CITY COUNCIL'S BRIEF SESSION.

Solons Expedite Matters and Get Through Early.

The city council held another brief session last night as nothing of very great importance came up for consideration. The business of the session was concluded by 9:30 o'clock.

FENDER ORDINANCE PASSED

Forestry Association Wants to Plant Trees—The Gordon Water Right—Telephone Franchise.

The city council held another brief session last night as nothing of very great importance came up for consideration. The business of the session was concluded by 9:30 o'clock.

The street car fender ordinance as amended by the municipal laws and streets committee on last Wednesday evening was passed, with the additional amendment suggested by Thomas, that the company be not required to put fenders on the cars operating snow plows and snow sweepers. Under the ordinance as it now stands, the company has until April 1 to equip its cars with fenders and the penalty for not complying with the ordinance is a fine of from \$10 to \$150.

Martin Christensen and other members of the Utah Forestry association petitioned the council for an appropriation of \$500 to begin the planting of valuable timber seeds and cuttings in City Creek and other canyons. The petition was referred to the committee on public grounds.

John P. Cahoon and Peter Gordon notified the council that the 30 days given the council for accepting the proposition made by the sale of the city of the Gordon water right in Big Cottonwood canyon had expired, but that the proposition would stand open until Nov. 15 for acceptance should the city desire to purchase the water. The matter was referred to the special committee on reservoir site.

President Cottrell announced the following resolutions as members of a special committee to investigate the advisability of granting a franchise to the Home Telephone company, as provided in A. J. Davis' resolution passed last Monday night: A. J. Davis, Thomas, Spence, Fernstrom and Vigus. Upon motion of Thomas, President Cottrell was appointed as an ex-officio member of the committee.

Z. C. M. was granted permission to run in a spur of railroad from Fourth West street to the company's warehouse in the interior of the block bounded by Second and Third South and Fifth West streets.

The committee on control recommended that Sol. Crown be granted a franchise to run a street car line in the city and county building. The report was adopted.

The mayor's disapproval of the appointment of Louis S. Larson as a patrolman was received and ordered filed by the council.

Two bids were received for printing the revised ordinances of the city. They were opened and read and then referred to the committee on enrollment for further consideration.

FRANK SARGENT HERE.

Commissioner of Immigration Speaks of the Chinese Exclusion Law.

Frank P. Sargent, Commissioner of Immigration, and chief for 17 years of the Brotherhood of Locomotive firemen, was at the Knutsford last night, continuing on to the Pacific coast today. In an interview Commissioner Sargent said that his western trip was to get acquainted with the immigration authorities on the coast and the Mexican Canadian boundary. One of the greatest troubles in enforcing the Chinese exclusion law is to keep out the Chinese who come over the Canadian and Mexican borders. The Chinese are now being sent back to their own country and claim to be of American birth.

Many of the Americans do all they can to help the Chinese evade the law. For instance, two Chinese students came to San Francisco a year ago. Something was wrong with their papers. They promised to have the error corrected and, on arriving, they were taken into custody under the supervision of the inspector, they were permitted to land. Almost a year later word came that the two Chinese students accompanied by a missionary from Oberlin college, were claiming for admission at Pembina, Or. It occurred to the authorities that they might be the students from San Francisco and this proved to be the case. Their papers had not been corrected. They left with the tacit understanding that they would go back to Hongkong and have the papers fixed. The missionary from Oberlin college, who had been signed by the Chinese consul at San Francisco, and suit has been started.

THE PEBLO SHOOTING.

Petition Filed Asking for Letters in the Fred Roberts Estate.

A petition has been filed in the probate division of the district court asking that letters of administration upon the estate of Fred Roberts, deceased, be issued to George P. Winness. The estate of real and personal property in this county valued at \$7,000. The heirs to the estate are decedent's father and mother, George and Mary Roberts, who reside in Haverhill, Mass. The petition is set for hearing on Friday, Nov. 25, at 10 o'clock.

BURGULARS BOUND OVER.

Justice Williams of Granger Holds Two to the District Court.

Joseph Hunter and Newton Henderson had their preliminary hearing yesterday before Justice Williams at Granger on the charge of burglary, and were bound over to the district court. In default of bonds they were ordered confined in the county jail. The prosecution was conducted by Deputy County Attorney James H. Roberts.

It is believed by the authorities that the two men, together with another man, are responsible for the many crimes, ranging from petty larceny to burglary and housebreaking, that have been committed in that vicinity recently, and which have kept the authorities busy investigating them. On election night the men broke into a slaughter house and stole a number of muttons. It is believed that one of the men will turn state's evidence at the trial and the other two will plead guilty when brought before the district court.

The banquet promises to be the greatest affair of the kind ever given in this city or state.

BENJON AND ROBERTSON.

Reports Indicate Their Election to the Legislature.

Returns of the vote for senator from the Twelfth district against Gordon Bennion 2,665 and against J. McDermott 2,625. The Republican candidate, Bennion, is the entire vote in the four counties comprising the district, and unless the official count changes what now seems to be the result, Mr. Bennion will represent the district in the next session of the Legislature.

Reports from Wayne county indicate that Willie E. Robinson, Democrat, has been elected to the Legislature, all precincts but one. The Republican candidate, giving Robinson 232 votes as against 245 for Albert Stevens, his opponent. This will give the Democrats five members of the house, and with Bennion's election, six members of the senate, making the total Democratic vote 14 and the Republican vote 22, as shown in the "News" the day after election.

DISCUSS TYPHOID FEVER.

Salt Lake Medical Men Say There is No Specific Remedy For It.

The members of the Salt Lake Medical society talked on typhoid fever at last evening's meeting, and the central point of the discussion was a paper on the subject prepared by Dr. A. C. Ewing. The speaker said the disease, although one of the oldest known to medical science, is still full of new features, and the more it is studied the more interesting does it become. There is as yet no specific remedy for typhoid. The world's blessing waiting the man who discovers an infallible remedy. Dr. Ewing said that typhoid can be ward off by inoculation, the same as yellow fever or smallpox. During the war in Cuba he inoculated about 2,500 soldiers. Dr. Ewing then cited authorities tending to show that inoculation, while it may have a tendency to lessen the possibility of contracting the disease, does not assuredly make one immune. When it came to a cure Dr. Ewing advocated an intestinal antiseptic, a germicide or antiseptic, which would have the desired effect. He went on to say that the constant cleansing of the intestines would assist in the de-

AGGIES FINALLY AGREE TO COME.

Much Talked-of Game Will be Played on 'Varsity Diamond.

The much talked-of game between the 'Varsity eleven and the Logan Aggies will take place after all. It was feared for a time that the contest would have to be called off on account of the wrangle between the managers as to where the game should be played. The Logan boys wanted the contest there and the 'Varsity manager declared that it would be played in Salt Lake or not at all. Each side made flattering propositions to the other but no agreement was reached. Finally Manager Riser made an offer to the Logan players and demanded that they give an answer not later than last night. The answer came and the Logan boys will come down here for the game Saturday. The game will be called promptly at 3 o'clock Saturday afternoon on the University campus.

GREAT TIME IS LOOKED FOR

The question of officials has been settled, and with but little difficulty, Madison of Logan and Odell of Salt Lake will boss the game. The selection is a good one and everybody should be satisfied.

'Varsity Boys Getting Ready for the Aggies on Saturday.

Some changes are to be made in the 'Varsity line-up for the game Saturday with the Logan Aggies. An overboard is to be placed at right half, and Brown will come from behind the line back to the line. Wednesday morning the boys were all out for some hard work yesterday and showed up remarkably well. They will be in good shape to meet the Aggies on Saturday.

THOMPSON MEANS BUSINESS.

Manager of Athletic Club Lays Down Few Good Rules.

A fairly good audience, as Tabernacle audiences go, came out in the rain last night to greet the distinguished contractor of the Metropolitan Opera company, Miss Carrie Brice. Truth be told, she was not a very good actress, but she was a very good manager. She laid down a few good rules for the audience, and they were all followed.

Hart did better work in the last round, but he was not able to get a knockout. Root was the victor in a hard-fought battle.
