WILL DISCARD THEM

Those Awful Catch Basins to Be Abolished at Last.

GUTTERS TO BE CONSTRUCTED

Across the Streets in Their Place—Sewer Plans to Be Offered for Bids—Buyer's Name Given Out.

At last night's meeting of the City Council the sprinkling committee's recommendation was adopted extending the sprinkling service as follows: Fifth West between South Temple and First South; Eleventh East from Ninth South to Eleventh South; Seventh South between West Temple and First West.

WASN'T RESPONSIBLE.

Mr. Dishi offered the following resolution, which was adopted:

Resolved, That the city treasurer be and is hereby instructed to report to the Council at the next meeting the following items: The full amounts of water rates assessed for the year 1895-96; the amounts collected in cash up to June 30, 1896; the amounts collected in water certificates up to June 30, 1896; the amount of water rates for the year 1895-96 yet due and unpaid; the full amount of water rental cases yet outstanding; the full amount of water certificates issued for said rental cases yet outstanding; the full amount of water certificates issued for said rental.

Resolved, That the superintendent of the waterworks be and is hereby instructed to report to the Council the full amount of water rates assessed for him for the year ending June 30, 1897; the amount of abatements of water rates made by him during the year 1895-96, and as near as possible the reasons for such abatements; the number of water certificates issued for said rental cases yet outstanding; the full amount of water certificates issued for said rental.

Resolved, That the superintendent of the waterworks be and is hereby instructed to report to the Council the full amount of water rates assessed for him for the year ending June 30, 1897; the amount of abatements of water rates made by him during the year 1895-96, and as near as possible the reasons for such abatements; the number of water certificates issued for said rental cases yet outstanding; the full amount of water certificates issued for said rental cases yet outstanding; the full amount of water certificates issued for said rental.

TO DISPLACE CATCH BASINS.

A report from the board of public works announced that the bid of D. S. Griffin to construct gutters across certain streets to take the place of the catch basins now in use, for $2,782.08, had been accepted by the board. The report occasioned a great deal of discussion but was afterwards adopted, with the provision that the payments under the contract should be made sixty days after the approval of the contract.

Stewart also introduced a resolution, which was adopted, instructing the fire and police board to have the fire department flush, during the warm season, the gutters of the principal streets upon which are catch basins.

PAVING EQUALIZATION.

The chair, on motion of Allen, appointed Allen, Hayward, O'Meara, Culmer and LePoidevin as a board of equalization for the seventh paving district.

Acting Superintendent Wallace of the waterworks reported expenditures of his department for the past month aggregating $5,226.14. $3,40 of this amount was for the purchase of pipe and tools and materials in charge against the appropriation for sewer extensions. During the discussion that followed the reading of the report the fact was brought out that the total expenditures of the month exceeded the regular allowance by $500. Mr. Rooney objected to the extra outlay, but Dahl contended for it in the extra flush and said the department was saved about $4,000 during the three months previous and that the extra would not amount.

SEWER WORK PAY.

J. W. Misner, the consul officer, presented a claim of $250 for services as a police officer from March 7 to June 7 of the year. Mr. Misner was one of the men dropped from the department on account of retrenchment, but his recommendation stated that to the best of his knowledge he was not discharged, and that he has frequently assisted Chief Pratt of his knowledge in case to serve. The letter was referred to the city attorney.

BOYCE'S DAMAGES.

An appropriation of $7,676.50 was made to pay the damage judgment, costs of suit, and fees of witnesses in the case of Guy U. Boyce against the city. A jury in Judge Street's court awarded the judgment to Boyce for injury to his case while working on the rock pile under a conviction of vagrancy in the police court.

A communication from Health Commissioner Daly was referred to the committee on sanitary rules and regulations. The communication referred to the filthy condition of some of the city's gutters.

Fire and Police Board.

The fire and police board held a short meeting yesterday afternoon, at which time the extra Carnival officers were allowed pay for their services and a resolution was adopted authorizing the chief of police to employ an extra chain gang guard at $2.50 per day.

Home From Tennessee.

The News had a pleasant call last evening from Elder Erastus S. Larsen, whose home is in Cornville, Cache county. Elder Larsen has just returned from the Middle Tennessee conference, where he has been laboring for over two years preaching the Gospel. He left home April 28, 1894, and has traveled and visited among the people living in several counties of Tennessee, and has also preached considerably in the city of Nashville. He says he has had a number of much joy to him and good health has been his lot during the whole time of his absence.

Returned Elder.

Elder James W. Smith in Mill creek, this county, paid the News office a visit yesterday, having returned from a mission to England. He left for that country on May 13, 1894, and has been laboring in the Liverpool conference. He arrived home again on July 6th. He reports having enjoyed excellent health during his absence and says the mission in England shows many signs of advancement.

SPORTING MATTERS.

Jim Williams Agrees to Meet Jack Scissor in a Pugilistic Bout.

For some time past the aggressive Jack Scissor, who has figured successfully in several pugilistic bouts in this city, has signified his willingness and, in fact, great anxiety to step into the ring with Utah's best man, Jim Williams. He pronounced him loose Scissor's intentions and as widespread have been their publicity, that Williams has at length decided to take the man at his word, and last evening he posted $50 with the sporting editor of the News, together with the following self-explanatory letter:

In reply to Mr. Scissor's challenge, I will say it was not necessary for him to make all this talk through the papers to get a match with me, because I challenged the winner of the Powell-Sullivan fight at 158 pounds and he did not accept. I will post this $25 as a forfeit to make a side bet at from $100 to $500 to fight at 158 pounds. JIM WILLIAMS.

The only clause in the foregoing letter which Scissor can take any serious exceptions to is that requiring him to train down to 158 pounds. His anxiety to meet Williams, however, will doubtless overcome the question of weight, in which event the match will very likely be a forthcoming event of the near future.

SMITH VS. CARTER.

Bob Thompson the plucky little colonel fighter who was bested by Case about two months ago, has another encounter on his hands. This time his opponent is Tom Carter of Alberta and the match is scheduled for July 20th, the winner to take 75 per cent of the gate receipts, and the loser 25 per cent, both men are to weigh 140 pounds.

STATE FINANCES.

The Treasurer's Report to the Auditor for June.

The statement of receipts and disbursements for the month of June, made by the State treasurer to the State auditor, shows an increase in the amount of cash on hand. The figures are as follows:

Taxes	78 00
Interest on bonds	7,500 00
	$45,510 37
Balance on hand	$1,496 77

Women and Babe Found.

Mr. Elijah Pierce has found his daughter and her babe. It will be remembered that she rode in a buggy with a stranger from Wellsville canyon, where the vehicle in which her father was conveying his family from Logan to Layton, broke down. When she left her father in the canyon it was understood she would stop in Brigham City, but on account of the illness of her child she went on to Ogden, where she was located yesterday.

Funeral of Halvor Gulbransen.

The funeral of Halvor Gulbransen who was accidentally killed on Monday last by falling a distance of 600 feet down a shaft at the Mercur mine, was held at the undertaking parlors of Joseph E. Taylor, at 3 o'clock today. Great sympathy is felt for the family and especially for his widowed mother who was largely dependent upon him for her support.

Plumbing Goods

To the public at wholesale prices. Utah Plumbing Supply Co., 49 East First South street.

Beckingham's lips for the Widows can be applied when at home, and is definitely successful in giving a brown or black. Home its great popularity.

For [illegible] have held their ground successfully as Ayer's Cherry Pectoral. During the past fifty years it has been the most popular of all cough cures and the demand for it today is greater than ever before. Prompt to act and sure to cure.

To prevent pain and delicate children from rupturing into chronic invalidism later in life, they should take Ayer's sarsaparilla together with plenty of wholesome food and moderate exercise. What has need to build up the system is good red blood.

Take Your Wife
Insist upon having no other Pearline Pierce Brown. They are perfect with each box of powder.

NANSEN
At the North Pole.
