GOLDEN TREASURE MAY GET RECEIVER

Court Order is Outcome of Sentential Alleged Wildcat Mining Scheme.

BARRED FROM WINE ROOMS

Boise City Council Passes Ordinance Prohibiting Women in Saloons—Timber Fraud Cases.

Special Correspondence.

BOISE, Ida., Nov. 12.—An application has been filed in the United States district court for a receivership for the Golden Treasure Placer Mining Company. Judge Ditchfield issued an order directing the officers and directors of the company to appear and show reason why a receiver should not be appointed, Dec. 21 being the date set. The proceeding is one growing out of the sensational suit filed by G. L. Pritchett and others Oct. 2 against the Golden Treasure Placer Mining Company, the Western Power company, L. A. Coate and John B. Coate.

A wildcat mining scheme of great magnitude and the fleecing of stockholders out of \$150,000 was charged as the result of a fraudulent and corrupt conspiracy entered into between the two last named defendants.

BARRED FROM WINE ROOMS.

The ordinance providing a heavy penalty upon females entering saloons or wine rooms within the city limits has been passed by the city council of this city and has now become a law. A penalty has also been provided for any saloonkeeper admitting a female within his doors.

An ordinance has been introduced and placed upon its first reading in the city council, which is directed toward clearing the streets of swindlers and hot tamale vendors, who, it is claimed, annoy people in passing and run a business inimical to the interests of the restaurants who rent buildings at high prices.

PROBABLE NEXT SPEAKER.

The only candidate thus far in evidence for speaker of the senate at its next session in this state is Paul Clagstone, representative from Bonner county. J. Frank Hunt of Bannock county has occupied this position for a number of years in the past, but he is this time removed from the contest, having been elected to a chair in the senate.

DIES OF HEART DISEASE.

William B. Foster, a popular Boise young man and president of the Columbia band and a Philippine war veteran, died very suddenly Sunday morning of valvular heart disease, from which trouble he has been a sufferer for a number of years. He was 28 years old and leaves a wife, a mother and other relations.

TIMBER FRAUD CASES.

According to a statement made by Asst. Gen. Peyton Gordon there is an intention on the part of the prosecuting attorney to dismiss the proceedings against James T. Barber and Sumner G. Moon, charged with conspiracy to defraud the United States government out of valuable timber lands in the Boise basin.

Quoting from Mr. Gordon's statement in reference to the case against Atty. Frank Martin, "The Martin case was dismissed because the government did not consider the evidence against that defendant warranted taking the matter to trial. The proceedings for the removal of Barber and Moon to Idaho have never been abandoned, as on the same day the proceedings before the United States commissioner were dismissed simultaneously, other proceedings for their removal to this jurisdiction were filed in the federal court at Madison. Owing to a fatal illness in the family of chief counsel for the defendants the matter has never been presented before Judge Quarrels."

YOUNG COUPLE ARRESTED.

A young couple from Pocatello, residing at one of the local rooming houses as husband and wife, were placed under arrest yesterday and are being held awaiting the arrival of the Bannock county sheriff from Pocatello. The couple is charged with the theft of a trunk belonging to a Pocatello lady, which is said to contain clothing to the amount of \$250. The young man is a Jew and gives his name as Harry Sealow. The woman gives the name of Clyde Smith.

CHARGED WITH LARCENY.

Dottie Smith, a woman from the White Chapel district, was arrested by the police Tuesday, charged with stealing from a residence wearing apparel in the value of \$25.

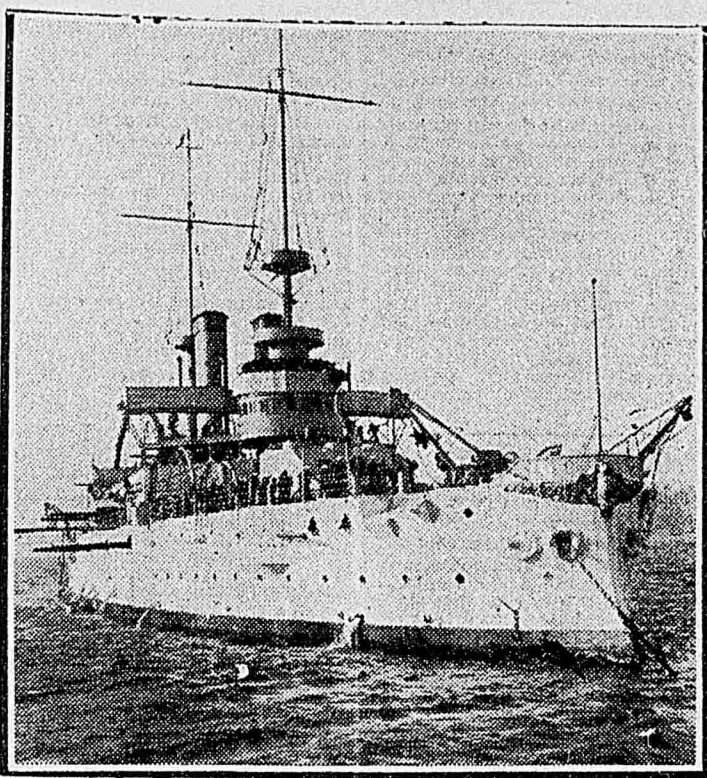

STOP SALE OF POOLS.

Tuesday night the city council placed on its second reading an ordinance repealing an ordinance authorizing the licensing of pool selling. At the next meeting an ordinance will be presented to prohibit the renting of billiard tables. Pools are now being sold on the Oak and race every afternoon at the standard saloon, and the proprietor has a license for the month, which, it is understood, will not be renewed. The sentiment of the members of the council is practically unanimous that such ordinances are needed and that a question that both will pass. The ordinance licensing the selling of margins will share a similar fate.

LEADY WILL FULFILL PLEDGES.

Governor-elect James H. Brady was a visitor to the city the fore part of the week looking over the results of the campaign and cleaning up certain matters connected therewith. When approached with an inquiry as to the purpose of his present visit to the capital and his general plan of work, he said:

"I came over to spend a day or two in the capital and to talk with friends and party managers. Conditions are very new now. I did not come with the intention of discussing appointments with anyone. I did not before the election, and have not up to this

THE ALABAMA AFTER HER LONG CRUISE.

This is a photograph of the battleship Alabama taken the day she dropped anchor off Tompkinsville, N. Y., after a world-encircling tour in which she logged off more than 36,000 miles. The Alabama is now in dry dock, where several hundred thousand dollars are to be expended in bringing her up to the standard required for service. A flaw in her engines made it necessary for her to leave the great American fleet, with which she embarked last December.

moment promised a single appointment. I expect to spend a great deal of time in considering applications, and it is my desire and intention to appoint no man to any public office who is not fully equipped for the duties of the same. I shall favor a broad and liberal policy on all lines, based, of course on general business principles, but it shall be my ambition not to have any administration known as a business administration, but one broad enough to give full consideration to the moral and intellectual welfare of all of our citizens, and to this end I shall favor liberal treatment of all our educational and other public institutions of the state.

WILL WORK FOR IDAHO.

"I shall endeavor at all times to work in harmony with the United States service, and I know that the land board will co-operate with me in placing every available acre of our desert lands subject to agriculture and irrigation under the Carey act.

"I feel that one of the most important duties that I have to perform is to do my full share as chief executive of the state toward securing the enactments into laws of all the planks of our party platform. After this is done, I sincerely hope and believe that the legislature will pass a fair and equitable direct primary law. If we pass these laws, I feel that it will inspire a confidence in the people of the state and that members of all parties will join in a general feeling of renewed prosperity and progress that will give us two years of the greatest development that the state has ever known."

THANKSGIVING DAY.

The Remarkable

Will of a Doctor

He Leaves the Secret of Life to His Children and the World.

One of the world's greatest physicians upon his deathbed called his children about him and said: "When I die I will leave a secret to you. I have discovered it in my practice."

When they read his will it directed them to a safety vault which contained a large envelope marked thus: "The Secret of Life." Upon opening it they read: "Don't abuse the stomach."

This profound thinker after a long life of medicine knew the stomach to be the throne of man.

Stuart's Dyspepsia Tablets will help you make a stomach healthy.

If it is worn out and lacks the fluids of digestion these tablets will take the place of such fluids.

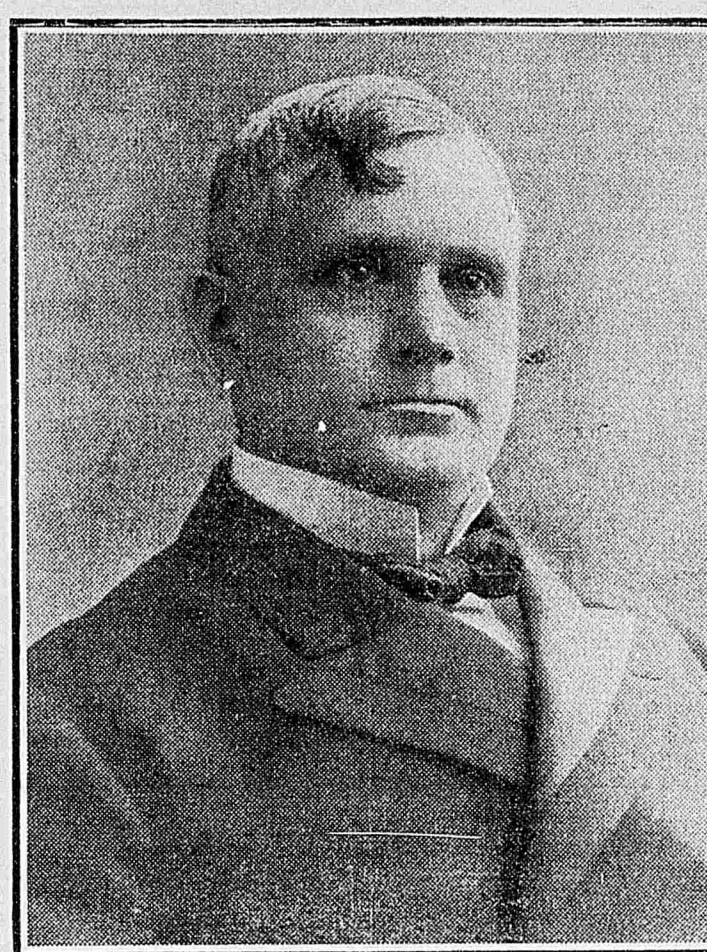

If it is filled with poisonous juices, these tablets will neutralize and remove such poisons.

If you cannot eat without agony these tablets will show you how you can. If you will eat foolishly, or drink excessively, or if business demands abuse of stomach, these tablets after meals will make such abuse light, for they make the hardship away from the stomach.

They are great digesters, filled with more powerful agents than the system can give. They go back into the blood after they have digested a meal, thereby increasing the ability of nature to take care of digestion without exhausting other organs.

High livers need feel no considerable hardship if they will eat one of these little tablets after a rich or late meal.

It is a splendid aid to the stomach and a good habit to form. Stuart's Dyspepsia Tablets sell for 50c per package at every drug store. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

when it comes to destroying property whether it be public or private. The superintendent also reported that a number of the boys were in the habit of playing truant. An effort will be made to put a stop to this violation of the law. The class work is progressing satisfactorily.

Cures for the Incurable Hope for the Hopeless

Refuse to Accept as Final the Decision of Any Physician Who Declares That Your Case is Beyond the Aid of Human Skill

Dr. Farnsworth Cures Where All Others Have Failed.

All effort on the part of a confirmed sufferer is too frequently abandoned simply because some physician has decreed that there is no longer hope of recovery and that the restoration of health is impossible. Unquestionably there are a few incurable cases, but very few, as the accomplishments of Dr. Farnsworth have clearly demonstrated, for many of the so-called incurable diseases have been speedily cured by him. Do not resign your case to fate; take your case at once to Dr. Farnsworth and learn your true condition.

Grateful Words From One Who Knows

CAME FROM ARIZONA TO BE CURED.

The following letter tells briefly what one satisfied patient thinks of Dr. Farnsworth and many others right here in Salt Lake and vicinity can be referred to for even stronger expressions of praise.

Mesa, Ariz., Sept. 7, 1908.

Dr. Farnsworth, Salt Lake City:

Dear Friend—Just a few lines to let you know that we arrived home safely last Friday morning, also to let you know how thankful I am that I was fortunate enough to have my daughter Carrie under your skillful treatment, for I am satisfied that she will have no more of those dreadful attacks, for she has not shown the slightest symptoms of them. Everybody here remarks how well she looks and she feels equally as well as she looks.

Wishing you every success in business.

Yours respectfully,

M. G. SHILL.

RESTORED ENERGY, AMBITION AND PERFECT HEALTH FOLLOW DRUGLESS TREATMENTS.

But it is all the same to Dr. Farnsworth. If you are nervous he can cure you, and will use no drugs in doing so.

Troublesome Ailments Peculiar to Women

THE CHIROPRACTIC ADJUSTMENTS OF DR. FARNSWORTH MAKE WEAK WOMEN STRONG.

If you are suffering from female trouble, you probably know from experience that few medicines offer even momentary relief. Is it not peculiar, then, that the cause is remote from the effect and therefore beyond the reach of medical or surgical aid?

Let Dr. Farnsworth examine you, a very modest and dignified procedure, for his methods do away with the disastrous and painful examination and treatments, being directed entirely toward the cause that rests in the nerve centers of the spinal column. Many women have been cured of the same ailment that is making you miserable. Why not investigate it now?
