Fire Destroys Cars—Hobbes built a fire in a D. & R. G. freight car in North Salt Lake last night, and it resulted in the destruction of 13 cars valued at \$30 each.

Autoist Arrested—Ambrose Lindsay was arrested last night by Patrolman Simpson for exceeding the legal limit of speed with his automobile and Lindsay was released on \$20 bail.

Teachers' Institute—A teachers' institute will be held tomorrow noon, in Judge Lewis' court room, when Miss Fostale Pollock, primary supervisor of the city schools, will speak on primary work.

Plans for New Plant—The directors of the Utah Packing company met yesterday afternoon and considered a plan for financing the company so that the burned packing plant may be rebuilt. The new plant will be a duplication of the old one.

Critchlow Named—It is understood that John Q. Critchlow will succeed M. B. Whitney as manager of the Utah Implement company, and that when this is done, the suit for insolvency brought by stockholders in Judge Morse's court will be dismissed.

Dance Called Off—Owing to the fact that there are numerous cases of diphtheria in the neighborhood, the dance scheduled for this evening in the Second ward, to be given by the lower priesthood, has been postponed indefinitely and the meetinghouse has been closed for 10 days.

New Organization—The Upchurch club is the name of the new organization formed last night, to take the place of the late A. O. U. W. order in this city. In honor of the late John Upchurch, who founded the order in 1868, in Pennsylvania. Fifty persons joined the club, and it is expected that the number will be doubled.

Students' Constitution—The students of the state normal school at the university adopted a constitution yesterday afternoon. The nature study class of the school has completed its library on the subject. The library contains many valuable text and reference books and bulletins from agricultural stations and reports from agricultural colleges.

Electricity Stolen—A young man named W. G. Workman is under arrest on the peculiar charge of stealing electricity. It is alleged that young Workman ran wires around the meter in such a manner that he could light his house without the meter registering the amount of electricity used. Workman will be tried before Justice Dana T. Smith on Tuesday next.

Big Bear slain—A big brown bear was killed at the Reclamation service camp in Spanish Fork canyon, the other day, by a shot from a .22 caliber rifle. The workmen ate up the bear and had a regular feast. There are quite a number of bears reported in that vicinity, so that the government employees are cautious about going out at night.

Noted Architect Here—Edmund R. Krause, a noted Chicago architect, is at the Kenyon, on a western trip, and expresses the belief that Salt Lake can be made one of the most attractive cities in the country. He thinks there is room for improvement in the style of Salt Lake business houses, and urges that six storehouses high enough for any business structure here. Very high buildings destroy the symmetrical proportions of a city.

McWhirter Bakery—The McWhirter brothers, Alexander and William, have picked out a location for their new bakery on Main street, between South Temple and First South street. The lease has been drawn up, and they expect to open their shop on Dec. 1. Later it is their hope to open a cafe and this was their original intention before they met two money policemen and the Salt Lake chief of police, who left them \$9,000 poorer than they were when they arrived.

PROSPECTOR LOST ON THE DESERT

Partner of Missing Man Files Petition for Letters of Administration.

SEARCH WAS MADE IN VAIN.

Missing Man's Partner, Thorvald Orlob, and Officers Were Unable to Find Charles Lawson.

A petition for letters of administration of the estate of Charles Lawson, an aged prospector who is believed to have lost his life on the Deep Creek desert last June while hunting for his horses, has been filed in the Third district court by Thorvald Orlob, who was a partner of Lawson for many years. Lawson and Orlob were camped at Fish Springs last summer doing some work on mining property, and one evening the horses strayed away from camp. Lawson went out to look for them while Orlob cooked supper. Lawson did not return that night but the next day the horses returned and his partner started out to search for him.

Being unsuccessful in his efforts he returned to camp and then rode to Tooele City, where he notified Sheriff Evans of the disappearance of Lawson. The sheriff organized a searching party and scoured the country for miles, but was unable to find any trace of the old prospector. It is believed that he wandered around on the desert until overcome by thirst and succumbed.

Orlob notified Lawson's mother in the old country of the probable death of her son and promised to close up his estate if the court will permit him and send her the money. The estate consists of \$3,600 due him as salary as manager of a mining company for which he was employed, insurance in the Danish Brotherhood amounting to \$250 and personal property valued at \$400.

CROUP.

A reliable medicine and one that should always be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the croupy cough appears. There is no danger in giving it to children for it contains no opium or other harmful drug. Judge by all druggists.

JUDGE MUMFORD PRESIDED.

Today Charge Yesterday of the Juvenile Court.

The juvenile court was presided over yesterday by Judge Mumford of the Murray juvenile court, owing to the absence of Judge Willis Brown. One boy was committed to the state industrial school but sentence was suspended provided his father, who is in Ely, Nev., will send for him and take care of him. The boy's name is Robert Hildebrandt, and he was charged with stealing a watch and suit case from the Salt Lake Trading Stamp store. Hildebrandt told a boy who worked at the store that he had no place to sleep and induced him to let him sleep in the store. During the night he stole the articles mentioned and departed with them.

POOR SEWER FACILITIES.

Health Conditions Bad in Southern Towns as Result.

Inspector Clark of the state board of health reports finding in his southern trip lack of sewer facilities in the smaller towns, which proved injurious to local health, particularly the school children. At Milford Dr. Clark found many consumptives who were careless in caring for themselves so that they were continually endangering others. He recommended a general cleaning up of the town, and enforcement of sanitary measures. At another place he found disreputable slaughter house conditions calling for legal interference.

SWEET CHARITY MAKES MANY DANCE

Society Gives Grand and Brilliant Ball at Salt Lake Theater For Needy Poor.

GALLANT MEN. FAIR WOMEN

All Contribute to Make the Occasion An Affair Long to be Remembered—Working Committees.

Since the inception of the efforts for the great charity enterprise under charge of the St. Mark's Hospital association, nothing else of a social nature has approached it in interest and importance; and it is saying all that need be said to state the event itself, justified all the attention and deference paid to it. The theater was a fitting place for the big affair, no other auditorium being spacious enough to accommodate the large throng gathered there. Fully one thousand people attended the ball last night, and the gathering with its representative men and women, in full dress and in their bright surroundings made a truly brilliant scene. From the rear of the stage to the parquet railing was laid the dancing floor, and at the far end of the stage the supper tables were laid, all aglow with decorations of ferns and flowers. Opulent, over the parquet circle, was a platform barked with palms and flowers, where the orchestra was stationed, and all about were the national colors, draperies, the bunions, pillars and chandeliers. The stalls were filled with parties, those who bid successfully for these special reservations each taking gaily. Punch was served in the large stage boxes with Mrs. C. H. Peersall and Mrs. Grant Smith presiding, assisted by Miss Louise Putnam, Miss Gertrude McGrath, Miss Minnie Wingate and Miss Laura Sherman. A page of description would hardly suffice for all the beautiful costumes worthy of note, for every woman there was handsomely gowned, and the shimmer of silk and satin in delicate evening shades, with the filmy clouds of dainty chiffons and rich laces made a charming picture.

The various committees who worked so industriously for the event must have been fully satisfied with the splendid result both in social and financial ways; while they themselves deserve the congratulatory of the public on the brilliant fruition of their work. The general change of the affair was in the hands of Mrs. Windsor V. Rice, Mrs. George Y. Wallace, Mrs. Sol Seidel and Mrs. F. S. Bascom. Mrs. Grant Z. Smith, Mrs. J. T. Harris, Mrs. Charles Post and Mrs. T. B. Beatty were the committee on tickets. Mrs. Seidel and Mrs. Rice had charge of the punch tables. Mrs. Samuel Paul and Mrs. Ed. Kimball were the committee in charge of the supper.

Kenneth C. Kerr acted as floor manager for the ball, with George M. Lawrence, W. H. Shearman, M. S. Hannauer, James Salisbury, Ernest Hamberger, Dr. Keller and John S. Critchlow assisting.

CHAMBERLAIN'S PAIN BALM.

There is no danger from blood poisoning resulting from a cut or wound of any kind, if Chamberlain's Pain Balm is used. It is an antiseptic dressing and should be in every household. For sale by all druggists.

SAW WOMEN VOTE.

An Unusual Sight for Washington and Philadelphia Ladies.

(Special to the "News.")
Cheyenne, Wyo., Nov. 8.—Mrs. Engelman and Miss Clark came from Washington and Philadelphia respectively to witness what to them is the unusual sight of women voting at the polls. The young ladies had heard much of woman suffrage in Wyoming, and desired to be present to witness the effect of women participating with the men in the election of men and women to state, county and city offices. Mrs. Engelman and Miss Clark are the guests of Senator Warren, who provided them with carriages and attendants that they might go from one polling place to another and make personal observations. The young women are highly pleased with what they saw, and will return east with a report in which they will compliment the women of Wyoming and approve of woman's suffrage.

WARD ENTERTAINMENTS

Twenty-second Ward—The first of a series of dances to be given at the Twenty-second ward amusement hall, under the direction of the ward amusement committee, will be given Friday evening, Nov. 16. A floor committee of representative young men is working out the details and assure a good time to all who attend. A standard orchestra will be in attendance.

Leave Salt Lake 8:30 a. m. Returning leave Eureka 7:00 p. m. Soccer Football game at Eureka for the state championship. Big purse. Good game. Don't miss it.

Good hot or good cold. Good every day or Sunday—MOUNT'S Pork and Beans.

AMUSEMENTS.

Theater—Seats for the "Checkers" will be placed on sale tomorrow morning at the box office of the theater.

Orpheum—Despite the counter attraction of the Charity ball, the Orpheum bill was presented to a crowded house last night. Tonight being "society night" a good turnout is expected, and most of the house is already engaged.

Wanatch Rink—The concert by the Royal Hawaiian band, added to the skating, form a strong magnet at this place of amusement.

Grand—The prompter played a prominent part at the Grand last evening, on the occasion of the presentation of "Wedded But No Wife." Some of the performances were not well up in their lines, this being particularly true of E. L. Dewey. The situation was amusing, but not very satisfactory to the audience. The play itself is all right, but with a few exceptions was not in the best of hands. Miss McCabe was pleasing, both in song and in acting. A fairly good house was in attendance, and with the exceptions noted, seemed to enjoy the performance. The next attraction at the Grand will be "The Convict's Daughter," which is a sensational melodrama that seldom fails to draw a heavy patronage.

Lyric—"Northern Lights" is new in its closing nights, and the usual matinee will be given tomorrow.

ALWAYS WAS SICK.
When a man says he always was sick—troubled with a cough that lasted all winter—what he really means is that he never was well since using Ballard's Horehound Syrup. Such a man exists. Mr. J. C. Dewey, of Salt Lake, has a severe cough that would last all winter. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me.
Druggists, 12 and 14 South Main Street.
