Two Narrow Escapes From .22 Guns -Home Dramatics,

Special Correspondence. Pleasant Grove, Utah Co., Jan. 20.-This city was visited by burglars, early this morning with the result that the Star sa-looh, owned by David Adamson, is short about six bottles of whisky and Sis.To iu cash. The burglars used "ilmmies" and pried open the front door of the saloon and helped themselves to all the whisky they wanted and to the contents of the cash register, which amounted to the sum mentioned above. They then departed closing the door after them. Mr. Adam-son discovered the burglary when he went to his saloon to clean up this morning and reported the matter to the marshal. He found the "jimmies" used and is hold-ing them as souvenirs of the occasion and also as evidence in the event that they guilty men are apprehended. As yet no clue to the burglars has been obtained. GUN ACCIDENTS. A 12-year-old son of Wm. Kirk of Lin-don was accidentially shot by his brother with a .22 gun. The lad was shooting at birds when he carclessly discharged the weapon; the ball took effect in the fleshy part of the youth's thigh. The wound is an ugly one, but the physician says the boy will get over the mishap. John Y. Walker of Lindon came near loosing his life on Friday. He was read-ing in his house whon his son shot at some birds in the orchard with a .22 gun, the ball struck a limb of a tree and glanced going through the window of the house, passing near Mr. Walker's arm. The gentleman says he had a presentment to move and obeyed the warning by lean-ing over. Had he remained in the position the missile would have penetratel his heart. HOME DRAMATICS. Draper, Salt Lake Co., Jan. 20.— Funeral services over the remains of George Terry, who was slain in the Shoshone Indian reservation, were held in the Draper wardhouse Jan. 19.

FUNERAL OF JAMES FIELD. Every seat was occupied in the Lynn ward meetinghouse, and some had to stand yesterday afternoon at the impressive funeral services held over the mortal remains of James Field. The large attendance and beautiful flowers were evidence of the love and high esteem in which he was held in Weber county where he had lived for a half century. Bishop George Smuln had charge of the services, and the music was fur-nished by the ward choir. "Some Sweet Day," was sang by Miss Myrtle Leavitt. The speakers were President C. F. Middleton, Elders Ellis, Joseph Parry, John Seaman and Bishop Smuin, who eulogized the worthy life of the deceased, who was devoted to the cause of truth. A large funeral cortege followed his remains to their last resting place in the Ogden city cemetery, Elder Valter Crain dedicating the grave. GRANDMA LUND PASSES AWAY.

FUMA **MUSCLES DRAWN AND STIFF**-**EVERY JOINT A SEAT OF PAIN**

There is no suffering so acute as that produced by Rheumatism, as those who have experienced its cutting pains, throbbing muscles and aching bones will testify.

Rheumatism is the result of a sour condition of the blood brought on through absorbing into this vital fluid the acids and poisons left in the system by poor bowel action, weak kidneys, stomach troubles, etc. The refuse or waste matter of the body, which nature intends shall be carried off, sours and forms uric acid and other irritating poisons, which the blood distributes to the different muscles, nerves, sinews and bones, and Rheumatism, a demon of pain, takes possession of the system. The disease does not affect all alike. Some have it in the inflammatory form, manifested by a red, feverish condition of the skin, while the flesh becomes puffy, sore and tender to the slightest touch. With others the disease is muscular, the muscles becoming drawn and stiff, and while the pain is not so constant as

that produced by the inflammatory form, the disease is really deeper seated, and because of the stiffened condition of the muscles and ligaments, is very inconvenient to the sufferer. But the worst form of the disease is known as Articular Rheumatism. The bones and joints become affected, and every

For over two years I suffered excruciating pains in the shoulders, caused by muscular rheumatism. I kept using liniments all the time, but the pains continued to increase. Finally I decided to try S. S. S., and after using several bottles had no more pain. To make sure, however, I con-tinued to use your medicine for awhile after all symptoms of the disease had disappeared. Although this was twelve years ago, I have never been troubled since. 200 Liberty Street, Hopkinsville, Ky. C. E. WEST.

movement sends excruciating pains shooting through the body, and where the acid poison is allowed to remain the joints become coated with chalk-like deposits, and as the disease progresses they often become locked and useless.

When Rheumatism becomes intrenched in the system it so completely dominates it that the sufferer's life is almost literally controlled by the disease. Cold and dampness being exciting causes they must govern their every action with regard to the condition of the weather, confining themselves to the house, knowing that the least exposure will bring on an attack. Indigestion is another predisposing cause, and fearing the pain and discomfort sufferers often try to avoid it by depriving themselves of those articles of diet of which they are most fond. A great many people have an idea that because sudden changes in the weather or imprudence of the appetite bring on an attack of Rheumatism that it is a disease which is easily controlled. So when a spell comes on they begin to use plasters, liniments, lotions, etc., expecting to drive out the pain and inflammation, and thus cure the disease. This treatment is all right to ease the pain and make the sufferer more comfortable, but can never cure Rheumatism, nor prevent its return, because it does not reach the real cause of the trouble, which is in the blood.

When neglected or improperly treated Rheumatism always becomes chronic and does not depend upon climatic conditions to bring on an attack, but remains a constant and

unwelcome companion. The proper treatment for Rheumatism is S. S. S. This great remedy cleanses the circulation of all acids and irritating poisons, builds up thin, sour blood and permanently cures this painful and distressing disease. S. S. S. possesses solvent properties which dissolve and filter out the salts and deposits, and so enriches the blood that a fresh, healthy stream is carried to all parts of the body. Then the pains

and aches cease, the flesh becomes firm and loses that tender, sensitive feeling, the joints all work smoothly again, and complete health is restored. S. S. S. is the treatment for Rheumatism in every form, for whether your case is acute or chronic the cure must come through the block. through the blood.
