LOCAL BRIEFS.

The ladies of the Order of the Eastern Star will hold their annual election this evening.

Arthur O'Connell of the Waldorf-Astoria, is the new chief clerk at the Wilson hotel.

The receipts of the county clerk's office for the month of November amounted to \$1,659.25.

Mrs. Frank C. Keley has a poem entitled "The Voice" in the December number of the Booklover's magazine.

Chief Clerk W. H. Smith of the San Pedro general manager's office returns to this city Saturday, from Los Angeles.

For over a month now the level of the great lake has been stationary, four-tenths of a foot higher than it was a year ago at this time.

There are half a dozen candidates for president of the Commercial club at the coming annual election, and something of a race to cross under the wire first is expected.

General Manager Wells of the San Pedro and family will leave tomorrow for Los Angeles to attend the wedding of Miss Ella Clark, daughter of J. Ross Clark, to Robert C. Lee of the Angel city.

The sub-committee of the special water committee held a meeting last evening, when important ground was gone over and work mapped out. The sub-committee will prosecute its labors vigorously.

The Salt Lake and Pittsburgh Oil company has placed on exhibition at the bureau of information at the Real Estate association, samples of its products in this state, viz., ozokerite, asphaltum, gilsonite and various oils.

Miss Hattie Ferron of the Fremont school gave a class recitation in arithmetic yesterday, at the meeting of the fourth grade teachers. The 16 children composing the class acquitted themselves with credit.

A meeting of the State Council of Women will be held at the office of the Women's Exponent in the Temple building tomorrow, Saturday, at 10 a. m. All officers and members are urged to be present.

Prof. Chas. Kent will sing "Not a Sparrow Falloth," at the Jewish Synagogue tonight, and at the Elks' memorial service to be held in the Theater Sunday evening, he will sing "Some Sweet Day, Bye and Bye."

Robert D. Grant has returned from a trip to Pennsylvania and New York. He has bought ground at Sunbury, Pa., for the erection of a new residence, and will erect a large monument in the cemetery in memory of his wife who lies buried there.

A meeting of the Cambrian society was held last evening and several committees were appointed to arrange for the reception of William Abraham, the distinguished Welsh labor leader and member of parliament who will visit this city next Wednesday.

The new rabbi, Dr. Charles J. Freund, preaches his first discourse this evening, in the Jewish Temple, and a large congregation will be in attendance to hear him. The new clergyman has the reputation of being a scholar and a spiritually minded man.

The Los Angeles end of the San Pedro line is still in the hands of the construction department, and will not be turned over to the operating department until the gap is closed up. So all local freight and passenger traffic is under supervision of the construction department.

Suit has been filed in the district court by J. T. Stringer, against the Deseret Abstract company to recover \$1,050 alleged to be due R. H. Smith for services rendered the company as its manager from Nov. 18, 1903 to June 18, 1904. Smith assigned his claim to the plaintiff in this action.

Harry J. Joslyn, the deserter from the Twenty-ninth infantry who suicided Tuesday, in a saloon, was buried yesterday afternoon at the expense of the county, by Joseph William Taylor. The deceased claimed to have come from Grand Meadow, Minn. No inquest was thought to be necessary.

A steel girder broke down under a strain of 50 tons at the Mine and Smelter Supply company's warehouse yesterday afternoon. Ten men who were nearby at the time, narrowly escaped being caught in the downfall, and the immediate surroundings of the building were wrecked.

Some changes will be made in the location of the San Pedro route, and the Utah Construction company has just been given a contract for nearly 11 miles of new track near Modena. The old track was built in 1898, and the change will save a 4 per cent grade. Most of the work is desert grading, and not difficult.

Owing to the illness of Deputy U. S. Marshal Page, who is confined to his room with rheumatism, Marshal Heywood has appointed under authority from Washington, William Preese of Utah county to temporarily fill the vacancy. It is expected that Preese will serve during the present term of the federal court.

The victim of the accident at Bingham Junction, in which an old man was run over and killed while gathering coal along the track, has been determined to be Adam Ellison, who resides at Bingham Junction. He was very little known, as he lived a secluded life at the home of his stepson. He came from Sweden to this country several years ago, and leaves three children, two sons in Sweden and one daughter in this country.

The Utah Fuel company is producing more coke than ever before, the daily output from all its ovens being 650 to 700 tons. The entire daily coal output

from the various camps of the company is reported as 5,500 to 5,800 tons. The strikers are preparing in bunches of 25 or so to leave for the coal mines in southern Colorado, where they have been assured of assistance by agents from those mines, and the Fuel officials figure that by January 1 next, the last of the unhappy strikers will have left the country.

Two Finnish couples from Bingham, whose names would suggest unpunctuated Hebrew text, secured marriage licenses at the joint building Wednesday afternoon, and yesterday afternoon, with the brides decked out in radiant wedding robes, and the grooms almost as stately arrayed, the happy pairs marched up street from the White House to the Swedish Lutheran church where the knot was tied twice. Ordinary street clothes were donned after the ceremony, and the bridal party shipped to Bingham for safe keeping.

A hobo and supposed gambler, who called at the east Fifth street residence of Wiley Brown the other evening, and after enquiring for the "gentleman," and then "the lady of the house," and finding neither was at home, but just one of the girls, made a dash at her, as she stood in the doorway, and tried to get into the house. But the child was too quick, and slammed the door in his face, locked it, and then flying out of the back door climbed over a fence and alarmed the neighbors. When help arrived, the intruder had disappeared.

Captain T. B. Layman, in charge of the Bear River duck club plant, has returned from the north, and is at the Knutsford. He has closed up the club house for the season and left the fixtures in good shape for the winter. He reports clouds of ducks in that country this season, ducks in fact "to fling at the birds," so that the sportsmen who showed up on the preserve had plenty of fun. It was duck for breakfast, duck for lunch, duck for dinner, duck to dream on, and duck for every purpose whatsoever, or no purpose at all. The whole region seemed to be built up and founded on duck, duck enough to last any reasonable ambition for the next decade. Captain Layman is now resting serenely from his labors.

Convalescence

Convalescence is sometimes merely apparent, not real, and especially is this true after such diseases as pneumonia, typhoid fever, and the grip. To make it real and rapid, there is no other tonic so highly to be recommended as Hood's Sarsaparilla. This great medicine cleanses and renews the blood, strengthens all the organs and functions, and restores health. Take Hood's.

SMOKE INVESTIGATION.

Will Begin at Murray January 1st, by Smelter Smoke Expert.

Jan. 1 is the date on which the greatest smelter smoke expert in America has promised to begin work at the problem at Murray. Efforts of the smeltermen to have him arrive earlier have proven unavailable owing to the fact that he has been engaged in the consideration of a similar problem at a smelter plant in Arizona and could not leave his work there before the end of the year.

Letters received by Manager Channing of the Highland Boy smelter, however, give positive promises to take up the work on that date. The expert, Stewart Crossdale, requests the as-

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with dandruff germs causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

stance of a competent chemist, and at times a small force of laborers, and expects to consume at least two months in making preliminary investigations before arriving at any conclusions.

In assisting him, the smeltermen will probably engage Dr. John Widroos, of the Agricultural College.

Mr. Crossdale won recognition as an expert in smelter smoke problems by successfully solving the problem at the Anaconda smelters.

I was induced to try Ballard's Snow Liniment, which I used three or four bottles. It is the greatest liniment ever used; have recommended it to a number of persons all express themselves as being benefited by it. FIRED ON U. S. UNIFORM.

C. B. Smith Makes It Very Interesting For Soldier Burglar.

According to the police, J. E. Hancock, a soldier stationed at Fort Douglas, was caught red handed last night while trying to break into the residence of Charles B. Smith, 666 east Third South street.

Mr. Smith, who is a very light sleeper, heard Hancock breaking into the house, and the soldier had succeeded in gaining an entrance. Smith seized his revolver and called out to the burglar.

"Who is that?" to which he got no reply. Smith then brought the gun to bear on the soldier and ordered him to throw up his hands. Hancock lost no time in obeying. Smith then tried to hold the burglar and telephone to the police at the same time. Hancock suddenly made a dash for liberty. Mr. Smith blazed away at the burglar and the latter again stopped and held up his hands, but a moment later jumped over the back fence and ran.

In the meantime Officers Sullivan and Coates were hurrying to the scene in the patrol wagon and saw Hancock running away. They gave chase in the wagon. Hancock ran like a deer but when he saw that he would surely be captured, he slowed up and began to stagger pretending to be drunk. The officers eventually took him in and for it, they charged him with drunkenness and attempted burglary.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, checked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe-Democrat, Dec. 1, 1904. Ballard's Horehound Syrup would have saved him. Sold by Z. C. M. I. Drug Dept.

STORM PASSED OVER.

Continued Fine Weather Guaranteed For Two or Three Days.

The threatened storm, as was predicted in yesterday's "News," was turned off to the east of Utah, and today, is centralized over the middle western states, leaving a new high barometric area of 30.1 degrees approaching from the California coast. So, for the next two or three days there is a guarantee of continued fine weather. Notwithstanding the indications, the weather forecaster at Washington, who acts for this part of the country in the absence of Section Director Hyatt from this city, has the assurance to predict rain for Utah. The appearance of the map would suggest something else.

Cured Paralysis.

100 CENTS ON DOLLAR.

Is What B. H. Schettler Expects to Pay His Creditors.

Receiver Anderson of the Schettler bank states that the total liabilities will amount to \$100,000, mostly in the form of deposits and with no large individual accounts. He expects that the assets will offset the liabilities. Mr. Schettler believes he can pay dollar for dollar, if the court does not crowd settlement so that it will be necessary to cut prices to realize on real estate. He says his home is not involved, and that the recording of so much real estate in his son's name was due to his realizing that he was growing old, and expected his son to succeed him in business.

THE SIMPLE LIFE

By Charles Wagner.

President Roosevelt, introducing the Author to a large audience in the Lafayette Opera House, Washington, had this to say about the book: "This is the first and will be the only time during my presidency that I shall ever introduce a speaker to an audience, and I am more than glad to do it, in this instance, because if there is one book which I should like to have read as a tract and also, which is not invariably true of tracts, as an interesting tract, by all our people, it is 'The Simple Life,' written by Mr. Wagner. There are other books which he has written of which we can gain great good, but I know of no other book written of recent years, whether here or abroad, which contains so much that we of America ought to take to our hearts as is contained in 'The Simple Life.'"

SMASHED HIS FACE.

Brutal Assault Committed by Hack Driver Last Night.

Joseph Shirley, a hack driver, severely assaulted Angus M. Cannon, Jr., about 11 o'clock last night in front of Riley's saloon on East Second South street.

The men had some trouble over cab fare which Shirley claimed was due him from Cannon. He claimed that the latter had given him a watch for security and they had some words over the ownership of the timepiece when suddenly Shirley struck Cannon several times. The latter, who only has one hand, stood helpless while his assailant rained blows after blows on his face and head. The assault was witnessed by several persons who tried to get an officer to have Shirley arrested.

A warrant will probably be issued for his arrest, and he will have a chance to explain his conduct before Judge Diehl.
