### SHEEP VS. CATTLE.

In a pew not it say acred form, the old emphasized bettern there are not of emphasized bettern there are not and earth more into make a market in the corne up in the chape of a tell, the design of which, as unfortant in the corne up in the chape of a tell, the design of which, as unfortant in in title, is the increase it as in the State by conferring riom the weart of sheep a fundancy in the period of the sheep inducty in the period part with the action business, registed we kind of increaser evil, and make to help appear the State by any fundance in the finely in receive definite or the period of the period of

considerable amount of support are high a function in the investor of mattle have rights to the precision which should be recognized. Prior to the sequirement of statebood, the Dala Legislature has very little power to take sequilable section with a view in (solid before it his owners at sheep size a rattle, respectively. The literal before it has owners at sheep size a rattle, respectively. The literal before it is owners at sheep size a rattle, respectively. The literal control, see a report of the literal law successful to the literal law successful to such the Territorial law successful to such a successful to the literal law successful to such an account of the literal law successful to one class of the literal law successful to one class of the successful to such the enther.

man the power to so ec; but no radical egiblation favoring use olses at the argust and normalization cost of the other should be sub-risined.

selege to the control of the control

### INOTHER POINT OF CONTENTION

In the Mahammedan world treditions as to the fairny desting of plans are impressed festers to the requisition or apparent sections. One is in the effort that thereign the regulation of a proport sections. One is the effort that thereign the three efforts that the should consider the effort that the should be the effort that the should be the effort that from Alysenta will come the power that is to destroy Selects and Selects, the mass seried plans of the ollowers of the Arshaul problect. It is us account of the fatter prediction that the Tarkinsh satisfare and the Ergpilin thesitive sizesys have strained every covers to prevent the Ergpilin thesitive sizesys have strained every covers to prevent the segme from white sizes and the experiments of Massawah as assented convention to the proceeds of Massawah as assented convention to the process of the observing sure to the process of the observing sure to be under the experiment of the ex
