## DEATH DARING RIDE ON MOTOR

**Whittler and Samuelson Smash Records and Only Through Dame Fortune Escape a Fatality.**

Dame Fortune was good to Whittler and Samuelson at the saucer track last night, especially to the former as he had a narrow escape from death. The swerving of his motorcycle a fraction of an inch more at one point during the death daring race and he surely would have been instantly killed.

There never has been such a motorcycle race as that run between the rivals at the saucer. Whittler defeated Samuelson because the latter could not hold the turns without danger of running his rival up the track and into the seats. To avoid a terrible accident he shut off the power and Whittler went around him, winning the race. The five miles were covered in 5 minutes and 43 4-5 seconds, and there was a prolonged sigh of relief when the race was over.

Samuelson had the pole and set a frightful pace. Whittler tried several times to go around him. The first mile was made in 1:06 and some of the laps were done in a fraction over seven seconds! At one point in the race Whittler ran high on the bank. His front tire breezed past the light pole just south of the tape. One of the spectators standing on the outer edge of the track had his hat and a cigarette knocked from his hands while the speed-demon brushed his trousers, but Whittler was totally indifferent and did not check speed for a second. Striking one of the turns coming into the stretch the machine jumped for 10 feet but righted itself and continued on the mad race. When Whittler began to gain on Samuelson it was only about one foot per lap and when it seemed impossible to go faster and remain on the boards Samuelson shut off the power and let the dare-devil Whittler go by.

The sprint races were all good and a feature aside from the motor race was the French style going, best two in three between "Whiskers" Devonovitch and Mackay. "Whiskers" won in two straight heats and the crowd yelled like mad. The Russian was hoisted on the shoulders of the riders and carried triumphantly about the track.

A summary of the events follows:

Match race, French style—Denonovitch beat Mackay in two straight heats, half-mile and three-quarter-mile. Time—1:11, 2:11 1-5.

Two-mile lap handicap, amatour—Hume (45 yards), Wright (scratch), McCormack (35 yards), McCarthy (55 yards). Time—3:55 1-5.

Mile handicap, professional—Final: Hehir (35 yards), Senhouse (70 yards), Hopper (50 yards), Walker (scratch), Williams (30 yards). Time—1:47 4-5.

Unknown distance lap race, amateur—Brodbeck, McCormack, Wright, Mayer. Distance—1 mile, 6 laps. Time—3:33.

Two-mile open, professional—Pye, Downing, Samuelson, Walker. Time—

Five-mile motor race—Whittler beat Samuelson. Time—5:43 4-5. Former record, 5:46.

## AQUATIC MEET TO BE A HUMMER

The aquatic meet to take place at Wandamere one week from next Saturday will undoubtedly be the biggest event of the kind yet attempted by the Y. M. C. A. Entries are coming in thick and fast and interest is being added daily by the appearance of swimmers, not associated with the institution, who want to enter the events.

None are denied and all are welcome. There will be several from Fort Douglas and it will be the first time the soldiers have entered water sports of local staging. There will also be a number of crack swimmers from the sanitarium and there are two speedy water racers here from Chicago. The meet is open to amateurs and those in charge of the affair predict a record-breaking entry list.

## GLIDDEN CARS ARE PENALIZED

Hugo, Colo., July 28.—After a night in the special train, with the cars parked near the railroad station, the Glidden automobile tourists resumed their journey eastward at 7 o'clock this morning. Considering the recent heavy rains, the roads in this section are in fairly good condition, although an occasional bad washout necessitates expert handling of the cars to avoid serious mishap.

Two of the cars were penalized yesterday. The American Simplex lost its hitherto perfect score by dropping into a mudhole and damaging its radiator, being penalized 1.04 points, and the White came in with a leaky lubricant, which cost it 18.2 points. The big 70-horsepower Thomas caught fire during yesterday's run, but water was handy and no great damage was done.

## Y. M. C. A. MARATHON HAS BEEN CALLED OFF

There will be no Y. M. C. A. Marathon race this season. The event has been called off and the few runners who were in training for the same are sorely disappointed. Still, they have the advantage of good training.

Shortly after the event was announced, 15 entries were made for the race. It was scheduled for 15 miles and many runners not associated with the "Y" expressed their intention of entering. The number dwindled, however, to four or five, and it was then decided to call the event off and not attempt anything of this kind again until next year.

### JEFF STILL TALKING.

New York, July 28.—James J. Jeffries reached here today from the west, accompanied by his wife and his sparring partner, Sam Berger, and was given a rousing welcome when he stepped from the West Shore railroad ferry. Concerning the report that he is to challenge Jack Johnson, Jeffries said:

"I will make a statement this afternoon. Of course, I will fight and a few months will put me in the best of trim."

## GETTING READY FOR SHOOTING TOURNAMENT

The annual shoot of the Idaho-Utah sportsmen at Ogden on Aug. 11, 12 and 13 promises to be the best shoot of the kind ever held in this state and at present there is every indication of a big attendance.

Pete Holahan of Twin Falls, Ida., who is interested in the tournament, is in the city attending to some details pertaining to the big event and he says that crack shots will come from Twin Falls, Boise, Pocatello and other Idaho points.

This week steps will be taken to reorganize the Salt Lake club and get together the best shots of the city to participate in the shoot. There are a number of men here who did not belong to the old club who would like to join and no doubt there will be a good squad for the Ogden tournament. Practise shoots will be held frequently until the time of the contest.

MIKE DONLIN OF NEW YORK, WHO HAS JOINED HIS TEAM.

Ney York baseball fans are now all aglee over the fact that Mike Donlin, the Giants' star outfielder and batter, has attached his John Hancock to his contract and joined his teammates. Early in the year Donlin had announced that he would not play this season. But Sir Michael, knowing that his services were badly needed, heard the call of the fans and donned his uniform. With Donlin back in harness Manager McGraw says that he can see visions of the National league pennant. Donlin is one of the greatest outfielders in the country. He is a corking good fielder, sure of anything his hands get on, and is very fast on the bases. As a batter he ranked second to the only Honus Wagner last season with a percentage of .334. He is without doubt one of the greatest drawing cards in the country. Donlin has a tremendous following in New York, while in Chicago they worship him just as much as though he was playing with the Cubs or White Sox. In fact, all round the circuit Mike has thousands of friends who turn out only to watch him in action.

## FRENCH MOTOR RIDER REACHES SALT LAKE

F. Arnould, a French motorcycle rider, arrived in Salt Lake this morning and immediately hunted up Manager Harry Heagren of the saucer track. Arnould wants to ride here but frankly confessed that an eight lap track was something new to him. He brought a motor with him and this afternoon is busy getting acquainted with the twists and turns of the track.

The program for Friday night is as follows:

Ten-mile motor-paced race, Duer vs Downing.
Five miles unpaced against time. Saxon Williams. The record held by Peterson is 11:04 1-5.
Quarter-mile open, professional.
Three-mile lap handicap, professional.
Two-mile open, amateur.
Australian pursuit, amateur.

## BOY CHAMPION BILLIARD PLAYER

**Willie Hoppe, Marvel With the Cue, Visits Salt Lake and Gives Exhibitions of Fancy Shots.**

Every person who has handled a billiard cue has heard of Willie Hoppe, known throughout the country as "the boy champion." He is the world's champion 18.2 billiard player and it is doubtful if there is a man in the world who can defeat him. Hoppe is now in Salt Lake City on his way to Seattle. He arrived here last night on a belated train and although tired from his long journey, played two games at the University club and then gave an exhibition of fancy shots, shots that seem impossible. That he is a marvel with the cue was demonstrated to those who were fortunate enough to see him control the balls. He will be here this evening and tomorrow and will play match games at Lloyd Jevine's academy at the Windsor. There is no charge to see him and the public is invited to witness the exhibitions.

At the University club he played two games with Jevine, the first being three-cushion carom, and the second 300 points 18.2. Hoppe won both, taking the first by running 40 points in 37 innings to Jevine's 22. The champion ran the 300 in the second game in 14 innings to Jevine's 66. The score of the games follows:

Balkline: Jevine—0 0 5 1 1 1 0 24 16 2 0 4 8 4—66.
Hoppe—0 0 02 19 21 10 7 14 131 9 8 6 42 31—300.

### STATE RIFLE MATCH SUNDAY.

**National Guardsmen in First Annual Competition at Targets.**

The first of what are to be annual target competitions will be held at the target range at Fort Douglas next Sunday morning, commencing at 7 o'clock and perhaps lasting until 2 p. m. Visitors, though welcome, will be required to remain at a safe distance from the targets and firing points to insure their own safety and so that their presence will not detract the attention of competitors. The object of the state shoot this year is two-fold. Medals are to be awarded for excellence in rifle firing and the 15 high shots in the team and individual competitions will be selected to compose the state rifle team to be sent to Camp Perry, Ohio, in August to compete for Utah in the national matches to be held at that famous angle beginning Aug. 22. Each organization in the guard is represented at the shoot by a team of five men and an alternate and in addition to the team matches, there will be a match for individuals who desire to compete for places on the Camp Perry team. The guardsmen will go to Fort Douglas Saturday night and go into camp. Supper, breakfast and luncheon will be served to the men and camp will be broken Sunday evening. Following the state matches and the selection of the rifle team to go to Camp Perry, the state team will be practised as a team on the Fort Douglas range, for one week prior to leaving for Camp Perry.

### THREW UP THE SPONGE.

Terre Haute, Ind., July 28.—This city may be immune from interference with boxing bouts if the recent investigation by the governor counts for anything. This has led Mike Schreck to announce that he intends to wipe out the old decision held against him by Tony Ross. The referee says the verdict in the recent bout between Schreck and Hart was not based on the alleged foul which was claimed but on the fact that Hart's seconds threw up the sponge.

## KEENE'S CELT IS BADLY INJURED

**Great Four-Year-Old Thoroughbred Breaks Down Since Running in Brooklyn Handicap.**

New York, July 28.—The reports from Saratoga that Celt, James R. Keene's great 4-year-old son of Commando, Maid of Erin, had broken down, confirm the fears that were felt by horsemen at the time he was sent to Saratoga for a rest, after the poor race he ran in this year's Brooklyn handicap when he was beaten by King James and Restigouche.

Race-goers noticed at that time that Celt was not at his best, and the report that he had ruptured a tendon in the rear foreleg does not come as a surprise, but regret is heard among the turfmen over the end of the racing career of this great thoroughbred, which last season was considered second only to his great stablemate, Colin.

### BUTTE TRACK RESULTS.

Butte, July 27.—Today's results:

First race, five and one-half furlongs—Swaggerlator won, Mazapan second, No Quarter third. Time—1:09 3-4.

Second race, five furlongs—Miles won, Camera second, Rey el Tovar third. Time—1:02 1-2.

Third race, one mile—Jolter won, Merlingo second, Sake third. Time—1:45.

Fourth race, seven furlongs—Harcourt won, Jack Paine second, Hush Money third. Time—1:29 3-4.

Fifth race, one mile and an eighth—Charley Paine won, Springban second, Docile third. Time—1:59 3-4.

Sixth race, six and one-half furlongs—Young won, Follie L. second, Proteus third. Time—1:24.

Seventh race, five and one-half furlongs—Fore won, Kerry second, Grace G. third. Time—1:08 3-4.

### MACKINAC YACHT RACE.

Mackinac Island, Mich., July 27.—With Najad, Sebomook and Nahaa to hear from, the order of finish for the yachts in the Mackinac Island race is as follows, their standing being determined by corrected time:

| Yachts. | Elapsed Time. | Corrected Time. |
|---|---|---|
| Valmore | 42:33:33 | 39:51:01 |
| Amerita | 42:28:09 | 42:28:09 |
| Illinois | 57:35:00 | 48:59:21 |
| Vencedor | 53:10:45 | 49:57:13 |
| Alice | 57:42:10 | 54:05:06 |
| Hawthorne | 57:25:00 | 54:20:28 |
| Naniwa | 64:35:00 | 56:45:57 |
| Mistral | 63:05:00 | 59:48:21 |

The yachts left Chicago July 24 at 3 p. m., the Valmore winning all the way.

## BIG MONEY PAID TO BIKE RIDERS

Little wonder that the bicycle racing game is popular in Salt Lake City, and that it thrives here while it goes by the boards in other cities. There are several reasons. There is a fast track here, the riders ride "for blood," and the fans like the game. The contestants put forth their best efforts because it means money in their pockets.

Do you know what Manager Heagren has paid out since the openining of the season of 1909? Here is what Manager Heagren said this morning:

"Since the opening of the present season up to last evening's meet, I have paid the riders the tidy sum of exactly $8,000."

Big purses mean fast riding, and fast riding means big attendance and the combination makes Salt Lake the best bike race town in the world.

## AUTO'S FOR 1910 ARE ON THE ROAD

**One Half of Allotment of Pierce-Arrows Already Sold in This City—Demand Keeks Up.**

The local demand for automobiles does not seem to diminish in the least despite the fact that the sale this year has been exceptionally heavy. There are now more than 1,000 machines in operation in Salt Lake City and within the next few weeks this number will be materially increased.

There is a big demand for the 1910 stock. The local agents for the Pierce-Arrow stated this morning that half of the allotment for next year had already been sold here and that the shipment of the stock would be started next week. Dr. Carter has bought a 1910 Chalmers, and the new car ordered by Thomas Kearns, a big Great Arrow, seven passenger, 48 horsepower, has been delivered and will be in operation tomorrow. Mayor Bransford is another purchaser of a 1910 Pierce. Many of the new cars will arrive in two or three weeks, including the new machine, called the Hudson.

## JIM JEFFRIES POSTS FORFEIT

New York, July 28.—James J. Jeffries posted a forfeit of $5,000 with Robert Edgren, a sporting writer, this afternoon as evidence of good faith that he is willing to meet Jack Johnson.

Jeffries had planned to post the forfeit a few days prior to his departure to Europe but decided quickly after reaching here that the sooner the uncertainty regarding the matter was settled the better it would be.

"I have posted this sum," said Jeffries, "to show my friends that I am in earnest in my declaration that I am willing to defend the title of heavyweight champion.

"I only stipulate that the fight must be anywhere from 20 to 100 rounds in length and that it be fought before the club offering the largest purse. Also when the articles are signed it shall be agreed that an additional forfeit of $5,000 be put up with the stakeholder and the sum of $10,000 shall go as a side bet.

"Now, if Jack Johnson wants to make good and have an interesting session which he has been talking about let him put up his money. Pending the selection of a final stakeholder who must be a reputable sporting man, I have placed the forfeit of $5,000 with 'Bob' Edgren. I should prefer John B. Clark of San Francisco as stakeholder."

Jeffries said he would be ready to fight within five months and that he now weighs 225 pounds stripped.

He will leave here on Aug. 5 for Carlsbad, where he will begin preliminary training at the watering place in Bohemia. Meanwhile his sparring partner, Sam Berger, will remain in this city to receive bids for the fights.

### "PENNY" GOSSIP.

"Fighting Dick" Hyland has accepted an offer from Goldfield to fight Dick Cullen there during the American Mining Congress in September.

The Republican baseball team left for Logan this morning in a big Pierce-Arrow and plays the Logan team this afternoon. The ball tossers expect to make a record trip.

The Caponi-Tibbets fight is scheduled to take place at Butte tonight and reports have been received here to the effect that it will take place in spite of the opposition to it. The sheriff has blankly announced that it will not be a prizefight. Of course not. It will just be a fight.

The six-round boxing match between Dr. E. F. Roller, the wrestler, and Al Kaufman, the San Francisco heavyweight pugilist, which was to have been held next Friday night, has been called off as a result of notice served by Sheriff Hodge that he would stop the fight if it were attempted.

William J. Clothier of Philadelphia, former national champion, today defeated R. H. Palmer of New York in the finals of the nineteenth annual lawn tennis tournament for the Longwood cup on the courts of the Longwood Cricket club at Boston yesterday.

The scores were 2-6, 6-2, 4-6, 6-2, 6-2.

The fickleness of the fans has been illustrated in Milwaukee this season. The team started with a rush, leading the American association by seven city blocks. Then came the inevitable row of defeats and the fans yelled murder. The team is still in a fine position, but the patrons have been demanding releases by the wholesale and a change in the management, and uttering the wild outcries which every club owner hears with alarm every so often.

"Cap" Anson, in order to get more hitting in baseball, advises bringing the pitcher's plate nearer the batter instead of pushing it further back. In Anson's opinion the fancy curves thrown by Joss, Brown, Mathewson, Rucker, Johnson and the others would be far less effective if the pitchers were given only 50 feet in which to make the ball break. The curve is perfect at 60 feet and gives the pitcher his highest effectiveness.

The Butte Inter-Mountain says: William H. Lucas, the man who started the Inter-Mountain league which fizzled out July 4, and who said "he would show the people how to make a success of the league—and you better get into the band wagon and boost," is about the only man who has come through the storm financially better than he went in. Lucas had nothing to loose at the start and made each of the clubs put up $500 as a guarantee. Now it is stated that he has charged $1,000 for his two months' salary.

The next time there is a motorcycle race at the saucer track, the officials should see to it that spectators are not allowed on the track. If those who crowd into the arena do not sense the danger they should be compelled to either take seats or go into the arena away from the track. The old saying about a stitch in time, etc., is applicable in the motor racing game. Last evening a terrible accident was narrowly averted. Whittler's motor nearly struck one person standing on the track and had it done so it would have been a case of soft singing, flowers and silver handles for Whittler and probably the spectator, too. The track officials ought to take warning and permit no one on the track when the motors race.

## SMUGGLING BY AIRSHIPS.

**Treasury Officials Do Not Anticipate Any Trouble from It.**

Washington, July 28.—When airships compete with steamships and railroads, the government will have no more difficulty in assessing and collecting duties than at present. So say officials of the treasury department who have already given consideration to the probability of the common use in the near future of aeroplanes and other forms of airship.

They are not apprehensive that smuggling will be increased. Should aerial navigation be perfected to the extent of the establishment of ocean lines, the customs officials say they will have no greater problems to deal with than now confront them.

All landings of airships will be widely heralded, unless made in remote sections, away from habitation, and the publicity given will enable the officials to keep close track.
