The Northern Indians are still belligerent. A sutler train, with an escort of thirty soldiers, was attacked near Phil. Kearney, by Red Cloud's band and two men were killed. The Indians ran off six wagons containing \$20,000 worth of goods. On the 15th, 14 Indians came within two miles of Fort Laramie and ran off 70 head of horses. The Post Master General's report gives details respecting the ocean mail service. The demands of the Cunard line have been exorbitant. The Government has been paying for the last six years from \$150,000 to \$300,000 in gold, over receipts, to the British Government. This amount we have been compelled to pay under the old treaty which expires on January next. The Postmaster General has refused to renew. Two other lines have entered into contract, agreeing to transport all foreign letter mail for fifteen cents per ounce, making the cash on each letter five cents; books, papers, etc., six cents per pound, payable in currency, giving three mails weekly. The Report shows

an unexpected balance of \$700,000 available for the current year, and estimates the deficiency for '69 at \$2,500,000.

Troubles seem brewing in other sections of the Republic. Congress has withdrawn the annual subvention of \$50,000 to the State of Panama. The report of the Comptroller of Currency shows that since the first National Bank was organized in October, 1863, ten banks have failed with an aggregate capital of \$1,870,000. Their aggregate liabilities were little less than \$1,200,000.

The public will suffer no loss on circulation. The assets realize enough to pay their creditors seventy per cent., so that the total ultimate loss to the public will be about \$1,000,000. The failures in every instance were traced to the incompetency and dishonesty of the bank officers, and to the habitual violations of the plainest provisions of the banking law.

JAMES LINFORTH,

COMMISSION MERCHANT,

No. 3, Front St., near Market,

SAN FRANCISCO, Cal.

THE relative value of CURRENCY TO GOLD is more permanent than heretofore and facilities for getting goods from California at all seasons of the year, with quick dispatch, have largely increased of late, rendering San Francisco pre-eminently the Market for Utah.

It is not generally known to the people of Utah that all kinds of goods of foreign production, such as Teas, Coffees, Sugars and Spices; English, French and German Dry Goods; Hosiery and Bag materials; Iron, Steel, Anvils, Vices, Chains, Shoeshapes and Horse nails, Glass, Oils and Paints, Earthenware, Glassware, &c., &c., can be obtained from San Francisco at lower prices than from Eastern Markets.

California and Oregon-made Woollen Goods, both pieces, goods and clothing, are superior to anything imported and cheaper. They have been shipped to Eastern and other markets for sale with advantage.

Mining and Mill Machinery of superior Manufacture can also be procured here at short notice.

GOODS DELIVERED at Carson in six days, at Austin in seventeen days, and at Salt Lake City, in lots of not less than ten tons, in forty-five days from San Francisco, by good Mule Teams at lower rates of freight than ever before. Shipments to San Pedro every ten days.

ORDERS respectfully solicited.

Merchants and others desiring purchases made here will be furnished with prices and all necessary information on application to
