

# MINING, BUSINESS AND STOCKS.

## CENTURY WAS STRONG TODAY.

Sale of 100 Shares Recorded This Morning at \$2.54.

MAMMOTH IS VERY FIRM.

Star Con. and Ajax Were Weaker—May Day Stiffens Up—Joe Bowers Higher.

The mining stock market was quite active today with prices generally quoted a little lower. Ajax was the first stock traded in. Sales were made as low as \$1.15, with the closing sale going at \$1.15. Creole participated at 41, while Daily West released 5 shares at \$36.00. Dexter sold down to 63. Dalton & Lark let go an odd lot at 94. Lower Mammoth loosened up 400 shares at \$2.50. May Day opened at 82, and sold up to 83. While Silver Shield hung around 4. Star Con. was much weaker. Sales were made as low as 42, though the stock afterwards reacted to 43. Swansea sold at 33.50, while Ben Butler sold down to 34. Century released 100 shares at \$2.54. Joe Bowers dropped 2,000 shares at 5, while Tetra sold up to 14. Star Con. opened at \$2.55, and afterwards sold up to \$2.56. West Morning Glory was traded in at 3, while Martha Washington fluctuated between 3 1/2 and 4.

The closing quotations were as follows:

Rheumatism is conceded to have its origin in a poisoned condition of the blood and to be most successfully treated by HERBINE, which acts upon the liver, kidneys and other blood purifying organs, thereby diverting the system of the offending acids. Price, 50 cents. Z. C. M. L.

## EASTERN EXCURSION FOR ALL

VIA THE BURLINGTON ROUTE.  
On June 11th and 12th round trip tickets will be sold as follows:  
To Omaha and all Missouri river points.....\$32.00  
To St. Paul and Minneapolis.....23.75  
To St. Louis.....28.50  
To Chicago.....44.50  
All tickets good returning until September 30, 1901.  
Pullman Palace and ordinary sleeping cars through without change to Omaha, Chicago, Kansas City and St. Louis via the Rio Grande Western and Burlington Route.  
Perfect Dining Car Service, a la carte plan. Free reclining chair cars.  
For sleeping car reservations or for further particulars please write to, or call on, R. F. NESLEN,  
General Agent,  
79 West Second South Street, Salt Lake City, Utah.

## GOLD FROM THE PLANETARY MINE

Samples from the 100 Level Show Abundance of Free Gold.

THE VEIN IS VERY LARGE.

To Work Atlanta Mines—Utah Dividend—Yankee Con. Meeting—Notes from Other Camps.

Some very rich samples of gold ore have just been received by J. H. Clive from the Planetary mine of Park Valley, which he and others have bonded for a good round sum. Some of the rock was taken from the drift on the 100 level, which is entering a very good grade of ore on the hanging wall. Samples taken from a 5-foot breast were panned today and showed an abundance of free gold, some of it being quite coarse. The vein has been crosscut on this level and found to be 52 feet wide between the two walls, which are composed of mica schist and granite. An average sample from the face of the drift showed between \$16 and \$20 in gold per ton though smaller streaks of ore occur in the vein which assay as high as \$63 per ton. The ore is identical in appearance with that found in the Century. To the naked eye the free gold is not discernible, but when panned an abundance of golden grains disclosed. A small force is engaged in crosscutting from the 170 level, which is the bottom of the shaft. The ore is highly oxidized and gives promise of eventually becoming as rich as a mine as the Century, its neighbor.

### Developments at the Fortune.

A small force of three or three men is employed at the Fortune mine of Bingham, but Manager Hill expects to be shortly starting a larger force. The present force is engaged in making air connection between the Freedom and Keystone tunnels. The mine, as is known, has been opened up by a series of tunnels driven on the vein. Air connection has been made between the lower tunnels and the present mine is between second and third tunnels. A fine body of copper ore is here reported running as high as 38 per cent. The vein is from 2 to 12 feet wide. A 4-foot body of the lead ore has also been encountered lately. With the present financial difficulties adjusted, Mr. Hill says the mill can easily be made to turn out some money. During the last month's run just before the mill closed down last December, the company is said to have cleaned up about \$5,000. The company has been notified by the Jordan Narrows Power plant that it is now prepared to supply power, and it is expected the Fortune people will be able to adjust matters that they may resume operations at an early date.

### Utah Directors Meeting.

The directors of the Utah Mining company are scheduled to meet tomorrow, at which time action will be taken on the May dividend. The Utah is responding very nicely this year and the long wagon haul to the railroad and it is fully expected that a dividend of two cents a share will be posted at the meeting. The company has just marketed a car of ore for \$2,675 and another car of similar ore is now on the way to market. In addition to this the teams are on their way to the mine for another 30 tons of ore.

### Yankee Con. Meeting.

A special meeting of the shareholders of the Yankee Con. Mining company is called for tomorrow afternoon to consider the proposition of increasing the capital stock so as to take in the Humboldt purchase by the Franklin Syndicate. The control of the Yankee Con. is also in the hands of this syndicate and there is no doubt as to the outcome. The stock will be doubled to 500,000 shares and of this amount 250,000 shares will be turned over to the Franklin Syndicate, who will also receive a share in the new company for every Yankee Con. they now hold. The stock will have a par value of \$100 per share.

### Interested in the Mining Congress.

W. H. Savidge, assistant secretary of the International Mining Congress, has returned from a visit to Portland, Spokane and the Coeur d'Alene mining section, says the Boise News. He says the people of the sections he has visited seem to be more interested in the congress than the people in Boise. The mining cities visited are said to be very anxious to arrange for excursions of the delegates present at the congress, to visit their sections, and be their guests, and visit their mines.

### Kanosh Mines Active.

Kanosh, May 23.—The "Old Spanish Mining Company" located east from Kanosh, are silencing all doubters about the value of their property. They now have a road made from this town to the mine where they now have sixteen men employed. Yesterday Mr. R. M. Keen, one of the original locators and present manager of the company bought for cash from Mr. Rick that gentleman's saw mill in the vicinity of the mines of Rick will in the future work for the Old Spanish Mining company.

### Location Notices Filled.

Provo, May 24.—The following notices of mining locations have been filed with the county recorder:  
Pine by W. T. Snyder et al.; May Day Extension, Glacier and Pyrite, by John Cleghorn et al., all located in Silver Lake mining No. 2, in Lehi mining district, by W. T. Snyder, Coleman, Kaolin and Kaolin C. Coleman et al.  
The new placer diggings at Republic, while yet in the prospect stage, are said to be turning out about \$100 per day. The Spokane Review, says D. C. Jackling, of Mercur fame, was at the mine where they now have six prospecting is still going on and colors are being found in several places in the vicinity.  
Start Work in Old Atlanta Mines.  
The Boise (Idaho) News says that the Golden Age Mining company will put a force of twenty men at work on its properties at Atlanta next week. These things have not been worked for some fourteen years owing to litigation and their former output is not

## MARKET SOME DEPRESSED

Purchasing Outstripped Liquidating Sales and Gains Were Made.

Sharp Drive at Union Pacific, Which Was Well Supported—Market Strong in Last Hour.

### MINING NOTES.

W. G. Piler is back from the Annie Laurie at Gold Mountain.

A shipment was reported today from a mine near Reno, Nevada.

A car of ore was on the market today from the Utah Queen of Dry Canyon.

The Ophir Hill was on the market today with eighteen cars of concentrates.

Engineer Burke of the firm of Dele-Rich & Burke has returned from Modena.

The Columbia of Bingham will market two cars of copper concentrates tomorrow.

The friends of Duncan McViehl will be pleased to know that his health is improving.

The Conklin sampler reported two cars of ore from Tintic and two from Bingham today.

The Taylor Brunton sampler reported nineteen cars of ore from Stockton and one from Nevada today.

Judge Morris Sommer left for Park City this morning to examine the St. Louis-Ontario and East Ontario properties.

The last shipment of cyanides from the Horseshoe at Fay, Nev., is said to have run higher than usual going up to \$100 per pound.

F. H. Lathrop, who has just returned from Bingham, reports work being pushed at the New Mammoth without any special change.

Ben Luce has been elected a member of the listing committee of the Mining Exchange in the place of Moses W. Taylor, who has resigned.

Three cars of Red Wing ore were on the market from the Teachenoe lease, which is to be relinquished on June 1st. The company will thereafter operate the property.

Mr. P. L. Kimberley was closeted in W. F. Snyder's office all the morning considering several deals which are likely to mature during the next few days.

Superintendent Craig of the Yampa, reports a flow of about thirty gallons of water in the lower tunnel of the property which is now in 200 feet. The flow was struck yesterday.

Baker City Democrat: Arthur Buckbee, manager of the Virtue Consolidated mines, returned yesterday from a business trip to Salt Lake and went out to the Virtue mine yesterday afternoon.

Moab Times: The last foot of the 100 feet shaft on the Grand View shaft, near Pinhook, under the contract let some ago by the Grand View company, opened into a fine body of ore.

Austin Reveille: W. B. Andrew and G. B. Lake, mining men, arrived from Salt Lake Tuesday night and went up to Galena yesterday to inspect the Nevada company's property at that place.

An excursion to Park City on Sunday is being worked up by Will Higgins and J. T. Fulton. The round trip will be \$1.50 and the train will leave Salt Lake at 9:30 a. m., going around Park City at 7 p. m., returning. It is expected that by treating many citizens will avail themselves of the opportunity to see the bonanzas of the camp.

Boise Statesman: Frederick Irwin, superintendent of the work of the War Eagle company at the Sinker creek tunnel, who spent a couple of days in Boise, says that the tunnel is now in 400 feet and is being pushed on into the heart of War Eagle mountain at the rate of nine feet a day. The length of the tunnel when completed will be 5,000 feet. It is expected after the 5,000-foot mark has been passed the tunnel will be out some of the big ledges that produced so much wealth in the early days as the result of operations nearer the surface.

Wm. H. Child, Stock Broker, 409 Dooley Block. Telephone 694-2.

## THE STANDARD.

Do you have the Standard Dictionary in your library or school room? If not, you are not up to date. It is the largest, best edited, best printed, best bound, and most modern work in all respects yet issued. Only a limited number on hand. Address the Deseret News.

## BANK STATIONERY

And printing specially attended to at the Deseret News Office. Estimates promptly furnished. Rush orders a specialty.

## BUTTER AND EGGS

Chicago, May 23.—On the produce exchange today the butter market was firm; creameries, 14 1/2; dairies, 11 1/2. Cheese—92 1/2. Eggs—11.

New York, May 23.—Butter—Receipts, 6,100 packages. Market steady. Creamery, 15 1/2; factory, 12 1/2. Eggs—Receipts, 12,400 packages. Market steady; western ungraded, 11 1/2; 12 1/2; western selected, 12 1/2.

"I have been suffering from Dyspepsia for the past twenty years and have been unable after trying all the systems and physicians to get any relief. After taking one bottle of Kodol Dyspepsia Cure I found relief and am now in better health than I have been for twenty years. I can not praise Kodol Dyspepsia Cure too highly," thus writes Mrs. C. W. Roberts, North Creek, Ark.—F. C. Schramm.

Children who are weak, fretful or troublesome should be given a few doses of WHITTE'S CREAM VERMIFUGE. They will then become strong, healthy and active, have rosy cheeks, bright eyes, will be happy and laughing all the day long. Price, 25 cents. Z. C. M. L.

## A Warning.

To feel tired after exertion is one thing; to feel tired before is another. Don't say the latter is laziness—it isn't, but it's a sign that the system lacks vitality, is running down, and needs the tonic effect of Hood's Sarsaparilla.

It's a warning, too—and sufferers should begin taking Hood's at once. Buy a bottle today.

Piles are not only most painful, but also very dangerous, as the inflamed nodules are very apt to take on malignant action and cancer of the rectum is produced. They should be cured. TABLER'S BUCKEYE PILE OINTMENT will cure the most obstinate cases. Price, 50 cents in bottles. Tubes, 75 cents. Z. C. M. L.

## UTAH, IDAHO, THE WORLD.

Three new maps, just issued, Utah and Idaho on one side, the World on the reverse side, including population of counties and towns according to the 1900 census, with a brief sketch of every country in the world. Size 7 1/2 x 11 inches. Price, 75 cents. Sent to any address for 25 cents. Address The Deseret News.
