Cutler, which are expected to arrive before Conference.

UNSHAKEN.—While other articles of their kind are largely adulterated, Dr. Price's Cream Baking Powder and True Flavoring Extracts, Vanilla, Lemon, Nectarine, etc., hold their unshaken position in the estimation of thousands as the purest, best, most reliable and cheapest. In all particulars that constitute perfect results, they cannot be approached by the various known Baking Powders and Flavoring Extracts made in imitation. One trial will satisfy that for purity and strength, Dr. Price's are alone in the market.

DR. C. W. HIGGINS: Dear Sir.—Shortly after I commenced to take your medicines I felt the diseases beginning to give way, and I have improved ever since. I suffered very much with my complaints for twelve months, and did not know what my troubles were until you told me. I believe you were correct in the diagnosis of my case. I would say to any one that suffers with the Gravel, Liver or Kidney complaint, to call on you at once, if they wish to be cured. I have taken your medicines only four weeks, and I have not felt so well for twelve years. I am, with respect, MR. W. POLL,

LOCAL AND OTHER MATTERS.

THERMOMETER 66 degrees F. in the shade, at 1 p.m. to-day. Fine.

Preached.—Elder Orson Pratt preached at the Tabernacle yesterday afternoon.

"Chirography."—To-night Mr. Phelps, teacher of penmanship, will deliver a free lecture, in the 12th Ward school house. Subject—"Chirography."

List of Emigrants.—The list of the names of the emigrants comprising the company which crossed the Atlantic in the steamship *Wyoming*, and which is expected shortly to arrive, will be found in to-day's NEWS.

Arrived at New York.—By postal card from Elder Joseph H. Parry, we learn that the company of missionaries which left this city a short time since arrived at New York, a week ago to-day, all well.

Looking Up.—The stores have been livelier and the streets have been more thronged with teams and pedestrians than on any previous Monday for several months past. It looks as if business was improving.

Will Arrive.—By special telegram from Ogden, from Agent of the U. P. R. R., A. H. Earll, we learn that the *Wyoming* company of the emigrating Saints left Omaha yesterday morning at 9 o'clock, in thirteen cars. It is probable they will reach Ogden and this City on Thursday.

The following was received just as we were going to press:

CHEYENNE, Sept. 21, 1874.
President Brigham Young:
Our company arrived here at three to-day. Expect to reach Ogden about nine o'clock Tuesday evening. All well.
JOHN C. GRAHAM.

The Same.—The water sects on the sides of that part of Second South Street which extends from East Temple to First East Street, are being served the same as those of the parallel portion of First South Street. Supervisor Hyde's men are digging the trench in which the flumes are to be laid.

Accidentally Injured.—Last week Minnie E. Horne, daughter of Brother and Sister Joseph E. Horne, of the 14th Ward, was so badly bruised from being accidentally thrown from a horse, when out riding, as to render her unable to leave her room since. The injury is not serious, however, and she will soon be around again.

Col. Peter Saxe and Sons.—In another part of to-day's NEWS will be found an article clipped from the *Western Citizen*, of Paris, Ky., referring to the cattle lately purchased in that State for the West by Col. Peter Saxe and sons. Mr. McChesney, the editor of the paper named, is a gentleman well informed on the subject of stockraising, and consequently writes advisedly.

Shoonsburg.—We learn, by letter, from E. W. Stevens, of Shoonsburg, Kane County, that the crops belonging to the United Order, there look well, and the brethren have commenced cutting corn.

A man named Samuel Parker, at that place, had been guilty of grossly immoral conduct, having been discovered in the act. On it becoming known he left the place, but subsequently returned. He ought to be arrested and punished.

Improving.—A great many anxious inquiries have been made today regarding the condition of President Brigham Young, owing to a rumor having got abroad that he was seriously and even dangerously ill. We are pleased to be able to state that the President's indisposition was not of a character to give any apprehensions to his friends. He has been suffering for a little over a week, from the effects of a cold, which confined him for some time to his room, but from which he is now rapidly recovering.

Theatre.—On Saturday night there was a very excellent entertainment at the Theatre, the performance of the Series Family being especially notable for the excellence with which the several characters were sustained.

The management have effected a re-engagement, for three nights only, of the Hoskins Darrel Stellar combination, and this evening the admirers of the legitimate drama can have the opportunity of witnessing its members in Shakespeare's great tragedy of "Othello," Mr. Darrell as "Othello," Mr. Hoskins as "Iago," Miss Colville as "Desdemona," Miss Cathcart as Emelia. Other characters by the strength of the company.

A Squabble.—There was a squabble on Second South Street, on Saturday night. A person belonging to one party a mess slapped another person belonging to another party. The belligerents met a second time, and one of the men was jumped on and his pistol taken from him. He preferred a charge against those who disarmed him for stealing his pistol and they were arrested, while the others charge him again with attempting to shoot them, which is the reason they assign for taking away his pistol. The parties to the muss were before Justice Pyper, to-day who was endeavoring to solve the anomalous proposition as to who was most to blame. Whisky, it appears, was the chief cause.

"Time Checks."—The U. S. Marshal is issuing papers, somewhat in the nature of "time checks," to his deputies for the performance of official duties, which paper is redeemable whenever sufficient of the needful happens to be on hand, which isn't just now. Some of the deputies have been trying to negotiate this scrip for lodgings and things, but have met with insurmountable obstacles in getting it off, parties to whom it has been offered viewing it with an incalculable amount of dubiety and distrust.

A few days ago a deputy presented one of those pieces of paper to a restaurant keeper, in payment of a square meal." the man of "hash" at once entered a demurrer, which was argued for a while on both sides with considerable energy, the party who supplied the victuals maintaining strongly that the "check" was by no means a fair equivalent for "value received." It had finally to go back to the pocket of the deputy, and the meal had to be paid for with a green-back shinplaster.

Salmon Culture.—A few days ago we published a notice of a letter that had been received by Hon. A. P. Rockwood, from Hon. S. Baird, U. S. Fish Commissioner, informing him that Mr. Stone, Deputy U. S. Fish Commissioner, in California, would furnish all the salmon eggs that were desired for experiments in salmon culture in Utah Territory. A day or two after the receipt of the letter from Mr. Baird, Mr. Rockwood received one from Mr. Stone, dated Reading, Cal., also informing Mr. Rockwood that he would send all the salmon eggs he desired. Since then Mr. R. has written Mr. Stone for one hundred and fifty thousand eggs, and also informing him of the success attending his previous efforts. In that letter Mr. R. says that shad and salmon are doing well in various streams in this locality, but the experiments made in oyster culture are not very encouraging.

Our Country Contemporaries.

Utah County *Times*, Sep. 19—
We are informed that Mr. Sirine Conrad was up in Rock Canyon yesterday getting wood, he saw three or four bears driving a herd of cattle. The cattle were running at a mad rate, and the bears were evidently trying to secure some of them to make a meal upon. Mr. Conrad shot and killed one of them. Our people should look after their stock, or some of them will be found missing.

Yesterday a rather ludicrous affair occurred on Centre street. Complaints having been made recently against a certain bull, who has been ravaging in the lots of a number of our citizens, one of the city police and another individual endeavored to drive him to the estray pound, but that bull refused to be driven, whereupon the member of the "force" drove him into a lot and put a rope round his horns and tried to lead him, but instead of leading the bull, the bull lead and dragged him through the ditch, dislocating his thumb and otherwise damaging his personal appearance.

Beaver *Enterprise*, Sept. 17—
The annual fair of the Parowan Agricultural and Gardeners' Club will take place on Friday and Saturday, September 17 and 18. There will be on exhibition the general productions of the country. Prizes will be awarded for the best specimens of fruits, grain and home manufacture.

Shorthorn Cattle for California.

We have recently issued from this office a catalogue of Shorthorn Cattle, purchased by Col. Peter Saxe & Sons, and shipped by them to California. The catalogue comprises the pedigrees of nearly one hundred head of Shorthorns, about one-half each of bulls and heifers, and mostly young stock. Col. Saxe & Sons attended twelve of the Kentucky Bluegrass stock sales, held from July 22nd to August 5th, and at these sales bought thirty-three head. These sales were by leading breeders, at which 733 head were sold for $223,483, being an average for cows, heifers, calves and bulls, of over $300 each. They also bought of other leading breeders—all "A. H. Book" recorded, but not at auction. Among the breeders from whom they made purchases are the Shropshires, Pattersons, Offutts, Capt. Moore, J. Wickliffe, F. J. Barbee, B. P. Goff, J. W. Bradley, C. M. Clay, jr., A. A. George, and many others. The stock embraces the "Booth," "Airdrie," "Rose of Sharons," "White Roses," "Bates," "Phillisses," "Mazurkas," &c., all of fine blood and of the most fashionable strains, and which will, no doubt, meet a ready sale and contribute largely to the improvement of Western stock.

The present is the fourth year that Col. Saxe & Sons have been engaged in the fine stock trade and it is their thirteenth exportation to the Pacific slope. The stock has been selected by the Messrs. Saxe personally, and the aim in their purchase has been to combine early maturity, great fattening qualities, and excellent milking properties, with fine points of form and finish.

But, it is scarcely necessary to add more. Purchasers will see the stock and, of course, examine the pedigrees of the animals offered for sale, and can readily and with accuracy estimate their value. The purchases were all made in this section—the Blue Grass Region—unquestionably the best in the country for the production of fine shorthorn stock. The Messrs. Saxe have displayed both enterprise and good judgment in making their purchases here at the headquarters of fine stock, and we do not doubt that their present exportation to the far West will prove in every respect eminently satisfactory.—*Western Citizen*, Paris, Ky.

AN OPEN LETTER.
Office of the Working-Men's Co-operative Association.

SALT LAKE CITY,
Utah Ter., Sept., 1874.

DEAR PUBLIC:
We owe you our thanks, and respectfully ask you to accept the same, for the generous patronage given us, which has made us, thus far, successful in our new enterprise, and we invite a continuation of your patronage, assuring you we will endeavor to merit it.
We now offer, to the working classes more particularly, the remaining shares of our Capital Stock at PAR, $10 each, not exceeding fifty shares to one person.
We believe, dear public, you are convinced that there is "nothing like leather" to protect that EXTREMELY important portion of your body, the feet. Paper soles and imitation leather uppers are, classically speaking, "played out," and our establishment is THE place where good, durable, handsome, cheap, HONEST Boots and Shoes can be procured.
The poor, the "well-off," and the rich; the young, the middle-aged and the old,
Let those now come who never came before,
And those who always came now come once more
and prepare for Fall and Winter. Our Boots and Shoes will fit your head, feet and pockets, in fact "we'll give you fits," and prove that we are, as ever,
Your devoted, faithful servants,
The Working Men's Co-operative Association.

P. S.—Don't forget our address, Main St. If you cannot call, send your orders by mail for Boots, Shoes, Leather, Findings, etc, to
S. P. CROMETON, *Supt.*
