White Rose of the Miamis, Stolen When Five Years Old.

Though a White Girl, Was Reared by the Indians, Married a Chief, and Refused to Leave Bim.

Chicago, May 18 .- A special to the Tribune from Peru, Ind., says: Ten The Canadian artillery contingent of thousand people, men, women and the Rhodesian force is now reported to have reached Buluwayo May 2nd. Tribune from Peru, Ind., says: Ten children, witnessed the unveiling of the monument erected to the memory of Frances Slocum, the Indian captive, and more generally known as "The White Rose of the Miamis," at the Miami Indian burying grounds, ten miles east of this city, yesterday. The event is a notable one in commemorating the history of this woman, whose story reads like fiction and has become one of national Interest and history.

She was stolen when a child of five years from her home at Wilkesburre, Pa., in the fall of 1777. Brought west by her abductors to Fort Wayne, she was adopted by one of the Miami In-dian chiefs and brought to the Osige viliage, six miles from this city. She grew up to womanhood to all intents an indian. She was married to one of the Colonel G.W. Ewing, an Indian trader, her identity became known, leading to a visit of two brothers and one sister from Wilkesbarre. She recognized the relationship, but refused to return with them, dying here March 9, 1847, at the

age of 75, and was buried where the monument now stands. To James F. Stutesman of this city belongs the credit of the present me-morial, who, with the co-operation of the Slocum family, made it possible, it is a beautiful white bronze monument, standing commandingly on a knoll and

can be seen for many miles.

Nearly 200 members of the Slocum family attended, coming from all parts of the country. In addition the remaining members of the Miami tribe of Indians were also present.

BULLER IN DANNHAUSER.

Dannhauser, Thursday, May 17,-Genral Buller entered Dannhauser at 10 o'clock this morning. The houses in the town were found to be not much damaged, owing to the sympathies of the Boer inhabitants. A house at Hat-ting Spruit, however, was destroyed. A number of rebels were found at their homes and arrested. The railway is little damaged, but several large cul-verts have been destroyed.

The Boers north of Newcastle are falling back on Majuba. General Buller has received a message

from the queen congratulating him upon the taking of Dundee and expressing appreciation of the work of the troops, to which he has replied. The Boers left two doctors and an ambulance here.

WAITING TO HEAR FROM MAFE-

London, May 18, 3:39 a. m.—England still waits with intense and almost breathless interest for news of the re-lief of Mafeking. A crowd remarka-ble for the number of men in evening dress and including many ladies, lingered around the war office even after midnight, hoping for some announce-ment. Only reluctantly did the people disperse when the lebbles of the war office were finally cleared with the word that nothing had been received. One thing seems clear. The town still holds out. Were it otherwise the Boer wires laid to the camps of the beleagurers would have flashed the

Skeleton messages from Lourenze Marques, based on information that leaked out at the Pretoria war office, how that the Boer stormers Saturday fell into a trap. Col. Baden-Powell permitted them to seize one fort, and he then surrounded and overbore them before the large forces near at hand perceived the strategy. It was thus that Sarel Eloff, President Kruger's grandson, and part of his commands were taken and many Boers killed.

The distance from Buluwayo to Mafeking is 490 miles. As the railway is open all the way to Pitsany, twenty-eight miles from Mafeking, where Col. Plumer is, the Canadians may yet take part in the relief.

HOW THINGS GO IN MEXICO.

American Ambassador's Privileges-Question of Extraditing Cubans. City of Mexico, May 18 .- A deal is

pending for the transfer from the hands of local capitalists in Monterey of the steel plant there to the Wellman-Seaver Engineering Company of Cleve-land, Ohio. The capital authorized for the Monterey Co., is \$19,000,000. The local stockholders include Prince Hadziwill and Eugene Kelly. The American ambassador's carriage

is allowed the same privileges on the streets of this city as that of the president of the republic, and two police-men have been discharged for refusing to allow the carriage in which were the ambassador's daughters, wife and the British consul to stand in front of

a dry goods shop here. Upon request of Ambassador Clay-ton, Pablo Corrales and Carlos La Torre, two Spaniards who recently embez-zled large sums of money in Havana and proceeded with their booty to Vera Cruz, have been arrested in the latter city, where they are provisionally detained awaiting presentation of formal proofs upon which the extradition will be demanded. This is the first instance under the new regime where it is pro-posed to extradite fugitives from Cuba back to that country for trial. The extradition will not be asked under any treaty existing between the two governbut it is authorized under the general law of this republic.

MONTANA'S SENATORSHIP. Gov. Smith May Appoint a Man to

Contest the Seat. Chicago, May 17 .- A special to the

Times-Herald from Helena, Mout.,

When the United States Senate committee on privileges and elections meets tomorrow it will have to face another complication in the Clark senatorial case. Gov. Smith arrived in Butte this afternoon and wired Attorney General Nolan to meet him in that city. The governor desired to consult he attorney general as to the form n which he will put a protest that he will wire to the Senate tomorrow against the acceptance of the credentials of Mr. Clark in the appointment by Lieut. Gov. Spriggs.

Gov. Smith will base his protest on the ground that the appointment is vitiated because of fraud. He will allege that the resignation of Senator Clark was written in April, and that the date that it now bears, May lith, was the result of the erasure of the original date, which it will be alleged can be easily proved by examination of the document.

He will allege also that the resigna-tion was in the possession of Charles A. Clark, son of the senator, for several weeks, and that the resignation of Senator Clark at the time he did resign and his appointment by Lieut. Gay. and his appointment by Lieut. Gav. Spriggs was part of a plan to insure his appointment by the lieutenant governor. In the carrying out of the plot, it will be added, misrepresentation and other devious methods were used to get the governor out of the State. The sovernor will hold that owing to alleged fraudulent practices followed in the appointment of Mr. Clark that appointment is void, and by will himself make an appointment to fill the va-

make an appointment to fill the va-cancy from Montana.

While it is not positively known whom the governor will appoint, it is helieved that Martin Maginnis, who represented Montans in Congress in the early days of the Territory, will be chosen. He is not allied with either Democratic faction and has always been a strong party man.

EGZEMA SATANIC

This most aggravating and tormenting of all skin diseases is caused by an acid condition of the blood, and unless relieved through certain instrumentalities too much of this acid poison reaches the skin and it becomes red and inflamed. The litching and burning are almost unbearable, especially when overheated from any cause. The skin seems on fire, sleep or rest is impossible, the desperate sufferer, regardless of consequences, scratches until strength is exhausted. This burning, itching humor appears sometimes in little pustules, discharging a sticky fluid, which forms crusts and scales. Again the skin is dry, hard and lissured, itches intensely, bleeds and scabs over. This is a painful and stubborn form of the disease. While Eczema, Tetter, Erysipelas, Salt Rheum and many like troubles are spoken of as diseases of the skin, they are really blood diseases, because

THERE CAN BE NO EXTERNAL IRRITATION WITHOUT AN INTERNAL CAUSE.

If the blood is in a pure, healthy condition, no poisonous elements can reach the skin, External applications of washes, lotions and salves sometimes mitigate the itching and soothe the inflammation, but cannot reach the disease. Only S. S. S., the real blood medicine, can do this. S. S. S., the only purely vegetable remedy known, is a safe and permanent cure for Eczema and all deep-seated blood and skin troubles. It goes direct to the seat of the disease, neutralizes the acids and cleanses the blood, re-inforces and invigorates all the organs, and thus clears the system of all impurities through the natural channels; the skin relieved, all inflammation subsides, and all signs of the disease disappear.
