#### M. I. A. STAKE CONFERENCE

Three interesting meetings held in the Tabernacle Sunday.

Addresses by Elders H. H. Roberts, E. B. Anderson and Mrs. Anna Y. Gates—Good Work Done.

The Young Men's and Young Ladies' Mutual Improvement conference was held Sunday in the Ogden tabernacle.

There were very interesting sessions were held in the morning, afternoon and evening.

The morning session was an officers' meeting, where reports were received from the various parts of the Stake, and valuable instructions given upon the subject of Mutual Improvement work.

The afternoon meeting convened at 8 o'clock, Superintendent John L. Herriek presiding. Music was furnished by a select chorus of 100 voices made up from various wards. Reports were made by the secretary of both associations, and an increase in the attendance was noted and that a more thorough study had been accomplished during the past year.

During the past year, Sister E. Y. Gates was the first to give the offering. There is too little effort made by mothers to teach their children to pray, and to instruct them in the principles of the Gospel. Sister E. Y. Gates often drudge their lives to give their children an education, time for pleasure and the like, and to implant in the minds of their children the glorious foundation principle of salvation. She said that gifts of money, music, oratory, etc., are all of little value, but that in cultivating these gifts and advantages the raising of the soul, that which cannot be lost, is the object.

Elder E. H. Anderson was the next speaker. He said that the work of Mutual Improvement is growing rapidly in the matter of the estate of a young man and women who are interested in the cause, there would be nothing impossible in the accomplishment of good, and he appealed to the necessity for the children to be in harmony with the church, so that all may work in unity for the advancement of the work of Zion.

Brother L. W. Shurtliff made a few remarks.

#### EVENING SESSION.

After the opening exercises Sister E. Y. Gates addressed the meeting, and gave timely instructions to the young ladies, urging greater attention to their duties, so that home may be as joyous and happy by their ministrations.

A beautiful solo was sung by Sister Mary Farley.

Brother H. H. Roberts next addressed the membership. He read several passages from holy writ, which refer to the kingdom of God and keeping His commandments and to the honoring of father and mother. He then dwelt at length upon these subjects, saying that all things that were being neglected in the kingdom of God, it was the duty of the church to remedy.

Brother H. H. Roberts was an Ogden resident.

Free papers were run in by the police.

John F. Burton of Afton, Wyo., is in city for a few days.

LOGAN.

Chief Society Conference—New Roadway to Mendon.

Special Correspondence.

Logan, Cache Co., May 20.—The regular conference of the Salt Lake society of Cache Co. was held at the Salt Lake tabernacle yesterday, two interesting and profitable sessions being held. In the morning session addresses were made by Messrs. E. B. Anderson, E. Y. Gates and Mrs. Anna Y. Gates. In the afternoon session, addresses were made by Messrs. E. B. Anderson, E. Y. Gates and Mrs. Anna Y. Gates. The speakers were well attended. The speakers

## NEW ROADWAY TO MENDON.

After considerable delay, the county commissioners have finally secured through right of way for the proposed new county road from Logan to Mendon, and the contract for building two bridges along the route has now been let. Work on the bridges will be commenced at once.

## CLOSING OF SCHOOLS.

The city schools will close next Friday, May 25th, and most of the week will be taken up with examinations, closing exercises, etc. The graduating class will give a program in the opera house on Wednesday or Thursday evening, and Friday will be observed as field day.

## FOR SCOTFIELD.

The concert Friday evening netted about \$75 for the Scottfield relief fund. Artistically, the concert was a grand success, a number of leading artists and organizations of the city and county contributing their services.

## TORTURED A WITNESS.

Intense suffering was endured by witness T. L. Martin, of Dixie, Ky., before he gave this evidence: "I caught every night until my throat was nearly raw; then tried Dr. King's New Discovery which gave instant relief. I have used it in my family for four years and recommend it as the greatest remedy for Coughs, Colds and All Throat, Chest and Lung troubles. It will stop the worst cough, and not only prevents but absolutely cures Consumption. Price 50c and \$1.00. Every bottle guaranteed. Trial bottles free at Z. C. M. I. Drug Dept.

### DEATH OF SAMUEL PEERY.

Ex-Mayor and County Commissioner—Funeral of James Manwill.

Special Correspondence.

Payson, Utah Co., May 20.—Ex-Mayor Samuel Peery died last night after suffering for over two years from a severe complication of rheumatism and heart trouble. Mr. Peery came here in the early 60's, and has been an active citizen of this county ever since. He was a member of the board of county commissioners three years ago, and held that office as well as all other offices he has held with much credit to himself. He was a man of great energy and while his death has not been unexpected for some time, Payson feels that she has lost one of her most stable and public spirited citizens. He leaves neither wife nor children. His wife died some years ago, and her death seems to have been the beginning of the troubles that caused his collapse last evening.

The funeral services over the remains of James Manwill were held in the tabernacle yesterday at 2 o'clock.

## RICHFIELD.

### District Court Matters—Serious Accident—Teachers Entertained.

Special Correspondence.

Richfield, Sevier Co., May 20.—District court was in session yesterday and the following business was transacted before Judge McCarthy:

Jens N. Jernsten, a native of Denmark, and Anthony Boyke, of Austria, were admitted to citizenship in the matter of the estate of Ralph McPadden, deceased, final account of administratrix is allowed and approved, and P. D. Schoeber appointed a commissioner to divide the real estate for distribution.

Hannah Frandsen, of Elsinore, on her own petition was appointed guardian of the persons and estate of Nyletha, Edgar and Rudolph Frandsen, minors.

W. F. Alimus was appointed guardian of the persons and estate of Bessie and Carl Clay Astimus.

In the Hendrickson estate, hearing on petition for removal of administrator was held over to June 1st.

In the matter of the estate of John Peery, a motion to make complaint more specific overruled and ten days given in which to answer.

In Busk vs. Stewart, demurrer to complaint was argued and submitted and taken under advisement by the court.

In McMillen vs. Christensen hearing on motion to discharge attachment was had and order made that animals attached be released or a bond of \$1,000 be given as indemnity.

James H. Schreiner, et al., order made extending time to answer until June 4th. Court adjourned to Monday next.

## SCHOOL CONCERT.

The concert given by the public school children last Friday evening was a complete success in every particular. It gave a vivid presentation of early American history in a nutshell, the character costumes were well high praised by the judges, and the singing creditably rendered. The effort certainly reflected credit upon the teachers, as well as upon the pupils taking part.

## SERIOUS ACCIDENT.

Last Friday evening Mrs. O. K. Saulsbury, an elderly lady of this city, met with a serious accident. Her son, hitherto an untamed horse to a light buggy and started for town with his mother. The horse had no control and the animal began to run and kick viciously. It kicked Mrs. Saulsbury breaking her leg between the knee and ankle, and threw her from the vehicle and by the fall the lady sustained severe injury in the back. A little girl that was riding in the buggy was somewhat bruised but not seriously hurt, while the son escaped injury.

## TEACHERS ENTERTAINED.

The public school teachers were royally entertained by Mr. and Mrs. Geo. M. Jones last evening. Various kinds of games were played and delicious refreshments served.

## FILLMORE.

### The Big Water Suit Still Before the Court.

Special Correspondence.

Fillmore, Millard Co., May 19.—The district court convened again yesterday and the following proceedings in the water case, involving the rights of the parties along the Sevier river, were heard. The Deseret Irrigation company, one of the plaintiff corporations, had concluded the evidence on their part and the Leamington Irrigation company, the other plaintiff corporation, called the following witnesses, to-wit: C. Overton, August Nelson, Amel Johnson, and John Talbot. Their testimony was substantially the same and established the fact that until the last seven or eight years they had had sufficient water to properly irrigate and their crops, but that recently there had been a partial failure, owing to a shortage of water which they claimed had been diverted from the river higher up the stream.

The plaintiffs rested their case and Mr. John M. Cannon, representing the Deseret Irrigation company, called the following witnesses, to-wit: Lucius Cardon, William B. Bates, and John Benson. Their testimony was substantially the same and established the fact that until the last seven or eight years they had had sufficient water to properly irrigate and their crops, but that recently there had been a partial failure, owing to a shortage of water which they claimed had been diverted from the river higher up the stream.

ed with the same since its organization. He furnished some data with reference to the dimensions of their reservoirs and canals and the quantity of water they had stored for the last ten years.

Wm. Black testified that all the water which the defendant company had was obtained by reservoiring the same during the winter and early spring months and that recently it had been insufficient to irrigate their land.

Today's session was still busy taking testimony in the big water case. McIntyre has put in his defense and the Wellington Canal company is putting in its testimony at the present time; the probabilities are that the case will continue for two days yet.

A large number of our citizens left Holden today to attend conference, which will be in session today and tomorrow; Apostle Lyman will be there to give some instructions to the Saints in his usual good-natured manner, which the people appreciate very much.

The regular session of the district court will convene next week with a large calendar of cases; the probability is that this coming term will be longer than any preceding for some time past. There will be two criminal cases and considerable civil work to dispose of.

## A Woman's Awful Peril.

"There is only one chance to save your life and that is through an operation" were the startling words heard by Mrs. I. B. Hunt, of Lima Ridge, Wis., from her doctor after he had vainly tried to cure a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. A wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite, Try It. Only 50c. Guaranteed. For sale by Z. C. M. I. Drug Dept.

## COALVILLE.

### Setting of Cases for June Term of Court.

Special Correspondence.

Coalville, Summit Co., May 18.—Judge Norrell came out from Salt Lake City this morning and made the following setting of cases for the June term of court:

June 4—State vs. J. W. Neel; felony.

June 5—Park City vs. W. W. Cluff; misdemeanor; appeal from city justice of the peace.

June 6—Margaret Linden vs. Anchor Mining Co.

June 7—Daily West Mining Co. vs. Anchor Mining Co.

June 8—Edwin Coates vs. U. P. R. R. Company.

June 9—Florence Emma Williams vs. John H. Williams.

The court appointed H. S. Townsend and J. M. Lockhart to defend J. W. Neel, accused of a felony.

## KANOSH.

### Holding Wool for Better Figures—School Closing Festivities.

Special Correspondence.

Kanosh, Millard Co., May 18.—Several of our local shepherds have concluded to hold on to their clips for a while in hopes of better figures. At present rates some seventeen thousand dollars' worth of wool was clipped on the borders of our town.

One of the most successful sessions of the district schools closed here today. Mr. Layette Hopkins as principal has been ably assisted by Miss Maude E. Crane and Mrs. Rachel Bennett of Meadow. The closing exercises were indeed a revelation to the older people who attended them, as their memories carried them back for some thirty years to the log cabin and the barefooted students, in contrast to a little army of uniformed soldiers and sailors under command of "Admiral Dewey," who all testified to his and their undying love for the old flag. There were little songs and reciting in a very creditable manner and all clad in robes of comfort and fashion. Some little ones looked bewitching as fairies, and all told of the grand procession of progress being made on every hand by the residents of our grand pioneer mountain State.

Our present crop prospects are very encouraging.

## MOAB.

### Death of Miss Addie Taylor—Wedding Chimes.

Special Correspondence.

Moab, Grand Co., May 17.—Miss Addie Taylor, daughter of Mr. and Mrs. Arthur A. Taylor, was called from this sphere of action on the morning of May 15th, being in her 17th year. Miss Taylor has been a very diligent pupil in the Central school and was fully prepared for graduation from the eighth grade. And should her life have been spared, would, in company with a number of other pupils from the same class, enter our State University, where she has a sister (Miss Eva), attending at the present time. The funeral took place from the opera house, which was very tastefully decorated with beautiful flowers. From the crowded appearance of the valley, almost every family in the valley must have been represented, showing the host of friends who sympathize with the bereaved ones.

## WEDDING BELLS.

A marriage license was issued on the 11th inst. to Alonzo M. Ricketts, 28, and Mary E. Stewart, 22, both of Moab; the marriage ceremony was performed by Bishop D. A. Jensen.

License was also issued on the 16th inst. to W. A. Hamlin, 42, of Dewey, and Mary E. Stewart, 22, of Moab; the marriage ceremony was performed by Bishop D. A. Jensen.

A Number of Excursions to Eastern Points Announced.

## FOR THE BIG CONVENTIONS

What It Will Cost to Go to Kansas City and Philadelphia—Railroad Notes.

The railroads have about completed their schedules of excursions from Salt Lake to the East, and fixed the rates, which are here given and will prove of interest to many:

Republican national convention at Philadelphia, round trip \$43.50, selling dates June 13 and 14, good until June 30.

Democratic national convention Kansas City, round trip \$39. Selling dates June 13 and 14, good until June 30.

Prohibitionists national convention, Chicago, Round trip, \$42.50. Selling dates June 23 and 24. Good until July 5.

Convention of women's clubs, Milwaukee, one fare, plus \$2, for round trip. Selling dates June 1 and 2. Good until June 30.

Baptist Young People's union, Cincinnati, one fare, plus \$2. Selling dates July 1 and 2. Good until Aug. 10.

National Educational association, Charleston, S. C., one fare plus \$2. Selling dates July 1 and 2. Final limit not yet fixed.

National Republican League, St. Paul, one fare plus \$2. Selling dates July 13 and 14. Good until July 24.

Knights of Pythias, Detroit, one fare plus \$2. Good until Sept. 17. Selling dates Aug. 23 and 24, good until Oct. 2.

In addition to the rate put in recently for the school teachers will be in effect on June 5th, good until Sept. 5. It will be as follows for the round trip: Omaha, \$22; Kansas City, \$22; Chicago, \$44.50; St. Louis, \$37.50; Minneapolis and St. Paul, \$39.50.

## The Lagoon Opening.

Manager Bamberger has contracted with Olsen's auctioneer to furnish mules at the Lagoon this season, opening on Memorial day, when the annual road race will be run to this resort. The Lagoon will establish a cook and parcel car, and will also have a number of new buildings erected at the grounds and made other improvements this spring. The rolling stock has been thoroughly overhauled.

## Depew Not In It.

A New York dispatch today says: In reference to the statement of J. Edgar Hoover, U. S. attorney general, that the Havana railroad, Senator Chauncey M. Depew said last evening that he had never heard of the Manhattan construction company. I own no stock in any enterprise connected with the underground," he said, "and I have not a dollar invested in any corporation in Cuba."

## RAILROAD NOTES.

Evanson is to have a new and handsome depot building.

The Trans-Missouri Freight association will meet here on June 10.

W. C. B. Allen has gone to the Seven Devils country to write it up for the Pacific and Idaho Northern.

Judge Adams has issued an injunction commanding the St. Louis street car strikers to refrain from interfering with the mail cars.

The recent introduction of a great number of Japs as section hands along all the Western roads has called forth a big protest, not only from white railroad laborers, but from all classes of citizens. About 250 have been put between Laramie and Green River, and many of the old section bosses have quit, refusing to work with the Japs. The little brown men will not be put on the mail cars.

Feetall Tribune: The Negus party of surveyors that has been running lines for a railroad west across the State from a point on the Burlington east of Wheatland, is now in the vicinity of Medicine Bow, where the line passes through the Laramie mountains by way of Hallow canyon and in a southerly direction paralleling the grade of the Burlington's Gurnsey extension. From Medicine Bow the line will run in a northwesterly direction.

The statement that there was to be a conference between President Cassatt of the Pennsylvania railroad and President Perkins of the Chicago, Burlington & Quincy systems regarding the possibility of the absorption by the Pennsylvania of the Burlington or Atchafson systems were vigorously repeated. Statements to this effect have never been credited in financial circles in this city.

A St. Louis dispatch this afternoon says: The influx of non-union men from other cities to take the place of striking street car motormen and conductors continues. As yet arrive there are no indications of a strike; there were nine of the graduating class; the presentation of diplomas was made by County Superintendent Irwin, the Stake house was well filled with the parents and patrons of the school; interesting exercises were creditably rendered, assisted by the Manassas band. The program consisted in part of recitations, essays, music, class-poem and songs. R. L. Coffey, the principal, is greatly proud of his class, to which he has devoted earnest efforts.

Farmers are much encouraged by the favorable outlook. Occasional showers have given grain a good start, the weather has been too cold for rapid growth but no killing frosts have occurred.

An agreeable reception to J. C. Dalton, Jr. and Miss Haynie on their return from the Salt Lake Temple, given by the parents of the contracting parties, was greatly enjoyed. Over one hundred guests sat down to the dinner table, and the program ball at night was participated in by almost the entire ward and others from contiguous settlements. All passed off pleasantly, with many happy wishes to bride and groom.

## KEMMERER, WYOMING.

### Supposed Case of Smallpox Taken to Pest House.

Special Correspondence.

Kemmerer, Wyo., May 20.—One case of smallpox was reported here yesterday, but the doctors are doubtful whether it is a real case of smallpox or not. The one afflicted is a man called Big Henry, a gambler, who corresponds does not know him by any other name. He was quickly taken outside of city limits to a pest house, and it is believed there is no danger to the community of Kemmerer.

## NO R. R. TICKETS FOR CHINAMEN

Cannot Travel by Rail East from San Francisco.

## BUBONIC PLAGUE DOES IT.

The Health Commissioner of Chicago Thinks That and Cleaning Up Will Keep the Plague Away.

A Chicago dispatch to the "News" today says:

Regarding the possibility of the plague making its appearance in Chicago, the commissioner of health was of the opinion that such a thing was not probable if the railroads running out of San Francisco have been instructed to refuse to sell tickets to Chinese residents wishing to leave the city, as has been stated to be the case by Surgeon General Wyman, U. S. A.

The railroad inspection service ordered for San Francisco and the enforcement of the interstate quarantine law will, says the commissioner, make the occurrence of the plague in Chicago practically impossible.

As a precaution, however, the health department has had the alleys in Chicago's worst localities overhauled and cleaned. These places harbor and breed the germ, and their sanitary inspection, in the opinion of the commissioner, will prove as good a preventive of the plague as inoculation by the serum virus.

"I do not think there is cause for alarm that the bubonic plague might occur in Chicago," said Dr. Reynolds. "If Chinese from San Francisco's Chinatown quarter were allowed to leave there and come here, there would be grave cause for activity on our part. If any of the Chinese should be smuggled out I should feel apprehensive, but if strict inspection of the railroads is maintained it makes Chicago practically immune."

## Passed It Up.

Boise Statesman: The directors of the chamber of commerce yesterday passed the Midland bond proposition up to the Board of Finance. On their decision rests the entire future of the entire Midland question so far as Boise is concerned unless some new plan shall develop. At present it is believed to be the intention of a majority of the directors to drop the matter of the financing give the bonds the cold shoulder. Some still believe, however, that sufficient money can be raised to take the bonds even should some of the
