## Ice Making in Davis County.

Davis County Clipper. O. P. Hatch has been making preparations to sell the new Hobar C. Marshall artificial mill plant for making ice for this year. When hundred feet of lumber from two lots and 2,100 feet of iron piping has been put in. The flume conducts the water into the mill and the artificial mill is now down in Devil's Hole. It has been decided to extend the pipe line down to the Devil's Hole road, have another artificial mill built there, and the materials and the water elements contrive the name and are laying the pipe about the time the mill is to be made about the end of this enterprise.
