

KEARNS CREW AFTER SCHOOLS

Men on the Ex-Senator's Payroll
Lay Plans to Capture Com-
ing Election.

TIME TO AROUSE THE PUBLIC.

The Men Who Retire This Year and
The Votes Cast for Those Elected
Two Years Ago.

In view of the fact that the "Ameri-
can" party is going to make a strenu-
ous effort to gain control of the schools
of Salt Lake, as evidenced by a meet-
ing of members of that aggregation
held in the Cullen hotel last evening,
people of this city who desire to see
no such an undesirable consummation
will doubtless combine to defeat the
scheme. The majority of the popula-
tion of Salt Lake, regardless of politi-
cal or religious belief, will doubtless
work to the end that the public school
system shall not be made a cog in an-
political machine. The schools are for
all the people, all the time, and must
forever thus be maintained. An ideal
equilibrium in the main has thus far
characterized Salt Lake's public educa-
tional institutions, and it is the wish
of all well-meaning citizens that there
shall be no backward movement in this
regard.

This year one member of the school
board retires from each of the five mu-
nicipal wards of Salt Lake. The out-
going officials are: From the First,
Byron Cummings; Second, M. J.
Cheesman; Third, William J. Newman;
Fourth, Thomas R. Ellerbeck; Fifth,
H. P. Henderson.

Mr. Ellerbeck was appointed nearly
a year ago to fill a vacancy caused by
the removal from the Fourth precinct
of H. C. Edwards. Mr. Ellerbeck re-
tires on the same day that his prede-
cessor would have done had he re-
mained on the board.

Two years ago there was a lively
contest, both at the primaries and on
election day, when five vacancies were
to be filled. The "Americans," then,
as now, were determined to place their
agents upon the school board. In on-
ly one precinct did they succeed, name-
ly, in the Fifth. There Mr. Ober-
dorfer beat Dr. Proulx by only 62
votes, while Martin, in the First, ran
ahead of Corum 603. Chausse, in the
Second, had 1,309 the best of Redman;
Moyle, of the Third, left Hagman to
the tune of 911; Thomas, in the Fourth,
distanced Howard, for the long term,
429, and Edwards, in the same precinct,
for short term, went 465 ahead of
Ferry.

Time has served to accentuate the
feeling that Salt Lake's schools shall
not be interfered with, and now that
the "rule and ruin" gang has again
started out to prey upon institutions,
there is the pride of the people, there
will doubtless be a marshalling of forces
that will send them to another de-
feat. The brazen effrontery of the de-
generate schemers is amazing, but the
rebuke of the better element of Salt
Lake in December will be emphatic
and stinging.

Frank Cannon, Colonel Nelson, Judge
C. C. Goodwin, all on the Kearns' pay-
roll, and Joseph Lipmann and Ben Hey-
wood, who have been, and other bene-
ficiaries of the Kearns' regime, held
their meeting in the Cullen hotel, as
stated, and partially launched a
Kearns' club, with Judge Cherry at its
head, to begin work at once to carry
the school election to be held on Dec. 5.

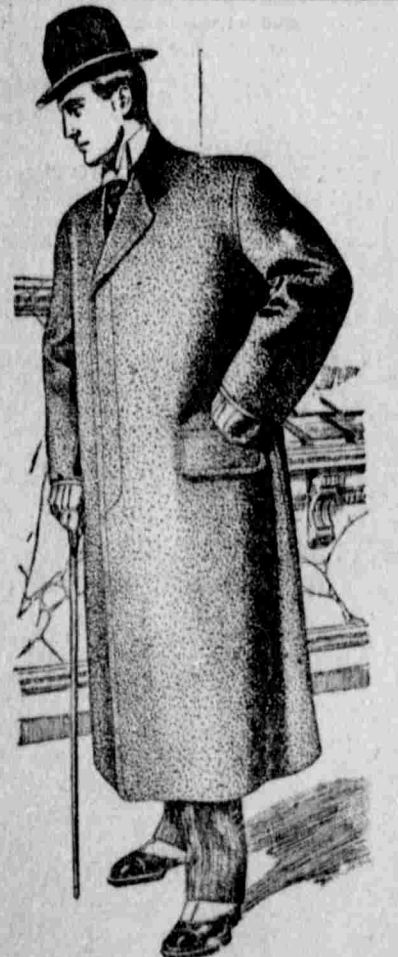

CASE FOR CHARITY.

Sad Plight of an Ex-Convict Who Was
Recently Liberated.

There is a case in this city calling
for humanitarian consideration, in
James Campbell, who was released on
parole from the state prison some
weeks ago. The man is enfeebled from
results of confinement and trouble with
his heart, which makes it impossible
for him to do a full day's work, al-
though he is willing enough to do what
he can. Campbell was a good prisoner,
and since getting out, has conducted
himself without offense, but finds em-
ployers turned against him on account
of his having been in prison, and says
that when they find out about it, they
turn him adrift.

At present he is in bad shape, men-
tally and physically suffering from mis-
fortune, his wife has left him, and he is
anxious to go elsewhere, but can not
because tied up here by his parole. An
effort is being made to get Campbell
pardoned. He is living at 364 North
Eighth West street and sick a good
deal of the time.

J. W. GUTHRIE DEAD.

Veteran Banker Passed Away at Ogden
This Morning.

(Special to the "News.")

Ogden, Nov. 10.—One of the oldest
bankers in the State of Utah died in
this city today, when J. W. Guthrie,
the veteran president of the Commercial
National bank passed away.

President Guthrie has been confined
to his rooms at the Healy hotel with
lung trouble since Oct. 19, and his
death was not unexpected. He is sur-
vived by a wife and one child, who
is now Mrs. A. R. Haywood. Mr. Guth-
rie, as an Ogden banker, began in 1874,
when he founded the institution of
which he has been president for the past
32 years. Before that he had operated
a bank for a time in the town of Cor-
rinne, when it gave promise of develop-
ing rapidly. He was born in Kentucky
and came west in 1860.

LATE LOCALS.

Dallas Much Better.—Architect Dal-
las has recovered sufficiently from his
injuries to enable him to return to
his office and attend to his business
duties once more.

Realty Sales.—Rosetta Gilbert, et
al have sold to G. R. Rothwell
block 132 in plat D, at Tenth and E
streets, for \$6,000. This block will
be cut up into lots and built up.

To Give Recital.—There will be a
recital given next Friday evening, in
Westminster Presbyterian church, by
Mrs. Leahy Montgomery, assisted by
well known local musical talent. A
fine program has been assured.

Flag Presentation.—A flag presenta-
tion will be made to the high school
cadets this month, by the Third Iowa
Infantry association, through Col. Tat-
lock of this city, who was a member
of that regiment during the civil war.

Pay Water Tax.—City Treasurer
Swenson has reached the limit of
leniency towards those who are delin-
quent in the payment of their water
taxes and will now commence to
shut off the water of those who have
not paid their tax.

Turkeys in Market.—The first of the
local turkeys are in the market, and
selling at 25 cents per pound. Tur-
keys are reported scarce this season,
and as one dealer remarked this morn-
ing, "People who eat Utah turkeys
this year will have to pay for them."

Twenty Years Ago.—It may be of in-
terest to note that the local postal
carrier service was established in this
city, 20 years ago today. It required
considerable effort to bring this im-
provement about; but it was some-
thing in which all classes of citizens
were interested, and united efforts
secured it.

Double Tracks.—The street railway
management has completed doubling
the east Fourth South street tracks,
thus cutting out the last piece of single
track in that line. The removal of the
east Tenth South street track of two
blocks is being considered, the plan
being to extend the First street tracks
south, so that that will be the state
prison line.

Fair Weather Tomorrow.—There is a
high barometric area approaching
from the coast, which ensures fair
weather tomorrow, and very likely
Monday. But there is a low area in
the northwest, and another in the
southwest, and if they close up and
follow on the heels of the high, there
is likely to be aerostatic trouble in the
course of the next two days.

St. Mark's Choir.—The choir of St.
Mark's cathedral will sing tomorrow
morning, the anthem "Sing Alleluia,"
by Dudley Buck. The choir of the
First Baptist church will sing "Send
Out Thy Light," by Gounod in the
morning, and in the evening, Bible
day exercises will be celebrated by the
Sunday school, with a suitable pro-
gram. The church will be decorated.

Additional Appointments.—Gov. Cutler
today appointed five additional
delegates to represent Utah at the
Transmississippi Commercial con-
gress which meets in Kansas City, Mo.,
from Nov. 20 to 23. Those named

A nut molasses chewing candy

are: W. N. Williams, Nephi L. Mor-
ris, William Lantton and Harry S.
Joseph of this city; Jesse Knight of
Provo.

To Attend Orphan.—Tonight at the
Orphan Gov. John C. Cutler and
wife will entertain the members of
the governor's staff and their wives.
Those who will attend in addition to
the hosts are Gen. and Mrs. Naylor,
Col. and Mrs. Bowker, Col. and Mrs.
Keefer, Col. and Mrs. Irvine, Col. and
Mrs. Daynes, Col. and Mrs. Hansen
and Col. Taylor.

Visit to Nephi.—The state board of
equalization will visit Nephi on Mon-
day next, for conference with the
county board of assessors. On Tues-
day the board will confer with the
county assessor at Mant, and on
Wednesday, with the Sevier county
assessors at Richfield. The board
will then visit Wayne, Piute, Gar-
field and Kane counties.

Representatives Here.—Mr. P. T.
Bannan, representing the "Iron and
Steel" company, and Mr. William
H. Moxon, representing the
"Checkers" company, arrived in Salt
Lake yesterday and will remain over
for a day. They are here to confer
with their friends in this city. While
in Salt Lake Messrs. Bannan and Mox-
on are being entertained at the Elks'
club.

Teachers' Meeting.—A large num-
ber of teachers were present at the
meeting of teachers of the schools
of this county this afternoon held in
Judge Ritchie's court room. The
principal speaker at the meeting was
Miss Rosalie Pollock, primary super-
visor of city schools, whose sub-
ject was "Primary Reading." Her
address was very interesting and in-
structive and was well received by the
teachers.

Elk Perkins' Lecture.—The lecture of
Elk Perkins, delivered in the First M.
E. church last night, was largely li-
tered to by an audience of fair size
and one that represented the educa-
tional and professional side of Salt
Lake life. Many of the best bon
mots of the speaker and other wis-
dom of this and the past generation were
regaled and laughed at. Altogether
the entertainment was one that was
thoroughly enjoyed.

Two Girls Committed.—Judge Mum-
ford of Murray presided over the
juvenile court in this city today and
committed two girls to the State In-
dustrial school. The girls are Rhoda
Brash, aged 14 years, and Violet G.
Preston, aged 15 years. Both of
them have been wards of the court
for some time and have violated the
terms of their probation and hence
were committed to the Industrial
school. They were taken to Ogden
today by Deputy Sheriff Parley
White.

U. S. Court November Term.—The
November term of the United States
court will open Monday morning next,
when the grand jury will be impaneled,
as well as petit juries. The first cause
set for trial is the Conrad Stanford
company vs. the Utah Savings Bank
and Trust company, and begins on
the 13th. The next cause is Peter
Ferreira, recently employed in German
Southwest Africa, entered the north-
western part of Cape Colony a few days
ago and surprised a police camp in the
vicinity of Witkop, wounding two
troopers, seizing their arms and ammu-
nition and subsequently capturing a
corporal of police. At Abiquas, Fer-
reira, who is a Transvaal colony Boer,
gained some recruits and marched to
Stewartmodder, about 25 miles from the
frontier, where he is reported to be
compelling the farmers to join his
forces, asserting that on uprising in
the Transvaal he adopted measures to
suppress the disorder.

Critchlow in Charge.—It is announced
today, as a fact, that John Q.
Critchlow, former manager of the
Utah Association of Credit men, will
take active charge Monday next as
general manager of the Utah Imple-
ment company. The petition for a re-
ceiver by certain of the stockholders
has been laid over until Wednesday,
and in the meantime a compromise is
being effected whereby the suit will
be dismissed. Mr. Critchlow is given
the position of president because of his
valuable experience in settlement of
corporation and business difficulties
generally for which he seems to have
a special genius, as well as his long
experience as a business man.

Civil Service Exams.—There will be
civil service examinations in this city,
Nov. 20, for the position of laboratory
assistant in the bureau of standards,
at \$1,000 per annum. Applicants
must be qualified in practical optics.
Here is a good illustration of what
the government has such a strenuous
time of it in securing skilled service
in the sciences. In this present in-
stance, the candidate must be skilled in
glass blowing; must be well posted
in the construction and designing of
all sorts of vacuum tubes, glass
measuring apparatus, and the most
intricate physical and chemical ap-
paratus, and yet all the compensation
offered is \$1,000 a year. A man can
carry a hod in San Francisco and
make more than that. Skilled opera-
tives only smile when such bait is put
out by the departments at Washing-
ton. There will be examination also,
Dec. 5, for the position of Agricultural
tourist in land agriculture (man), de-
partment of agriculture, with salary
at \$2,000; also, for the position of
printer, bureau of engraving and
printing.

AMUSEMENTS.

Hawaiian Band.—Every afternoon
and evening at the Wasatch skating
rink the Royal Hawaiian band is giving
delightful concerts, both vocal and
instrumental. After the concerts the
band plays while the skating goes on
and large crowds are in attendance at
each event.

WEATHER REPORT

BUTTE MINERS' WAGES RAISED

Butte, Mont., Nov. 10.—All of the
large mining corporations of Butte at
noon today posted notice at their prop-
erties that, beginning Nov. 15, the
wages of all underground men would
be increased from \$3.50 to \$3.75 a day.
At Anaconda, where the works of the
Washoe smelter are located, and at
Great Falls, where the Boston & Mon-
tana smelter is situated, notice was
posted that, beginning Nov. 15, all men
receiving less than \$3 a day will on
and after Nov. 15 receive that sum.
In each case the notice states "this
notice is made on account of the sat-
isfactory condition of the metal market,
and it is understood that it will be al-
terative so long as the price of electro-
lytic copper remains at 18 cents per
pound or over."

The companies that today announce
an increase of wages in Butte are:
Anaconda, Boston & Montana, Butte &
Boston, Parrot, Trenton, Washoe com-
pany, all controlled by the Amalgamat-
ed company; the Red Metals, North
Butte, La. Branch, and the properties
controlled by U. S. Senator W. A.
Clark.

Ten thousand men in Butte alone are
affected by the increase and more than
1,000 in Anaconda and as many in Great
Falls. The increase will mean the addi-
tion of \$1,000,000 a month to Butte's
payroll.

No increase has been requested by the
men and no action looking to such a
request has ever been discussed in the
miners' union. John D. Ryan, managing
director for the amalgamated company,
said today that the people who are
benefitted by the increase owe it to H.
H. Rogers, president of the company.
Under the new schedule the miners
will earn as much in 11 months as they
formerly earned in 12.

TRAIN LEFT TRACK.

Accident on Illinois Central Results in
Injuries to Several People.

Bloomington, Ill., Nov. 10.—The
Nashville special on the Illinois Cen-
tral northward, was wrecked Sunday at
day at Buckley, north of here. The
whole train left the track but none
of the coaches turned over. Fifteen
of the passengers and train crew were
more or less injured, none fatally. The
cook in the dining car was thrown
against the cooking range and severely
burned. The accident was caused by
broken wheels. The train was late and
running at high rate of speed.
The passengers seriously injured are:
T. P. Flattery, Chicago, bruised and
cut about the head.
C. M. Phillips, McDowell, Ill., injured
internally.

HOTEL BIXBY VICTIMS.

Two More Have Been Added to the
Death List.

Longbeach, Cal., Nov. 10.—Two more
victims have been added to the death
roll of yesterday's disaster in the col-
lapse of the Hotel Bixby. The body of
the unidentified man recovered late
last night has been found to be that
of Fred Collins, a tile layer, residing
on American avenue, Long Beach. The
body of William F. W. Folker, a car-
penter of Long Beach, 40 years old, was
taken from the ruins at 3 o'clock this
morning. He had evidently been in-
stantly killed by the great mass of iron
and mortar that crushed down upon him.

MASKED MEN ROB A CALIFORNIA SALOON.

San Luis Obispo, Cal., Nov. 10.—Two
masked men each armed with a brace
of revolvers, entered the saloon of
Dempsey & Harris at 2 o'clock this
morning and held up R. L. Dempsey,
one of the proprietors, and several oth-
ers who were in the saloon. Ed Har-
ris, Dempsey's partner, who entered a
few minutes later, was lined up with
the other victims and all articles of
value taken from them. Harris was
then compelled to open the safe, from
which \$400 was handed over to the
robbers who, after rifling the cash reg-
ister, taking a drink and some cigars
and a bottle of whiskey, left the saloon
on a run. The robbers were dressed in
new overalls, jumpers and caps with
handkerchiefs for masks. The clothing
store of H. H. Schultz was robbed early
in the night of articles of clothing
corresponding to those worn by the
burglars. Both desperadoes were
young men of light complexion.

BOER DISTURBANCE. IN N. W. CAPE COLONY.

Cape Town, Cape Colony, Nov. 10.—
A disturbance has occurred in the
northwestern part of Cape Colony. The
official report of the affair says that
several Boers, led by a man named
Ferreira, recently employed in German
Southwest Africa, entered the north-
western part of this colony a few days
ago and surprised a police camp in the
vicinity of Witkop, wounding two
troopers, seizing their arms and ammu-
nition and subsequently capturing a
corporal of police. At Abiquas, Fer-
reira, who is a Transvaal colony Boer,
gained some recruits and marched to
Stewartmodder, about 25 miles from the
frontier, where he is reported to be
compelling the farmers to join his
forces, asserting that on uprising in
the Transvaal he adopted measures to
suppress the disorder.

IMMIGRANTS HELD UP.

Peru, Ind., Nov. 10.—While Wabash
railroad express train No. 3 was stand-
ing at the station at midnight, a day
coach on the rear of the train in which
were 20 Italian immigrants, was en-
tered by two men, who had a loaded
revolver at the head of one of the
foreigners standing at the door and re-
lieved him of his watch and \$30. The
robbers escaped.

SHELBY STEEL TUBE CASE.

Washington, Nov. 10.—In connection
with the report from Pittsburgh that the
grand jury at that place had indicted
three officials of the Shelby Steel Tube
company in charges of illegal tamper-
ing with the marks upon steel tubes in-
tended to be used in the boilers of war-
ships, Ray Admiral J. A. B. Smith, chief
of the navy, stated today that not a
single defective tube has been placed in
any of the battleships. The tubes, he
said, are subjected to two inspectors af-
ter they pass the original inspection at
the place of manufacture and finally sub-

jected to heavy physical test, which, he
said, would surely disclose the existence
of any defect.

COMBINE TRIALS POSTPONED.

Chicago, Nov. 10.—Trial of the charges
against the various companies under in-
dictments alleging a combine in restraint
of trade and commerce was today post-
poned until Dec. 10, neither the govern-
ment nor the packers being ready to pro-
ceed to trial.

DISTRIBUTE PROFITS.

(Special to the "News.")
Provo, Nov. 10.—The Beck Tunnel
Mining Co. yesterday posted a dividend
of 40 per share, amounting to \$400.
This is an increase of one cent per share
over last month, but the directors felt
that the condition of the mine war-
rants it, and are in hopes of being able
to make the rate of four cents per share
a regular thing. Books will close Nov.
15, the checks to be sent out on the
20th.

The Grand Central and Victoria Com-
bination have also posted dividends of
six and four cents respectively, the
first amounting to \$15,000, the latter to
\$10,000. Books close Nov. 12.

wholesale dry goods department of
