LOCAL AND OTHER MATTERS.

THEATRICAL.—This evening, Mr. T. W. Harris, stage manager, takes a benefit, when the following most attractive bill will be presented. The fine Irish comedy of Born to Good Luck, or the Irishman's Fortune, the beneficiare assuming the character of Paudeen O'Rafferty; a grand musical and terpsichorean interlude; a negro sketch, Camille; and the farce of P. P., or the Man and the Tiger. A very promising evening's entertainment.

CONCERT.—Bro. George Rowley, the blind musician, of American Fork, and his talented troupe of home artists, have returned from a trip through the northern settlements, where they gave great satisfaction both as vocal and instrumental performers, and have met with the best of encouragement and kindness from the brethren presiding in those settlements, and full houlses. making a tour of the southern settlements. Many of the leading citizens in the northern settlements speak in high terms of Bro. Rowley and his associates, and they will no doubt receive a warm reception in the southern settlements as they will do all in their power to make their entertainments interesting and amusing. The assistance rendered, beyond being an act of charity to Bro. Rowley, will help to encourage home talent.

THIRD DISTRICT COURT.—This morning Counsel Z. Snow read an affidavit of Justice Clinton, relating to certain returns of papers, in which it was considered Mr. Clinton was dilatory, and a special order had been made in the matter. The Court did not intend to fine the Judge, but merely to spur him up to promptness. The papers would be ready to present to Court to-morrow morning.

The jury was called, four present. While the Marshal hunted up the absent jurymen, the Court listened to motions in civil suits.

In the case of Ellen Read vs Samuel Read, the Court ordered an allowance and alimony of $2,500.00.

The case of M. T. Patrick, United States Marshal, ex. Victor Cordella, was opened, Wells Spicer for complainant, D. S. Dana for defendant.

SALT LAKE CITY, Utah,
November 22, 1871.

Editor Deseret News:—Please to publish in your paper to-morrow and Saturday, the following

Dedication and opening of the new Catholic Church in Salt Lake City, for Divine service, will take place on Sunday next, Nov. 26th, 1871, at 10½ o'clock, a. m.

Most Rev. J. S. Alemany, Archbishop of San Francisco, will officiate on the occasion. REV. P. WALSH.

NEW HOTEL.—Messrs. Taylor and Cutler opened their new Hotel on Wednesday, the 22nd, by giving a fine dinner to the gentlemen who have offices and rooms in their extensive buildings, and to a few invited guests. The meal was a very enjoyable one, and under the circumstances—it being the first meal prepared in the establishment, and everything and everybody engaged in getting it up untried—passed off in a very creditable and satisfactory manner. If the opening meal be taken as a sample of those which will be served hereafter, there are good grounds for anticipating that the Restaurant will be a success. A Hotel upon the European plan has been needed here, and probably without intending to establish it in the beginning, Messrs. Taylor & Cutler have found themselves led by circumstances to open a House of this kind. Rooms for offices and lodging can be obtained in the House, and those who engage rooms need a convenient Restaurant at which they can take their meals. Under the system adopted at the Taylor House, they can eat there, and pay for meals as they get them, or go where convenience or business may lead them to eat. We wish the House and its proprietors every success; their energy deserves it; and we think their good management and central location will insure it.

FROM THE OLD WORLD.—We had a pleasant interview to-day with Mr. Cameron, proprietor of the "North British Daily Mail," the Glasgow "Weekly Mail," and the Dublin "General Advertiser." Mr. Cameron is on a tour of observation across this continent, having visited Canada, and various places of interest in the States east. He purposes to extend his visit to California, thence back eastward to Colorado and down the Mississippi.

In Mr. Cameron's establishments the Duncan machine is used. This is a recent invention, performing the operations of printing from a continuous roll of paper, both sides at once, cutting it into sheets, and folding the papers, at the rate of 7,000 an hour. The paper is previously unrolled over a trough of water and wetted by spray from a revolving brush. The Duncan machine is very compact, occupying but a comparatively small space, economical, saving the labor of many hands, and is wonderfully simple.

RAIN yesterday and last night, dullness and mud to-day.

MESSENGERS at Deseret Telegraph Office for Jas. R. White, E. J. Baldwin, S. Kingsbury, S. L. Moore, H. Rodgers, Ed. Donham, Charles Stanley, P. Cummings, John Wilson, Dr. O. H. Congar, Jas. Weilen, D. MacDonald, Jay Barnes, and E. G. Clark.

Fearful Storms — Snow Slides — Man Buried.

ALTA CITY, Little Cottonwood, Nov. 24.

It has stormed fearfully for the past three days, snow, sleet, hail, rain, thunder, lightning and wind blowing terrifically. Several snowslides have done considerable damage. One man, named Charles Morrison, having just left the tunnel near the old smelter for home, the day before yesterday afternoon, was caught under a snow slide and carried with it about three hundred yards over a steep precipice. His body has not been recovered yet. The miners worked for hours, trying to get him out, but he slid under the snow and cannot be found. This slide and another occurred about half a mile west of Central City. He was a married man and much respected. His widow lives in Alta.

Yesterday another slide occurred near the Ohio Tunnel, carrying a man along, but he fortunately crept out unhurt. It is still snowing and blowing severely, and no signs of abating. The snow is several feet deep, and drifted very badly. Two of the stage horses were drifted on a snow slide yesterday, over a bank twenty feet deep, and nearly buried under the snow. The telegraph line is broken in several places by falling trees.

SMALL-POX.—A man who came in from American Fork Kanyon last evening, and was taken to Dr. Fowler's office, was found to have the small-pox, and was immediately removed to the hospital.

TO BE PERSECUTED.—The Shipton-Mallet (Eng.) *Journal* says sarcastically—

"The Mormons are to be persecuted. In a State that boasts of its religious equality, those who hold, as a matter of conscience, certain opinions are to be put down."

If the United States permits such inconsistency, the country will be despised by all real lovers of religious liberty everywhere.

THE CHICAGO JOURNAL OF COMMERCE of Nov. 16, the first issue since the great fire, is to hand, of usual size. The *Journal* was insured in Chicago companies, "all the stockholders of which are great sufferers by the fire—many of them have lost everything—and the most honest men and the very best intentions can never pay a tithe of the risks taken." Nevertheless, with true western grit, the *Journal* says of the advertisements in the paper at the time of the fire

"We shall continue these advertisements in the *Journal* their full time; and so far from our patrons suffering any loss by our unavoidable suspension for a month, we trust that our peculiar surroundings, at the present time, our issue in an entirely new dress, and the increased circulation which this issue will have—and we hope many subsequent issues may have—that our patrons may reap even unexpected benefits from our losses and our renewed extra efforts to place the *Journal* before the public."

THE PEOPLE is a new weekly, published at Pueblo, Colorado, by the Pueblo Printing Company. The *People* is anti-administration, but it promises to be a well conducted paper.

CENSUS STATISTICS.—We acknowledge the receipt, from Francis A. Walker, Superintendent of the Census, of "Statistics of the Blind, Deaf, Dumb, Insane and Idiotic (by States and Territories)," containing tables ten to nineteen inclusive.

Special Notices.

THOSE who want anything in the line of Messrs. Teasdel & Co., should read their advertisement and give their thriving establishment a call. Those who have hides or dried peaches for sale, can call there also.

CURTIS MODELS—PRICES REDUCED TO MEET THE TIMES!—The merits of this system for Cutting all kinds of garments worn by Ladies, Gentlemen and Children are known by scores of ladies in this City and Territory; but the sure way is to prove it for one's self which may be done without charge. This system removes all anxiety regarding the FIT of garments, as all its directions are absolutely positive. There will be no altering—no taking up or letting out, which not only injures the material but destroys the proportions and often ruins the garment. The system is very simple and can be learned in a few hours.

140,000
SINGER SEWING MACHINES
WERE SOLD WITHIN THE PAST YEAR.—*Scientific American*, June 10, 1871.
The Singer Manufacturing Company,
AT THE WORLD'S FAIR
—Constituted by the homes of the people—
Received the Great Award of the Highest Sales and have left all rivals far behind them, for they
Sold in 1870 127,833 Machines!
SEWING MACHINE SALES FOR 1870.
"The magnitude to which the manufacture of Sewing Machines has attained is shown by the "SWORN" returns (to which any one can have access) of the manufacturers for the year 1870 to the owners of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

The Singer	127,833	Florence	17,400
Wheeler & Wilson	83,238	Gold Medal	8,912
Howe	75,166	Elias	5,806
Grover & Baker	57,402	Empire	3,560
Weed	35,002	Finkle & Lyon	2,420
Wilcox & Gibbs	28,800	Parham	1,760
American Buttonhole & Overseaming	14,873	Wilson	500

And several other companies who sold a few Machines.
It will be seen by this table that the popularity of the Singer Machine far exceeds that of all others, their sale being one-half greater than even that of the famous "Wheeler & Wilson" machine. This is owing to the fact that the Singer Company have lately commenced making, besides their old and well established manufacturing machine, what is known as their "New Family Machine," which is selling at the rate of nine to one better than their old style." Their total sales for 1867 were 88,781 machines against the 127,833 of 1870, showing an increase of one-half in the latter year."—*New York Sun*.

Our Machines are the Best in the World!
The New Family Singer Sewing Machine,
With Attachments for All Kinds of Work,
Is fast winning supreme favor in the household, as shown by the rapidly increasing sales, over all other machines.
This New Family Machine is now capable of a range and variety of work such as was only recently thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, speedy, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the interlocked-elastic-stitch, alike on both sides of the fabric sewn; the only stitch which is universally approved, or is at all adapted to first-class work. Thus, heavy cloth or leather may be sewn with great strength and uniformity of stitch, and, in a moment this willing and never-wearying instrument may be adjusted for fine work on gauze or gossamer tissue, or the tucking of lartisian, or ruffling, or almost any other work—even by a child—which delicate fingers have been known to perform. Even the careless and thoughtless have little or no trouble on this machine.
Send for Descriptive and Price Circulars.
We manufacture our own needles, silk and twist; furnish linen and cotton thread and oil—all of superior quality—but which can be relied on only when obtained through our Principal or Branch Offices, or Agencies.

A GREAT MEDICAL DISCOVERY!
MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF
J. WALKER'S VINEGAR BITTERS
Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFEGIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.
They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.
FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.
For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.
DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.
They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
