Municipal Matters.
The City Council will meet to regular session this evening. Street lighting is the principal question for consideration, although it may be adjourned for some other matter.

The utility workers of Emigration and Parley's canyons have not yet been allowed to connect the pipes of the distributing system, but the work of laying is going steadily on. Clear water, it is claimed, will be in the city on Monday morning at noon of the 10th. City council water was in use here and clear as before the big storm.

Returned Missionary.
Elder Jacob B. Johnson, of Cleveland, Emery county, returned on the 2nd inst. from a mission to Manitoba and North Dakota. He left for the former place on December 2nd, 1893. In the city of Winnipeg, and vicinity he found thousands of Indians, his own countrymen. They received him kindly and he reports having done a great deal of preaching among them. Most of them are this year are in very hard circumstances. But a little more than half crop of wheat has been raised and money is exceedingly scarce. The people, however, are not discouraged, being industrious and persevering. Many of them have taken to the lake in fishing parties and hope by that means to earn enough to see them safely through the winter. Elder Johnson says that the Manitoba country is a promising field for missionary work.

Had Death of a Young Man.
The family of the late Wm. C. Dyer of this city, sustained a severe blow last night by the death of Augustus Dyer, the 17-year-old son of the deceased. The young man had been ailing for the last few weeks with symptoms of typhoid fever. A few days ago the disease made such

rapid progress upon his system that he succumbed to its ravages at 10:30 a. m. The last medical attention was given him by Dr. J. H. Johnson. The young man had many friends who will regret the loss of this energetic and promising youth.

Labour Day Excursions.
Labour day was generally observed yesterday. There were excursions to all the resorts, and many of the companies in the valley of the Jordan were there. The excursion to the Jordan was the most popular. The company was made up of 250 persons, and they were all very comfortable. The excursion to the Jordan was the most popular. THEY BUILD UP UTAH and are entitled to the support of the people. By dealing with the merchants who give preference to the sale of Home Made goods, you help the Home Industry cause. You help to give employment to worthy people; you help to keep money at home, which circulates in our midst and you get back a part of that money again in your business or profession. It pays to be a home industry man; every dollar expended for Utah-made goods, means more employment for home labor; every dollar expended for goods manufactured elsewhere, means employment for somebody living elsewhere, and whose interests are generally not with us. "Clarity begins at home." This is a time for both common sense and patriotism. When you wish to buy anything be sure to look over the following list before making your purchase:
