Heavy Downpour—Japs in Lively Runaway—Two Couples Wed—Briefs
and Personals.

Ogden, Utah, Aug. 23.—The excursion to Lakeside and Promontory on Labor Day, planned by the Weber club, promises to be a grand holiday event. It is now assured that there will be four special trains each way to carry excursionists from the city to the scene of the festivities prepared by the club on the shore of Great Salt lake. Reports received by the general committee from the subcommittees in charge of the various features of the affair show that everything is progressing satisfactorily for the big event and it is expected that thousands will take advantage of this opportunity to see some of the sights of Ogden. The two men had a lively team which became frightened out on the Twenty-fourth street bridge over a passing train. The animals bolted, one of the men jumped at Linda, and gave a free exhibition of jiu-jitsu tumbling, finally picking himself up little worse for wear. The other disciple of jiu-jitsu stayed with the rig and was spilled out onto one of the horse backs when the rig came to a standstill with a furniture van. A smashed buggy was about all the damage.

did much good in cooling and clearing up the atmosphere. Notwithstanding the brief time that the water was descending the downpour was so rapid that the water could be carried away. The basement of the addition to the Utah National bank building, which was situated just where it would catch the water rushing down the south side of Twenty-fourth street, was soon filled to the depth of eight feet. It was all over before the water came, but parts are to the effect that even the brief shower has worked great good in the drought stricken farming districts and that the rain will save orchards that were about to succumb to the long dry spell.

TEACHERS' EXAMINATIONS.
The examination of teachers for the Provo city schools for the ensuing school year will be held in the Parker school Aug. 28 and 29, commencing at 9 o'clock on the 28th.

WEDDING BELLS.
Marriage licenses were yesterday issued to the following couples:

Arch Draney, 26, of Plain City and Miss Charlotte Eames, 19, of Almo, Cassia county, Idaho.

Royal B. Butler, 19, and Miss Essie M. Davis, 17, both of Ogden.

LIVELY RUNAWAY.

Two Japanese fresh from the best fields of the north country had a strenuous quarter of an hour yesterday while attempting to see some of the suburbs of Ogden. The two men had a lively team which became frightened out on the Twenty-fourth street bridge over a passing train. The animals bolted, one of the men jumped at Linda, and gave a free exhibition of jiu-jitsu tumbling, finally picking himself up little worse for wear. The other disciple of jiu-jitsu stayed with the rig and was spilled out onto one of the horse backs when the rig came to a standstill with a furniture van. A smashed buggy was about all the damage.

Two MEN BOUND OVER.

In the police court yesterday morning Frank Johnson was up for preliminary hearing on the charge of assault with a deadly weapon, the person of Albert J. Taylor, a negro, on the night of Aug. 19. The trial was adjourned until he had written Judge Powers requesting him to defend him, and as he had received no reply he asked that the hearing go over until he did. At the court was not disposed to grant the request, Johnson waived preliminary examination and was sent to the district attorney in bonds of \$500.

W. J. Crosby had a preliminary hearing on the charge of grand larceny and was bound over in bonds of \$200. The man is alleged to have stolen a watch belonging to David Sullivan.

HAD A HARD TIME.

Sheaf Bailey returned yesterday afternoon from Edon, where he had been to approve the bonds of William Chambers, Arthur Ferrin and Edwin Hill in their muddied water dispute. The sheaf had considerable difficulty in competing the instruments, as no justice of the peace could be found for some time.

Finally, however, Justice Shape of Edon was located at Ogden and he hurried home and perfected the bonds.

NEW OFFICER NAMED.

This morning Chief of Police Browning named Lael Jensen of the Second ward as the successor to Officer Herick, recently resigned.

BRIEFS AND PERSONALS.

In the police court yesterday, Judge Murphy considered the cases of five men charged with being drunk and one charged with disturbing the peace. Each was fined \$5.

Police Officer Nelson A. Herrick has resigned from the Ogden force, going off to the railroads rather than for the strolling life.

Chief George J. Graves returned yesterday morning from Duluth, Minn., where he attended the thirty-third convention of the International Association of Fire Extinguishers.

Chief of Police Browning has a small gold watch marked with the monogram "N." The timepiece was taken from a man named Iris Otto, who was on Saturday night trying to pawn it. The watch will give to any one who reported the name, number and address of some friend who is more than himself.

MYTON.

AMONG THE HOMSEEKERS.

Many Have Had Enough of the Reservation and are Returning Homeward.

Special Correspondence.

Myton, Uintah Co., Aug. 21.—The surveyors are at work rapidly laying Myton out in lots. The homeseekers who have not yet got a home are still at it, and nearly all that is desirable for settlement has been allotted to the Indians.

A good many homeseekers are here at present, and many others have come and gone. Those now here are looking for the names of the Indians holding the lands on the drawing. Each day when the western mail arrives the home seekers gather around the post office and only store combined, and hear the names read off of those who are drawn from day to day, at Provo. Perhaps one or two will answer to the roll, while all the rest listen on in vain, occasion, however, the Indians disrupted by some past who wishes to be reported the name, number and address of some friend who is more than himself.

There are homeseekers and adventurers here from California on the west to Iowa on the east. Colorado seems more numerously represented than any state.

Homeseekers who came in here immediately after the registration closed, have arrived and departed for their respective homes, having had enough of the reservation, as nearly all you meet going out express themselves to that effect.

We shall look today and tomorrow for the arrival of the more lucky three hundred, most of whom stayed at home till the drawing began coming in to look over the reservation and select the best land in time for their days of filing.

There is a great deal of talk about the new state department of agriculture in its vast irrigation and reclamation work, in its forestry service, in its work on live stock, grasses, grains and soils and other lines of industrial development. It is needing western trained men. The work will be in its entirety throughout the country and some other land beside which is equally as desirable for homesteads.

The Brigham Young university is the oldest church school in the state, and has a corps of 65 instructors.

Special Correspondence.

DEATH OF A PIONEER.

Mrs. Thomas O. King Lays Down Life's Burdens.

Special Correspondence.

Almo, Cassia Co., Id., Aug. 21.—Mrs. Dorcas King, wife of Bishop Thomas O. King, of Laysville, has died. She leaves a husband and seven children, including 12 grandchildren and many friends to mourn her demise. It is hoped that the broad typhoid

which carried so many of our friends away from us last fall will go no further. Every effort will be made to guard against it.

Crops are fairly good this fall, but the country is very dry at present for lack of rain.
