

LOCAL AND OTHER MATTERS.

COULDN'T REACH IT.—By a dispatch we are informed that the evening session of the Senate on Thursday, elicited so prolonged a discussion on the bill to enforce the 15th Amendment and other matters, that Craig's anti-polymathy speech had to be postponed up to three o'clock of Friday morning. He ought to publish it in the *Globe*.

MURDER.—We received this morning by Deseret Telegraph line the following:

Fairview, Utah, May 21st.
Early this morning a young Indian woman named Sally Woodward, was found dead under a shed near her residence in this place. She had her throat cut, and a cut on her hand, supposed to have been received while resisting her murder. The guilty party is not yet known. An Indian was seen around there yesterday, and a few think it was his work; but the general belief is that some white man committed the deed. She visited a friend last evening, and left for home soon after dark. This was the last seen of her alive. She was purchased from the Indians, when a child, by a lady resident of Fairview and brought up by her.
The affair is creating much excitement here and diligent investigations are being made to discover the murderer.

FOUND.—The bodies of Henry Langford and George Knighton, the two young men who were drowned in the Jordan last week, were recovered on Saturday, the 14th inst. A Coroner's inquest was held on the bodies the same day and a verdict returned in accordance with the circumstances. The remains of the unfortunate young men were buried last Sunday afternoon.
Bishop Stoker, of Bountiful, desires us to express, through the *News*, the gratitude of the relatives and friends of the deceased to Brother Thomas Winesgar and Ira Reed, and to Brother Van Natta of the 19th Ward, for the valuable aid which they rendered in recovering the bodies.
A letter containing the above particulars was mailed to us from Bountiful on Monday the 16th inst., but, strange to say, and yet not very strange either in these days, it has not yet come to hand.

ARRIVED.—Bishop Alexander McRae, with his son, Daniel McRae, arrived in town last evening from their mission to the East and South. They are enjoying good health, though feeling somewhat fatigued from their lengthy journey.

NEW PLAN.—Bishop A. Gardner, of West Jordan, called in this morning and gave us his plan for killing grasshoppers. It consists in driving a flock of sheep hurriedly over a field. He considers it more effectual than any other plan he has seen tried. It is necessary to keep the sheep in a compact herd; and when driven early in morning on a cool day, when the insects are sluggish and inclined to lie still, one, or at most, two drivings over will completely clear the field of live grasshoppers. The plan, though new in this country, has been practiced extensively in Australia, and we believe, it is the one generally adopted for annihilating these insects. Brother Gardner thinks that, with a flock of sixteen hundred sheep, they killed ten acres of grasshoppers this morning in about two hours.

ANTICIPATING.—We clip from the *Globe*, New York, the following:
"The Mormons are arming. When Uncle Sam gets after them they will be 'legging.'"

There are plenty of bummers, office-seekers, swindlers and bounty-jumpers around here, as well as back there, who would like to see the "Mormons" "legging" it, that they might avail themselves of the property that we by our thrift and industry have created. When we are going to "leg" it we will let you know.

FROM "MORMONS."—The following is from the Cincinnati *Chronicle*:
"The Methodists are actively at work in Utah, and have already swallowed up numerous 'Mormons.'"
Look out "Mormons," if there are Methodist cannibals loose around here, you had better take warning and keep your eyes "peeled." We do not know of their having taken any "Mormons" around here, yet, but the *Chronicle* says they have, and it must be so.

EDITORIAL FELICITIES.—A lively war of words has been engaged in by the editors in general throughout the States, in want of something else to occupy their time.

"Greeley and the Times have been having a rough and tumble in regard to the McFarland trial and the letters of Mrs. Calhoun to Mrs. McFarland, advising the latter to leave her husband and flee to the noble Richardson. Greeley very naturally sustains Mrs. Calhoun. Dana and Young are reviving an old unpleasantness. Dana accuses Young of stealing the Associated Press dispatches, and Young retorts by publishing Dana's letter to Andrew Johnson, begging for an office. Tilton goes for Hastings, of the *Commercial Advertiser*, and the latter threatens to introduce Tilton to the toe of his boot, the first time he meets him. It is a dull time for news. In a few months there will be a revival of political topics and some sort of a truce will be patched up, among the editorial fraternity."

Our dog is not in that fight.

COMMANDER OF THIS POST.—By our Eastern dispatches this morning, we are informed that Col. Haugh, of Gen. Thomas' Staff, will be assigned to the station at Salt Lake.

PAROWAN.—We had a visit this morning from Bishop Dame, of Parowan, who reports that the crops at that settlement are looking much better than usual at this season of the year, and, though the grasshoppers are very bad, the people are subduing them by digging trenches and driving them into them. The people here were a failure there last year, they still have plenty of breadstuffs to last them till harvest. There is a prospect of all the small grain sown at Beaver being eaten off by the "hoppers," but there is yet time for the late crops if the insects take their flight.

SAD NEWS.—A dispatch from Freeport, Illinois, says that the wife of Governor Shaffer died this morning, after a lingering illness. We sincerely condole with our Governor in his loss, and extend to him the sympathy of all our citizens who are acquainted with him.

SUDDEN.—Mr. G. A. Brier, editor of the *Evening Reporter*, (White Pine, Nev.) died on May 17th, within an hour after writing his editorial—the one contained in the same issue of his paper that announces his death. In a local item, he had just written, he apologized for the lack of interesting matter in that department, assigning as a reason that he had been laboring under an attack of congestion of the lungs, and expressed a hope that he would, in a few days "be able to scale the highest mountains in the district at the rate of six miles per hour."

POLICE.—Samuel Crawford, arrested yesterday for being drunk and disturbing the peace, was fined \$15.

ELGIN WATCHES!

MANUFACTURED BY

The National Watch Company

All the grades of the Elgin Watches

INCLUDING THE

"LADY ELGIN"

READY FOR

SPRING TRADE.

The company also call the attention of Watch buyers to the fact that the Elgin Watches now offered have an added improvement over all others, in a new

PATENT DUST EXCLUDER,

So constructed as to enclose the works, and form a protection against dust, enabling the movement to remain in order without cleaning double the time that a watch will ordinarily run without this protection.

The company feel confident, after having had their watches and timepieces in the hands of the country, that the Elgin Watches are the best time keepers now offered to the American public.

TESTIMONIAL.

UNION PACIFIC R.R., OFFICE OF GEN'L SUPT, OMAHA, Dec. 16, 1869.

Hon. T. M. AVERY, President National Watch Co., Chicago, Ill.

Dear Sir:—During the month that I have carried one of your "B. W. Raymond" Watches it has not failed to keep the time with so much accuracy as to leave nothing to desire in this regard. For accuracy in time keeping, beauty of movement and finish, your Watches challenge my admiration, and I am confident, my pride as an American, and I am confident that in all respects they will compete successfully in the markets of the world, with similar manufactures of other nations. They need only to be known to be appreciated.

Yours most respectfully,

C. G. HAMMOND, Gen'l Supt.

OFFICE OF THE HUDSON RIVER RAIL ROAD, Gen'l Supt., New York, Jan. 17, 1870.

T. M. AVERY, Esq., President National Watch Co.

Dear Sir:—The Watch made by your company which I have carried for two months, has kept excellent time. I have carried it frequently on engines, and have been on the road with it almost daily. During this time it has run uniformly with our standard clock.

Truly yours

J. M. TOUCEY, Gen'l Supt.

The following dealers also, in various parts of the country, have certified that they consider the Elgin Watches to be all that the company have advertised them, as better finished, more correct and durable, than any in market of similar price, and that they have great confidence in recommending them to the public, on account of their general merit.
