Old People Made Young.

J. C. Sherman, the veteran editor of the Vermoutville (Mich.) Echo, has dis-covered the remarkable secret of keep-ing old people young. For years he has avoided Nervousness, Steeplessness, In-direction Hoar, Trauble digestion, Heart Trouble, Constipation and Rheumatism, by using Electric Bitters, and he writes: "It can't be praised too highly. Special Correspondence.

Elsinore, Sevier Co., Jan. 4.-Last night nearly all the male inhabitants of Elsinore met in the Social hall to listen to instructions in beet culture. given by Supt. Geo. Austin of the Lehi sugar works, and Bishop Chr. A. Mad-sen of Gunnison and Hans Gotfredsen of Saling. of Salina. It was the largest meeting of its kind ever held here. During the meeting, Mr. Gotfredsen remarked that the most suitable monument to honor Bishop Madsen would be a sugar facto. ry. It can truly be said of the venerable Bishop that he has done more for that great enterprise than any one else, and if he lives a couple of years longer, he will see his labors bear fruit. It has already commenced. Elsinore farmers this morning signed contracts to grow 65 acres of beets, and H. P. Hansen was chosen local agent to con. tract with the farmers to make it one

hundred acres, which we think he will have no trouble in doing. The visitors left for Monroe this morning.

JOHN COLEMERE AND SON FRANK, KAYSVILLE, UTAH.

Mr. John Colemere, speaks of his son's cure as follows: "Frank has been sick for about eighteen months. He had Catarrh and Hay Fever, and all the Doctors we tried were powerless to help him, until our family doctor recom-mended that we go to Drs. Shores & Shores. This doctor had been very kind to us, and came with us himself to Drs. Shores, who examined the boy carefully and said they could cure him. At that time his head and nose stopped up, he breathed hard, especially at night, and when he went near hay or dust it would almost choke him. His eyes turned red, and he would wheeze until we thought he would die. We had to carry him to Drs. Shores' office then, while today he fairly ran up the stairs.

To cut a long story short, the boy improved from the first under Drs. Shores' treatment, and three months ago he was to all appearances entirely well-so we stopped treatment to watch the effects-and as he has not had the slightest trouble in three months we now consider him perfectly cured and take this means of thanking Doctors Shores and advising all sick people to see these wonderful doctors.
