiring United States Senator Thomas M. Patterson to appear before the court and show cause why he should not be punished for contempt for the publication and circulation of certain articles and cartoons which appeared in the papers published by the News-Times Publishing company, of which Senator Patterson is the owner. A citation was issued directing the senator to appear in court and plead on July 25, 1905.

The information on which the request for a rule was based by the attorney general charges that the articles and cartoons in question reflect upon the honor, purity and integrity of the supreme court and were designed, intended and calculated to hold up to opprobrium and to invite public contempt for the court and certain justices thereof and for the purpose of leading the people to distrust the fairness and impartiality of the decisions of the court. The information further charges that the articles and cartoons referred to were published for the purpose of intimidating, influencing and coercing the court in its final disposition of election cases pending and in rendering an opinion in the suit to prevent the construction of an auditorium in Denver. A number of leading articles, editorials and cartoons are attached as part of the information, all referring to different decisions of the supreme court in election cases during the past year.

Mexican Free Zone Abolished.

El Paso, Tex., June 30.—The Mexican free zone, 16 miles wide, on the Arizona border, was abolished today. When the free zone obtained, merchandise could be imported at 10 per cent of the regular Mexican customs duty, but if it was then sent over the zone into the interior the other 90 per cent had to be paid. In this way goods were sold in the border towns of Mexico much cheaper than they could be sold in interior towns or in American border towns, and this made business for the Mexican merchants but the collection of duties on all articles taken from free zone towns further into the republic killed them as manufacturing towns.

The quaint philosopher who advertised: "LOST—one rubber boot, will buy or sell," exemplified the American spirit of barter which finds its outlet in the "For Sale and Exchange" columns.
