

## NURSE'S SUICIDE SEEMS SUSPICIOUS

Circumstances Surrounding the  
Death of Mrs. Della Lewis  
Regarded as Mysterious.

### TOOK 25 GRAINS OF MORPHINE

Man Called at Her Rooms Yesterday  
After Which the Woman Swallowed  
The Drug—Came from Idaho.

A suicide with surroundings that are somewhat mysterious has been brought to light by the death at 1 o'clock this morning of Mrs. Della Lewis, a trained nurse, aged 25 years. The young woman died at the Aztec roominghouse, First South and Broadway streets, from morphine poisoning. The deadly drug was taken between 6 and 8 o'clock last evening and although two physicians worked over her for several hours the poison could not be counteracted and the young woman passed away.

The facts that Mrs. Lewis did not leave a note of explanation; did not make any threats of self destruction; did not complain of being despondent, and that none of her friends being able to account for the deplorable affair, are unwilling to give information if they have any, are regarded by the authorities as suspicious and mysterious features. The general opinion is that Mrs. Lewis killed herself as a result of despondency brought on by a love affair.

### STRANGE MAN CALLED.

It was reported to the police that a strange man called upon her at her room, No. 29 yesterday afternoon and left rather suddenly. It was also said that he returned after she had taken the poison and again went away, not to return. Two women, one of them a trained nurse, friends of Mrs. Lewis, also called during the afternoon but their names were not learned.

### DOCTORS CALLED IN.

About 8 o'clock last evening Dr. Given Light was summoned to the room where Mrs. Lewis was unconscious. He worked over her for several hours, using every known means to restore her to consciousness but was unable to do so. Dr. Steel was then called in and the two physicians did all in their power to save the woman but without satisfactory results. At 1 o'clock she died and by order of Justice Dana T. Smith the body was sent to an undertaker to be buried.

### CAME HERE FROM IDAHO.

Mrs. Lewis came here several months ago from some point in Idaho, presumably Albion. She worked in the Keogh-Hammond hospital as a trained nurse and about a week ago took rooms at the Aztec roominghouse. She had been heard to speak of her little daughter in Idaho. In her room were several letters and cards addressed to her from various Idaho points. The police are of the opinion that she had a disagreement with the man who called upon her yesterday afternoon and becoming desperate decided to take her own life. Detectives were detailed on the case but up to this writing have been unable to obtain any definite information as to the cause of the suicide. In all probability an inquest will be held tomorrow by Justice Smith.

### MESSAGE FROM SISTERS.

This afternoon a telegram was received in this city from two sisters of Mrs. Lewis, from Albion, Idaho, stating that they would arrive in Salt Lake tomorrow and make arrangements for the disposition of the body. In the meantime the remains are at O'Connell's undertaking parlors and the probabilities are that they will be shipped to Idaho for burial.

## ALLEGED ROBBER SHOT

N. Gonzales Fired Upon by George J. Wilson While in the Act of Ransacking Latter's Room.

Considerable excitement was caused shortly after six o'clock yesterday morning at the American house on Commercial street by the shooting of N. Gonzales, a foreigner, by George J. Wilson, a roomer in the notorious house.

It is claimed by Wilson, who is in the city jail, that he shot Gonzales while the latter was in the act of robbing his room. Wilson will be held at the city jail pending a rigid investigation by the county attorney of the circumstances surrounding the shooting. Gonzales is at the Holy Cross hospital and word was received from that institution today to the effect that the man was doing well and would undoubtedly recover. He is wounded in the head but the bullet fired by Wilson did not penetrate the brain and there is practically no danger that Gonzales will not survive.

It was reported to the police that about 3 o'clock Sunday morning Gonzales was seen prowling about the roominghouse and was ejected from the place by the clerk. About 6 o'clock, according to Wilson, the latter was awakened by someone in the room, searching for valuables. Wilson jumped from his bed and

grappled with the intruder but was getting the worst of it when he seized the revolver and fired upon Gonzales. The bullet struck the man in the head and he dropped to the floor, apparently dead. Wilson at once reported the affair to the police. He was taken in custody and Gonzales removed to the Holy Cross hospital.

Wilson will not be released until the county attorney has concluded his investigation of the case. Wilson declares that he had no trouble with Gonzales but that the latter tried to rob him and he was simply protecting his property. In all probability no complaint will be filed against Wilson.

### FUNERAL OF G. H. SNELGROVE.

Six Speakers Testify to Sterling Qualities of the Deceased Father.

A large number of the friends of the Snelgrove family gathered at the late residence of George H. Snelgrove, 325 Fifth East street, yesterday afternoon to pay their last respects to the departed. Funeral services were held at the house and the interment took place in the city cemetery. All six speakers of the deceased and told of the loving attention of the devoted wife and family during the painful illness which extended over a period of four years. The opening and closing prayers were offered by Elders W. N. Davis and Seymour B. Young respectively, the speakers being Elders John T. Calne, A. H. Woolley, Seymour B. Young, Jr., A. M. Woolley, F. M. Mickelson and Bishop Jabez West. Appropriate musical selections were rendered by the Graham, Asst. Chorus, Christypherson, Squires quartet. The grave, which was covered with a mass of floral pieces, was dedicated by Elder Seymour B. Young, Jr.

## WAS LIGHT DAY IN COURT

City Attorney and Clerk in Diehl's Tribunal Are Busy in "American" Party Convention Today.

Today was probably the lightest in the criminal division of the city court in many months. But two state cases were called this morning, and the city docket reveals only six names, unfortunately arrested for drunkenness and other misdemeanors. The police-men are too busy hustling among the delegates at the "American" convention to attend to their duties. Rogers is slated to make four nominating speeches; Clerk Gutch is a delegate, so is Chief Pitt, likewise Desk Sergeant Purgall and Chief of Detectives Sheets. The first state case called was that against Frank Swenson, former city treasurer on the "American" ticket. He was charged with illegal voting at the bond election. Assistant County Attorney Myers moved that the case be dismissed, adding another to the long list of cases where convictions have not been proved and for which the origin of crooks blamed Judge Diehl. The hearing of John Moore, a 16-year-old youth charged with robbery, was started but went over until Wednesday to give the boy a chance to call witnesses. Moore is charged with complicity in the robbery of Bernard Church, of the night of Sept. 19. While Mugleston was walking down the street, he was knocked down and robbed by three boys, George Thompson and Joseph Gardner pleaded guilty and were bound over to the district court. Young Moore pleaded not guilty and he wants his "pals" to testify that he had no part in the actual robbery of Mugleston, although he admitted this morning in court that he threw the rock and knocked Mugleston down.

### RELIEF SOCIETY SUE.

Administrator of Estate of John Haslam Seeks to Quiet Title.

Matthew W. Mansfield, administrator of the estate of John Haslam deceased, has filed suit against Eliza B. Neff, as a member and a representative of the members of the unincorporated society known as the Relief Society of Latter-day Saints of East Mill Creek, Salt Lake county, to quiet title to certain real estate in Salt Lake county. The church of Jesus Christ of Latter-day Saints of East Mill Creek, Salt Lake county, Dec. 25, 1882, Mansfield was named as administrator of his estate, and that his letters have been revoked, and that he is the duly qualified administrator of the estate at the present time.

It is set forth in the complaint that the said John Haslam owned in fee simple to the real property named, and the adverse claims of the defendant are without any right. The complaint further claims that the heirs be declared to be the owners of the real estate and defendant is to be declared null and void.

The complaint is filed in the 27th and 28th in township 1, south of range one east of Salt Lake meridian.

### JUDGMENT WILL STAND.

Motion for New Trial Denied in Case Of Crommees vs. S. P. L. A. & S. L.

In the case of J. W. Crommees against the Salt Lake Railway company, the running over and killing his son Charles Raymond Crommees, May 22, 1907, Judge M. L. Ritchie of the third district court Saturday morning denied the defendant's motion for a new trial and the judgment of \$4,000 against the Salt Lake Route will stand in the lower court.

The boy was run over at the corner of Third West and Sixth South streets by one of the defendant company's engines. The father brought suit for \$20,000 damages, alleging negligence against the company inasmuch as the engine was driving the engine at a high rate of speed and failed to sound a warning at the crossing. The jury brought in a verdict for \$4,000 damages. The defendant then moved for a new trial.

### IN FEDERAL COURT.

One of the most important items at this morning's session of the United States court was the handing down of a final decree in the suit of the Ontario Silver Mining company against the Wasatch Irrigation company. The Ontario company gets all rights to one-third of the water from the Ontario drain tunnel in Park City. After disposing of numerous minor matters court adjourned until Saturday.

### AMUSEMENTS.

Orpheum—A complete change of bill goes on this week, all the acts announced in the Saturday News having arrived in town.

Grand—The Pelzer Stock company have inaugurated a season of melodrama with "The Cowboy Ranger" which will run the entire week with the customary Wednesday and Saturday matinees.

Laric—Manager Clark announces a complete change this week for the cameraphone and during Conference week expects to do some record business.

The Brines Recital—The recital to be given by Mr. M. J. Brines, the well known tenor, occurs at the Congregational Church tomorrow night at 8:15.

## CANDIDATE HISEN WILL TALK TONIGHT

Independent Standard Bearer  
Scheduled for An Address at  
The Salt Palace.

### PERSONNEL OF HIS PARTY.

Enemy of Standard Oil Tells Why He Believes the Party Will Win In Many States.

Thomas L. Hiseen of Massachusetts, enemy of the Standard Oil and Independence party candidate for president, will arrive in Salt Lake late this afternoon at 11 o'clock this evening to deliver upon the principles of independence at the Salt Palace.

Mr. Hiseen is accompanied by Clement L. Pollock, an orator from Boston who will be the first speaker of the evening; Mr. R. E. Woodward, editor and publisher of the Western Home-Maker, who is in this city ahead of the party; and the local committee men in making preparations for the meeting tonight; Howard S. Taylor of Chicago and candidate for the senate from Illinois, John Temple Graves of Ohio, Ga., and vice president of the party, will arrive in the city Friday and hold another meeting at that time.

WHAT CANDIDATE THINKS.

Mr. Hiseen does not believe that the Independence party will elect its president, but he believes that the Independence ticket will elect candidates in 40 out of the 46 states. In speaking of the platform of the Independence party he said:

"It is not strange that the common people should be eagerly joining the standard of the Independence party. The absolute necessity has arisen for many years by the Republican and Democratic organizations, both amalgamated with the interests of the great corporations and the money power, to keep the people in the dark as to the real condition of the country. The platform of the Independence party tells just what the party leaders intend to do for the benefit of the people and every reader of the newspapers has been convinced of the honesty and integrity by the complete and astonishing exposure of corrupt methods made by them in connection with both Republican and Democratic leaders during the past few weeks."

MESSAGE TO TOLLERS.

"We do not come to this city as political speakers only but to bring to the tollers of the entire country a message of peace and good will for better things in store for the people. We come as a sincere harbinger of tidings which mean that the yoke of the money power is being broken and borne by the voters who rally to the standard of this wonderful new party and vote for those men who have pledged themselves to work for the cause of the people. It is the demand of the Independence party that the promises conveyed to the world in the national constitution outlined in the declaration of independence and constructed by the immortal Lincoln shall be kept by those whom the people place their trust. So far this has not been done and it is merely a question of when the voters of the United States will demand that the matter in their own hands. They have the power to send to the polls such men as will carry out these promises and the election will be made at the polls next November."

### NOMINATIONS FILED.

A certificate of the nomination of Judge Ferdinand Erickson as a candidate to succeed himself on the bench of the Seventh judicial district has been filed with the secretary of state. The nomination was made in the Democratic convention Sept. 21, the counties comprising the districts being Sanpete, Carbon, Emery, Grand and San Juan. The Democratic ticket also includes a nomination for district attorney.

The Republican nominees for judge and district attorney for the Seventh judicial district are George E. Richards and P. E. Woods, of Castle Dale, respectively. Judge Erickson lives at Mt. Pleasant.

### VICTIM OF COPPER BELT.

Angelo Curti, An Italian, Killed by Backing Train on High Line.

Another man has been killed on the Copper Belt at Bingham. This time the victim was Angelo Curti, an Italian aged 25, who was killed by a backing train yesterday afternoon. He failed to notice an engine and car backing up on him, and was struck down, his skull fractured, both legs broken and his body mangled. He was taken to the hospital and sent to Salt Lake, with hopes of saving his life, as he was still breathing, but he died on the way. He was a miner working for the Utah Copper company. He leaves two brothers, also miners with the Utah Copper company while his parents are in Italy.

### POSTMASTER FOR PAYNE, I.D.A.

(Special to the "News.")

Washington, D. C., Sept. 28.—Lulu A. Daniels appointed postmaster at Payne, Richman county, Idaho, vice L. S. Wilson, resigned.

On Aug. 26th, 1908, the Zion's Co-operative Home Building and Real Estate Co., incorporated in Utah, was organized with a capital of \$250,000, of which \$50,420 was paid up. Since then \$10,000 of the stock has been sold at par, so the company now has \$120,420 in assets. \$30,000 more stock will be sold at par, or \$1 per share. Owning a lumber yard and having expert men in different departments, the object of this company is to build good houses and make the expense as small as possible to its purchasers, so that the person who earns modest wages may have a home of beauty and comfort. The officers who are Salt Lake men, are: George E. Romney, Pres.; Miles A. Romney, Vice-Pres.; Miles A. Romney, Secretary, and the wife John C. Cutler, Jr., form the board of directors. If you want a good investment at the same price the directors paid for their stock, buy one dollar shares in this company. Now is the time to buy stock if you want a paying investment. ### HILTON BOYS ILL.

Two Sons of Policeman Stricken With Typhoid Fever.

The many friends of "Uncle Billy" Hilton, the oldest and undoubtedly the most popular guardian of the public peace on the police force, were deeply grieved this morning to learn that two of his sons are stricken with typhoid fever.

One of the young men, Jesse, aged 23, a clerk for the Oregon Short Line, is at the Groves' L. D. S. hospital, where everything possible is being done for him. The other son, Harry, aged 14, is at the family residence. Both were taken down with the disease yesterday. Physicians were called in and pronounced the cases typhoid. The elder son was hurried to the hospital in an ambulance. His condition is reported as being favorable. The younger patient is also holding his own and the prospects for the recovery of both are good.

### BIG MEETING SEPT. 30

Wyoming Coal Mines Are Being Worked Pending Final Agreement.

All Wyoming coal mines resumed operations this morning. While all most directly interested believe the resumption means permanent operation of the mines reopened this morning, a "temporary" arrangement, a mass meeting was held in Rock Springs near the end of last week and a message from President Gibson of the Rock Springs district organizations instructed the strikers to go back to work pending an agreement. This agreement is what has been sought at the Chicago conference. Word now comes that the "temporary" arrangement will be reached Sept. 30, and the mines will be worked by union men until that date, at least. Special meetings are being held by local miners' associations and delegates to a state convention are being selected. Delegates will meet in Cheyenne Sept. 30 and consider matters with representatives of the mine owners. If this convention and this date that are looked forward to, as the wind-up of the coal strike. In the meantime all mines are going to be worked to their utmost capacity.

### CHURCH GET FREE WATER.

It was decided Saturday afternoon by the water committee of the city council, when it sat as a board of equalization, that all buildings not dedicated to and used for worship would be amenable to the full water rates. The resolution was unanimously carried that all church buildings, temples and structures devoted to worship, shall be free from the water tax rate. This means that parsonages, lawns or other property adjacent to the church building itself be exempted.

### UTAH COUNTY CONVENTION.

Several Interesting Contests Expected Among Republican Candidates.

(Special to the "News.")

Provo, Sept. 28.—The Republican county convention is being held in Provo today, and the interest in the outcome is shown by the fact that every delegate from every precinct is in the city. The convention will nominate a county ticket and several interesting fights are scheduled to be pulled off. There will be a contest for the office of sheriff, and several having four candidates for the position.

A pretty fight is looked for over the sheriff's office. The present incumbent, Sheriff Harmon, is in the field for a third nomination, but he is opposed by Geo. T. Judd of Provo, Alma Adams of Longview, and several others are also seeking the nomination, with the chances in favor of Judd.

A convention was called to order by J. J. Jackson, of American Fork, who was named as temporary chairman. In his speech Mr. Jackson urged the party to be united and expressed the hope that should the Republican candidates be elected to the legislature, they would immediately call a session of the legislature and elect a president over the Irish conference, he manifested leadership coupled with energy and humility such as only great men possess.

As a worker in the local institutions at home he was accorded the highest praise. Quiet and unassuming though he was, his popularity was amply testified to in the very large gathering at the funeral, the ward house being filled to capacity.

The speakers in their order were: Bishop E. F. Price, Bishop James C. Hamilton, Edwin Bennion of the state presidency, D. B. Jones, H. J. Belgin, Chillian Miller, Frank Murphy, Bishop Daniel McRae, Joseph R. Carille, John S. Colbert, Daniel McRae, the pastor of the church.

The interment took place in the Mill Creek cemetery.

### AGED MAN HURT.

Thomas E. Taylor, Falls in a Fit and Is Badly Injured.

At noon today, Thomas E. Taylor, aged 60 years, a bookkeeper for the Salt Lake Livery & Transfer company, residing at 49 South First West street, was seriously injured by a fall in front of the Breeden Supply company's office on West Second South street.

Mr. Taylor was riding a bicycle along the street and stopped in front of the office mentioned. Just as he dismounted the wheel he fell in a fit, his head striking the pavement with great force. He received a long gash in the scalp and was rendered unconscious. The police were notified and Sergeant Johnson and Patrol Driver Moore hurried to the scene. They took the injured man to his home, where he was attended by Dr. C. F. Wilcox. Dr. Kirtley witnessed the accident and rendered what assistance he could prior to the removal of the injured man from the scene.

Mr. Taylor did not regain consciousness until after he had reached his home and could not explain what had happened to him. It is believed that

## PLATT GOES UP

Still Higher

Becomes Supt. of Southern Lines  
Of Southern Pacific  
October 1.

### TAKES R. H. INGRAM'S PLACE

His Territory Encompasses Vast Tract Lying Between Fresno, Cal., And El Paso, Texas.

Another Salt Lake railroad has reached a rung near the top of the ladder in his profession. This time it is H. B. Platt, formerly with the Oregon Short Line at Pocatello and in this city but in recent years with the Southern Pacific at Los Angeles. Mr. Platt will succeed R. H. Ingram as general superintendent of the southern lines of the Southern Pacific, Oct. 1. Mr. Ingram has resigned but as to what he intends doing is not known here.

Mr. Platt has been interested in the news that Mr. Platt has gone up. And he has gone away up, too, for the southern lines of the Southern Pacific include all those divisions which form a network clear from Fresno and Santa Barbara on the north to El Paso, Texas on the south. These divisions are the Los Angeles, the Tucson and the San Joaquin and comprise many hundred miles of track and cover many hundred square miles of wonderfully rich country.

Mr. Platt has friends throughout the state and neighboring states for the term "general superintendent" does not mean more snugly than it does here. While he has been in the office of the Oregon Short Line at Pocatello, he came to Salt Lake in a similar capacity and in 1903 was later appointed train master. Becoming superintendent of the Utah division of the Oregon Short Line, he assumed a big office after April 1, 1904, the Utah division of the Oregon Short Line being applied to the Utah lines, but to that network in Idaho as far north as McCammon and to the main line of the Union Pacific as far east as Great River, Wyo.

It was a big office but a big man filled it and he grew big enough for a still more important place in the Harman family by the fall of 1905 when he was taken to the coast to become general superintendent of the Los Angeles division of the Southern Pacific. Now he is about to assume the responsibility of the Utah division of the Southern Pacific, a vast network of big lines. His friends here receive the news with a happy smile and prophesy that he is not through climbing yet.

### FAST DAY OBSERVED.

Elder Nephi L. Morris Addresses Tourists at Tabernacle.

Yesterday was observed as fast day in the four stakes of the city, Liberty, Pioneer, Salt Lake and Ensign. This was done because of the fact that next Sunday, the regular day set apart for fasting, general conference will be in session. Afternoon meetings were held in the various wards for sacramental and other purposes, peculiar to such occasions, and the management of the exercises were conducted under the auspices of the Mutual Improvement associations.

A short service and organ recital were held in the Tabernacle in the afternoon, more especially for the benefit of tourists and visitors in general. A short address explanatory of the doctrine of discipline and organization of the Church was delivered by Nephi L. Morris and Prof. John J. McClellan presided at the conclave.

### OGDEN SAYS "GOOD WORK."

Letter to Gov. Cutler Congratulating Him on "Red Light" Communication.

A communication has been received by Gov. Cutler from Ogden, in which citizens of that place extend congratulations to the executive for the stand he has taken in the "red light" situation in this city.

The writer suggests that a word from the governor might be sent to the promoter of vice, Belle London.

### FUNERAL OF E. E. HILL.

Funeral services over the remains of the late Edward E. Hill were held in the Mill Creek ward assembly hall on Sunday, Sept. 27, Bishop Brigham F. Price, presiding.

The Imperial Male quartet rendered several choice selections. The speakers were united in their praise of the life and labors of Elder Hill. As a boy he had been obedient and industrious. In the mission field he made a record of wisdom and courage. As a president over the Irish conference, he manifested leadership coupled with energy and humility such as only great men possess.

As a worker in the local institutions at home he was accorded the highest praise. Quiet and unassuming though he was, his popularity was amply testified to in the very large gathering at the funeral, the ward house being filled to capacity.

## FREIGHT RATE INCREASE

Interstate Commerce Commission Begins Hearings to Determine Reasonableness of Those Announced.

St. Louis, Sept. 28.—The interstate commerce commission this morning began a series of hearings in St. Louis to determine the reasonableness of an increase in freight rates which has been announced by southwestern lines. The increase proposed applies to all freight rates on Texas and points in Missouri and Illinois.

The complaint against the increase in freight rates was filed by the Texas and Pacific railway company, and intervening petitions have been filed by shippers of St. Louis, Omaha, Chicago and other western cities. They stand with the interstate commission in opposing the rate increase.

Over 100 representatives of commercial bodies were present when the hearing began. E. H. Harman, an opponent of the increase, is arguing the case to determine the reasonableness of an increase in freight rates which has been announced by southwestern lines. ### MR. BRYAN RENEWS

HIS CRITICISM OF MR. TAFT

St. Louis, Sept. 28.—William J. Bryan, Democratic candidate for president, opened the fourth week of his present tour by renewing his criticism of Mr. Taft and the Republican platform.

A big crowd waited at the station a long time for the belated train bringing the traveling abolitionist, and when at 8 o'clock, he finally made his appearance they sent up a series of loud cheers. Mounting a truck near the station, Mr. Bryan got the attention of his audience.

"I am glad to be here again," he said, "because you in this great western state have been studying public questions for a long while, and you have here before they did in some other parts of the country the tendencies of our government and you tried as best you could to correct them. He briefly discussed the issue, "Shall the people rule?" and taking up the subject of the trusts, publicity of campaign contributions and election questions for long while, he denounced the Republicans and more particularly Mr. Taft on their attitude on these questions.

### GREAT CONVENTION

OF THE UNEMPLOYED

New York, Sept. 28.—An extraordinary gathering began in this city today, made up of delegates from various parts of the country to take part in a four days' convention of the unemployed. The delegates of freight cars on the "blind baggage" of the swift express or straggled in over dusty roads. They profess to represent the country's workless and they constitute the "first national convention of the unemployed."

The "health of the unemployed" was the principal subject scheduled for discussion at today's meeting. Speaking of this topic, Mr. How said that the "health of the unemployed" was the principal subject scheduled for discussion at today's meeting.
