RUSHFORD WAGON

MANUFACTURED BY THE

WINONA WAGON COMP'Y.

Our General Manager, H. M. KINNEY, has spent two seasons in Utah, for the special purpose of learning the needs of the Territory in the Wagon line; and now after carefully preparing to meet them, we offer the Rushford Wagon to the trade. It is made of thoroughly Seasoned Timber, of the best quality, strongly ironed, and we know it will stand. We fully appreciate the severe climate and roads of this market, and have made a Wagon with special reference to them. A full assortment can be found with our General Agent, J. W. LOWELL, at Salt Lake City and Ogden. Hoping to merit the patronage and confidence of the trade of this country, we are

AMERICAN.

Returned to Work.

NEW YORK, 5.—Fifteen hundred boiler makers returned to work this morning.

The Plasterers Win.

The plasterers strike has been successful in obtaining the wages asked, $3.50 per day.

Conkling.

Washington specials say: If any human being has any doubt that Conkling resigned with the distinct intention of being re-elected, there is but circumstantial evidence on the subject, which Conkling might call out by addressing another letter to Senator Jones. The senator said it was a legend of the Senate, accepted on all sides, that when Cameron, of Wisconsin, took Conkling's seat, which he now occupies, it was after consultation with Senator Jones and Conkling.

Mysterious Double Murder.

MOORHEAD, Minn., 5,—The bodies of two murdered men, Mr. Washington and Mr. Feherback, were found in Redeye, 17 miles north of Perham on Saturday. Washington was killed with buckshot and Feherback had his throat cut and a bullet wound in his left cheek and a wound from a club. Washington was a surveyor and lived in Bay City, Michigan. Feherback lived near here. John Tibbet, aged 15, is suspected of the murder.

Shutting Down all the Mills.

CINCINNATI, 5.—The action of the iron workers at the meeting on Saturday night having amounted to a virtual declaration for a general strike, on the ground that the committee which made agreements last fall with the mill owners, had exceeded its constitutional power, there is a shutting down of all the mills. President Jarrett has been sent for, and either his presence or a message from him is expected at a meeting to be held this afternoon.

FOREIGN.

The Trouble at Cairo.

CONSTANTINOPLE, 5. — Besides Dervisch Pasha, commissioner, and Lebi Bey, assistant commissioner, Ashmed Esead Effendi, second assistant commissioner, and Bilmey Bey, attache to the commission, sailed for Cairo. All foreign ambassadors were summoned to the Porte last evening, and informed of the dispatch of the commission, with the object of endeavoring to effect a reconciliation between the Khedive and Arabi Pasha, and to restore order.

Lord Dufferin, British minister, telegraphed the Earl of Granville that in view of the Sultan's action in sending a commission to Egypt, a postponement of the conference was desirable.

A rumor is current that the Porte has dispatched circulars to the powers, in which it endeavors to show that a conference would be inopportune. Said Pacha, minister of foreign affairs, when receiving the ambassadors last evening, expressed himself to a similar effect.

Home Again.

QUEBEC, 4.—Princess Louise arrived last night in the *Sarmatian*. Her Royal Highness is in excellent health. The mayor read a congratulatory address in French, and in the same language Her Royal Highness responded, expressing the pleasure she had in returning to Canada. Louise was plainly attired in a very narrow striped gray waterproof ulster and hat trimmed with black satin and plush. The only ornaments were small earrings and plain pearls. The Princess enjoyed the voyage very much, suffering very little from seasickness. The Princess was loudly cheered as the vessel approached the wharf.

Cremation Suspended.

ROME, 5.—The French Chamber of Deputies adjourned as a mark of mourning, produced an excellent impression.

Ricciotte Garibaldi and Major Canzo arrived at Caprera. Preparations for the cremation of the remains are suspended. The doctors are expected to arrive this evening.

A Solid, Old Centenarian.

LONDON, Ont., 5.—Within a mile of Avon, resides a venerable man named George Norris, the oldest man in this district, having passed his 103d birthday. He is still hale and hearty, and thinks seriously of emigrating to the northwest the ensuing summer to take up land. At 75 years of age Mr. Norris was in his prime, and celebrated his 100th birthday by cutting half a cord of wood and husking corn the balance of the day. His age can be verified by old settlers here. Norris comes of a long lived family. His grandfather lived to be 106 and dropped dead while plowing in a field on his farm. His grandmother was 107 at the time of her death, and walked four miles to make a visit before her demise. His own father lived to be 103, and his mother has a brother living at Port Huron, who is a smart old man, yet able to enjoy a ride on the cars.

Prince Henry Coming.

BERLIN, 5.—Prince Henry, son of Crown Prince Fredrick William will visit America in October.

"So Do Rats."

TORONTO, Ontario, 5.—At a political meeting at the Amphitheatre, Sir John McDonald said: I am opposed to Chinese labor in America, for I do not think it is for the permanent interest of Canada to bring in semi-barbarians to work out and supersed white labor." (A voice, "How is it they do come?")

"Well, they do come, and so do rats, I am pledged to build the great Pacific railway in five years and if I cannot obtain white labor, I must employ other."

BRIEF TELEGRAMS.

The reunion of the army of the Potomac next week, will be a brilliant gathering. Sherman, Sheridan, Grant and many others will be present.

At Hudson Hot Springs to-day Geo. Sly resisted arrest by a Mexican posse, killing two Mexicans. He was then riddled with bullets by the Mexicans.

Advices are received that Maurice R. Clander, general agent in St. Louis of the Charter Oak Life Insurance Company, was drowned yesterday near Humboldt, Ks.

A new system of telegraphic orders and train signals went into effect on the Northwestern Railway Sunday. A new time card for next Sunday does not provide for a fast mail as expected.

Prof. W. Frank Stewart died at the Crawford House, Boston, this morning, after a short illness. Previous to 1879 he lived in California and Nevada for many years, where he was miner, editor, State Senator and mining expert. For the past year he has been interested in Maine mining interests.

Sunday week Butterfield, Arkansas, was excited over the report that little Annie Bridges, aged 13, was repeatedly outraged by three negroes. The story was denied, but now comes the report that these negroes were captured Saturday night and identified by the girl and Sunday night hung to a tree by a mob.

The vote in the city of Portland, is nine above that of two years ago, the interior being pretty equally divided. The majority of the city is generally about that of the State. The democrats generally concede the election of George to Congress. The majority in Multnamah County, in which Portland is situated, was 1,157 two years ago. The republicans estimate it this year at 1,800, and impartial estimates this evening give the republicans a majority of from 500 to 1,200. There is a bare possibility of Shattuck, democrat, being elected a Supreme Judge.

The oft-repeated alliance between the Colorado branch of the C. B. & Q. road and the Denver & Rio Grande seems about to be confirmed. Two hundred men, to-day, are connecting the tracks of the two roads in this city, running over land owned by the Denver & New Orleans Company. The rumored magnates of the two roads held a secret consultation at Colorado Springs yesterday. It is generally believed here that the tripartite arrangement will soon be ruptured. An open war, in a few days, is apprehended by many.

LITTLE COLORADO STAKE CONFERENCE.

The quarterly conference of the Little Colorado Stake of Zion convened at Saint Joseph on the 27 h and 28th of May, 1882.

There were present, from the Eastern Arizona Stake, President Jesse N. Smith and Elders J. Kartchner and Isaac Turley, and from this Stake, the Presidency, Bishops of all the wards, High Councilors, and other prominent brethren.

Saturday, 10 o'clock a. m.

After opening exercises, President Lot Smith gave an account of his late visit to Utah, and spoke upon the condition of the Latter-day Saints generally.

He was followed by President Jesse N. Smith, who spoke upon the effects the repressive measures enacted by Congress would have upon the Saints, admonishing all to beware of pride and infidelity, and to hold fast to the faith. Concluded with reading the xi chapter of Hebrews, exhorting the Saints to copy after the noble examples we have before us, in the exercise of faith.

2 p. m.

The time was spent in hearing reports from Bishops A. L. Farnsworth, of Moan Copy; Rial Allen, of Tonto Basin; L. M. Savage, of Sunset, and J. H. Richards of St. Joseph, and remarks were made by Elders S. M. Farnsworth, J. Lee and J. Kartchner.

Sunday, 10 o'clock a.m.

After opening exercises the general Church authorities were presented and sustained, also the authorities of this Stake, with the home and Lamanite missionaries, were presented and sustained, and John Bloomfield, Samuel Garn, Peter Nielson, Aser Pipkin, and J. K. P. Pipkin, were called as missionaries to Savoia, New Mexico.

The clerk then read the quarterly statistical reports of the Stake and of Sunday schools.

Remarks were made by Elder I. Turley, Counselors W. C. Allen and John Buchman, Elders G. B. Gardner, Sen., F. G. Nielson, and Prest. Lot Smith.

Sunday, 2 o'clock p.m.

After opening exercises sacrament was administered.

President Jesse N. Smith spoke of the signers of the Declaration of Independence, as men who were inspired of God to perform that work, this being a promised land, and referred to the declaration of God, that those who would not keep the commandments upon this land should be cut off, when the cup of iniquity was full. Pointed out the fulfillment of the declaration of the Lord that no kings should be set up upon this land, in the failure of Maximilian to establish himself as Emperor of Mexico, although supported by some of the greatest powers of Europe. Contrasted the difference of public sentiment in regard to murders and seduction in the days of the rising up of this Church and now. Showed the hypocrisy of those who levelled weapons against a people, who are infinitely their superiors in point of morality.

President Lot Smith made the concluding remarks, expressing pleasure at seeing Saints from the distant Wards of Moan Copy and Tonto Basin present; thanked the singers for their efforts, and the Saints of St. Joseph for their hospitality and kindness, and exhorted all to faithfulness in doing their duty, parents looking after the welfare of their children.

Conference was then adjourned until the 26th of August, 1882, to meet at Sunset.

Respectfully,
T. G. NEILSEN,
Clerk of Conference.

The accountant for Messrs. Walker & Maxey, Gardiner, Me., Mr. Robert Gould, recently wrote: "About one year ago I was taken with the genuine sciatica. I employed the best physicians, but they could only relieve me for the moment. Finally I used St. Jacobs Oil and was entirely cured."

HALL'S VEGETABLE SICILIAN HAIR RENEWER

This standard article is compounded with the greatest care.

Its effects are as wonderful and satisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all eruptions, itching and dandruff; and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.

As a dressing nothing has been found so effectual, or desirable.

Dr. A. A. Hayes, State Assayer of Massachusetts, says of it: "I consider it the best preparation for its intended purposes."

BUCKINGHAM'S DYE,

For the Whiskers.

This elegant preparation may be relied on to change the color of the beard from gray or any other undesirable shade, to brown or black, at discretion. It is easily applied, being in one preparation, and quickly and effectually produces a permanent color which will neither rub nor wash off.
