**Kelly Drowned in an Irrigating Canal.**

**KILLED HIS SUPPOSED ACCUSER.**

**HE While Lying a Mile of Hay—Hawthorn's Soda Water Plant in Idaho—Notes.**

A two-year-old child by the name of Lawrence Ford, fell into an irrigating canal near Manger, Cal., Saturday afternoon and was drowned. The child was carried away from the canal and was found within half an hour, but life was extinct.

William Edwards, teacher, was killed on the 18th inst., on the Santa Cruz road, six miles north of Frisco, Arizona. He was leaning the lead wagon coupling on the trail wagon, when the trailer rolled back, his head being smashed between the two.

Henry Phillips was shot by David Waterhouse, at Bonanza, Wash., on Saturday. Phillips had been accused of stealing a girl, and some one told him that Waterhouse was his accuser. He carried a revolver, and attacked Waterhouse, shooting him in the head and inflicting a fatal wound.

James Kelley, of Tombstone, A. T., dropped dead at Ogilvie station, Cal., Friday. Kelley, with his family, was on his way from Tombstone to Ogilvie, traveling in a wagon. At that place he attempted to lift a box of hay into the wagon, when he fell to the ground and expired instantly.

Some fifty men and teams are busily at work on the reservoir of the Phoenix, Arizona, canal, enlarging and strengthening the same. When the work is completed, the huge 1,000-acre reservoir will hold two feet more of water than it does at present. The work is being gratuitously done by the Cies (Irrigation) farmers, without expense to the canal company.

The council of Ballard, Wash., has passed a curious ordinance. It provides that the fire bell shall sound eight taps at 9 o'clock from September 1st to April 1st, and nine taps at 9 o'clock from April 1st to September 1st, as a warning to all girls and boys of 16 years or under to keep off the streets, alleys and public grounds, unless accompanied by their parents or guardians.

Pocatello, Idaho, Tribune: Hawley Bros., of Salt Lake City, have just purchased a site for a new water plant in this place. It is situated on the right of way on the east side, just opposite the freight house, and is a fine two-story brick plant, work on which will be commenced early in the spring. When Mr. Hawley was in the East recently he collected a lot of the latest improved machinery which will be placed in the new plant.

Bishop, Idaho, Statesman: Attorney General A. C. Bishop, of Utah and St. Albans, president of the American Fuel Power and Canal company, the application of which for the withdrawal of 60,000 acres of land under the Crows set has been accepted by the Idaho board of land commissioners, are guests at the capital. The object of the gentleman's visit to Boise was to confer with the state board with reference to the withdrawal of land under the act, with special reference to the contract which will be entered into by the state and the canal company. Attorney General Bishop has desired to familiarize himself with the method of conducting the business of the Idaho board.

## LITERARY NOTES.

H. H. Woodworth company, Baltimore, Md., announces a new book, "History of Turkey and Armenia," which will contain a full and graphic account of the recent Armenian movement. A number of articles have been written by one of the most distinguished writers of the day. It will be illustrated with nearly one hundred engravings, and will be sold by subscription.

The leading article in the March number of the Forum will be contributed by the eminent French novelist and critic Th. Benoit (Maurice Blain). Madame Blain contrasts "Family Life in America" with family life in France, frankly criticizing certain phases of American home life. Madame Blain declares, however, that, with certain reservations, which she mentions in her article, she still is delighted to see French society become more and more Americanized, and that in her opinion the type of the American family is very likely the one that will at last prevail—a purely domestic, untroubled, and happy one. The article will be illustrated with a series of pictures by Joseph Bonomi Jr., entitled "The American Family in the Nineteenth Century." Mr. Bonomi shows in his article that the American family is a type of the Nineteenth century, and he declares the home to be "one of the finest things that have ever yet been known to the world."

The Great Leader of Virginia series, in Frank Leslie's Popular Monthly, is continued in the March number, with a picturesque paper devoted to Major General Henry Lee, of Revolutionary fame, "the darling dragon and valiant order, the chosen of Patrick Henry and the beloved of Washington, classic soldier and statesman, the brilliant soldier of a long distinguished race, governor of his native state, and the type of the Virginia gentleman, leaving his name in legend, worthy and learning, soldier and statesman, they should be taught to know, about and tell the truth—General Henry Lee, the 'Light Horse' of the Virginia revolution, and the father of General R. E. Lee."

There are some people who are never positive in anything. It is always, "I don't know," or "I guess." There is a world of such people, and it is revealing sometimes to hear a person speak as one having no opinion. The 5th, Chas. F. R. Yarn, of Denver, Pa., who writes: "I can heartily recommend Hanson Liver Regulator to all who are troubled with Dyspepsia or Liver Complaint."

**Fit The Bargain... To Your Needs.**

It is the easiest thing in the world to waste money—to buy too much of a thing because it is cheap or too little of it because the quantity is arbitrarily fixed. Here, if you buy too much or after taking it home decide it is not just what you wanted, bring it back and your money will be cheerfully refunded.

**SPRING SUITS.**  
 Yes, and our store is the place to get them. You can't lose money any better than by going to the wrong place. We can give you a good Man's working suit for \$3.50, a better one at \$5.00. A Man's tuxedo in New York, made up some suits to sell at \$12.00, he made too many; could not sell them all, so we made him an offer for you suits, he said yes, we told him it was spot cash, he got the suits, and will sell them at \$7.50. If you want a Sunday or Wedding suit, ask for the biggest bargain in the store, and you will be shown an all wool black clay worsted, made up in sack, square, or round cut or tuxedo for \$9.00.

**SPRING HATS.**  
 It's ten to one, if you ask any well-dressed man in Salt Lake City, who's his better, that he will answer J. P. Gardner. It is because the quality and price are right.

Our Men's hats at 50 and 75 cents are good for the money at \$1.00 and \$1.50. They are much better, the \$2.50 and \$5.00 ones are just as cheap as the quality is better. We carry the largest stock in the city and can give you any shape desired, in soft or stiff hats. Do not think of buying your hat or cap until you have seen our stock. Unless you have money to throw away. Our stock of caps at 25 cents is immense; at 50 cents, they are such bargains as you only find here.
