LEAD, $4.30
CASTING COPPER, 16 1-2 cents a lb.

LOCAL BRIEFS.

Lieut. Col. Lincoln of the Twenty-Fourth infantry has been granted another month's leave of absence.

A water jacket burst its bounds under the pressure of heat and frost at the residence of John E. Hazlett last night. The lower floors of the house were flooded by the water that gushed forth from the broken pipes.

A soldier of the Twenty-fourth infantry cut several gashes in his forehead by falling on the pavement near the corner of Second South and Main streets last evening. He was sent to the Post in a carriage. The primary cause of the accident was whisky.

The steam power plant of the Salt Lake street railroad company was put in motion last night. The cold weather has caused complete shut off of water at the Big Cottonwood power plant and the requisite energy to run the street cars could not be drawn from there.

William F. Nelson, who lives at 315 Second street, was knocked down by an express team at the corner of Second South and West Temple streets last evening. He was carried into the Ho Ginger saloon office and later removed to his home. Mr. Nelson was somewhat bruised but will be around in a few days.

The funeral of Mrs. Ann Hancock McGregor was held at the Second ward meeting house at 12:30 yesterday. The deceased passed away at her residence last week and was buried on the 77th anniversary of her birth. The funeral services were conducted by Bishop J. G. Hardy, the speakers being Elders William Hart, Bishop Jonas Secrist of Farmington, Bishop Thomas Thompson of the Twentieth ward and Elder J. F. Talmage. All of the speakers spoke in the highest terms of the deceased, dwelling upon her stainless life. All referred to her as a loving and self-sacrificing wife and mother, and a true and noble friend. Interment took place at the city cemetery.

The report of Miss Chapman, the librarian of the public library, made her report for the month of January at the regular meeting of the library board yesterday afternoon. The report showed books issued for home use, 6,786; books issued for use in rooms, 4,681; calls in reading room, 1,467; calls in children's room, 1,435; borrowers' cards issued, 256; canceled, 15. The total receipts were $17.30. The board allowed bills to the amount of $108.22. It was stated that a balance of $53.16 of the old fund is still in the treasury and the board was informed that $5,000 of the levy for the library had been credited to the fund and was at the disposal of the board. It was decided to order some new books but the amount to be expended thereon was not specified.

Zion's Savings Bank & Trust company, Nos. 1, 2, and 3 Main street, is the largest and only savings bank in Utah. 21,114 accounts have been opened since the bank was established in 1873. Have you an account? If not, start one now.

UTAH COAL.

Castle Gate and Winter Quarters, Lump, Nut and Slack.
Anthracite, all sizes.
D. J. SHARP, Agent,
73 South, Main. Telephone, 429.

Use the Royal Bread. It's healthful and nourishing. Ask your grocer for it.

NOTICE OF REMOVAL.

E. O. Parker has removed to rooms 211-212 Templeton Building.

RETURN OF JUDGE NORRELL

Was in a Snow Blockade for Six Days and Nights.

Passengers on the Colorado Midland Fortunate in Being Near a Section House—Rough Time.

Judge Norrell returned from the East today, feeling more the worse physically for his experience in the snow blockade in Colorado, but considerably wrought up over the delay it occasioned him, and glad he is home. Judge Norrell and he left Denver over the Colorado-Midland a week ago last Saturday. When Hagman Pass was reached it was found that their train would not proceed further on account of the heavy snows. For six days and six nights the passengers and train crew, numbering about twenty-five souls in all, including four ladies and a little child, were hemmed in by the snow at Hagman Pass and is about 11,000 feet above the sea level. The train was the last one that got through on the road either way between here and Denver, and is situated at the head of the Colorado and Arkansas river valleys. It is a beautiful though place in winter time. For, instance, the stop was made near a section house and a water tank. The section hands also happened to have a good supply of provisions on hand and willingly shared what they had with the snow-bound passengers. The train men and section hands dug a trench from the train to the section house, but Judge Norrell said that the snow fell so thick and fast that in a few hours the trenches would be filled up again. The passengers were finally taken back to Leadville and left there, remaining for four days and seeing no prospects of being able to get through to Salt Lake. Judge Norrell then left for Denver and came home over the Union Pacific. Judge Norrell says a high compliment is due the section hands at the section house, who he said did all they could to alleviate the distress of the belated passengers.

Judge Norrell stopped off at Coalville, and set six cases, continued four; dismissed one, and transferred one to this county.

The trial of cases for the Coalville district commences Monday, February 27th, and will last until Thursday, March 2nd.

MORE ADEQUATE WATER SUPPLY.

City Engineer to Proceed With the Work of Surveying, etc.

ACTION OF CITY COUNCIL.

Report of Committee of the Whole Adopted by the Vote of 8 to 7 To Improve Pioneer Park.

After a delay of several weeks, during which much discussion was had and considerable bad blood displayed, the city Council at its meeting last night decided by a vote of 8 to 7 to allow City Engineer Kelsey to proceed with the work of surveying and procuring the necessary data looking to the furnishing of a more adequate water supply for the citizens of Salt Lake.

The report of the committee of the whole favoring the work being proceeded with which went over from the last meeting at the request of Councilman Howe, was taken up last night for final action. It admitted of no further debate, but a number of the members in explanation of their votes took advantage of the opportunity to say something on the question. One member complained that he had been told by Chief Engineer Kelsey to vote in favor of raising his salary. Councilman Fenstermaker replied that he had been told by Mr. Kelsey that he would not be a candidate for re-election, and that he desired to see the work completed during his term of office. Councilman Fenstermaker also stated that he had been told by Mr. Kelsey that the water could be brought into the city for $50,000 and that he was in favor of the work being proceeded with.

Councilman Howe said that he was in favor of the work being proceeded with, but that he was opposed to the manner in which the city engineer was proceeding. He thought that the members should consider the cost. It was not the intention to have the work done in two or three engineers out in the field at this season of the year. He thought the water could be brought in and out if the water could be obtained.

Barnes said no member was more in favor of an additional water supply than he was. A man contemplating building would first ascertain the cost and then see if he had money enough to proceed. The Council had made a mistake in ordering the city engineer to proceed without first requiring him to report what the contemplated work would cost. Furthermore it was the wrong season of the year to dig and survey work and to have it would be done cheaper in June.

The final vote on the question of adopting the committee's report was as follows:

Ayes—Allen, Buckle, Callister, Diehl, Patrick, Robertson, Stidwell and Wallace—8.

Noes—Fenstrom, Howe, Margetts, Morris, Rooney, Weller and Barnes —7.

TO IMPROVE PARK.

A. Schultheis, park keeper, reported the probable cost of improvements for Pioneer Park, which he estimated will amount to $2,000. The principal improvements contemplated are the removing of trees from fence line; pruning of new trees; trimming and leveling ground; putting in of 10 fence posts and putting on of an Elwood wire fence. A warrant of Councilman Stidwell for the sum of $500 was appropriated for the improvements named.

LOCATING ELECTRIC LAMPS.

The committee on public improvements reported that the Salt Lake Light and Power company discontinue three of its arc lights and place seven incandescent lights between 200th and Tenth South, and that the places of the ten thus changed be occupied by Utah Light and Power company. It reported as follows: Two in front of the city hall; one in front of the fire department building; one at Temple and Second South; one at Temple and Third South; one at West Temple and Second South; one at the intersection of East and South Temple streets; one at West Temple and South Temple; one at East Temple and South Temple streets; one on South Temple street between West Temple and First West; one on West Temple midway between South Temple and First South; one on West Temple midway between First and Second South; one on West Temple midway between Second and Third South. After some discussion the report of the committee was adopted.

NO ALLOW A CLAIM.

President Barnes introduced a resolution, providing for the appointment of a committee to be presented to the Legislature, asking for the allowance of a claim of $8,000 against the late Territory for work on the Capitol Hill reservoir. Adopted.

MISCELLANEOUS MATTERS.

Superintendent of Waterworks Caine asked a number of questions, which were read. On motion Mr. Caine was authorized to solicit bids.

Mr. Dinwoodey, the police court reporter, presented the bill of his department for the months of January. There were 295 cases disposed of, and fines and forfeitures amounted to $1,484.25. Received and filed.

Chief of Police Pratt made a requisition for supplies for the department. Referred to police committee.

The city engineer submitted a report for two months, ending January 31st. Filed.

Superintendent of Streets and Irrigation Seddon recommended the purchase of a road machine. Referred to com. Herbert to committee on streets.

Messrs. and Herbert Hirschman asked that their property be relieved from delinquent property from tax sales. Referred to city attorney.

E. J. Allen, agent for Joseph T. McNarr, petitioned for the release of two lots in Lincoln Park addition from a tax sale. Referred to city attorney.

John L. Maginnis asked for the reconveyance of certain real estate upon the payment of the taxes for 1895. Referred to city attorney.

THE CITY'S FINANCES.

Report of Auditor Swan for the Month of January.

City Auditor Swan submitted to the Council last evening his report of receipts and disbursements of the city for the month of January, as follows:

BUSINESS NOTES.

Utah Sugar stock took another boost upward yesterday, sales being made at one hundred and $112.50 per share. The regular monthly meeting of the directors occurs on the 15th.

The annual meeting of the stockholders of the Home Fire Insurance company was held at the Home Fire building on Tuesday afternoon. The reports showed the business done during the year and the assets and liabilities. The statement was made that it was the banner year in the company's history. The election of the board of directors and officers for the ensuing year resulted as follows: President, Heber J. Grant; vice president, George Romney; secretary, H. G. Whitney; treasurer, L. S. Hills. Board of directors: Heber J. Grant, George Romney, John R. Barnes, Elias A. Smith, Henry Dinwoodey, Joseph F. Smith, John T. Caine, John Henry Smith, Thos. G. Webber, Chas. S. Burton, David Eccles, F. T. Farnsworth, and Francis M. Lyman.

A dispatch to the "News" from Washington today states that the treasury department has made a call on the national banks for a publication of their statement dating on the 4th inst.

THE BILL SLIPPED THROUGH.

The item of $11.10 for board of public works letter heads, which caused some debate in the Council a few weeks ago, was on last night's appropriation list and went through without further opposition. In their hurry to get away last night the members voted to allow it. The only member voting against it was President Barnes, who said that he was consistent. One member on leaving the Council chamber remarked that his constituents would not be worn by many of the City Council.
