FRAGMENTS.

THERE is a large attendance at Conference.

OGDEN has sent the first instalment of Booth tickets.

THERE will be a lively sale of tickets for Edwin Booth's performance.

THERE are now six cases of diphtheria and four of scarlet fever in the city.

THIS morning's trains for Provo were heavily loaded with people going to Conference.

THE latest commercial reports will be found, carefully prepared, in the columns of the NEWS.

HELD'S corocet, band in the Twentieth Ward, promises to draw a large and appreciative audience.

THIS morning another case of diphtheria was reported. It is in the family of John Alford, No. 80, Centre Street.

ANOTHER case of diphtheria was reported this afternoon in the family of Edward Fletcher, 426 w. Third North Street.

HENRY MARGETTS, ex-Probate Judge of Bear Lake Co., Idaho, is in the city for a few days, the guest of his brother, the comedian Phil. Margetts.

JAMES CLAWSON, who has been in the employ of Christian Christianson, of Hunter Precinct, is wanted on a charge of disturbing the peace and threatening to kill Christianson.

MARRIAGE certificates arranged in accordance with the provisions of the Edmunds-Tucker law, neatly bound in lots of 100 with stubs, or single, for sale at the NEWS office.

THERE was another death from diphtheria in the Nineteenth Ward last evening, in the family of Wm. M. Shepperd. The victim was a five-year old girl and the funeral took place to-day. This is the second death in the family.

THE trial of Louis Steen, for the murder of Homer J. Stone, at Price, on January 21, is in progress at Provo. The evidence given does not differ materially from that adduced at the examination in this city, and published at the time.

A YOUNG man of this city who has suffered severely from tape-worm, applied to Dr. Elvira S. Barney, at 145 First East Street, for treatment a short time since, and obtained relief from his affliction yesterday. The worm measures over 30 feet in length.

IN the Third District Court this morning, in the suit of John A. Groesbeck et al. vs. George A. Mcears et al., the counsel for defense submitted an amended answer and asked that it be filed. The plaintiffs were allowed till 2 p. m. to make objections, and court took a recess.

THE residents of Seventh South Street object to flocks of sheep passing that way, and want the City Council to remedy the nuisance. What other street ought to bear the whole burden is not stated. Seventh South is not the only thoroughfare afflicted from the same cause at the present time.

THE NEWS received the dispatch in relation to the burning of the barracks in London before 2 o'clock this afternoon; the dispatch was dated 4 p.m. This is not presented as a startling occurrence, because such things are common now; but would anyone have believed it a generation ago? And are not other things coming which this generation will not believe now?

THIS morning David W. Leaker, of the Eleventh Ward, was brought down from the penitentiary and taken before Commissioner McKay, where, after an examination, he was discharged from custody. He has served six months under a conviction of violating the Edmunds law, and 30 days additional for the fine imposed.

THE new arrangement of running the street cars creates general dissatisfaction. The management have gone from one extreme to the other. If they would "split the difference" and curb one driver who beats his mules almost to death and hourly violates the ordinance against fast driving, the public would have much less cause for complaint.

THE Burton-Gardner Company are making quite a boom in the fence line. The people are commencing to appreciate the value of their combination fence, which is now being manufactured in this city and at Provo and Nephi. Machines for fence-making will be shipped in a few days to Logan and Beaver, the presidents in the latter district being convinced that they have at last found something to protect their farms and fields from rabbits.

Real Estate.—In to-day's NEWS appears the advertisement of George M. and John M. Cannon, who have opened a real estate, loan and collection agency at No. 39 East Temple Street. Both members of the firm are young men, and are well known as enterprising and reliable. Parties dealing with them will find them thoroughly competent in this line of business, and may feel assured of fair and honorable treatment.

Probate Court.—Business in the Salt Lake County Probate Court yesterday:

In the matter of the estate of Edward King, deceased, an order was made appointing time and place for the hearing of the petition of A. Warren, asking that he be appointed administrator of said estate.

The marriage certificate of Robert Morris Wilkenson and Maud Stevenson, bearing date of April 4, has been filed with the Probate Clerk.

Matilda Counsel has been appointed administratrix of the estate of William Counsell, deceased.

William B. Tripp, of Sandy, has applied for letters of administration on the estate of Ezra W. Cummings, deceased.

Justice's Court.—In the Justice's Court for the Second Precinct, to-day, the following business was transacted before Justice Burton:

Joseph Obendorfer vs. John J. Shaw; judgment for plaintiff by default for $125 for clothing. Shaw will be remembered as the "dude" soldier who recently deserted, leaving a number of unsettled accounts behind him.

In the suit of the Salt Lake *Herald* vs. J. B. Keysor, judgment was given for plaintiff for $140 for rent.

A motion for a rehearing in the case of H. Wilding vs. J. Jones, was argued and submitted. In this case the plaintiff sold a cow, to one party, who sold it to the defendant for $50, giving plaintiff an order for $25 on the defendant in part payment. Mr. Wilding now sues for his $25 on this order, and Mr. Jones refuses to pay it, as he says the cow was not as good as was represented to him.

THAT "INDUSTRIAL HOME."

An Inmate Tells of the Cruel Treatment She Experienced.

DR. WOODS' STORY NOT YET TOLD.

Our readers will remember with what a flourish of trumpets was inaugurated the "Industrial Home in the Territory of Utah, to provide employment and the means of self-support for the dependent women who renounce polygamy, and the children of such women of tender age in said Territory, with a view to aid in the suppression of polygamy therein." For this object Mrs. Newman induced Congress to appropriate $40,000, and after a great deal of worry and noise the alleged "home" was started with a board of management composed of Henry W. Lawrence, Mrs. Charles S. Zane, Mrs. Jeannette Ferry, Mrs. Martha Campbell and Miss Martha Locke, and a matron, Mrs. Dr. Wood, who was imported from the east.

Up to the present time four women have entered the "home," and two of these have left, alleging ill-treatment as the cause. One of them says she would have left long before but that the matron threatened to take her children from her. The complaint of one of these ladies has been submitted to Governor West, and is as follows:

SALT LAKE CITY,
April 1, 1887.

STATEMENT OF MIRANDA BOSS CONCERNING HER TREATMENT AT THE INDUSTRIAL HOME.

I went to the Industrial Home on the 7th of December, 1886, and took my son Franklin, aged 9 years October 22d, 1886, with me.

My son Joseph, aged 18 November 1st, 1886, and my son Heber, aged 16 August 30th, came to the home about one week before Christmas, and we have all been there ever since. We were so very destitute that the clothing of all four of us would go into one small trunk, and this clothing was in a very much worn condition. I have done Dr. Woods' washing since New Year's and Mrs. Cavendish's personal washing ever since she has been there; also all the personal washing of the nurse and the table and linen for them, and I have

DONE ALL THE WASHING

for my own family, including our beds; and I have helped to do the washing for the home dining room. There has been laundry work taken into the home, and I did this work for five weeks until my health gave way. One week there was twenty-six dozen pieces and afterwards there was a great deal of heavy washing—quilts, bedspreads and large table linen; do not know how many pieces in all nor how much was paid in for it, for Dr. Wood never would tell me; she kept the accounts, and after five weeks I insisted on my pay and was given $11, which is all the money I have ever had a chance to earn in work furnished at the home. The most of the washing was done for the Methodist boarding school. Since Dr. Wood had her separate dining room, I have done all her dining room work and waited on her, and Mrs. Cavendish and the nurse ever since they came there. I have received no pay for this work. My treatment has been so

UNKIND AND CRUEL

day after day that I cannot stand it any longer. I have been repeatedly told that if I did not like the treatment I received I could leave the home. Dr. Wood told me if I left the home it would ruin my character and that I could not take my children with me, saying to me, "I want you to understand that if you leave this home you can never take a chick nor child with you." The same statement was made to another woman and we were so ignorant we believed it until my friend Mr. Woodward asked Governor West if it was true and he said "No." We thought

WE HAD TO STAY

on account of our children. I have had furnished by Dr. Wood one pair of cloth house shoes, a woolen hood, a pair of mittens, yarn for one pair of stockings, two cotton undershirts, the quality which costs 50 cents apiece, and Dr. Wood gave me an old cloak of hers.

My son Joseph has had given him by Dr. Wood from the home supplies one flannel overshirt, one flannel undershirt, cotton flannel for two pairs of drawers, which I made for him. My son Heber has had the same amount of clothes; also a pair of shoes, one pair of pants and one suit of clothes, which Dr. Wood said cost $15 (fifteen dollars). Both boys had some school books furnished, and went to school about three months, at the Tenth Ward free school. My son Franklin has had a good suit of woolen clothes, material for two pair of cotton pants and two flannel waists, one pair of leather shoes and one pair of woolen house shoes, a woolen cap and a pair of mittens. He was sent to the Presbyterian school. His tuition and books were furnished. All three of the boys had a cheap silk handkerchief given them at Christmas.

I have been a poor, hard-working woman all my life, but I

NEVER SUFFERED SO MUCH

in the same time in my life. I thought I was going to a home and a refuge but I have found it was not.

MARINDA C. BOSS.

Subscribed and sworn to before me this fourth day of April, 1887, and I certify that Mrs. Marinda C. Boss declared upon oath that she signed the above statement of her own free will and choice; that she could not write sufficiently well to pen the same herself and the body of the statement was written at her request.

GEORGE D. PYPER,
Justice of the Peace,
Salt Lake City.

Miss Georgia Snow makes the following statement:

SALT LAKE CITY, April 4, 1887.

Governor West, Chairman of the Board of Control of the Utah Industrial Home:

Mrs. Miranda Boss made the foregoing statement (signed by her and herewith attached) to me—and as she is unable to write sufficiently well to write the statement herself, I, at her request, wrote it for her.

On March 26th, 1887, she made a similar statement to me, but as she had no home whatever to go to, she asked me not to speak of it until she could make arrangements to go to friends in Idaho. I promised to respect her confidence and to try and help her to some clothes and some money to pay railroad fare. I have solicited both clothes and money from my friends but have not as yet got enough money to pay her fare to her friends. Mrs. Boss came to me to-day for protection and help. She is

SICK FROM ILL-TREATMENT,

and is suffering so from fear of Dr. Wood, that I have given her a home until I can hear from you. Her statement is similar to other statements made to me by other inmates of the Home, and from my own personal acquaintance with Dr. Wood, I believe them to be true. GEORGIA SNOW.

Subscribed and sworn to before me, this 4th day of April, 1887.

GEORGE D. PYPER,
Justice of the Peace,
Salt Lake City.

Rather Heavy.—Miss Vinnie Naylor, of this city, is undoubtedly the biggest little lady in the western country. We have formerly printed an account of her avoirdupois, but she goes on increasing. She has just turned eleven years of age, and concluded to see how the figures stood; so yesterday she put herself upon the scales and held them down to the extent of 151 pounds! Who can do any better than that anywhere?

Booms.—Now that "booms" are becoming the order of the day, the following statement of a gentleman from Denver in regard to the recent boom in Cheyenne is interesting. He states that a short time ago some Denver boys from the Burlington office went to Cheyenne, purchased a number of lots, ostensibly for the Burlington Railway Company. A few days later they sent up a surveyor, who was said to be laying out the depot grounds, and when the boom was sufficiently active sold out their lots to Cheyenne parties, pocketing the difference and returning to Denver.

SUNDAY SCHOOL MEETING.

The regular monthly meeting of the Sunday School officers and teachers of the Salt Lake Stake was held on Monday evening, April 4th, in the Social Hall. It was largely attended, and a good representation from the schools of the city, as well as quite a number from the country wards, was present.

Good music was furnished for the occasion by the Twentieth Ward choir, led by Brother Wm. R. Lambourne.

A short address on "Duty" was given by Brother John Bennett, of the Twentieth Ward Sunday school. He briefly defined the subject by quoting from several writers, and showed the importance of discharging faithfully the duties we owe to each other, to ourselves and to our Heavenly Father, and pointed out a number of the general duties of mankind.

Next was an essay on "What to read, and how to read it," by Sister Cecilia Sharp, also of the Twentieth Ward. The lady held that most of one's reading should be from books that are instructive; that light reading should only be indulged in for recreation or amusement. The habit of reading fiction to excess, or to the exclusion of other matter, was folly, and tended to ruin the mind and memory. Several examples were cited to illustrate the evil effects of such reading; and an enumeration of several standard literary works, which might be perused with profit, was given. Some books required more careful reading than others, as it was necessary to consider more thoroughly their contents.

After singing by the congregation, an essay on "The Influence of Society," was read by Sister Belle Salmon, of the Twentieth Ward. It is in society that many of our habits are formed, and according to the nature of the company we keep would our habits be; by evil associations we become corrupt in our manners and morals. On the other hand, by associating with the pure and the good, we can improve our lives.

Brother Wm. Willes expressed his ideas about the conducting of Sabbath school reviews. The exercise upon such occasions were sometimes inappropriate, and foreign to Sunday school interests. This should be remedied by having the songs, recitations, etc., inspected by a committee before they were rendered.

Supt. Geo. Goddard spoke with reference to the same subject. He noticed of late a great improvement in the character of Sunday school reviews. He cautioned the teachers in regard to advancing doctrines to pupils which were beyond their comprehension.

A communication from Brother E. Stephens was read; it contained a report of the progress made by the class of alto singers in his charge. Those who belonged to the class had made such advancement in singing their part that he considered it unnecessary to continue the class any longer. He was still willing to give his services for the advancement of the Sunday school cause.

A vote of thanks was given to Brother Stephens for his labors in teaching the Sunday school children of this Stake the art of music.

Superintendent John C. Cutler suggested that, as quite a number of schools failed to commence their exercises punctually, the superintendents open school at 10 o'clock in the morning, whether the students were present or not. If the superintendent is absent, another officer or teacher should attend to this. This method, he believed, would be a good one to secure punctuality on the part of teachers and pupils.

The meeting adjourned for one month.

The songs to be sung by the congregation at the next meeting are "The Children's Song Prayer" and "Let the Holy Spirit Guide."

E. F. PARRY, Asst. Sec'y.

Another Charge.—P. D. Sprague is still in jail, he having been arrested on another charge in connection with the Douglass affair. This time the accusation is grand larceny, and the defendant is charged with having stolen Mr. Douglass' watch, valued at $75. The trial is to come off at 10 a. m. to-morrow.

The "Chamber of Commerce."—The following are the committee selected to report at the next meeting on organization, etc., for the "Chamber of Commerce:" Joseph R. Walker, W. H. Remington, Wm. S. Burton, Henry W. Lawrence, P. P. Shelby, W. H. Bancroft, Frank Jennings, F. Auerbach, W. E. Smedley, J. C. Conklin, R. Mackintosh, S. P. Teasdel, W. H. Rowe and H. L. A. Culmer.

Fine Stock.—W. L. White, of the firm of White & Sons, informs us of a heavy transaction they have just consummated. They have lately been dealing largely in Hereford stock, having sold a number of cows at $500 each. To-day they sold to Benj. Argyle, of American Fork, a thoroughbred imported Hereford bull for $1,000 in cash. This, we believe, is the largest cash sale of a bovine that ever occurred in Utah.

R. R. Wreck.—The following account is given of the accident which delayed the Central Pacific train on Monday last, near the Nevada line:

"As the train was coming through a twenty-foot cut a wheel flange on the second engine broke, which threw the forward part of the train from the track. The mail car was thrown over on the engine and literally smashed. The end of the express car was thrown up on the embankment and the baggage car was broken up. There were seven passenger coaches, but none of the passengers were injured. A tramp, who was stealing a ride between the mail and express cars, had both legs broken, and his injuries may prove fatal. Engineer Cox and fireman Armstrong crawled out of the wreck, slightly bruised, and were sent to the Sacramento hospital. Their escape was considered a miracle. The mails were badly damaged by water."

Edwin Booth.—Concerning this great actor, who begins his engagement at the Theatre on Tuesday evening next, we clip the following from an eastern exchange:

"Is there any actor whose career is consistent from the days of his New York failure as is Mr. Booth's? It is even consistent in its indifference. There is no more dignified figure to be writ down in dramatic annals. His record stands unadorned by any trick to secure advertising. He never was boomed as every other actor before the public has been. History will have to brush aside no fungus or newspaper talk to get at the truth of his artistic value. Mr. Booth's career is in this a unique one. His position is that of an actor. His record is that of acting. No amount of adulation has turned him from his course, and he has always shown silent contempt for the forms of praise so attractive to most actors. Mr. Booth was never a boqueted actor. So violent is his prejudice against such forms of adoration that he has at times seriously offended his admirers."

Intended Murder and Suicide.—Last night a person known as Al. Turner was placed in the city jail on a serious charge. About 10 o'clock he was walking along opposite the Continental Hotel, in company with a woman of "shady" reputation, known as May White, formerly of Cottonwood. The attention of the people in the neighborhood was attracted by the woman screaming "Come here, he's going to kill me." Several persons quickly appeared on the scene, and the nightwatchman took Turner into custody. When he reached the City Hall it was found that he had in his pocket a large cobble-stone and a formidable-looking butcher knife. The woman alleged that Turner told her he would first kill her and then himself, and was proceeding to put his threat into effect. A paper found in one of his pockets indicated that he had determined to murder her and commit suicide. The reason he gives is that she "got away" with $10 belonging to him. The case was set to come up before Justice Pyper this afternoon.

A Desperado's End.—Socorro (N. M.), April 3.—The Brown brothers, Wm. and John, who lately escaped from the St. John's (A. T.) jail, and are supposed to have been concerned in the late wreck of a train on the Atlantic and Pacific Railroad, have been in this vicinity for the past two days, and to-day John was captured and William killed by officers who were in pursuit. They were overtaken east of the Rio Grande, near this place, and when called upon to surrender opened fire upon the pursuing party. The fire was returned, which resulted in William being shot through the heart. Besides the train-wrecking, the Browns are wanted for the killing at Lynch and other crimes.—*S. F. Chronicle.*

THIS IS A FREE COUNTRY.

Young man, don't squander all your cash
On collars, ties and canes;
But buy some fish from Freeman's store
And cultivate your brains.

Let Edmunds work and Tucker talk
While all the others read;
But when it comes to selling fish
You bet I take the lead.

JOHN H. FREEMAN,
Is still in the van, having removed to
No. 324 EIGHTH EAST STREET,
Where all kinds of fish can be found at the lowest figures,
Wholesale and Retail.
Hotels and families supplied. Wagon calls every day at your door. Send in your orders.
