

the tracks and the banks along the railroad, yelling at and guying the military.

The picket line formed, but while they were forming the fire in the engine was mysteriously dumped and pins were pulled. The fire was rebuilt and a policeman turned the switch, as no switchman dared to do it. The train pulled out on the Erie tracks and passed the depot all right, closely followed by a delegation of strikers. Lines of military guarded the train on either side. They soon found that some pins had been pulled and the train stopped again, but eventually got off without further trouble.

Three trains more also passed out between the lines of military and the company claim the blockade is raised. Michael McNamara, leader of the strikers, was arrested this morning on a charge of interfering with the moving of trains and was released on \$1000 bail for examination next Tuesday.

BUFFALO, Aug. 21.—Since the resumption of work yesterday the Central has moved more cars than ordinarily, and the prospects of events arising impeding further progress is hourly diminishing. At Black Rock the embargo on western freight is practically removed and cars held back on the Michigan Central are being shoved across the international bridge in numbers that exceed the ordinary influx. The Erie made the first attempt to start freight out of the Black Rock yards. It sent over another this afternoon. The Central, Erie and Lehigh are all working vigorously.

At East Buffalo the soldiers still patrol all the yards in which there has been trouble and have had to deal more with crowds of spectators who flocked around the yards than with disaffected railroad men during the day. The Lake Shore is moving some freight and made several deliveries to the Central this morning. The Nickel Plate is not attempting to move much but perishable and stock trains.

Past Grand Chief Telegrapher A. D. Thurston of Vincent, Ia., arrived in the city last evening. His visit as nearly as can be learned is to ascertain the local situation and to consult with members regarding the pending trouble. With the Delaware, Lackawanna & Western the trouble is understood to be regarding wages and it has been referred to General manager Halford for approval.

To supply food to non-union men or even soldiers is regarded by those in sympathy with the strikers as a high crime. When the forces in the neighborhood of the Lake Shore tracks on Elk street attempted to get something to eat this morning they were repulsed at many of the doors even though they offered pay for food.

THE CHIEF MILITARY OFFICIALS

now located here tonight are satisfied that the falling to Buffalo of over half of the National guards of the State was a wise and necessary move. Adjutant-General Porter, with General Doyle and other officers, made a tour of all the military camps today and their observations resulted in the conclusion that the force here, considering the great amount of territory to be guarded, was not excessive. Not only this, but doubt was left in the minds of all the party whether summoning more troops would not be necessary. General

Porter shook his head when asked how long the troops would remain here. General Doyle today ordered an extra company of militia from Hornellville. "The firemen have the whole thing in their hands," said a railroad man to an Associated Press correspondent today. "If they go out you will see the greatest strike the world ever knew. It will not be confined to freight trains alone, but passenger trains will be involved. When the firemen go out the engineers will be practically out, too. Chief Engineer Arthur does not believe in strikes, but he will not allow the men to go on the road with green firemen. When they strike the roads will be tied up."

BUFFALO, Aug. 22.—Master Workman Sweeney of the switchmen's order has asked the heads of all other labor organizations allied with the switchmen in railroad work to meet him here. Already Sargent is here, and others are expected tomorrow and next day. Fair judgment leads to the conviction that there will be no concerted abandonment of work by the organizations to be represented in the conference. No conference can possibly occur before Wednesday, while in all likelihood the first session will not be held before Thursday. Meantime speculation may be expected as to whether Sweeney will order out the other switchmen of the west or east, or both.

About fifty men who acted as switchmen for the New York & Pennsylvania road this afternoon ceased work because they were required to handle work from the Central. There are renewed intimations that the switchmen of the Grand Trunk may unite themselves with the strikers. No troops will be withdrawn till time shall have made improbable any further attacks.

General Porter said today that the troops would be ordered home as soon as the situation warranted.

Lake Shore officials report conditions normal.

Thirteen car handlers employed on the Lehigh Trestle on the water front stopped work this afternoon and told the yardmaster they would not resume until the grievances of the switchmen were settled. The men were not dissatisfied with their condition.

BANNOCK STAKE CONFERENCE.

The Bannock Quarterly Conference was held Sunday and Monday, August 14th and 15th at Louisville, Idaho; meeting at ten a. m. and two p. m. each day.

On the stand were: Apostle John H. Smith, President S. B. Young, Stake President T. E. Ricks, and Counselors William F. Rigby and James E. Steele, Patriarch A. E. Hinckley and O. N. Liljenquist, President C. O. Card and others.

The reports of the Bishops were also satisfactory. President C. O. Card said there was ample room in the Lord's work for all and no need for anyone to infringe upon another's ground. He counseled all to cultivate the spirit of God, lest, not doing so we should lose the same.

President S. B. Young discoursed upon the principle of faith, and taking up the history of Joseph Smith explained the foundation of our faith, which is in harmony with the

scriptures, but too simple for some people to accept. Brother Young also spoke in relation to the education of the young, the necessity of cleanliness to prevent disease, keeping the Word of Wisdom and other subjects.

Elder Samuel W. Richards spoke upon the observance of the Sabbath day and the requirements of the Lord that his people should assemble on that day and worship God in spirit and in truth.

Apostle John Henry Smith said to the Latter-day Saints had been given the mission to break into pieces all false systems of religion. The knowledge given to people in former days can be and is given as reasonably in our day. The responsibility of the blood of the world rests upon us, for to us is given the law of life; hence he advised all to be diligent in magnifying their great callings.

The other speakers were Patriarchs A. E. Hinckley and O. N. Liljenquist, Stake Counselors Wm. F. Rigby and Jas. E. Steele, who gave many good instructions to the Saints.

The general and Stake authorities were presented and unanimously sustained. Three new Bishops were ordained and set apart to preside over new wards and thirty-four home missionaries were called to travel in the Stake during the next three months.

Benediction by Elder Jas. Gillespie.
JAS. GILLESPIE,
Stake Clerk.

JOHN BUTTER'S RESIGNATION.

The County Court met Thursday afternoon pursuant to adjournment. Judge Barich presided and Selectmen Hardy, Caboon and Butter were present. The following business was transacted:

EXCEPT THE POLL TAX.

It was ordered that the clerk notify all Road Supervisors to cease all work upon the road at once, except such as shall be paid for by means of poll tax.

DUST IN FUTURE.

It was ordered that the clerk notify Heath and Muir, who have contracts for sprinkling certain streets, to stop at once.

PRECINCT BOUNDARIES ESTABLISHED.

The following resolution was adopted:

Be it resolved by the County Court of Salt Lake county, That the boundaries of North Point precinct and of Brighton precinct, in said county, be, and the same are hereby established as they at present exist, save that the present western boundary line of the corporate limits of Salt Lake City is hereby designated and established on the eastern boundary line of each of said precincts, and so much of the territory of said precincts, as the boundaries thereof have been designated by any such order or resolution of said court heretofore made, as lies east of said present western boundary line of said corporate limits of Salt Lake City is hereby withdrawn and cut off from said precincts.

APPROPRIATIONS.

The sum of \$9995.60 was appropriated to J. H. Bowman, making the total appropriations to date for 1892, \$186,701.94.

BUTTER SPEAKS.

John Butter, the county selectman from Bingham, sent in his resignation as follows:
