## Gen. Eldredge's Will.

It was stated in the NEWS on Monday that Gen. H. S. Eldredge's will was filed for probate. A morning contemporary contradicted the assertion, and this morning stated that he left five shares of Utah Central stock to an institution of learning controlled by the Church, and the interest on ten shares additional for ten years. The statements made in the NEWS were correct, and the testator, instead of leaving Utah Central shares, bequeathed to the educational institution referred, to five Utah Central bonds, to the value of \$1000 each, and the interest on ten similar bonds ... We would have made no reference to the mistakes of our contemporary had it not been requested by those interested for the estate.
