# THE CHANCES IN CURRENCY

It is Proposed to Further Strengthen the Gold Standard.

RETIREMENT OF CURRENCY.

The Senate's Executive Sessions Sustain Another Attack-Effort to Preserve Historie Landmark.

Special Correspondence.

Washington, Jan. 3 .- Representative Hill of Connecticut believes that the Thomas, Eardley, E. H. Davis, present session of Congress should not adjourn without taking some positive action to strengthen the gold standard of the country. The legislation passed by the previous Congress, which many believe firmly fixed the gold standard as a system of currency, he says, has not yet been tried, and, while he does not want to be an alarmist or calamity howler, a few years of hard times and a panic would demonstrate the necessity of further legislation. The remedies which he suggests, briefly summarized, are the retirement of the greenbacks, so that there can be no "endless chain;" stopping the coinage of silver dollars and coin all the bullion now owned by the government into subsidi-ary coin, for which there is at many times a demand greater than the sup-ply, a demand that occurs periodically, Mr. Hill has prepared a bill for this purpose which he will urge upon Congress. He also suggests a system of currency through state clearing houses. with government supervision, which, he says, would be fully as satisfactory as our rational bank notes, but does believe the time is opportune for the legislation now.

> SUPPORT OF THE DEPARTMENT. It is believed that Governor Shaw when he becomes secretary of the treasury will lend his earnest support to any project which will strengthen the gold standard, while Mr. Gage has said that he will continue to urge such legislation and believes that he will be fully as effectual outside as he was in-side the department. Secretary Gage has declared that the greenbacks could be retired now and not create a ripple upon the financial lake. The gold sur-plus in the treasury could not be exhausted in taking them up, he says, because it would take several years to get all the greenbacks in. It is the opinion of Mr. Hill that the people throughout the country do not now hold the greenbacks as sacred, as they did a few years ago, when there was talk of re-firing them by reducing or repealing certain features of the Dingley tariff. of course there are some Republicans he would be greatly embarrassed if Two years ago | matter to vote, as the is reason enough why the war taxes should not be collected longer

AS TO EXECUTIVE SESSIONS, Shortly before the Senate adjourned for the holidays Senator Clapp of Min nesota offered a resolution to have the executive sessions made public. "The papers print the proceedings," he re-marked, "and they might as well have all there is in them, and there would be no discrimination." The old senators smiled. Many a time have heard a new senator make this sam proposition. Many a resolution of the and has gone to the committee on rule where it remains forevermore. Senator Clapp has been here longer will cease to long for open doors. The other senators have, and every easy to move the pyramids as to change the rules of the Senate.

HISTORIC POINTS IN MARYLAND. Representative Pearre of Maryland is making an effort to have the ernment preserve some of the old land-marks of colonial Maryland. He has introduced two bills, one for a military park at old Fort Frederick and anoth er for a monument at the point where old Fort Cumberland stood. Both the points were made historic in the Indian wars. Braddock in his westward march camped at both points. Washington was at these forts several times That something should be done to preserve these old landmarks is a fact be cond dispute, but whether the state or nation should undertake it is a uestion Away up in New York old Fort Ticonderoga is falling into decay, and only the public spirit of the present owner prevents the historic stones from being converted into time. The necessity for preserving these places will grow as time goes on, but in many cases it will be too late.

PROPOSED LEGISLATION. Representative Lloyd of Missouri has introduced a bill for a delegate from Alaska. As Hawaii has a delegate and Porto Rico a commissioner, there are men who think the big territory should

have equal rights. Representative Kern of Illinois has a bill to prohibit Chinese from entering Porte Rico or the Philippines or other "colonial possessions of the United States." We have been using the term 'colonial" in our official documents. Representative Henry of Connection would make sweeping changes with a bill "for the reclassification of posta matter, the reduction of postal rates with free collection and delivery of th rilealarly applicable to cattle of edium quality and the range of prices America, the insurance of all mail matter and for the establishment of a

#### AS TO MAJOR MYTON.

What the Vernal Express Has to Say Of the Matter.

Agent Myton had a lengthy interview n the Dezeret News a few days ago in which he claimed James H. Mease was the "big chief" in opposing the minerallease and that Mease was trying t secure a lease on the mineral land and in consequence was wrathy. He also stated that the mineral lease was practically ratified at the present time and it was of no use for the people of this county to kick. While it begins to look like the scheme was working after the plans of the Myton crowd that gentleman may find himself completely knocked off his high perch should out affidavits and statements reach Washington in time and an investigation be demanded by the Utah congressmen That it is a scheme and outrage which has been quietly worked up during the past two years everybody in this county firmly believes. The interest Mr. Mease is taking in the matter perhaps comes from the fact that he is better acquainted with the dirty work that has been going on on the reservation for several years and therefore, is to be reservational. years, and therefore is in a position to take a more active part.—Vernai Ex-

MONEY TO LOAN. A FEW HUNDRED DOLLARS AT LOW Interest on farm property. Call or write, 143 North Main. T. Kilborn.

For all you people who are paying rent. Why not stop this rent paying and own a home of your own for less money?

The National Home-Seekers' Association has already contracted to buy homes for lifty people in Sait lake City, and at least that many p ople who have been paying out their good hard money for years for the privilege of living in some one clae's house, will soon know the joys and advantages of living in their own home, and paying a less amount each month than they were paying as rent. Thousands of others have this same opportualty if you will but accept it. In three months from now, all you people who are now standing back and walling to see how the others come out, will be saying. "I wish I had started sooner." The quicker you make tho start, the sooner you che convert that rent bill ince a home of your own. Please compare the following figures with those of loan companies and then take your choice:

\$1.00. Mo. payments \$1.50. \$5.00 printing. ON PIANOS, OFFICE OR HOUSEHOLD furniture; no removal; 159 % Main St; room 2. ON COMMERCIAL STOCKS AND AP-proved collateral. Mountney, 161 Main St. On any kind of property. You retain pos-session and pay any part at any time. The J. T. Stringer Co., 34 W. Second South. choice:

\$3,000. Mo. payments \$27.50; \$35.00 principal.
\$10,000. Mo. payments \$53.00; \$30.00 principal.
\$10,000. Mo. payments \$53.00; \$30.00 principal.
Would it not be easier for you to make these payments on your own home than to be paying out a like sum each month that you haver expect to see again?
Please stop and consider this question carefully, and if it is of interest to you, do not delay but come at once to the Association office for full particulars. We have offices all the way from Chicago to the Pacific Coast. 1 LOAN ONLY MY OWN MONEY; NO commission, no third party, no eastern company, no delay, low rates, many options Russel L Tracy, 22 Main.
