Provisions to determine the use of union label and that all bowlers must wear uniform shirts were also adopted.

BRYAN TELLS ABOUT HIS FUTURE DESIRES

Buffalo, Feb. 2.—W. J. Bryan arrived at 1 o'clock this afternoon, and from that time until midnight he was a busy man in this city. He was accompanied by National Committee man Norman E. Mack, who met Mr. Bryan at Niagara Falls on his arrival from Toronto. During the afternoon Mr. Bryan addressed the women's organization at the Twentieth Century club, spoke to a gathering of clergymen at the Y. M. C. A. met and conferred with Democratic leaders, and attended a reception and luncheon given by the Democratic general committee of Erie county.

Tonight he spoke at a mass meeting at Convention hall, and he also delivered addresses before members of the Saturn and Buffalo clubs, the Knights of Columbus and the Modern Woodmen of America.

The meeting at Convention hall was open to the public, and the auditorium was filled. On the platform with Mr. Bryan were Mayor Tom L. Johnson of Cleveland and many men prominent in the ranks of the Democratic party in Buffalo and western New York.

WILLING TO SERVE.

Mr. Bryan said in part: "I shall be content if, when my days are numbered, it can be truthfully said of me that I was a toiler, laboring as best I could. I have nothing to ask of the American people, except to be permitted to spend the rest of my life repaying the debt of gratitude that I owe them. If I ever hold office it must not be because I want it, but because they want me. I have no ambition. I have no patrons with which to corrupt you. I never had. I have no wealth with which to buy you. I never had. I have no corporations behind me with which to terrorize you. I never had. What is the sum of my offending? It is that I have talked to you frankly and fearlessly on the things in which we are both interested. It is that I have defended Democracy as I have understood Democracy."

SILVER RESERVE PLAN.

Morton Frewen, M. P., Explains Goshen System in the House.

Washington, Feb. 12.—Morton Frewen of England, chairman of the silver reserve plan, spoke before the house committee on banking and currency today, in explanation of the old Goshen system which

provides a reserve of silver bullion to be held as security against trade silver paper, issued in denominations of \$250 up to \$10, not redeemable in gold, but in silver. Mr. Frewen said that all hope of international bimetalism had disappeared, and that the Goshen plan could be allied in this country without disrupting the present currency system. He declared that it would be more applicable here than in England now than it would have been years ago. His idea was to have the United States adopt it first, and then let England take it up.

CAPTAIN OF SLOCUM MUST GO TO PRISON.

New York, Feb. 12.—The sentence to 10 years' imprisonment of William H. Van Schaick, captain of the excursion steamer General Slocum, which was burned June 15, 1904, in East river, with a loss of over 1,900 lives, was affirmed today by the United States circuit court of appeals.

The decision means that in all probability Capt. Van Schaick will have to go to prison and serve his sentence of 10 years, unless his counsel are able to find some question of law on which they can secure a stay of judgment.

There still remains untold the indictment found against the officers and directors of the Knickerbocker Steamship company, the owners of the General Slocum, who were indicted at the same time for having negligently violated their duties as owners.

Capt. Van Schaick is the only one who has been convicted in connection with the disaster. The federal inspector who passed upon the condition of the life preservers and life-saving apparatus was indicted for neglect of duty and was brought to trial, but was not convicted.

A LION TAMER'S SECRET.

The boarhound growled, and the great yellow lion leaped back in fear. "The lion could kill the hound," the trainer said, "but he doesn't think so. He thinks the hound could easily kill him."

"Why?"

"When the lion was a cub, this boarhound, full-grown, lived in the cage with him. The big dog could, of course, lick the little cub, and the cub therefore feared and respected him. Now the cub is grown up, but he still thinks the hound is the better man."

"We rear a cub with a full-grown hound in this way for this reason. The hound is protection to us trainers afterward, when the cub is grown; for then, should he become rambunctious, one look from the dog will send him, subdued and ashamed, slinking off to the cage's farthest corner."
