## MANY CANDIDATES FOR CITY OFFICES

Considerable Speculation Exists As to Who Will Receive Appointments.

## TWO BISHOPS ARE RELEASED.

New Bishopric Appointed at Plain City—Wedding Announcement of Popular Young People.

Ogden, Jan. 29.—There is considerable speculation as to what Mayor Conroy is going to do in making his appointments for the various city offices. Up to the present time he has not given out, even to his closest friends, who he intends appointing, and most of the heads of the various city offices which come under the mayor's appointment are very uneasy as to what he is going to do with them. There are going to be some changes made in the respective offices, that is certain, but just who the ax will fall on is uncertain. Rumor has it that Chief of Police Browning who has made one of the best and most efficient officers Ogden has ever had, is going to be reappointed, though some other changes in the police force will be made.

J. R. Payne is looking to be appointed as chief of the fire department, but whether or not he will land the plum, and Chief Graves let out, is quite uncertain. For city physician there seems to be two candidates who have strong constituents in the council. They are Dr. W. J. Browning and Dr. A. S. Condon and which one will secure the appointment and confirmation of the council is not certain.

For street supervisor Clem Martin seems to have the best prospect of landing that job, but the present incumbent Mr. Balch is of the opinion that he will succeed himself.

The general opinion is that Albert Power will again be appointed sanitary inspector, though Stanley Johnson is

Manager, E. A. Larkin, 468 2nd St. Telephone 133-k.

making a lively fight for the position. For the other appointive officers there are numerous applicants, and no one seems to have anything sure to give out on these positions. It is understood that the mayor and council will get together before the appointments are sent to the council and endeavor to agree on a list of names to be submitted, and that caucus may be held tonight just before council meeting and the appointments made at this evening's meeting.

## TWO BISHOPS RELEASED.

Bishop G. W. Bramwell of Plain City Succeeded by Henry J. Garner.

Ogden, Jan. 29.—Two Bishops of the Weber stake, Bishop George W. Bramwell of Plain City and Bishop Joseph H. Ward, of Liberty, were yesterday honorably released from the positions they have held for years. The Bishopric of the Plain City ward was reorganized with Henry J. Garner as Bishop, Peter Folkman as first, and Peter B. Green as second counselors. The Bishopric of the Liberty ward was not reorganized, but the counselors to the retired Bishop, James H. Ward and Warren Campbell, were left in charge of the ward.

## WEDDING ANNOUNCEMENT.

Next month, Miss Lillian Anderson, daughter of Mrs. Carl Anderson, and John Shurtliff, son of President L. W. Shurtliff, will be united in marriage in the Salt Lake Temple. The prospective bride and groom are among Ogden's most prominent and highly esteemed young people and prominent members of the Ogden tabernacle choir. Mr. Shurtliff is associated with his father in the coal business, and Miss Anderson is in the clerical department of W. H. Wright & Son's company.

## WILL MEET SUGAR BEET RAISERS.

During this week, Field Supt. John P. Greiner, of the Amalgamated Sugar company, will meet with the beet raisers in the following named districts for the purpose of signing contracts with them for this year:

West Weber, Monday, Jan. 29, at 2 p. m.  
Hooper Tuesday, Jan. 30, at 2 p. m.  
Kanesville, Wednesday, Jan. 31, at 2 p. m.  
Syracuse, Thursday, Feb. 1, at 2 p. m.  
Roy, Friday, Feb. 2, at 2 p. m.  
Saturday, at the company's office, Ogden.

## WEBER COUNTY SCHOOLS.

The Weber county board of education at its regular session Saturday heard the report of Primary Supervisor Matilda Peterson, who showed some good work being done in that department, and who reported that greater interest is being taken in it by both teachers and pupils.

Mrs. Dora Brown, teacher at the Plain City school, tendered her resignation because of failing health. Accepted.

Supt. W. N. Peterson reported that there are a number of children out of school and urged that the attention of the board be called to the fact in order that the delinquents might be brought into school. The officer was ordered apprised of the matter.

The clerk reported that a number of pupils from other counties are attending the Weber county schools and was instructed to collect a tuition fee of \$5 each and to discontinue the practice.

## BRIEFS AND PERSONALS.

The Primary association of the Third ward has arranged for an entertainment to be given in the ward armament hall Thursday evening.

The arewell benefit ball to be given next Wednesday evening at the Fifth ward hall in honor of Elder William E. Eccles promises to be a joyous event.

A. E. Pratt, who has been associated with C. C. Richards in his law business left yesterday with his family for Seattle where he will open up a law office. His many friends wish him success.

Joseph Sowercroft and W. G. Patrick of the firm of John Sowercroft & Sons company have gone east to New York and other markets to buy various stocks of goods for their big wholesale trade.

The funeral of Joseph H. Tribbe is being held this afternoon at the Third ward meeting place.

August T. Wright has returned from a visit east.

W. O. Jones and William Muller have gone east to look after certain business interests they have in Colorado.

"The Yankee Consul," a comic opera of merit, will be played at the Grand Opera House Thursday evening by a strong company.

Atty. Herbert R. MacMillan has formed a law partnership with Judge Andrew Howat of Salt Lake City to which place he will move in a short time.

Ogden was beautifully bedecked in white yesterday caused from the heavy fog of Saturday night which settled over the city, which froze during the latter part of the night.

## All Salt Lake City CHARITY SALE!

Tuesday—5% of the Total Sales will be given to the Salt Lake Charity Assn. and the Free Kindergarten

THE SALT LAKE CHARITY ASSN. was organized about a year ago. It fills a long felt want in this city—seeking and relieving the unfortunate and helping all worthy cases which are brought to its attention. The association is in a position to ascertain correctly the merits of every case presented, and no worthy person who is in need is ever turned away. It has secured employment and help for hundreds, and as long as the treasury remains intact, no deserving case will be refused aid.

At present the association is in need of funds, and those wishing to contribute, may feel sure that every dollar will be judiciously and justly spent. Capt. Wood is in close touch with the poor of the city and will investigate any case brought to his attention.

THE FREE KINDERGARTEN is a non-sectarian institution. It was organized to provide schooling for little tots whose parents could not afford to send them to school—many little ones come hungry and scantily clad. The society provides food for the hungry children and clothing when necessary. Through the children, many destitute families have been located and aided. A noble cause that deserves a hearty support.

The Ladies of the FREE KINDERGARTEN will Conduct a "Cookey Sale" on Tuesday.

The Charity Association and the Free Kindergarten will be represented Tuesday by the following ladies:

- THE FREE KINDERGARTEN.
- Mrs. L. E. Hall, Mrs. Elmer Jones, Mrs. Simon Bamberger, Mrs. J. M. Dalt, Mrs. Mary C. May, Mrs. McMahon, Mrs. Byron Cummings, Mrs. F. A. Richards, Mrs. Selton Clawson, Mrs. E. V. Silver, Mrs. E. O. Lee, Mrs. E. A. Vincent, Mrs. S. Siegel.
- SALT LAKE CHARITY ASSN.

## STANDARD OIL TYRANNY.

Uses Missouri Inquiry as Pretext for Refusing to Purchase from Producers.

Bartlesville, I. T., Jan. 28.—Orders have been issued by the Standard Oil company that hereafter only a third of the midcontinent field's output would be bought, owing to the fact that the Standard company will be prevented from continuing a buyer and transporter of petroleum through the proceedings instituted by Atty.-Gen. Hadley of Missouri. There is a production of 50,000 barrels daily.

The operators are organizing to send a delegation to see the Standard company's agents in Kansas City, since the enforcement of such an order for long would mean the suspension of all activity here soon. Failing that, they will go to Mr. Hadley to see if he intends to prevent the Standard from transporting oil across Missouri.

The committee will tell him that if the Standard is ousted from Missouri it will shut off the market for petroleum products in this field, because the pipe line from the midcontinent runs through a portion of Missouri. Already the reduction by two-thirds of the amount formerly taken by the Standard company has demoralized business and there are fears the Standard will cease entirely to take oil during the agitation.

## SMELTERMAN SUICIDES.

Clarence Long in Love and Jealous, Shoots Himself.

Great Falls, Mont., Jan. 27.—Clarence Long, a smelterman, aged 35 years, committed suicide here tonight in a room in a lodging house occupied by Miss Mary McKellett, with whom he was in love and of whom he was jealous. For several weeks his conduct has been peculiar. Tonight going to the room of the girl he found her about to go to a dance with another man and, drawing a revolver, he endeavored to shoot her. The man with the girl seized the gun, preventing Long from shooting, and Long then announced his purpose to kill himself. Being unable to reach the weapon from him, the girl and her companion fled from the room to summon help, but before they were out of the building Long killed himself. Long has relatives in the state of Washington.

## FARMERS' ASSOCIATION.

Plans Formulated for Permanent Organization—Favor National Affiliation. Special Correspondence.

Provo, Utah Co., Jan. 29.—The farmers of this vicinity met in the courthouse Saturday for the purpose of receiving the report of the committee appointed at a previous meeting to prepare and present a plan for organization. The committee presented the following report:

Resolved, That the farmers of Utah county organize themselves into an agricultural society, with local branches as may be decided upon later for the purpose of promoting all the agricultural interests of this county. That the society shall give special attention to the following lines of agricultural endeavor, viz:

- 1.—The obtaining of fair and equitable prices for agricultural products.
  - 2.—The dissemination of modern, scientific and profitable methods of producing crops.
  - 3.—The securing of equitable rates of transportation.
  - 4.—That we put forth our united efforts to induce our state Legislature to pass a law to the effect that agricultural shall be taught in our public and high schools.
  - 5.—The securing of legislation in the interest of agriculture.
  - 6.—The securing of new seeds, grains, fruits, vegetables and pure bred live stock from home and foreign countries.
  - 7.—The securing of crop reports in this and foreign countries to enable the farmers to operate intelligently.
  - 8.—The improvement of our highways.
  - 9.—The promotion and extension of irrigation and the best methods of conservation of soil moisture.
  - 10.—The promotion of social intercourse.
  - 11.—The settling of disputes without recourse to law.
  - 12.—The prevention of the adulteration of goods, and selling of the same.
- We further recommend that this society do all in its power to promote organization throughout the state with

## WORLD'S FAIR DAIRY DEMONSTRATION.

Important Publication of Special Interest to Dairymen. Free.

ACCORDING to the general consensus of expert dairy opinion, the dairy cow demonstration held at the Louisiana Purchase exposition in 1904 has never been equaled in scientific and educational value by any other public test of dairy cows. Consequently, there are lessons of great practical value to the dairyman to be learned from a study of the production of the cows which were entered in this test, their feed, and the manner in which they were cared for and handled.

The American Jersey Cattle club issued a pamphlet giving a detailed account of this demonstration, comprising production of the herd of twenty-five Jerseys and the totals for the cows. Such other valuable information in regard to the test. The club is now about to supplement this former publication with the issue of another pamphlet, which will state the production and feed of the individual Jersey cows, tell the families to which they belong, and give the records of their ancestry as butter-producers, compiled by the assistant secretary of the club. It will also contain

the portraits of the Jersey cows which took part in the test, and, last but not least, there will be an account, by the expert in charge of the feeding at St. Louis, of the way in which each cow was fed and handled so as to bring out the best work of which she was capable, and at the same time maintain her in good health during the test, and at the end leave her with her capacity for future usefulness unimpaired.

Most of the lessons to be derived from this publication apply impartially to all breeds of dairy cattle, and are along those lines in which the dairyman most needs exact and reliable information—to wit, the interdependent relations of feed, production and net profit.

This pamphlet will be about the size and in the style of a high-class monthly magazine, and will have something over 100 pages. It is intended for free distribution to all proper parties who send in requests for copies to the secretary of the American Jersey Cattle Club, No. 8 West Seventeenth street, New York, N. Y. It should be in the hands of every breeder of Jersey cattle, of every practical dairyman, no matter what breed of cows he handles, and of every student of dairying in the farm and at the Agricultural colleges throughout the land.
