The tornado crossed the Arkansas rives within five miles of Little Rock, causing a waterspeat. A tornado struck Fourche dam at 5 o'clock this afternoon within five tables of Little Rock, killing one and injur-ing several others. The two houses were demeilished and one was de-stroyed by five after it had been blown to bits. This tornado traveled morth-ceast and swept a clean path about 40 yords wide. The wind was followed by a violent bail and rain storm. At Kert the farmhome of E. B. Alarne was blown down and Adams was perhaps futally injured.
